La Mente de Louise Hay: 7 Lecciones para Transformar tu Vida y Sanar tu Interior RPV Digital,

Trust Life Louise Hay,2018-10-02 365 affirmations and reflections drawn from the inspirational work of Louise Hay. Queen of the New Age . . . A founder of the self-help movement . . . The closest thing to a living saint . . . Louise Hay was called all this and more, and her work inspired millions worldwide, but she never set herself up as a guru with all the answers. She urged every attendee at her workshops and conferences, every reader of her dozens of books, to remember that it is you who has the power to heal your life. She was just here to guide you on the path of remembering the truth of who you are: powerful, loving, and lovable. In honor of Louise's life, you now hold in your hands this compilation of her most inspiring teachings from her greatest works. Our hope is that the 366 entries within this book allow you to carry the wisdom of Louise with you each and every day, and inspire you to trust the process of Life. As Louise said: Very simply, I believe that what we give out, we get back; we all contribute to, and are responsible for, the events that take place in our lives--both the good and the so-called bad. We create our experiences based on the words we say and the thoughts we think. When we create peace and harmony in our minds and think positive thoughts, we will attract positive experiences and like-minded people to us. In essence, what I'm saying is that what we believe about ourselves and about Life becomes true for us.

Prosperity “Mirror work—looking deeply into your eyes and repeating affirmations—is the most effective method I’ve found for learning to love yourself and see the world as a safe and loving place. I have been teaching people how to do mirror work for as long as I have been teaching affirmations. The most powerful affirmations are those you say out loud when you are in front of your mirror. The mirror reflects back to you the feelings you have about yourself. The more you use mirrors for complimenting yourself, approving of yourself, and supporting yourself during difficult times, the deeper and more enjoyable your relationship with yourself will become.” Love, Louise Hay

Heal Your Mind Mona Lisa Schulz, MD, PHD,2017-10-10 A much-needed guidebook . . . a treasure chest of insights. —

Caroline Myss, M.D. [A] brilliant new work . . . profound healing advice. — Brian L. Weiss, M.D. Many of us grapple with how to stay happy, calm, and focused in a world that seems to get more complex by the minute. How do we keep our wits about us, our mood stable, and our memory intact when our brains and bodies are bombarded with information and influences from every side? This one-of-a-kind resource combines cutting-edge science with compassion and wisdom to offer answers we can really use. *Heal Your Mind* continues the three-pronged healing approach that Dr. Mona Lisa Schulz and Louise Hay pioneered together in *All Is Well: Heal Your Body with Medicine, Affirmations, and Intuition*. Here, it's applied to aspects of the mind ranging from depression, anxiety, and addiction to memory, learning, and even mystical states. You'll learn what's going on in your brain and body when you feel sad, angry, or panicked; you have trouble focusing, reading, or remembering; a past trauma is clouding your mind in the present; and more. And in each chapter, you'll get a virtual healing experience through case studies in the All Is Well Clinic, where Dr. Mona Lisa uses medical intuition to pinpoint issues in a wide range of prototypical client histories and she and Louise offer solutions and affirmations to help restore well-being. Today, we tend to think our minds and bodies need an endless array of expensive, ever-changing pharmaceutical interventions. In truth, medicines are just one approach to healing the mind; nutritional supplements also support mind-body health; and affirmations restore us to balance by changing the way we think. *Heal Your Mind* puts all these tools at your disposal to help you choose your own path.

We each have our own personal number vibrations and personal color vibrations. Some of these numbers, such as our date of birth, are permanent. We also have temporary personal colors that change with the calendar. By consciously surrounding ourselves with our personal colors, we become more in tune with the cosmic forces.
