Ascendent Tal Bauer, 2018-09-26 Sasha Andreyev grew up on the wrong side of nowhere, dreaming of starlight as he strangled a secret. He fled, enlisting in the Russian Army, and worked his way up the ranks. Years later, after surviving a beating and being left for dead, he found a new life in Moscow, working with President Sergey Puchkov. And then, he fell in love. Desperate to avoid his runaway heart, crippled with a shame that infected his soul, and ravaged by demons haunting his memories, Sasha ran. But he could never escape Sergey, or the gravitational pull of their love. Nightmares trail behind his every step and weary ghosts live in the hollow chambers of his soul. He

The House of Others Silvio D'Arzo, 1995 The illegitimate son of a fortune teller, Ezio Comparoni (1920-52) never knew his father, rarely left his home town, and admitted no one to his home. His deliberate obscurity was compounded by his use of many pseudonyms, including Silvio d'Arzo, under which he wrote the remarkable novella and three stories collected in The House of Others. The novella The House of Others is among the rare perfect works of twentieth century fiction. In a desolate mountain village an old woman visits the parish priest, ostensibly to ask about dissolving a marriage. Gradually, as she probes for information on special cases--cases in which what is obviously wrong can also be irrefutably right--it becomes clear her true question is whether or not she might take her own life. The question is metaphysical, involving not only the woman's life but the priest's; and to it he has no answer.

Written Culture in a Colonial Context Adrien Delmas,Nigel Penn,2012-01-20 Exploring the extent to which the control over the materiality of writing has shaped the numerous and complex processes of cultural exchange from the 16th century onwards, this book introduces the specificities of written culture anchored in colonial contexts.

Meaning in the Visual Arts Erwin Panofsky,1993 Since its original publication, Erwin Panofsky's *Meaning in the Visual Arts* has been standard reading for students of art history. It is both an introduction to the study of art and, for those with more specialized interests, a profound discussion of art and life in the Middle Ages and Renaissance. Panofsky's historical technique reveals an abundance of detail, detail he skillfully relates to the life and work of individual painters and their times. The papers in this volume represent a cross-section of Panofsky's major work. Included are selections from his well-known *Studies in Iconology* and *The Life and Art of Albrecht Durer*, plus an introduction and an epilogue--*The History of Art as a Humanistic Discipline* and *Three Decades of Art History in the United States: Impressions of a Transplanted European*--as well as pieces written especially for this collection. All display Panofsky's vast erudition and deep commitment to a humanistic conception of art and art history.

The matter of miracles Helen Hills,2021-02-02 This book investigates baroque architecture through the lens of San Gennaro's miraculously liquefying blood in Naples. This vantage point allows a bracing and thoroughly original rethink of the power of baroque relics and reliquaries. It shows how a focus on miracles produces original interpretations of architecture, sanctity and place which will engage architectural historians everywhere. The matter of the baroque miracle extends into a rigorous engagement with natural history, telluric philosophy, new materialism, theory and philosophy. The study will transform our understanding of baroque art and architecture, sanctity and Naples. Bristling with new archival materials and historical insights, this study lifts the baroque from its previous marginalisation to engage fiercely with materiality and potentiality and thus unleash baroque art and architecture as productive and transformational.

The First Voyage Around the World by Magellan Antonio Pigafetta,1963-01-01

Towards a Unified Italy Salvatore DiMaria,2018-07-18 Since unification in 1860, Italy has remained bitterly divided between the rich North and the underdeveloped South. This book examines the historical, literary, and cultural contexts that have informed and inflamed the debate on the Southern Question for over a century. It brings together analysis of cinema, literature, and newspaper archives to reconsider the myths and stereotypes that both Northerners and Southerners deploy in their narratives. Salvatore DiMaria offers a masterful assessment of the entangled issues that have produced the South's image as impoverished and backwards, such as organized crime, illiteracy, and mass emigration. Documenting the state's largely failed efforts to bring the South into its socio-economic fold, DiMaria also points to the future, arguing that the

European Union and globalization are transformative forces that may finally produce a unified Italy.

