Amnon Buchbinder draws on his knowledge as a teacher and his experience as a script doctor and a story editor to explore this creative process. Along the way he illustrates principles often inspired by the philosophy of Laozi (Lao Tze) with examples drawn from major motion pictures such as *Memento* and *The Piano*. For the beginning or seasoned screenwriter who aspires to more than mere competence, Buchbinder illuminates a path towards mastery of the craft. For the lover of the cinematic experience, he opens a curtain to reveal a rarely seen world behind the big screen.

Fink condenses centuries of writing about dramatic theory into ten concise and readable chapters, providing the tools for building an engaging narrative and turning it into an agent-ready script. Fink devotes chapters to expanding on the six basic elements of drama from Aristotle's Poetics (plot, character, theme, dialogue, sound, and spectacle), the theory and structure of comedy, as well as the concepts of unity, metaphor, style, universality, and catharsis. Key terms and discussion questions encourage readers to think through the components of compelling stories and put them into practice, and script formatting guidelines ensure your finished product looks polished and professional. *Dramatic Story Structure* is an essential resource not only for aspiring screenwriters, but also for experienced practitioners in need of a refresher on the building blocks of storytelling.
