*Skeletons on the Zahara* Dean King, 2005 A crucial, forgotten chapter of American history--immortalized in a survivor's firsthand account that became one of the bestselling books in 19th-century America and influenced Abraham Lincoln's thoughts on slavery--is brilliantly retold for a new generation.

*Skeletons on the Zahara* Dean King, 2004-02-16 b. A masterpiece of historical adventure, *Skeletons on the Zahara* The western Sahara is a baking hot and desolate place, home only to nomads and their camels, and to locusts, snails and thorny scrub -- and its barren and ever-changing coastline has baffled sailors for centuries. In August 1815, the US brig *Commerce* was dashed against Cape Bojador and lost, although through bravery and quick thinking the ship's captain, James Riley, managed to lead all of his crew to safety. What followed was an extraordinary and desperate battle for survival in the face of human hostility, starvation, dehydration, death and despair. Captured, robbed and enslaved, the sailors were dragged and driven through the desert by their new owners, who neither spoke their language nor cared for their plight. Reduced to drinking urine, flayed by the sun, crippled by walking miles across burning stones and sand and losing over half of their body weights, the sailors struggled to hold onto both their humanity and their sanity. To reach safety, they would have to overcome not only the desert but also the greed and anger of those who would keep them in captivity. From the cold waters of the Atlantic to the searing Saharan sands, from the heart of the desert to the heart of man, *Skeletons on the Zahara* is a spectacular odyssey through the extremes and a gripping account of courage, brotherhood, and survival.

**Sufferings in Africa** James Riley, 2007-04 Listed by Abraham Lincoln, alongside the Bible and *Pilgrim's Progress*, as one of the books that most influenced his life, few true tales of adventure and survival are as astonishing as this one.

Shipwrecked off the western coast of North Africa in August of 1815, James Riley and his crew had no idea of the trials awaiting them as they gathered their beached belongings. They would be captured by a band of nomadic Arabs, herded across the Sahara Desert, beaten, forced to witness astounding brutalities, sold into slavery, and starved. Riley watched most of his crew die one by one, killed off by cruelty or caprice, as his own weight dropped from 240 pounds to a mere 90 at his rescue. First published in 1817, this dramatic saga soon became a national bestseller with over a million copies sold. Even today, it is rare to find a narrative that illuminates the degradations of slave existence with such brutal honesty.

Skeletons on the Zahara Dean King, 2004-02-16 *Skeletons on the Zahara* chronicles the true story of twelve American sailors who were shipwrecked off the coast of Africa in 1815, captured by desert nomads, sold into slavery, and subjected to a hellish two-month journey through the perilous heart of the Sahara. The western Sahara is a baking hot and desolate place, home only to nomads and their camels, and to locusts, snails and thorny scrub -- and its barren and ever-changing coastline has baffled sailors for centuries. In August 1815, the US brig *Commerce* was dashed against Cape Bojador and lost, although through bravery and quick thinking the ship's captain, James Riley, managed to lead all of his crew to safety. To reach safety, they would have to overcome not only the desert but also the greed and anger of those who would keep them in captivity. From the cold waters of the Atlantic to the searing Saharan sands, from the heart of the desert to the heart of man, *Skeletons on the Zahara* is a spectacular odyssey through the extremes and a gripping account of courage, brotherhood, and survival.

Astoria Peter Stark, 2014-03-04 In the tradition of *The Lost City of Z* and *Skeletons in the Zahara*, *Astoria* is the thrilling, true-adventure tale of the 1810 Astor Expedition, an epic, now forgotten, three-year journey to forge an American empire on the Pacific Coast. Peter Stark offers a harrowing saga in which a band of explorers battled nature, starvation, and madness to establish the first American settlement in the Pacific Northwest and opened up what would become the Oregon trail, permanently altering the nation's landscape and its global standing. Six years after Lewis and Clark's began their journey to the Pacific Northwest, two of the Eastern establishment's leading figures, John Jacob Astor and Thomas Jefferson, turned their sights to founding a colony akin to Jamestown on the West Coast and transforming the nation into a Pacific trading power. Author and correspondent for *Outside* magazine Peter Stark recreates this pivotal moment in American history for the first time for modern readers, drawing on original source material to tell the amazing true story of the Astor Expedition. Unfolding over the course of three years, from 1810 to 1813, *Astoria* is a tale of high adventure and incredible hardship in

the wilderness and at sea. Of the more than one hundred-forty members of the two advance parties that reached the West Coast—one crossing the Rockies, the other rounding Cape Horn—nearly half perished by violence. Others went mad. Within one year, the expedition successfully established Fort Astoria, a trading post on the Columbia River. Though the colony would be short-lived, it opened provincial American eyes to the potential of the Western coast and its founders helped blaze the Oregon Trail.