Kill Manual Cassandra Troyan, 2014 An intense examination of schizophrenic desire, *Kill Manual* deftly navigates bizarre exchanges and extreme situations of pleasure, shame and capital.

Posthumanism in Italian Literature and Film Enrica Maria Ferrara, 2020-08-10 As humans re-negotiate their boundaries with the nonhuman world of animals, inanimate entities and technological artefacts, new identities are formed and a new epistemological and ethical approach to reality is needed. Through twelve thought-provoking, scholarly essays, this volume analyzes works by a range of modern and contemporary Italian authors, from Giacomo Leopardi to Elena Ferrante, who have captured the shift from anthropocentrism and postmodernism to posthumanism. Indeed, this is the first academic volume investigating narrative configurations of posthuman identity in Italian literature and film.

Conversational Italian for Travelers Kathryn Occhipinti, 2015-07-15 The textbook, *Conversational Italian for Travelers*, is a fun, friendly book, not formal like most language books, and teaches everything one needs to know to travel to Italy. If you want to really understand the Italian of today, you need this book! We learn language and culture as we follow the character Caterina in dialogues that detail her travels through Italy. As she boards planes, trains, and finally takes a ride in her cousin's car, we learn how to do these things in Italian. When she meets up with her Italian family, we learn the phrases of communicating with others, including what to say if you meet someone special, how to go shopping and how to use the telephone. Finally, Caterina goes on a trip to Lago Maggiore with her Italian family, and we learn phrases needed to stay at a hotel, go sight-seeing, and of course, go to the restaurant and order wonderful Italian food! Many Italian dishes commonly ordered in Italian restaurants are listed in the last three chapters of the book.

Song of Myself Walt Whitman, 2024-03-20 One of the Greatest Poems in American Literature Walt Whitman (1819-1892) was considered by many to be one of the most important American poets of all time. He had a profound influence on all those who came after him. "Song of Myself", a portion of Whitman's monumental poetry collection "Leaves of Grass", is one of his most beloved poems. It was through this moving piece that Whitman first made himself known to the world. One of the most acclaimed of all American poems, it is written in Whitman's signature free verse style, without a regular form, meter, or rhythm. His lines have a mesmerizing chant-like quality, as he sought to make poetry more appealing. Few poems are as fun to read aloud as this one. Considered to be the core of his poetic vision, this poem is an optimistic and inspirational look at the world in 1855. It is exhilarating, epic, and fresh in its brilliant and fascinating diction and wordplay as it tries to capture the unique meaning of words of the day, while also embracing the rapidly evolving vocabularies of the sciences and the streets. Far ahead of its time, it was considered by many social conservatives to be scandalous and obscene for its depiction of sexuality and desire, while at the same time, critics hailed the poem as a modern masterpiece. This first version of "Song of Myself" is far superior to the later versions and will delight readers with the playfulness of its diction as it glorifies the self,

body, and soul. "I am large, I contain multitudes,"

Bridges to Scandinavia Andrea Meregalli, Camilla Storskog, 2016 This volume is the final output of a project started in 2013 on the occasion of the fortieth anniversary of the Scandinavian Section of the University of Milan. A group of scholars working on different European and non-European cultural and literary traditions come together here to discuss the relationships between their areas of study and the Nordic countries. The range of the contributions expands over time and space, from the Middle Ages to the present day, from Poland in the east to the United States in the west, across various European countries. Through various kinds of expertise and different perspectives, this intercultural discourse deals with diverse themes, including the perception of Nordic culture(s) by foreign writers as well as the image of other cultures in Scandinavian works. In particular, the literary and cultural interchange of models and ideas between the North and other areas is investigated in a number of essays devoted to numerous authors, including, among others, Klaus Bödl, Carmen de Burgos, Carlo Emilio Gadda, Gerhart Hauptmann, Henrik Ibsen, Stieg Larsson, Carl von Linné, Rainer Maria Rilke, J.D. Salinger, Henryk Sienkiewicz, Mme de Staël, August Strindberg, and Tomas Tranströmer
