**The Great Transfer of Wealth** C. Peter Wagner,2014-11-25 You Can Be a Part of God's Great Release of Wealth!The Bible proclaims a coming day when God will release a great transfer of the world's wealth into the hands of His people. Why would God divert the world's wealth in such a manner? Wouldn't such an enterprise be driven by greed or the evil spirit of mammon? Or might there be a higher purpose?Revered author C. Peter Wagner delves deeply into this amazing prophecy, showing how God will bring about a miraculous, worldwide financial transformation so that the Great Commission will be fulfilled and His kingdom will be established on earth. And these things will be witnessed by this generation! With great wisdom and clarity. Wagner describes... The proper uses of this wealth The mechanism of its distribution The goals it is intended to achieve How the newly financed church will use its "seven mountains of influence" to change the world God is poised to shake the world's financial foundations to their core. All Bible-believing Christians need to take steps to be prepared, for they will be the ones God uses to receive this blessing, influence the world, and help to fulfill Jesus's Great Commission.

**La traducción audiovisual del humor verbal al alemán** Liliana Camacho González,2024-05-10 Este libro analiza la subtitulación y el doblaje al alemán del humor verbal presente en las dos películas mexicanas contemporáneas más vistas de la última década: No se aceptan devoluciones (2013) y Nosotros los Nobles (2013), así como de la primera serie en español producida por Netflix: Club de Cuervos (2015). Se trata de una investigación interdisciplinaria basada en el enfoque

funcionalista y en las bases teóricas de la traducción audiovisual, así como en los enfoques de la incongruencia y superioridad dentro de los estudios del humor. Tratamos de responder cómo y con qué estrategias de traducción se trasvasa el humor y qué tipo de elementos se conservan y cuáles se pierden en la traducción. El análisis, además del doblaje y el subtítulaje, considera también en su metodología mixta, los guiones de doblaje de las dos películas y la traducción indirecta desde el inglés de la serie en cuestión.

Prayers That Activate Blessings John Eckhardt,2011 John Eckhardt shows you how to move from the mundane into the supernatural favor of God. The key is simply asking.

**Pro-Poor Land Reform** Saturnino Borrás,2007-09-06 Using empirical case materials from the Philippines and referring to rich experiences from different countries historically, this book offers conceptual and practical conclusions that have far-reaching implications for land reform throughout the world. Examining land reform theory and practice, this book argues that conventional practices have excluded a significant portion of land-based production and distribution relationships, while they have inadvertently included land transfers that do not constitute real redistributive reform. By direct implication, this book is a critique of both mainstream market led agrarian reform and conventional state-led land reform. It offers an alternative perspective on how to move forward in theory and practice and opens new paths in land policy research.

*The Diario of Christopher Columbus's First Voyage to America, 1492-1493* ,1989 This definitive edition of Columbus's account of the voyage presents the most accurate printed version of his journal available to date. Unfortunately both Columbus's original manuscript, presented to Ferdinand and Isabella along with other evidence of his discoveries, and a single complete copy have been lost for centuries. The primary surviving record of the voyage-part quotation, part summary of the complete copy-is a transcription made by Bartolome de las Casas in the 1530s. This new edition of the Las Casas manuscript presents its entire contents-including notes, insertions, and canceled text-more accurately, completely, and graphically than any other Spanish text published so far. In addition, the new translation, which strives for readability and

accuracy, appears on pages facing the Spanish, encouraging on-the-spot comparisons of the translation with the original. Study of the work is further facilitated by extensive notes, documenting differences between the editors' transcription and translation and those of other transcribers and translators and summarizing current research and debates on unanswered current research and debates on unanswered questions concerning the voyage. In addition to being the only edition in which Spanish and English are presented side by side, this edition includes the only concordance ever prepared for the Diario. Awaited by scholars, this new edition will help reduce the guesswork that has long plagued the study of Columbus's voyage. It may shed light on a number of issues related to Columbus's navigational methods and the identity of his landing places, issues whose resolution depend, at least in part, on an accurate transcription of the Diario. Containing day-by-day accounts of the voyage and the first sighting of land, of the first encounters with the native populations and the first appraisals of his islands explored, and of a suspenseful return voyage to Spain, the Diario provides a fascinating and useful account to historians, geographers, anthropologists, sailors, students, and anyone else interested in the discovery-or in a very good sea story. Oliver Dunn received the PH.D. degree from Cornell University. He is Professor Emeritus in Purdue University and a longtime student of Spanish and early history of Spanish America. James E. Kelley, Jr., received the M.A. degree from American University. A mathematician and computer and management consultant by vocation, for the past twenty years he has studied the history of European cartography and navigation in late-medieval times. Both are members of the Society for the History of Discoveries and have written extensively on the history of navigation and on Columbus's first voyage, Although they remain unconvinced of its conclusions, both were consultants to the National geographic Society's 1986 effort to establish Samana Cay as the site of Columbus's first landing.

**Mateo, tomo 1: La Revelación de la Realeza de Cristo** Evis L. Carballosa, 2007-09-15 Esta obra tiene como propósito presentar la realeza de Cristo. Pone de manifiesto que Jesús es el Mesías prometido en las Escrituras proféticas. Mateo escribió su tratado para una comunidad judía que se había convertido a la fe cristiana. La comunidad de esos tiempos se preguntaba: ¿Qué ha pasado con el Reino prometido? ¿Qué papel desempeña la iglesia en el plan de Dios? ¿Qué parte tienen los gentiles en el Reino del Mesías? Evis Carballosa analiza cuidadosamente las respuestas de Mateo a estas preguntas en este recurso indispensable para todo pastor y estudiante de la Biblia. Este es el primer tomo de dos acerca de este Evangelio. [The object of this work is to present the royalty of Christ, clearly showing that Jesus is the Messiah promised in the prophetic Scriptures. Matthew wrote his gospel for a Jewish community that had converted to Christianity. The community in those times had many unanswered questions about Christ, such as: What happened to the promised kingdom? What role does the church have in God's plan? What part do Gentiles play in God's plan? Evis Carballosa analyses the prophetic writings throughout the gospel of Matthew in this indispensable resource for pastors and all students of the Bible. This is the first of two volumes on Matthew. ]
