**Robert Kolb,Irene Dingel,Lubomir Batka**

*The Oxford Handbook of Martin Luther's Theology* Robert Kolb,Irene Dingel,Lubomir Batka,2014 A comprehensive look at the background and context, the content, and the impact of Martin Luther's Theology, written by an international team of theologians and historians.

**Martin Luther** Robert Kolb,2009-02-05 Martin Luther's theology presented a paradigmatic shift in defining God and humanity, refuting the foundations of Aristotelian anthropology with a new emphasis on the Revealed God and his unconditioned grace. Robert Kolb traces the development of Luther's thinking within the context of late medieval theology and piety at the dawn of the modern era.

*The Oxford Handbook of the Protestant Reformations* Ulinka Rublack,2017 This Handbook takes a broad overview of the Protestant Reformations, seeing them as movements which stretched far beyond their European beginnings. Written by a team of international scholars of history and theology, the contributions offer up-to-date perspectives on Reformation ideas and the lasting historical impact of Protestantism.

**The Oxford Handbook of Christology** Francesca Aran Murphy,Troy A. Stefano,2015 The Oxford Handbook of Christology brings together 40 authoritative essays considering the theological study of the nature and role of Jesus Christ. This collection offers dynamic perspectives within the study of Christology and provides rigorous discussion of inter-confessional theology, which would not have been possible even 60 years ago. The first of the seven parts considers Jesus Christ in the Bible. Rather than focusing solely on the New Testament, this section begins with discussion of the modes of God's self-communication to us and suggests that Christ's most original incarnation is in the language of the Hebrew Bible. The second section considers Patristics Christology. These essays explore the formation of the doctrines of the person of Christ and the atonement between the First Council of Nicaea in 325 and the eve of the Second Council of Nicaea. The next section looks at Mediaeval theology and tackles the development of the understanding of who Christ was and of his atoning work. The section on 'Reformation and Christology' traces the path of the Reformation from Luther to Bultmann. The fifth section tackles the new developments in thinking about Christ which have emerged in the modern and the postmodern eras, and the sixth section explains how beliefs about Jesus have affected music, poetry, and the arts. The final part concludes by locating Christology within systematic theology, asking how it relates to Christian belief as a whole. This comprehensive

volume provides an invaluable resource and reference for scholars, students, and general readers interested in the study of Christology.

*The Oxford Handbook of Evangelical Theology* Gerald McDermott, 2010-11-30 Evangelical theology is a burgeoning field. Evangelicals have been growing in numbers and prominence worldwide, and the rise to academic prominence of evangelical historians, scripture scholars, ethicists, and theologians--many of whom have changed the face of their disciplines--has demonstrated the growing maturity of this movement's intellectual leaders. This volume surveys the state of the discipline on topics of greatest importance to evangelical theology. Each chapter has been written by a theologian or scholar who is widely recognized for his or her published work and is considered a leading thinker on that particular topic. The authors critically assess the state of the question, from both classical and evangelical traditions, and propose a future direction for evangelical thinking on the subject.

**The People's Book** Jennifer Powell McNutt, David Lauber, 2017-04-11 The Bible played a vital role in the lives, theology, and practice of the Protestant Reformers. These essays from the 2016 Wheaton Theology Conference bring together the reflections of church historians and theologians on the nature of the Bible as the people's book, considering themes such as access to Scripture, the Bible's role in worship, and theological interpretation.

**Martin Luther on Reading the Bible as Christian Scripture** William M. Marsh, 2017-07-17 Above all else that the sixteenth-century German Reformer was known for, Martin Luther was a Doctor of the Holy Scriptures. One of the most characteristic features of Luther's approach to Scripture was his resolved christological interpretation of the Bible. Many of the Reformer's interpreters have looked back upon Luther's Christ-centered exposition of the Scriptures with sentimentality but have often labeled it as Christianization, particularly in regards to Luther's approach of the Old Testament, dismissing his relevance for today's faithful readers of God's Word. This study revisits this assessment of Luther's christological interpretation of Scripture by way of critical analysis of the Reformer's prefaces to the Bible that he wrote for his translation of the Scriptures into the German vernacular. This work contends that Luther foremost believes Jesus Christ to be the *sensus literalis* of Scripture on the basis of the Bible's messianic promise, not enforcing a dogmatic principle onto the scriptural text and its biblical authors that would be otherwise foreign to them. This study asserts that Luther's exegesis of the Bible's letter (i.e., his engagement with the biblical text) is primarily responsible for his conviction that Christ is Holy Scripture's literal sense.

