**Web-based Interactive Learning Activities** Dave Arch,Sue Ensz,2000 Classroom trainers have proven the importance of interactive activities for maintaining participant interest, replenishing audience energy, and increasing content retention. However, many activities suitable to the classroom don't translate well to that web-based environment so popular with corporate and educational trainers today.

**Mathematics for Social Scientists** Jonathan Kropko,2015-09-09 Written for social science students who will be working with or conducting research, Mathematics for Social Scientists offers a non-intimidating approach to learning or reviewing math skills essential in quantitative research methods. The text is designed to build students' confidence by presenting material in a conversational tone and using a wealth of clear and applied examples. Author Jonathan Kropko argues that mastering these concepts will break students' reliance on using basic models in statistical software, allowing them to engage with research data beyond simple software calculations.

Jimmy O'Grande versus the FWB (Fish Witch Bitch) Doc Mingo,2023-12-13 Jimmy and Leo were a match blessed by The Angel of Fate. Two beautiful young men were laying naked under the sun by the shores of Lake Getchie one day long ago, about to seal a deal of perfect love. But instead of sharing a love that was meant to be, a demon fish swam along and came between them. It's a tragedy when innocents don't know well enough to be wary of deals with cloaked demons, for the devil's blessings are always curses in disguise. In a moment of youthful naïveté, Jimmy is fooled into thinking he is a hero and saved the devil in disguise, and thus he had earned himself a charm reward from the demon fish. A powerful magic charm is given to him that makes everyone who looks into Jimmy's eyes love him. And the more that everyone looked, the more that they loved Jimmy. Is there ever such an easy path that can be taken that skips over the hard work needed to create anything of truly lasting value? Is it possible that all that glitters is not gold? Can such a thing as easy love ever be a blessing? Or is love come easy always destined to be a road to ruin? Leo out of love and loyalty becomes trapped in a closet of secret love as Jimmy's life long best friend and manager. And so the lucky demon fish ends up having captured two souls for the magical price of one. Will Leo's love and loyalty prove stronger than the glitter of golden promises of easy love and riches? Or will the demon fish steal away the blessings of love bestowed upon the two boys by the Angel of Fate, and mock the heavens that seem to shun her? In this life and death struggle between good and evil, who shall live and who shall die? In the third volume of this illustrated series 'The Lakeside Fairy Tales,' we explore more of the Boystown Chicago parallel universe of 'Center

City' through the lives and loves of her diverse community. Come share another story with me about a new love, and catch up with all of the characters from the series as all their lives and loves mix and swirl and flow together I each new story. All of them just like us, for are we not one and all but leaves in the stream? Stirred and whirled by the magic of the cosmos that reigns supreme in the vast eternal waters of The Great Lake. Come let me tell you a fairy tale and convince you that the magic of the cosmos is alive and real and in each and everyone of us.