Guardians of the Valley Dean King, 2024-03-19 \* “We see through this book the immense power of language...to change the minds of lawmakers and tourists alike.” —The New York Times Book Review \* “A poignant portrait of an era when mere words could change the world.” —San Francisco Chronicle \* The dramatic and uplifting story of legendary outdoorsman and conservationist John Muir’s journey to save Yosemite is “a rich, enjoyable excursion into a seminal period in environmental history” (The Wall Street Journal). In June of 1889 in San Francisco, John Muir—iconic environmentalist, writer, and philosopher—meets face-to-face for the first time with his longtime editor Robert Underwood Johnson, an elegant and influential figure at The Century magazine. Before long, the pair, opposites in many ways, decide to venture to Yosemite Valley, the magnificent site where twenty years earlier, Muir experienced a personal and spiritual awakening that would set the course of the rest of his life. Upon their arrival the men are confronted with a shocking vision, as predatory mining, tourism, and logging industries have plundered and defaced “the grandest of all the special temples of Nature.” While Muir is devastated, Johnson, an arbiter of the era’s pressing issues in the pages of the nation’s most prestigious magazine, decides that he and Muir must fight back. The pact they form marks a watershed moment, leading to the creation of Yosemite National Park, and launching an environmental battle that captivates the nation and ushers in the beginning of the American environmental movement. “Comprehensively researched and compellingly readable” (Booklist, starred review), *Guardians of the Valley* is a moving story of friendship, the written word, and the transformative power of nature. It is also a timely and powerful “origin story” as the towering environmental challenges we face today become increasingly urgent.

*Batavia's Graveyard* Mike Dash, 2011-05-12 The true story of the mad heretic who led history's bloodiest mutiny - 'An adult version of LORD OF THE FLIES that is, moreover, entirely true' Evening Standard When the Dutch East Indiaman Batavia struck an uncharted reef off the new continent of Australia on her maiden voyage in 1629, 332 men, women and children were on board. While some headed off in a lifeboat to seek help, 250 of the survivors ended up on a tiny coral island less than half a mile long. A band of mutineers, whose motives were almost beyond comprehension, then started on a cold-blooded killing spree, leaving fewer than 80 people alive when the rescue boat arrived three months later. BATAVIA'S GRAVEYARD tells this strange story as a gripping narrative structured around three strong principal characters: Francisco Pelsaert, the cultivated but weak-willed captain; Jeronimus Cornelisz, a sinister apothecary with a terrifying personal philosophy influenced by Rosicrucianism who set himself up as the ruler of the island; and Wiebbe Hayes, the only survivor

with the courage to fight Jeronimus's band. The background to these events, including the story of the Dutch East India Company, and the discovery of Australia, is richly drawn.

The Feud Dean King, 2013-05-14 For more than a century, the enduring feud between the Hatfields and the McCoys has been American shorthand for passionate, unyielding, and even violent confrontation. Yet despite numerous articles, books, television shows, and feature films, nobody has ever told the in-depth true story of this legendarily fierce-and far-reaching-clash in the heart of Appalachia. Drawing upon years of original research, including the discovery of previously lost and ignored documents and interviews with relatives of both families, bestselling author Dean King finally gives us the full, unvarnished tale, one vastly more enthralling than the myth. Unlike previous accounts, King's begins in the mid-nineteenth century, when the Hatfields and McCoys lived side-by-side in relative harmony. Theirs was a hardscrabble life of farming and hunting, timbering and moonshining-and raising large and boisterous families-in the rugged hollows and hills of Virginia and Kentucky. Cut off from much of the outside world, these descendants of Scots-Irish and English pioneers spoke a language many Americans would find hard to understand. Yet contrary to popular belief, the Hatfields and McCoys were established and influential landowners who had intermarried and worked together for decades. When the Civil War came, and the outside world crashed into their lives, family members were forced to choose sides. After the war, the lines that had been drawn remained-and the violence not only lived on but became personal. By the time the fury finally subsided, a dozen family members would be in the grave. The hostilities grew to be a national spectacle, and the cycle of killing, kidnapping, stalking by bounty hunters, and skirmishing between governors spawned a legal battle that went all the way to the United States Supreme Court and still influences us today. Filled with bitter quarrels, reckless affairs, treacherous betrayals, relentless mercenaries, and courageous detectives, *The Feud* is the riveting story of two frontier families struggling for survival within the narrow confines of an unforgiving land. It is a formative American tale, and in it, we see the reflection of our own family bonds and the lengths to which we might go in order to defend our honor, our loyalties, and our livelihood.

