Canserbero el Cantante Indigo Felix Gonzalez,2021-12-23 América Latina fue sacudida con la muerte del máximo exponente del rap de conciencia. CANSERBERO fue cantante singular, un joven lleno de talento que se negó a firmar con los sellos disqueros más famosos, entre ellos Sony Music Puedes descargar gratis las canciones de Canserbero porque él siempre quiso eso, que todos tuvieran acceso a su música rebelde y cargada de contenido social, música que estorbó a las grandes élites, tanto aquellas visibles y las que actúan bajo la sombra CANSERBERO en poco tiempo se perfilaba a ser un Bob Marley y un Jhon Lennon dentro del Hip Hop. Su temprana muerte, a los 26 años de edad, sigue siendo un misterio, es algo que no se termina de esclarecer Siendo la primera hipótesis suicidio, pero en este libro se pretende arrojar luces al respecto de que no fue un suicidio, sino un asesinato bien planificado. Un cantante que se autoproclamaba de la generación de niños indigos que vinieron a este mundo a accionar los cambios necesarios dentro de una sociedad. CANSERBERO está dentro de los 10 mejores raperos en español. Llegó y se fue rápido, tal como cometa, pero su brillo nos ha quedado para siempre. Este libro de Canserbero puesto en tus manos es un aporte inconmensurable por parte del autor.

Yann Tiersen - Kerber Yann Tiersen,2021-07-01 (Piano Solo Songbook). I think there is a similarity between the infinite big and the infinite smallness of everything, says Yann Tiersen. It's the same experiment looking through a microscope as it is a telescope. Named after a chapel in a small village on the island of Ushant, Kerber marks a new chapter in critically-acclaimed composer Yann Tiersen's career. A chapter still true to Tiersen's nuanced and subtle approach but one that sets out with his most overtly electronic material to date. Beautifully textured, highly immersive and thoughtfully constructed, Tiersen creates an electronic world, providing an environment in which the piano source exists. A sense of place has often been a central theme in Tiersen's work and here that is no different. Each track is tied to a place mapping out the immediate landscape that surrounds Tiersen's home, linking back to his thoughts on the possibilities of the infinite smallness. This official, exclusive folio is beautifully printed on high-quality, uncoated paper with striking graphic artwork. All seven pieces are presented for solo piano and follow an exclusive introduction to the project.

Lord Byron's Novel: The Evening Land John Crowley,2013-08-29 One of our most accomplished literary artists, John Crowley imagines the novel the haunted Romantic poet Lord Byron never penned...but very well might have. Saved from destruction, read, and annotated by Byron's own abandoned daughter, Ada, the manuscript is rediscovered in our time - and almost not recognized. Lord Byron's Novel is the story of a dying daughter's attempt to understand the famous father she longed for - and the young woman who, by learning the secret of Byron's manuscript and Ada's devotion, reconnects with her own father, driven from her life by a crime as terrible as any of which Byron himself was accused.

Willis, Jr.,Kay Moore,1996-11 MasterLife 1: The Disciple's Cross helps you experience life in Christ through practicing these six biblical disciplines: spending time with the Master, living in the Word, praying in faith, fellowshiping with believers, witnessing to the world, and ministering to others.

Tell to Win Peter Guber,2011-03-01 Today everyone—whether they know it or not—is in the emotional transportation business. More and more, success is won by creating compelling stories that have the power to move partners, shareholders, customers, and employees to action. Simply put, if you can't tell it, you can't sell it. And this book tells you how to do both. Historically, stories have always been igniters of action, moving people to do things. But only recently has it become clear that purposeful stories—those created with a specific mission in mind—are absolutely essential in persuading others to support a vision, dream or cause. Peter Guber, whose executive and entrepreneurial accomplishments have made him a success in multiple industries, has long relied on purposeful story telling to motivate, win over, shape, engage and sell. Indeed, what began as knack for telling stories as an entertainment industry executive has, through years of perspiration and inspiration, evolved into a set of principles that anyone can use to achieve their goals. In Tell to Win, Guber shows how to move beyond soulless Power Point slides, facts, and figures to create purposeful stories that can serve as powerful calls to action. Among his techniques: * Capture your audience's attention first, fast and foremost * Motivate your listeners by demonstrating authenticity * Build your tell around "what's in it for them" * Change passive listeners into active participants * Use "state-of-the-heart" technology online and offline to make sure audience commitment remains strong To validate the power of telling purposeful stories, Guber includes in this book a remarkably diverse number of "voices" —master tellers with whom he's shared experiences. They include YouTube founder Chad Hurley, NBA champion Pat Riley, clothing designer Normal Kamali, "Mission to Mars" scientist Gentry Lee, Under Armour CEO Kevin Plank, former South African president Nelson Mandela, magician David Copperfield, film director Steven Spielberg, novelist Nora Roberts, rock legend Gene Simmons, and physician and author Deepak Chopra. After listening to this extraordinary mix of voices, you'll know how to craft, deliver—and own—a story that is truly compelling, one capable of turning others into viral advocates for your goal.

