Enseñar y aprender con interés ,2007 En una escuela el interés del maestro por enseñar y de los estudiantes por aprender es personal: nadie lo da o lo impone, es el acto más libre y más autónomo. En este libro, los autores de Convivencia Educativa demuestran que es posible, en telesecundarias incompletas de Chihuahua y Zacatecas y en escuelas indígenas, alentar el interés de maestros y estudiantes en libertad y con autonomía. Sin cambiar programas o textos, sin apoyarse en nuevas tecnologías, con maestros ordinarios y en circunstancias normales, se logró enseñar y aprender con interés, que es la meta deseada en un país marcado por la desigualdad social y el desaliento con los resultados de la educación pública.

Les Misérables Victor Hugo,2020-09-17 Introducing one of the most famous characters in literature, Jean Valjean-the noble peasant imprisoned for stealing a loaf of bread-Les Misérables ranks among the greatest novels of all time. In it, Victor Hugo takes readers deep into the Parisian underworld, immerses them in a battle between good and evil, and carries them to the barricades during the uprising of 1832 with a breathtaking realism that is unsurpassed in modern prose. Within his dramatic story are themes that capture the intellect and the emotions: crime and punishment, the relentless persecution of Valjean by Inspector Javert, the desperation of the prostitute Fantine, the amorality of the rogue Thénardier, and the universal desire to escape the prisons of our own minds. Les Misérables gave Victor Hugo a canvas upon which he portrayed his criticism of the French political and judicial systems, but the portrait that resulted is larger than life, epic in scope-an extravagant spectacle that dazzles the senses even as it touches the heart.

The Underdogs Mariano Azuela,2008-07-29 Hailed as the greatest novel of the Mexican Revolution, The Underdogs recounts the story of an illiterate but charismatic Indian peasant farmer's part in the rebellion against Porfirio Díaz, and his subsequent loss of belief in the cause when the revolutionary alliance becomes factionalized. Azuela's masterpiece is a timeless, authentic portrayal of peasant life, revolutionary zeal, and political disillusionment.

Reflective Teaching in Second Language Classrooms Jack C. Richards,Charles Lockhart,1994-03-25 This text introduces teachers to techniques for exploring their own classroom experiences. The paperback edition introduces teachers to techniques for exploring their own classroom experiences. Numerous books deal with classroom observation and research, but this is the first to offer a carefully structured approach to self-observation and self-evaluation. Richards and Lockhart aim to develop a reflective approach to teaching, one in which teachers collect data about their own teaching; examine their attitudes, beliefs, and assumptions; and use the information they obtain as a basis for critical reflection on teaching practices. The approach is not linked to a particular method, but rather can be applied to a variety of methodologies and teaching situations. Each chapter includes questions and activities appropriate for group discussion or self-study.
