Charles Whibley

The Bradford Bishop Murders David B Casavis,2018-06-08 This is a complete account of a Family Annihilation; and the Shame and Honor culture at the US Department of State. Bradford Bishop sacrificed his entire family on the alter of his career. Over 40 years later the diplomat is still at large. The evidence uncovered herein placed Bradford Bishop on the FBI's ten most wanted list.

The Bishop Murder Case S. S. Van Dine,1929 Society sleuth Philo Vance investigates a series of murders inspired by Mother Goose rhymes. The murders start with the body of Robin. He is found with a arrow through the heart, but Vance deduces that the body was placed and not found where he was killed. The note found dealing with the murder was part of a nursery rhyme and signed by 'Bishop'. The only witness may have been Mrs. Drukker and Adolph, but they are not talking. As the murders progress, each one is accompanied by a nursery rhyme. It is up to Philo Vance to unravel the clues and unmask the identity of the murderer.

A Patriot's History of the United States Larry Schweikart,Michael Patrick Allen,2004-12-29 For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. *A Patriot's History of the United States* corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

The English Civil War Charles J Esdaile,2024-08-30 Cavaliers and Roundheads are figures who appear in hundreds of English ghost stories. In this innovative account, Charles Esdaile argues that such tales are in reality folk memories of an episode of English history that was second only to the Black Death in terms of individual and collective suffering alike, and, further, that they reveal important truths about the way in which the conflict was represented: it is no surprise, then, to find that spectral Cavaliers are often romantic figures and revenant Roundheads grim ones full of menace. Yet, the book is no mere catalogue. On the contrary, rather than being discussed in a vacuum, the tales of haunting are rather set within a detailed regional history of the conflicts of 1642-1651 of a sort that has never yet been attempted, but is, for all that, badly needed.
