End of Days Wendell G. Johnson, 2017-07-14 Covering religious traditions ranging from Buddhism to Christianity to Zoroastrianism and modern apocalyptic movements such as Arun Shinrikyo and the Branch Davidians, this book addresses prophesied end of days from a breadth of perspectives and includes material on often-neglected themes and genres. *End of Days: An Encyclopedia of the Apocalypse in World Religions* describes apocalyptic writings in the world's major religious traditions, including Judaism, Christianity, Islam, Hinduism, and Buddhism. The cross-referenced entries address ancient traditions—Zoroastrianism, as one example—as well as modern apocalyptic movements, such as Arun Shinrikyo, the Branch Davidians, and the Order of the Solar Temple. This book's broad scope offers coverage of overlooked traditions, such as Mayan Apocalyptic, Norse Apocalyptic, Native American eschatological literatures, and the Tibetan Book of the Dead. Readers seeking detailed information on the eschatological and apocalyptic movements and proponents of End Times can reference entries about individuals such as Harold Camping, Jerry Falwell, David Koresh of the Branch Davidians, and James Jones and the People's Temple. This single-volume encyclopedia also contains numerous historical entries on subjects such as the Great Disappointment, the Great Awakening periods of religious revival, Joachim of Flora, the Maccabean Revolt, and the Plymouth Brethren. The influence of apocalyptic ideas far outside the realm of religion itself is documented through entries on film, including well-known modern movies such as *The Hunger Games* and *Apocalypse Now*, literature by writers such as Dante, and works of fine art like Wagner's *Götterdämmerung*. The inclusion of entries related to literature, film, and other art forms further attests to the wide-ranging social influence of belief in the end of days.

The End of Blackness Debra J. Dickerson, 2008-12-10 Debra Dickerson pulls no punches in this electrifying manifesto. Outspoken journalist and author of the critically acclaimed memoir *An American Story*, she challenges black Americans to stop obsessing about racism and start focusing on problems they can fix. The way out of the ghetto, she asserts, is to take a good, hard look in the mirror. Get angry, Dickerson says, but use that anger to fuel excellence and civic participation rather than crime or drug addiction. Drawing richly on black history and thought, as well as her own hard-won wisdom, she urges blacks to let go of the past and claim their full freedom. It's only by shaping their own future, she argues, that blacks will finally abolish the myth of white superiority.

A Generation Removed Margaret D. Jacobs, 2014-09-01 On June 25, 2013, the U.S. Supreme Court heard the case

Adoptive Couple vs. Baby Girl, which pitted adoptive parents Matt and Melanie Capobianco against baby Veronica's biological father, Dusten Brown, a citizen of the Cherokee Nation of Oklahoma. Veronica's biological mother had relinquished her for adoption to the Capobiancos without Brown's consent. Although Brown regained custody of his daughter using the Indian Child Welfare Act (ICWA) of 1978, the Supreme Court ruled in favor of the Capobiancos, rejecting the purpose of the ICWA and ignoring the long history of removing Indigenous children from their families. In *A Generation Removed*, a powerful blend of history and family stories, award-winning historian Margaret D. Jacobs examines how government authorities in the post-World War II era removed thousands of American Indian children from their families and placed them in non-Indian foster or adoptive families. By the late 1960s an estimated 25 to 35 percent of Indian children had been separated from their families. Jacobs also reveals the global dimensions of the phenomenon: These practices undermined Indigenous families and their communities in Canada and Australia as well. Jacobs recounts both the trauma and resilience of Indigenous families as they struggled to reclaim the care of their children, leading to the ICWA in the United States and to national investigations, landmark apologies, and redress in Australia and Canada.

Top End Girl Miranda Tapsell, 2020-04-28 A deadly memoir about being bold, black and brave in work, life and love 'Sharing my story is important ... I think it is true that you don't aspire to be what you cannot see. I would like this book to show you that you can push yourself to do things you never dreamed you would do.' As a young Larrakia Tiwi girl Miranda Tapsell often felt like an outsider. Growing up, she looked for faces like hers on our screens. There weren't many. And too often there was a negative narrative around First Nation lives, and Aboriginal and Torres Strait Islander women especially. As she got older, Miranda stopped expecting others would help change things and set about doing something herself. Combining her pride in her Aboriginality and passion for romantic comedies with her love of Darwin, the Tiwi Islands and the Top End, Miranda co-wrote, produced and starred in the box office hit *Top End Wedding*. In this engaging memoir, Miranda shares the path she took to acting and how her role in *The Sapphires* and then in *Love Child* inspired her to create a film about coming back to family and culture. And, it would turn out, that as she was writing her romantic lead she was also conjuring up some magic that saw a real-life love ignite. This deadly, ballad-loving rom-com nerd also asks us all to open our minds and our hearts to the importance of country and culture, In doing so, Miranda shows us how we will all be richer for it. Funny, wise and thought-provoking, *Top End Girl* will have you at hello.

Achieving Social Justice Larissa Behrendt, 2003 This new work argues that a broad Indigenous rights framework is crucial to achieving positive change in the socio-economic disadvantage into which Indigenous Australians are born. It explains why addressing problems in Indigenous communities at a practical level needs to be done in conjunction with rights protection.

Anger and Indigenous Men Andrew Day, Martin N. Nakata, Kevin Howells, 2008 This book is for social work and criminal justice practitioners who wish to develop culturally appropriate and effective programs for reducing anger-related violence perpetrated by Indigenous men. It places cultural context at the heart of any intervention, broadening the focus from problematic behaviour to a more holistic notion of well-being. The book is structured in three parts. Part 1 explores Indigenous perspectives on anger and violence, on both sociological and psychological levels. The different views presented show there is no single cause but provide contexts for understanding an individual's anger. Part 2 outlines methodologies and processes for collecting meaningful data on anger and Indigenous men. Part 3 presents ideas for developing and delivering anger management programs that meet the needs of Indigenous men: how to adapt existing programs in culturally appropriate ways specific needs of the staff delivering the programs a pedagogical framework and sample session plans, and future directions for program development and evaluation. The contributors include psychologists, counsellors, educationalists and academics from both Indigenous and non-Indigenous backgrounds.

