Invito alla filosofia russa Domenico Coviello,2013-11-07 Così l'autore presenta alcune figure del pensiero russo "moderno" in cui un'unica matrice religiosa, radicata nella sua plurisecolare storia, reagisce diversamente e contraddittoriamente all'incontro con le principali forme del pensiero occidentale moderno Illuminismo, Idealismo, Marxismo. Coviello non si dà come compito una visione di confronto e di sintesi, ma una prima presentazione di figure umane e di forme speculative, che in ogni caso testimoniano una straordinaria creatività, in termini di assimilazione peculiare del pensiero occidentale e insieme di rilancio e di superamento. Ne viene al lettore un invito a incominciare un itinerario di estensione e di approfondimento dopo questi primi passi, che fanno intravedere che il pensiero russo è ancora così poco conosciuto e ancor meno svelato nei suoi movimenti profondi e nel suo anelito, ora sublime ora terribile, a sintesi nuove e superiori di sapienza e di scienza, di teoria e di prassi, di religiosità e di vita storica. Echoing Voices in Italian Literature Teresa Franco,Cecilia Piantanida,2019-01-08 This collection of essays explores the reception of classics and translation from modern languages as two different, yet synergic, ways of engaging with literary canons and established traditions in 20th-century Italy. These two areas complement each other and equally contribute to shape several kinds of identities: authorial, literary, national and cultural. Foregrounding the transnational aspects of key concepts such as poetics, literary voice, canon and tradition, the book is intended for scholars and students of Italian literature and culture, classical reception and translation studies. With its two shifting focuses, on forms of classical tradition and forms of literary translation, the volume brings to the fore new configurations of 20th-century literature, culture and thought.
