CH Cherryholmes

In My Life John Lennon, Paul McCartney, 2021-02-02 With three generations of one family, we share moments that are meant to be savored in this special book that beautifully illustrates the words of John Lennon and Paul McCartney's world-renowned song "In My Life." There are places I'll remember, in my life, though some have changed... One gift with a bright bow starts a young girl on a path...one her mother follows with her as she explores, grows, and rides off on her own, only to return again with her own daughter in tow. This hauntingly beautiful book shares the small moments of that journey that are meant to be remembered and savored in the lyrics of this classic song.

In Her Own Words Jennifer Kelly, 2013-06-01 This collection of new interviews with twenty-five accomplished female composers substantially advances our knowledge of the work, experiences, compositional approaches, and musical intentions of a diverse group of creative individuals. With personal anecdotes and sometimes surprising intimacy and humor, these wide-ranging conversations represent the diversity of women composing music in the United States from the mid-twentieth century into the twenty-first. The composers work in a variety of genres including classical, jazz, multimedia, or collaborative forms for the stage, film, and video games. Their interviews illuminate questions about the status of women composers in America, the role of women in musical performance and education, the creative process and inspiration, the experiences and qualities that contemporary composers bring to their craft, and balancing creative and personal lives. Candidly sharing their experiences, advice, and views, these vibrant, thoughtful, and creative women open new perspectives on the prospects and possibilities of making music in a changing world.

Dies Irae Robert Chase, 2004-09-08 Since time immemorial, the response of the living to death has been to commemorate the life of the departed through ceremonies and rituals. For nearly two millennia, the Christian quest for eternal peace has been expressed in a poetic-musical structure known as the requiem. Traditional requiem texts, among them the anonymous medieval Latin poem *Dies Irae* ('Day of Wrath'), have inspired an untold number of composers in different ages and serving different religions, Western and Eastern. This book, the first comprehensive survey of requiem music for nearly half a century, provides a great deal of diverse and detailed information that will be of use to the professional musician, the musical scholar, the choral conductor, the theologian and liturgist, and the general reader. The main body of the guide is a description of some 250 requiems. Each entry includes a concise biography of the composer and a

description of the composition. Details of voicing, orchestration, editions, and discography are given. An extensive bibliography includes dictionaries, encyclopedias, prayer books, monographs, and articles. An appendix lists more than 1700 requiems not discussed within the main text.

Liturgical Music for the Revised Common Lectionary, Year B Thomas Pavlechko, Carl P. Daw, 2023-05-16 A new edition of the comprehensive resource linking hymns and anthems to lectionary readings. Liturgical Music for the Revised Common Lectionary, Year B is the second of three volumes in a series of planning guides for church musicians and clergy, identifying hymns and anthems that are connected to the scripture appointed for Sundays and feast days. In addition to identifying hymns and anthems appropriate for each Sunday of the church year, this volume also offers suggestions about where in the liturgy each selection can best be used. Featuring hymns from hymnals authorized for use in the Episcopal Church, the Evangelical Lutheran Church in America, and the Moravian Church in America, as well as anthems from a variety of sources, Liturgical Music for the Revised Common Lectionary helps liturgical planners add musical variety to services and links congregational and choral singing to the lectionary.

Handbook to Bach's Sacred Cantata Texts Melvin P. Unger, 1996-04-16 The German church cantata of the eighteenth century was the culmination of a long tradition of Lutheran sermon music that used the proclamation, amplification, and interpretation of scripture to teach and persuade the listener. Bach's cantatas also served this didactic purpose and typically incorporate numerous allusions to scriptural passages or themes in their librettos. Unfortunately, many of these passages remain obscure to the twentieth-century musician because they demand a much closer familiarity with the Bible than is common today. The Handbook to Bach's Sacred Cantata Texts identifies scriptural references for the wording, imagery, and themes that Bach's listeners would have known. In addition, the religious or literary theme of each text is summarized within the specific context of the cantata as a whole. With interlinear translations and a full complement of indexes.

Catalogue of Choral Music Arranged in Biblical Order James H. Laster, 1996-06-11 This second edition of Laster's

Catalog combines in one volume the listings from the first catalog with the voluminous material that has appeared since 1973, more than doubling the number of citations. It is designed as an aid for the church musician and/or pastor seeking to plan unified worship services. It will also be of use to those church musicians who follow the Liturgical Calendar and plan music appropriate to the appointed lessons, as well as a source for non-church choir directors who would like to locate choral settings based on a particular passage from Scripture. Entries are arranged from Genesis through Revelation. Each main entry citation provides the biblical reference (book, chapter, and verse), as well as a reference to additional passages from Scripture used in the anthem. The composer, arranger, or editor and the title are listed as they appear on the octavo. Information on voicing, solos, and instrumental accompaniment is noted; the name of the publisher, the most recent date of publication and the octavo number appear at the end of each citation, where information on instrumental parts, other versions of the same title, and collections where the work might appear are also listed. Composer and title indexes round off the work.

Composers in the Classroom James Michael Floyd,2011-02-07 Composers in the Classroom is a bio-bibliographical dictionary, chronicling the careers and work of over 120 composers associated with conservatories, colleges, and universities in the United States and Puerto Rico. Scholars and students of music seeking critical information about composers who have taken on the mantle of instruction will find a wealth of detail on their subjects. Painstakingly obtained through direct correspondence with the composers themselves, Floyd includes within each entry a short biography of the composer's life and education, lists of previous positions, most prominent commissions, awards and honors, and notable performers of the subject's work. Each entry also contains a discography of the recordings and a bibliography of writings by the composer. Researchers will find especially useful the organization of each subject's compositions by a variety of types. These include vocal, choral/assembly, dramatic, keyboard, solo instrument, handbells, chamber music, jazz ensemble, band and wind ensemble, band and wind ensemble with solo instruments, orchestra, orchestra with solo instruments, film/television/commercial, electro-acoustic and multimedia, arrangements, transcriptions, and editions and reconstructions.

Music scholars will find under each work not only the title and date of composition but also the date of revision, commission, and dedication information, as well as other pertinent details ranging from the names of collaborators to alternate titles under which works may circulate. *Composers in the Classroom* is an indispensable tool to scholars of modern music seeking to research the current state of musical composition and the compositional trends of the 21st century.

The final volume in a three-volume series of planning guides for church musicians and clergy, this resource identifies hymns and anthems that are connected to the scripture appointed for Sundays and feast days. From Spirituals to Symphonies Helen Walker-Hill, 2007 Exploding the assumption that black women's only important musical contributions have been in folk, jazz, and pop Helen Walker-Hill's unique study provides a carefully researched examination of the history and scope of musical composition by African American women composers from the nineteenth and twentieth centuries. Focusing on the effect of race, gender, and class, *From Spirituals to Symphonies* notes the important role played by individual personalities and circumstances in shaping this underappreciated category of American art. The study also provides in-depth exploration of the backgrounds, experiences, and musical compositions of eight African American women including Margaret Bonds, Undine Smith Moore, and Julia Perry, who combined the techniques of Western art music with their own cultural traditions and individual gifts. Despite having gained national and international recognition during their lifetimes, the contributions of many of these women are today forgotten.