The Limitations of Litigation in Stolen Generations Cases Chris Cunneen, Julia Grix, 2004 The purpose of this Discussion Paper is to review the progress of litigation by members of the Stolen Generations before the courts in Australia. The National Inquiry into the Separation of Aboriginal and Torres Strait Islander Children from Their Families found that forcible removal breached a range of domestic laws and international human rights standards. Yet, despite this finding, court action by members of the Stolen Generations has been unsuccessful. It is our purpose to consider these failures in more detail. This Discussion Paper sets out the key applicants and their legal claims, followed by the various and, at times, unique difficulties confronting Stolen Generation claimants before the courts. Our analysis is from a socio-legal perspective that places in context the experiences of Indigenous persons who have sought to use the legal system. The major limitations of the litigation process which we identify include the problem of overcoming statutory limitation periods, the difficulty of locating evidence, the emotional and psychological trauma experienced by claimants in the hostile environment of an adversarial court system, the enormous financial cost and time involved, the problem of establishing specific liability for harms that have been caused, and the problem of overcoming the judicial view that 'standards of the time' justified removal in the best interests of the child. We conclude by noting the importance of alternative approaches to achieving justice for the Stolen Generations.

English on Croker Island Robert Mailhammer, 2021-02-08 Existing accounts of Australian Aboriginal English do not investigate the significant degree of variation found across the continent. This book presents the first description of English spoken on Croker Island, Northern Territory, Australia, in terms of its history, linguistic features and connections to local Aboriginal languages. It demonstrates that English on Croker Island shows an extremely high degree of intra- and inter-speaker variation and embedding in a longstanding multilingual contact situation, both of which challenge existing models of

variation and language contact. These results have significant ramifications for how variation is modelled, for our understanding of how postcolonial Englishes develop, as well as for the dynamics of complex contact situations. The book also puts English on Croker Island into a typological context of World Englishes by establishing a profile according to the parameters of the World Atlas of Varieties of English (WAVE). It is of interest to academics interested in Australian Aboriginal English, language contact, World Englishes and Australian Aboriginal languages.

Follow the Rabbit-Proof Fence Doris Pilkington, 2013-05-01 This extraordinary story of courage and faith is based on the actual experiences of three girls who fled from the repressive life of Moore River Native Settlement, following along the rabbit-proof fence back to their homelands. Assimilationist policy dictated that these girls be taken from their kin and their homes in order to be made white. Settlement life was unbearable with its chains and padlocks, barred windows, hard cold beds, and horrible food. Solitary confinement was doled out as regular punishment. The girls were not even allowed to speak their language. Of all the journeys made since white people set foot on Australian soil, the journey made by these girls born of Aboriginal mothers and white fathers speaks something to everyone.

Sorry Day Coral Vass, 2018 There was a hum of excitement. Flags flickered in the breeze as Maggie's heart danced with delight. 'This is a very special day!' her mother said. Maggie holds tight to her mother as they await the long anticipated apology to show a willingness to reconcile the past for future generations. In the excitement of the crowd Maggie loses touch of her mother's hand as is lost. In a time 'long ago and not so long ago' children were taken from their parents, their 'sorrow echoing across the land'. As the Prime Minister's speech unfolds Maggie is reunited with her mother. But the faces and memories of the stolen generation are all around them. Two stories entwine in this captivating retelling of the momentous day when the then Prime Minister of Australia, Kevin Rudd, acknowledged the sorrows of past and said 'Sorry' to the generation of children who were taken from their homes. The book includes a foreword from Lee Joachim; Chair of Rumbalara Aboriginal Cooperative and Director of Research and Development for Yorta Yorta Nation Aboriginal Corporation.

Bringing Them Home, 2003

Why All Black People Are Coming to an End Clinton L. Black, 2007

Land Of Plenty Mark Davis, 2008-09-01 'There is an Australian dream that is collective. It goes to the roots of what it means to be Australian, since it's imprinted in Australia's history, the collective acts of its peoples, their attitudes, their gestures, what and how they eat, how they spend their leisure time, and the way such things reflect upon and derive from who they are.' In *The Land of Plenty*, Mark Davis argues that this dream has been forsaken. Over the past few decades Australians have felt the ground shift beneath their feet. Many people are asking why Australia is no longer the egalitarian place it once was. While the airwaves sing and newspaper front pages burst with news of how prosperous Australians are, many people wonder why they are working harder and longer, for so little, while important social agendas have fallen by the

wayside. The Land of Plenty is at once a devastating record of the changes that have taken place in Australian society since the 1980s, and a goldmine of ideas for change. Insightful, provocative and thoroughly original, The Land of Plenty is a manifesto for our times.

The White Girl Tony Birch, 2019-06-04 A searing new novel from leading Indigenous storyteller Tony Birch that explores the lengths we will go to in order to save the people we love. Odette Brown has lived her whole life on the fringes of a small country town. After her daughter disappeared and left her with her granddaughter Sissy to raise on her own, Odette has managed to stay under the radar of the welfare authorities who are removing fair-skinned Aboriginal children from their families. When a new policeman arrives in town, determined to enforce the law, Odette must risk everything to save Sissy and protect everything she loves. In *The White Girl*, Miles-Franklin-shortlisted author Tony Birch shines a spotlight on the 1960s and the devastating government policy of taking Indigenous children from their families.
