Divided into winter, spring, summer, and fall, the book follows the different seasons of parenthood and life. As Matteo says, Virginia, Ginevra, and Melania are the lens through which I observe the world. . . . My daughters remind me that being a father means living in that gray area between responsibility and carelessness, strength and softness. The Taste of Belgium Ruth van Waerebeek, Maria Robbins, 2014-12-19 This Gourmand Award winner for Best Foreign-International Cuisine “will broaden your horizons to the left of La Belle France and you will thank it” (Mostly Food & Travel Journal). Ruth van Waerebeek’s wonderful compendium of Belgian recipes celebrates the country that boasts more three-star restaurants per capita than any other nation—including France. It’s a country where home cooks—and everyone, it seems, is a great home cook—spend copious amounts of time thinking about, shopping for, preparing, discussing, and celebrating food. With its hearty influences from Germany and Holland, herbs straight out of a medieval garden, and condiments and spices from the height of Flemish culture, Belgian cuisine is elegant comfort food at its best—slow-cooked, honest, and hearty. It’s the Sunday meal and a continental dinner party, family picnics and that antidote to a winter’s day. In 250 delicious recipes, here is the best of Belgian cuisine: Veal Stew with Dumplings, Mushrooms, and Carrots; Smoked Trout Mousse with Watercress Sauce; Braised Partridge with Cabbage and Abbey Beer; Gratin of Belgian Endives; Flemish Carrot Soup; Steak-Frites; Steamed Mussels; and desserts—some using the best chocolate on earth—including Belgian Chocolate Ganache Tart, Almond Cake with Fresh Fruit Topping, and Little Chocolate Nut Cakes. As the Belgians say, since everybody has to eat three times a day, why not make a feast of every meal? “Ruth is an engaging writer, plenty of stories and reminiscences pepper the text. . . . Bask in Belgian goodness, a cuisine that really deserves to be better known.” —Foodepedia

Sociocultural Anthropology Barbara Miller, 2019-12-12 This is the first multi-volume collection of major writings on cultural anthropology, the sub-field of anthropology which is concerned with how people in different places live and understand the world around them. It covers key methodologies (participant observation, ethnography) and topics (kinship, ritual, values) and maps the development of the field from its beginnings in the mid-nineteenth century through to recent and current debates on the 'critique of anthropology' and the rise of new methodologies such as multi-sited research. The four volumes are arranged thematically and each is separately introduced. Drawing upon essays from anthropology and related disciplines, the volumes together chart the origins of the field, explore its core theories and methods, and trace the proliferation of sub-fields that it has generated, including anthropology of art, urban anthropology, medical anthropology and the anthropology of gender and sexuality. With key texts from James George Frazer, Lewis Henry Morgan, Bronislaw Malinowski, Franz Boas, Ruth Benedict, Margaret Mead, Lucy Mair, Claude Levi Strauss, Melford Spiro, Marshall Sahlins, Laura Nader, Maurice Godelier, David Graeber, Suad Joseph and many more, this set is an essential resource for scholars and students of the subject.

Aron Demetz Alessandro Romanini, Günther Oberhollenzer, 2019-02-05 Contemporary sculptor Aron Demetz uses traditional techniques to create electrifying pieces in conversation with works of antiquity. Working primarily in wood, and specifically with basswood, cedarwood, and sequoia, Aron Demetz uses this traditional material to highlight man's relationship to nature. This volume compares Demetz's works with classical sculpture, opening a fascinating dialogue between modern and ancient forms and techniques. Hailing from Northern Italy, Demetz employs regional 17th-century woodcarving techniques in his figurative works. He updates those techniques by layering his sculptures with foils or resin or by charring the artworks which powerfully alter the original wood in ways that are both haunting and familiar. This volume, complete with beautiful reproductions and scholarly essays, offers an in-depth look into Demetz's oeuvre.

Eating Out Alan Warde, Lydia Martens, 2000-03-30 *Eating Out*, first published in 2000, is a fascinating study of the consumption of food outside the home, based on extensive original research carried out in England in the 1990s. Reflecting the explosion of interest in food, ranging from food scares to the national obsession with celebrity chefs, the practice of eating out has increased dramatically over recent years. Through surveys and intensive interviews, the authors have collected a wealth of information into people's attitudes towards, and expectations of, eating out as a form of entertainment and an expression of taste and status. Amongst other topics they examine social inequalities in access to eating out, social distinction, interactions between customers and staff, and the economic and social implications of the practice. *Eating Out* will be a valuable resource to academics, advanced students and practitioners in the sociology of consumption, cultural studies, social anthropology, tourism and hospitality, home economics, marketing, and the general reader.

The Pollen Room Zoë Jenny, 1998 An international bestseller, this highly acclaimed debut novel by an award-winning

young writer portrays in stark, lyrical prose a young girl's search for love in the aftermath of her parents' divorce.

Fish and Chips Panikos Panayi, 2022-08-22 Deep-fried in facts and cultural insight, a mouth-watering history of this briny staple—complete with salt and vinegar, mushy peas, and tartar sauce. Double-decker buses, bowler hats, and cricket may be synonymous with British culture, but when it comes to their cuisine, nothing comes to mind faster than fish and chips. Sprinkled with salt and vinegar and often accompanied by mushy peas, fish and chips were the original British fast food. In this innovative book, Panikos Panayi unwraps the history of Britain's most popular takeout, relating a story that brings up complicated issues of class, identity, and development. Investigating the origins of eating fish and potatoes in Britain, Panayi describes the birth of the meal itself, telling how fried fish was first introduced and sold by immigrant Jews before it spread to the British working classes in the early nineteenth century. He then moves on to the technological and economic advances that led to its mass consumption and explores the height of fish and chips' popularity in the first half of the twentieth century and how it has remained a favorite today, despite the arrival of new contenders for the title of Britain's national dish. Revealing its wider ethnic affiliations within the country, he examines how migrant communities such as Italians came to dominate the fish and chip trade in the twentieth century. Brimming with facts, anecdotes, and images of historical and modern examples of this batter-dipped meal, *Fish and Chips* will appeal to all foodies who love this quintessentially British dish.

Magic in the Kitchen, 2001-01-01 Taking inspiration from the surrealists, and adding a twist of twenty-first-century technology and a love of good food, photographer Jan Bartelsman turns his lenses on the United States' star chefs, traveling from coast to coast to photograph, interview, and collect recipes from such culinary luminaries as Julia Child, Thomas Keller, Charlie Trotter, and Daniel Boulud. Bartelsman captures each chef's unique personality in hand-tinted photomontages enhanced by fanciful digitally generated elements to create a gallery that *Food Arts* magazine calls fresh and spontaneous. Baby carrots rain down on Jean-Georges Vongerichten as he stands against the Manhattan skyline. Dancer-graceful Suzanne Goin strikes a pose with a Martha Graham-inspired carrot. The chefs' recipes and comments are as lively as their portraits. Ming Tsai spices lobster with garlic and pepper, and serves it with lemongrass fried rice; Lydia Shire's gorgonzola dolce ravioli are paired with roasted summer peaches. This book is truly a delectable dish, the complexity and taste of which readers can savor for years to come.