**Not My Fate** Janet Romain, 2016 True story of a proud Nisga'a woman who broke the cycle of systemic oppression to reclaim her life and reach forgiveness. Josephine Caplin (Jo) was born into a world marred by maternal abandonment, alcoholism and traumatic epileptic seizures. In grade three, she was apprehended by child services and separated from her protective brother and her early caregivers, her father and uncle, who were kind men with drinking problems. Placed into many alienating and lonely foster homes, Jo would not see her family again until she was fourteen. Throughout her life Jo fought symptoms of fetal alcohol syndrome, abuse by sadistic men and the collective horror of generations of ancestors forced into residential schools, causing many to believe Jo was destined to repeat a hopeless cycle. Yet she did not surrender to others' despairing expectations: against all odds, Jo fought to create her own cycle full of hope and growth. Born of a Métis-Canadian background, author Janet Romain delicately and proudly tells the story of her heroic friend and explores the

tragic aftermath of Canada's residential schools and the effects of colonization. Jo is a courageous woman who determined her own fate and reclaimed her life. *Not My Fate: Story of A Nisga'a Survivor* is her struggle to move past a legacy of hardship toward a life of peace and forgiveness.

*The Organ Thieves* Chip Jones, 2020-08-18 The Immortal Life of Henrietta Lacks meets *Get Out* in this “startling...powerful” (Kirkus Reviews) investigation of racial inequality at the core of the heart transplant race. In 1968, Bruce Tucker, a black man, went into Virginia’s top research hospital with a head injury, only to have his heart taken out of his body and put into the chest of a white businessman. Now, in *The Organ Thieves*, Pulitzer Prize-nominated journalist Chip Jones exposes the horrifying inequality surrounding Tucker’s death and how he was used as a human guinea pig without his family’s permission or knowledge. The circumstances surrounding his death reflect the long legacy of mistreating African Americans that began more than a century before with cadaver harvesting and worse. It culminated in efforts to win the heart transplant race in the late 1960s. Featuring years of research and fresh reporting, along with a foreword from social justice activist Ben Jealous, “this powerful book weaves together a medical mystery, a legal drama, and a sweeping history, its characters confronting unprecedented issues of life and death under the shadows of centuries of racial injustice” (Edward L. Ayers, author of *The Promise of the New South*).

**Ada Blackjack** Jennifer Niven, 2012-12-26 From the author of *The Ice Master* comes the remarkable true story of a young Inuit woman who survived six months alone on a desolate, uninhabited Arctic island. In September 1921, four young men and Ada Blackjack, a diminutive 25-year-old Eskimo woman, ventured deep into the Arctic in a secret attempt to colonize desolate Wrangel Island for Great Britain. Two years later, Ada Blackjack emerged as the sole survivor of this ambitious polar expedition. This young, unskilled woman--who had headed to the Arctic in search of money and a husband--conquered the seemingly unconquerable north and survived all alone after her male companions had perished. Following her triumphant return to civilization, the international press proclaimed her the female Robinson Crusoe. But whatever stories the press turned out came from the imaginations of reporters: Ada Blackjack refused to speak to anyone about her horrific two years in the Arctic. Only on one occasion--after charges were published falsely accusing her of causing the death of one her companions--did she speak up for herself. Jennifer Niven has created an absorbing, compelling history of this remarkable woman, taking full advantage of the wealth of first-hand resources about Ada that exist, including her never-before-seen diaries, the unpublished diaries from other primary characters, and interviews with Ada's surviving son. Ada Blackjack is more than a rugged tale of a woman battling the elements to survive in the frozen north--it is the story of a hero.

Sam believes it is his destiny to stop Thorn before the war begins.

