They Never Said It Paul F. Boller Jr., John George, 1990-06-14 Abraham Lincoln never said, You cannot fool all the people all the time. Thomas Jefferson never said, That government is best which governs least. And Horace Greeley never said, Go west, young man. In *They Never Said It*, Paul F. Boller, Jr. and John George examine hundreds of misquotations, incorrect attributions, and blatant fabrications, outlining the origins of the quotes and revealing why we should consign them to the historical trashcan. Many of the misquotes are quite harmless. Some are inadvertent misquotes that have become popular (Shakespeare actually said, The best part of valor is discretion), others, the inventions of reporters embellishing a story (Franklin Roosevelt never opened a speech to a DAR group with the salutation, My fellow immigrants). But some of the quotes, such as Charles Darwin's supposed deathbed recantation of evolution, falsify the historical record with their blatant dishonesty. And other chillingly vicious ones, filled with virulent racial and religious prejudices, completely distort the views of the person supposedly quoted and spread distrust and hatred among the gullible. These include the forged remarks attributed to Benjamin Franklin that Jews should be excluded from America and the fabricated condemnation of Catholics attributed to Lincoln. An entertaining and thought-provoking book, *They Never Said It* covers a great deal of history and sets

it right. Going beyond a mere catalog of popular misconceptions, Boller and George reveal how rightists and leftists, and atheists and evangelists all have at times twisted and even invented the words of eminent figures to promote their own ends. The ultimate debunking reference, it perfectly complements handbooks of quotations.

I, Snow Leopard Jidi Majia,2016 Poetry. Asian & Asian American Studies. Translated from the Chinese by Frank Stewart. Preface by Barry Lopez. Speaking in the voice of the endangered Snow Leopard, poet Jidi Majia conjures a mysterious, magnificent creature with a message about the consequences of unchecked violence toward animals--and equally about the violence that threatens the heart of the human species. He evokes a dramatic presence of Snow Leopard--the smoke-gray fur chased with a pattern of dark rosettes spun from limitless space; the long, thick tail for balance as it bounds across a cliff face; the pale green stare--an animal possessing both metaphorical weight and biological authority. I, SNOW LEOPARD is both a lyric and an elegy. It is easy to imagine its lines being loudly hailed in whatever country the poem finds itself in. It's publication comes at a time when people everywhere have begun to wonder what a voice like this, suppressed for centuries, wishes to say now, in this moment when the Snow Leopard's human brothers and sisters find themselves side by side with him. Imperiled.--Barry Lopez

The Dangers of a Shallow Faith A. W. Tozer,2012-05-17 Spiritual lethargy is one of the greatest dangers to confront a believer in his or her day-to-day walk with God. A. W. Tozer said, "There are only three directions from which danger comes to the Christian life. They are the world through which we journey, the god of this world and our own mortified flesh." In this

never-before-published book, the renowned teacher issues a clarion call for all Christians to awaken to the times in which we live and stand boldly against spiritual and moral slumber. Tozer's focus is on those few believers who will heed the call to arouse themselves rise up in the face of the great temptation to malaise that is before us, believing that God always begins with one or two who hear and heed His voice, and refuse to become weary in their pursuit of Him.

From Yahweh to Yahoo! Doug Underwood,2010-10-01 Presenting religion as journalism's silent partner, From Yahweh to Yahoo!provides a fresh and surprising view of the religious impulses at work in contemporary newsrooms. Focusing on how the history of religion in the United States entwines with the growth of the media, Doug Underwood argues that American journalists draw from the nation's moral and religious heritage and operate, in important ways, as personifications of the old religious virtues. Underwood traces religion's influence on mass communication from the biblical prophets to the Protestant Reformation, from the muckraker and Social Gospel campaigns of the late nineteenth and early twentieth centuries to the modern age of mass media. While forces have pushed journalists away from identifying themselves with religion, they still approach such secular topics as science, technology, and psychology in reverential ways. Underwood thoughtful analysis covers the press's formulaic coverage of spiritual experience, its failure to cover new and non-Christian religions in America, and the complicity of the mainstream media in launching the religious broadcasting movement.

Theatre Is My Life! Barbara J Sloan,2024-09-04 Meditation day books are popular spiritual or inspirational guides, but none have been written quite like this one. Drawing from over 50 years of working and creating, teaching and nurturing students in theatre, the author uses quotes from plays as a basis for rumination and the exploration of life, making this particular volume part memoir, part life philosophy, and part mini theatre history vignettes. This volume is written to be read each day, with one writing for each of 366 days of a year. With a spiritual message at the heart of the work, the book will also appeal to theatre and arts lovers. The author has many years experience in teaching the Enneagram, the Arts as a transcendent adventure, and other wisdom subjects. This meditation collection is good for any spiritual seeker who brings a clear heart and an open mind to spiritual exploration. As the author says, "One of the extraordinary things about working in the theatre day in and day out is that the words of the script of the play I am creating soak through my clothing, permeate my skin, penetrate my brain, and saturate my life." From these quotes, Sloan has created short reflections on life, arranged thematically for every day of the year. Plays, written by real people over the centuries, brim with the same sort of emotions and challenges, joys and fears that impact us today. The characters warn, rejoice, fuss, complain, doubt, advise, and cheer their fellows just as we do today. In this work, Sloan suggests that reading and watching plays can assist us as we review the physical, emotional, mental, and spiritual natures of our own lives. From new beginnings in January to tying up loose ends in December, these meditations become a daily traveling partner for those who want to reflect on how art and literature influence and become a part of our lives.

Circle with No Centre Deepak khurana,2025-05-06 Is life a circle with no single center? It was a restless spin for him—from brief romances to a safe but hollow job to a quiet longing for genuine purpose. For her, it meant heartbreak, then fierce independence, and finally, a passion that lit her every step. Each believed they would keep circling alone. But when their paths unexpectedly overlap, they discover a new space—an unplanned center neither saw coming. Within that gentle overlap, old fears soften, and dormant dreams spark to life. Yet real closeness challenges everything they thought they knew: how to protect themselves, how to trust. Can two people, each rotating in a personal orbit of past mistakes and new ambitions, learn to revolve together without losing who they are?

The Well Of Lost Plots Jasper Fforde,2005-04-11 The third book in the phenomenal Thursday Next series from Number One bestselling author Jasper Fforde. In the words of one critic: 'Don't ask. Just read it.' Leaving Swindon behind her to hide out in the Well of Lost Plots (the place where all fiction is created), Thursday Next, Literary Detective and soon-to-be one parent family, ponders her next move from within an unpublished book of dubious merit entitled 'Caversham Heights'. Landen, her husband, is still eradicated, Aornis Hades is meddling with Thursday's memory, and Miss Havisham - when not sewing up plot-holes in 'Mill on the Floss' - is trying to break the land-speed record on the A409. But something is rotten in the state of Jurisdiction. Perkins is 'accidentally' eaten by the minotaur, and Snell succumbs to the Mispeling Vyrus. As a shadow looms over popular fiction, Thursday must keep her wits about her and discover not only what is going on, but also who she can trust to tell about it ... With grammasites, holesmiths, trainee characters, pagerunners, baby dodos and an adopted home scheduled for demolition, 'The Well of Lost Plots' is at once an addictively exciting adventure and an insight into how books are made, who makes them - and why there is no singular for 'scampi'.