*Encyclopedia of Martin Luther and the Reformation* Mark A. Lamport, 2017-08-31 The Encyclopedia of Martin Luther and the Reformation is a comprehensive global study of the life and work of Martin Luther and the movements that followed him—in history and through today. Organized by a stellar advisory board of Luther and Reformation scholars, the encyclopedia features nearly five hundred entries that examine Luther's life and impact worldwide. The two-volume set

provides overviews of basics such as the 95 Theses as well as more complex topics such as reformational distinctions. Entries explore Luther's contributions to theology, sacraments, his influence on the church and contemporaries, his character, and more. The work also discusses Luther's controversies and topics such as gender, sexuality, and race. Publishing at the five hundredth anniversary of the Reformation, this is an essential reference work for understanding the Reformation and its legacy today.

**Trinitarian Grace in Martin Luther's the Bondage of the Will** Miikka Ruokanen, 2021 Miikka Ruokanen is Professor Emeritus of Dogmatics at the University of Helsinki, Finland, and Professor of Systematic Theology at Nanjing Union Theological Seminary, China. He is also Guest Professor at the Renmin University of China, Beijing, and Advisory Professor at Fudan University, Shanghai. His publications include *The Catholic Doctrine of Non-Christian Religions: According to the Second Vatican Council* (Brill, 1992), *Theology of Social Life in Augustine's De civitate Dei* (Vandenhoeck et Ruprecht, 1993), and *Christianity and Chinese Culture* (co-edited with Paulos Huang; Eerdmans, 2010)--.

**The Scandalous God** Vitor Westhelle, 2006-10-18 \* A rich and detailed examination of the historical and theological dimensions of the Cross

The Oxford Handbook of Nineteenth-century Christian Thought Joel D. S. Rasmussen, Judith E. Wolfe, Johannes Zachhuber, 2017 This Handbook considers Christian thought in the long nineteenth century (from the French Revolution to the First World War), encompassing not only doctrine and theology, but also Christianity's mutual influence on literature and the arts, political and economic thought, and the natural and social sciences.

**Luther's Theology of the Cross** Dennis Ngien, 2018-06-11 Luther was fundamentally a preacher-pastor, "a care-taker of souls," whose ingenuity lies in his usage of the biblical message as a source of pastoral encouragement. This book seeks to capture the often-overlooked pastoral side of the Reformer through an examination of his sermons on John's gospel. The sermons on John show the intrinsic, close, and causal link between doctrine and consolation. They are an exercise of his vocation as a pastor, or more precisely, as a theologian of the cross who seeks to inculcate the good news of justification by faith in his people, leading them to experience it within the dialectic of law and gospel. St. John, said Luther, "is the master in the article of justification." Luther's theological method, namely, his theology of the cross, permeates and governs the exposition of the text, and all major themes of his theology— Christology, Trinity, and soteriology—appear in his exegesis of John.

*King Sigismund of Poland and Martin Luther* Natalia Nowakowska, 2018 The first major study of the early Reformation and the Polish monarchy for over a century, this volume asks why Crown and church in the reign of King Sigismund I (1506-1548) did not persecute Lutherans. It offers a new narrative of Luther's dramatic impact on this monarchy - which saw violent urban Reformations and the creation of Christendom's first Lutheran principality by 1525 - placing these events in

their comparative European context. King Sigismund's realm appears to offer a major example of sixteenth-century religious toleration: the king tacitly allowed his Hanseatic ports to enact local Reformations, enjoyed excellent relations with his Lutheran vassal duke in Prussia, allied with pro-Luther princes across Europe, and declined to enforce his own heresy edicts. Polish church courts allowed dozens of suspected Lutherans to walk free. Examining these episodes in turn, this study does not treat toleration purely as the product of political calculation or pragmatism. Instead, through close analysis of language, it reconstructs the underlying cultural beliefs about religion and church (ecclesiology) held by the king, bishops, courtiers, literati, and clergy - asking what, at heart, did these elites understand 'Lutheranism' and 'catholicism' to be? It argues that the ruling elites of the Polish monarchy did not persecute Lutheranism because they did not perceive it as a dangerous Other - but as a variant form of catholic Christianity within an already variegated late medieval church, where social unity was much more important than doctrinal differences between Christians. Building on John Bossy and borrowing from J.G.A. Pocock, it proposes a broader hypothesis on the Reformation as a shift in the languages and concept of orthodoxy.

**Luther, Conflict, and Christendom** Christopher Ocker, 2018-08-30 Martin Luther was the subject of a religious controversy that never really came to an end. The Reformation was a controversy about him.

**The Oxford Handbook of Karl Barth** Paul Dafydd Jones, Paul T. Nimmo, 2019 'The Oxford Handbook of Karl Barth' is an expansive guide to Barth's work. Comprising over forty original chapters, each of which is written by an expert in the field, the handbook provides rich analysis of Barth's life and context.

