The Cloud Roads Martha Wells, 2011-03-01 Moon has spent his life hiding what he is — a shape-shifter able to transform himself into a winged creature of flight. An orphan with only vague memories of his own kind, Moon tries to fit in among the tribes of his river valley, with mixed success. Just as Moon is once again cast out by his adopted tribe, he discovers a shape-shifter like himself... someone who seems to know exactly what he is, who promises that Moon will be welcomed into his community. What this stranger doesn't tell Moon is that his presence will tip the balance of power... that his extraordinary lineage is crucial to the colony's survival... and that his people face extinction at the hands of the dreaded Fell! Now Moon must overcome a lifetime of conditioning in order to save and himself... and his newfound kin.

The Harbors of the Sun Martha Wells, 2017-07-04 A former friend has betrayed the Raksura and their groundling companions, and now the survivors must race across the Three Worlds to rescue their kidnapped family members. When Moon and Stone are sent ahead to scout, they quickly encounter an unexpected and potentially deadly ally, and decide to disobey the queens and continue the search alone. Following in a wind-ship, Jade and Malachite make an unlikely alliance of their own, until word reaches them that the Fell are massing for an attack on the Reaches, and that forces of the powerful Empire of Kish are turning against the Raksura and their groundling comrades. But there may be no time to stage a rescue, as the kidnapped Raksura discover that their captors are heading toward a mysterious destination with a stolen magical artifact that will cause more devastation for the Reaches than anything the lethal Fell can imagine. To stop them, the Raksura will have to take the ultimate risk and follow them into forbidden territory. *The Harbors of the Sun*, from celebrated fantasy author Martha Wells, is the thrilling follow-up to *The Edge of Worlds*, and the conclusion of a new Three Worlds duology of strange lands, uncanny beings, dead cities, and ancient danger.

City of Bones Martha Wells, 2023-09-05 Before Martha Wells captured the hearts of MILLIONS with her Murderbot series, there was Khat, Sagai, and Elen, and a city risen out of death and decay... The city of Charisat, a tiered monolith of the Ancients' design, sits on the edge of the vast desert known as the Waste. Khat, a member of a humanoid race created by the Ancients to survive in the Waste, and Sagai, his human partner, are relic dealers working in the bottom tiers of society, trying to stay one step ahead of the Trade Inspectors. When Khat is hired by the all-powerful Warders to find relics believed to be part of one of the Ancients' arcane engines, he, and his party, begin unravelling the mysteries of an age-old technology.

This they expected. They soon find themselves as the last line of defense between the suffering masses of Charisat and a fanatical cult, bent on unleashing an evil upon the city with an undying thirst for bone. That, they did not expect. This updated and revised edition is the author's preferred text. Though Rune and his lifelong bodyguard Brand are tasked with investigating the mysterious barrier, Rune is also busy settling into his new life at court. Claiming his father's throne has irrevocably thrown him into the precarious world of political deception, and he must secure relationships with newfound allies in time to keep his growing found family safe. His relationship with his lover, Addam Saint Nicholas, raises additional political complications they must navigate. But he and Brand soon discover that the power behind the barrier holds a much more insidious, far-reaching threat to his family, to his people, and to the world. Now, the rulers of New Atlantis must confront an enemy both new and ancient as the flow of time itself is drawn into the conflict. And as Rune finds himself inexorably drawn back to the fall of his father's court and his own torture at the hands of masked conspirators, the secrets that he has long guarded will be dragged into the light—changing

the Sun Throne, and New Atlantis, forever. The climax of the first trilogy in the nine-book Tarot Sequence, *The Hourglass Throne* delivers epic urban fantasy that blends humor, fast-paced action, and political intrigue.

Fugitive Telemetry Martha Wells, 2021-04-27 The New York Times bestselling security droid with a heart (though it wouldn't admit it!) is back in *Fugitive Telemetry*! Having captured the hearts of readers across the globe (Annalee Newitz says it's one of the most humane portraits of a nonhuman I've ever read) Murderbot has also established Martha Wells as one of the great SF writers of today. No, I didn't kill the dead human. If I had, I wouldn't dump the body in the station mall. When Murderbot discovers a dead body on Preservation Station, it knows it is going to have to assist station security to determine who the body is (was), how they were killed (that should be relatively straightforward, at least), and why (because apparently that matters to a lot of people—who knew?) Yes, the unthinkable is about to happen: Murderbot must voluntarily speak to humans! Again! Exploratory teams are accompanied by Company-supplied security androids, for their own safety. But in a society where contracts are awarded to the lowest bidder, safety isn't a primary concern. On a distant planet, a team of scientists are conducting surface tests, shadowed by their Company-supplied 'droid — a self-aware SecUnit that has hacked its own governor module, and refers to itself (though never out loud) as "Murderbot." Scornful of humans, all it really wants is to be left alone long enough to figure out who it is. Myrren's Gift Fiona McIntosh, 2011-02-17 When Wyl Thirsk, General of the Morgravian Legion, is forced to watch the torture of Myrren, a young woman accused of witchcraft, it seems little enough comfort to speed her passing. But Myrren is grateful for even this small mercy and promises Wyl a gift. He thanks her but dismisses the notion - what could this poor, doomed girl have to give him? It is only years later that Wyl, shorn of his friends and allies, betrayed by his king, and forced to make an impossible choice, remembers the dying words of the young woman about to burn for the crime of witchcraft. As his enemy's sword draws closer, Wyl finally understands the meaning of Myrren's dying words, and he wonders: had he known what that one act of kindness would bring, would he have behaved otherwise? Gripping the reader from the very first page, Myrren's Gift marks Fiona McIntosh as one of fantasy fiction's most gifted storytellers.