**Izzy's Fire** Nancy Wright Beasley, 2005 The book depicts how 13 members of five Jewish families survived the Holocaust through their own ingenuity and the generosity of a poor Catholic farm family. All 13 Jews ended up living in a 9'x12'x4' underground hole as World War II raged around them. Some lived underground for about seven months before being liberated by the Russian Army. Dr. Michael Berenbaum, project director of the U.S. Holocaust Memorial Museum (1988-1993) and author of *The World Must Know: The History of the Holocaust as Told in the United States Memorial Holocaust Museum*, says, "Izzy's Fire is filled with the passion of one woman determined to do justice to the story of another woman who lived in hiding throughout the war years. The war has soul. One feels the intensity of the struggle to survive. One senses the decency of those who were ready to rescue and the evil that haunted a mother and father and their young child in the dangerous world they lived....."

*The Twenty-Ninth Day* Alex Messenger, 2021-11-30 A six-hundred-mile canoe trip in the Canadian wilderness is a seventeen-year-old's dream adventure, but after he is mauled by a grizzly bear, it's all about staying alive. This true-life wilderness survival epic recounts seventeen-year-old Alex Messenger's near-lethal encounter with a grizzly bear during a canoe trip in the Canadian tundra. The story follows Alex and his five companions as they paddle north through harrowing rapids and stunning terrain. Twenty-nine days into the trip, while out hiking alone, Alex is attacked by a barren-ground grizzly. Left for dead, he wakes to find that his summer adventure has become a struggle to stay alive. Over the next hours and days, Alex and his companions tend his wounds and use their resilience, ingenuity, and dogged perseverance to reach help at a remote village a thousand miles north of the US-Canadian border. *The Twenty-Ninth Day* is a coming-of-age story like no other, filled with inspiring subarctic landscapes, thrilling riverine paddling, and a trial by fire of the human spirit.

**Horse Crazy** Sarah Maslin Nir, 2020-08-04 ONE OF USA TODAY'S "20 SUMMER BOOKS YOU WON'T WANT TO MISS" In the bestselling tradition of works by such authors as Susan Orlean and Mary Roach, a New York Times reporter and Pulitzer Prize finalist explores why so many people—including herself—are obsessed with horses. It may surprise you to learn that there are over seven million horses in America—even more than when they were the only means of transportation—and nearly two million horse owners. Acclaimed journalist and avid equestrian Sarah Maslin Nir is one of them; she began riding horses when she was just two years old and hasn't stopped since. *Horse Crazy* is a fascinating, funny, and moving love letter

to these graceful animals and the people who—like her—are obsessed with them. It is also a coming-of-age story of Nir growing up an outsider within the world's most elite inner circles, and finding her true north in horses. Nir takes readers into the lesser-known corners of the riding world and profiles some of its most captivating figures. We meet Monty Roberts, the California trainer whose prowess earned him the nickname "the man who listens to horses," and his pet deer; George and Ann Blair, who at their riding academy on a tiny island in Manhattan's Harlem River seek to resurrect the erased legacy of the African American cowboy; and Francesca Kelly, whose love for an Indian nobleman shaped her life's mission: to protect an endangered Indian breed of horse and bring them to America. Woven into these compelling character studies, Nir shares her own moving personal narrative. She details her father's harrowing tale of surviving the Holocaust, and describes an enchanted but deeply lonely upbringing in Manhattan, where horses became her family. She found them even in the middle of the city, in a stable disguised in an old townhouse and in Central Park, when she chased down truants as an auxiliary mounted patrol officer. And she speaks candidly of how horses have helped her overcome heartbreak and loss. Infused with heart and wit, and with each chapter named after a horse Nir has loved, *Horse Crazy* is an unforgettable blend of beautifully written memoir and first-rate reporting.

Hetty Charles Slack, 2011-04-05 This acclaimed biography of the Gilded Age's Queen of Wall Street is "a must-read for all aspiring moguls" (Regina Herzlinger, Harvard Business School). When J. P. Morgan called a meeting of New York's financial leaders after the stock market crash of 1907, Hetty Green was the only woman in the room. The Guinness Book of World Records memorialized her as the World's Greatest Miser, and, indeed, this unlikely robber baron—who parlayed a comfortable inheritance into a fortune that was worth about 1.6 billion in today's dollars—was frugal to a fault. But in an age when women weren't even allowed to vote, never mind concern themselves with interest rates, she lived by her own rules. In *Hetty*, Charles Slack reexamines her life and legacy, giving us, at long last, a splendidly "nuanced portrait" (Newsweek) of one of the greatest—and most eccentric—financiers in American history. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more. "[Hetty's] wry wit and colorful personality bring humor and pathos to this story. . . . [R]eaders cannot help from cheering for her at every turn." —Booklist