Tupac Shakur Carrie Golus,2010-08-01 As USA TODAY, the Nation's No. 1 Newspaper, puts it, [Tupac] Shakur saw himself as both artist and urban soldier, battling the media, the law, the courts and rival rappers. Tupac overcame poverty to become one of hip-hop's biggest stars. His life, death, and music were all surrounded by controversy. Raised by a single mother and ex-Black Panther in Harlem, Tupac grew up aware of the problems in society around him. His social conscience and creative talents made him a unique voice in rap music. He starred in several Hollywood films about the challenges of urban life. But Tupac also struggled with drug abuse, served time in prison, and faced extreme violence—including a shooting that took his life. Throughout Tupac Shakur's career, he outraged some and inspired many. He continues to be known as one of the greatest rappers in the history of hip-hop.

The Indigo Children Lee Carroll,Jan Tober,1999-05-01 A must for the parents of unusually bright and active children! The Indigo Child is a boy or girl who displays a new and unusual set of psychological attributes, revealing a pattern of behavior generally undocumented before. This pattern has singularly unique factors that call for parents and teachers to change their treatment and upbringing of these kids to assist them in achieving balance and harmony in their lives, and to help them avoid frustration. In this groundbreaking book, international authors and lecturers Lee Carroll and Jan Tober answer many of the often-puzzling questions surrounding Indigo Children, such as: · Can we really be seeing human evolution in kids today? · Are these kids smarter than we were at their age? · How come a lot of our children today seem to be “system busters”? · Why are so many of our brightest kids being diagnosed with Attention Deficit Disorder (ADD)? · Are there proven working alternatives to Ritalin? Throughout this work, Carroll and Tober bring together some very fine minds (doctors, educators, psychologists, and more) who shed light on the Indigo Child phenomenon. These children are truly special, representing a great percentage of all the kids being born today on a worldwide basis. They come in “knowing” who they are—so they must be recognized, celebrated for their exceptional qualities, and guided with love and care.

The Serendipity Mindset Christian Busch, 2020-06-09 Good luck isn't just chance—it can be learned and leveraged—and *The Serendipity Mindset* explains how you can use serendipity to make life better at work, at home—everywhere. Many of us believe that the great turning points and opportunities in our lives happen by chance, that they're out of our control. Often we think that successful people—and successful companies and organizations—are simply luckier than the rest of us. Good fortune—serendipity—just seems to happen to them. Is that true? Or are some people better at creating the conditions for coincidences to arise and taking advantage of them when they do? How can we connect the dots of seemingly random events to improve our lives? In *The Serendipity Mindset*, Christian Busch explains that serendipity isn't about luck in the sense of simple randomness. It's about seeing links that others don't, combining these observations in unexpected and strategic ways, and learning how to detect the moments when apparently random or unconnected ideas merge to form new opportunities. Busch explores serendipity from a rational and scientific perspective and argues that there are identifiable approaches we can use to foster the conditions to let serendipity grow. Drawing from biology, chemistry, management, and information systems, and using examples of people from all walks of life, Busch illustrates how serendipity works and explains how we can train our own serendipity muscle and use it to turn the unexpected into opportunity. Once we understand serendipity, Busch says, we become curators of it, and luck becomes something that no longer just happens to us—it becomes a force that we can grasp, shape, and hone. Full of exciting ideas and strategies, *The Serendipity Mindset* offers a clear blueprint for how we can cultivate serendipity to increase innovation, influence, and opportunity in every aspect of our lives.