**Reformation Europe** Ulinka Rublack, 2017-09-21 The first survey to utilise the approaches of the new cultural history in analysing how Reformation Europe came about.

*The Oxford Handbook of Early Modern Theology, 1600-1800* Ulrich L. Lehner, Richard A. Muller, A. G. Roeber, 2016 The Oxford Handbook of Early Modern Theology, 1600-1800 will offer a comprehensive and reliable introduction to Christian theological literature originating in Western Europe from, roughly, the end of the French Wars of Religion (1598) to the Congress of Vienna (1815). Using a variety of approaches, the contributors examine theology spanning from Bossuet to Jonathan Edwards. They review the major forms of early modern theology, such as Cartesian scholasticism, Enlightenment, and early Romanticism; sketch the teachings of major theological concepts, along with important historical developments; introduce the principal practitioners of each kind of theology and delineate their particular theological contributions and stresses; and depict the engagement by early modern theologians with other religions or churches, such as Judaism, Islam, and the eastern Church. Combining contributions from top scholars in the field, this will be an invaluable resource for understanding a complex and varied body of research.

*Five Centuries of Lutheranism* Robert Kolb, Timothy Schmeling, 2020-11-20

*A Legacy of Preaching, Volume One---Apostles to the Revivalists* Zondervan, 2018-11-13 A Legacy of Preaching, Volume

One--Apostles to the Revivalists explores the history and development of preaching through a biographical and theological examination of its most important preachers. Instead of teaching the history of preaching from the perspective of movements and eras, each contributor tells the story of a particular preacher in history, allowing the preachers from the past to come alive and instruct us through their lives, theologies, and methods of preaching. Each chapter introduces readers to a key figure in the history of preaching, followed by an analysis of the theological views that shaped their preaching, their methodology of sermon preparation and delivery, and an appraisal of the significant contributions they have made to the history of preaching. This diverse collection of familiar and lesser-known individuals provides a detailed and fascinating look at what it has meant to communicate the gospel over the past two thousand years. By looking at how the gospel has been communicated over time and across different cultures, pastors, scholars, and homiletics students can enrich their own understanding and practice of preaching for application today. Volume One covers the period from the apostles to the revivalists and profiles thirty preachers including: Paul by Eric Rowe Peter by David R. Beck Melito of Sardis by Paul A. Hartog Origen of Alexandria by Stephen O. Presley Ephrem the Syrian by Jonathan J. Armstrong Basil of Caesarea by Jonathan Morgan John Chrysostom by Paul A. Hartog Augustine of Hippo by Edward L. Smither Gregory the Great by W. Brian Shelton Bernard of Clairvaux by Elizabeth Hoare Francis of Assisi by Timothy D. Holder Saint Bonaventure by G. R. Evans Meister Eckhart by Daniel Farca? Johannes Tauler by Byard Bennett John Huss by Mark A. Howell Girolamo Savonarola by W. Brian Shelton Martin Luther by Robert Kolb Ulrich Zwingli by Kevin L. King Balthasar Hubmaier by Corneliu C. Simu? William Tyndale by Scott A. Wenig John Calvin by Anthony N. S. Lane William Perkins by Dwayne Milioni Richard Baxter by Simon Vibert John Owen by Henry M. Knapp John Bunyan by Larry Steven McDonald Matthew Henry by William C. Watson and W. Ross Hastings François Fénelon by Martin I. Klauber Jonathan Edwards by Gerald R. McDermott John Wesley by Michael Pasquarello III George Whitefield by Bill Curtis and Timothy McKnight Volume Two, available separately, covers the period from the Enlightenment to the present day and profiles thirty-one preachers including Charles Haddon Spurgeon, D. L. Moody, Billy Sunday, Karl Barth, D. Martyn Lloyd-Jones, John Stott, Harry Emerson Fosdick, Martin Luther King Jr., Billy Graham, and more.

*Francis Turretin (1623-87) and the Reformed Tradition* Nicholas A. Cumming, 2020-09-25 In this biography of Reformed theologian Francis Turretin (1623-87), Nicholas A. Cumming provides critical context for the life and theology of this important seventeenth-century theologian and his impact on the Reformed tradition as a whole. Turretin has commonly been identified as a strict scholastic theologian; this work places Turretin in his broader context, analyzing his life and theology in terms of the political and religious aspects of post-Reformation Europe and his posthumous influence on nineteenth- and twentieth-century Reformed theology. This work begins with a biography of Turretin, including his education and ministry, then proceeds to the context of Turretin's theology in the early modern and modern periods, particularly in relation to his

major work The Institutes of Elenctic Theology.