“An exemplary retelling for a new generation.” —Kirkus Reviews “Entertaining. . . . Slack . . . concentrates on telling a good story and telling it well.” —Publishers Weekly “Wonderfully detailed.” —Forbes “Page-turning.” —Richmond Times-Dispatch “Fascinating.” —New York Post

**Untamed** Will Harlan, 2014-05-06 The inspiring biography of the adventuresome naturalist Carol Ruckdeschel and her crusade to save her island home from environmental disaster. In a “moving homage . . . that artfully articulates the ferocities of nature and humanity,” biographer Will Harlan captures the larger-than-life story of biologist, naturalist, and ecological activist Carol Ruckdeschel, known to many as the wildest woman in America. She wrestles alligators, eats roadkill, rides horses bareback, and lives in a ramshackle cabin that she built by hand in an island wilderness. A combination of Henry David Thoreau and Jane Goodall, Carol is a self-taught scientist who has become a tireless defender of sea turtles on Cumberland Island, a national park off the coast of Georgia (Kirkus Reviews). Cumberland, the country’s largest and most biologically diverse barrier island, is celebrated for its windswept dunes and feral horses. Steel magnate Thomas Carnegie once owned much of the island, and in recent years, Carnegie heirs and the National Park Service have clashed with Carol over the island’s future. What happens when a dirt-poor naturalist with only a high school diploma becomes an outspoken advocate on a celebrated but divisive island? *Untamed* is the story of an American original who fights for what she believes in, no matter the cost, “an environmental classic that belongs on the shelf alongside Carson, Leopold, Muir, and Thoreau” (Thomas Rain Crowe, author of *Zoro’s Field: My Life in the Appalachian Woods*). “Vivid. . . . Ms. Ruckdeschel’s biography, and the way this wandering soul came to settle for so many decades on Cumberland Island, is big enough on its own, but Mr. Harlan hints at bigger questions.” —The Wall Street Journal “Wild country produces wild people, who sometimes are just what’s needed to keep that wild cycle going. This is a memorable portrait.” —Bill McKibben, author of *The End of Nature* “Deliciously engrossing. . . . Readers are in for a wild ride.” —The Citizen-Times

*Beau Geste* Percival Christopher Wren, 2020-09-28 In the first place, there was the old standing trouble about the Shuwa Patrol; in the second, the truculent Chiboks were waxing insolent again, and their young men were regarding not the words of their elders concerning Sir Garnet Wolseley, and what happened, long, long ago, after the battle of Chibok Hill. Thirdly, the price of grain had risen to six shillings a saa, and famine threatened; fourthly, the Shehu and Shuwa sheiks were quarrelling again; and, fifthly, there was a very bad smallpox ju-ju abroad in the land (a secret society whose secret was to offer His Majesty's liege subjects the choice between being infected with smallpox, or paying heavy blackmail to the society). Lastly, there was acrimonious correspondence with the All-Wise Ones (of the Secretariat in Aiki Square at Zungeru), who, as usual, knew better than the man on the spot, and bade him do either the impossible or the disastrous. And across all the Harmattan was blowing hard, that terrible wind that carries the Saharan dust a hundred miles to sea, not so much as a sand-storm, but as a mist or fog of dust as fine as flour, filling the eyes, the lungs, the pores of the skin, the nose and throat;

getting into the locks of rifles, the works of watches and cameras, defiling water, food and everything else; rendering life a burden and a curse. The fact, moreover, that thirty days' weary travel over burning desert, across oceans of loose wind-blown sand and prairies of burnt grass, through breast-high swamps, and across unbridged boatless rivers, lay between him and Kano, added nothing to his satisfaction. For, in spite of all, satisfaction there was, inasmuch as Kano was rail-head, and the beginning of the first stage of the journey Home. That but another month lay between him and leave out of Africa, kept George Lawrence on his feet. From that wonderful and romantic Red City, Kano, sister of Timbuktu, the train would take him, after a three days' dusty journey, to the rubbish-heap called Lagos, on the Bight of Benin of the wicked West African Coast. There he would embark on the good ship Appam, greet her commander, Captain Harrison, and sink into a deck chair with that glorious sigh of relief, known in its perfection only to those weary ones who turn their backs upon the Outposts and set their faces towards Home. Meantime, for George Lawrence--disappointment, worry, frustration, anxiety, heat, sand-flies, mosquitoes, dust, fatigue, fever, dysentery, malarial ulcers, and that great depression which comes of monotony indescribable, weariness unutterable, and loneliness unspeakable.
