This energy body -- only recently verified by scientists, but long known to healers and mystics -- is the starting point of all illness. Here, our most powerful and profound human interactions take place, the precursor and healer of all physiological and emotional disturbances. *Hands of Light* is your guide to a new wholeness. It offers:

- A new paradigm for the human, in health, relationship, and disease

**Numbers of Stars for Eternal Life** Grigori Grabovoi,2021-01-20 The distant stars, from which only the light can be seen by physical eyesight, have subtle connections with the Soul of man. Man can perceive the light of his Soul with physical eyesight, which is mixed with the color of human body. You can see with this understanding, that the starlight is crossed and combined with the light of the Soul at a distance from human body and on human body at the physical level. The Light of stars, in a sense, is an element of eternity in terms of the fact, that such light often reaches a human individual in millions of light-years, and it is simultaneously a gateway to the world, that is on the other side of a star, and it is infinite.

**Contact** Carl Sagan,2016-12-20 Pulitzer Prize-winning author and astronomer Carl Sagan imagines the greatest adventure of all—the discovery of an advanced civilization in the depths of space. The 13th Apostle Richard F. Heller, M.D.,Rachael F. Heller,2009-10-13 In the ruins of a medieval monastery, the diary of a 12th-century monk has been uncovered . . . and the murders have already begun. It is rumored the monk's writings offer clues to the whereabouts of a scroll dating back to the time of Jesus—the creation of a hitherto unknown intimate who recorded the actual words of Christ. Two people possess the combined skills to follow where the document leads: American cybersleuth Gil Pearson and Sabbie Karaim, former Israeli commando and biblical translator. But what awaits them on their strange odyssey across the globe and through two thousand years of history is both an indescribable treasure and an unrelenting terror. For all manner of zealots and devils are after the secrets they seek—to own the power to destroy the world we know.

*A User's Guide to the Brain* John J. Ratey, M.D.,2001-11-13 John Ratey, bestselling author and clinical professor of psychiatry at Harvard Medical School, lucidly explains the human brain's workings, and paves the way for a better understanding of how the brain affects who we are. Ratey provides insight into the basic structure and chemistry of the brain, and demonstrates how its systems shape our perceptions, emotions, and behavior. By giving us a greater understanding of how the brain responds to the guidance of its user, he provides us with knowledge that can enable us to improve our lives. In *A User's Guide to the Brain*, Ratey clearly and succinctly surveys what scientists now know about the brain and how we use it. He looks at the brain as a malleable organ capable of improvement and change, like any muscle, and examines the way specific motor functions might be applied to overcome neural disorders ranging from everyday shyness to autism. Drawing on examples from his practice and from everyday life, Ratey illustrates that the most important lesson we can learn about our brains is how to use them to their maximum potential.

**Unified System of Knowledge** Grigori Grabovoi,2012-10-13 Recently the world has shown great interest to the work of Grigori P. Grabovoi, head of the International Program for health improvement of man. The method of health improvement includes diagnostics, information processing, recovery process. Grigori P. Grabovoi puts into practice all work cycles, using his abilities of clairvoyance and remote information control. Digital diagnostics is performed in addition. Grigori P. Grabovoi says: I see my mission not only in curing. I perform matter regeneration (recovery) regardless of the initial state. This proves irrationality of destruction, shows the technology of salvation, and implements the fundamental principles of the world's ecological safety. Since Grigori P. Grabovoi regenerates after natural death, cures the 4th stage of cancer and the 4th stage of AIDS, when many organs are also destroyed, he naturally heals from any disease. Thus, Grigori P. Grabovoi implements the principle of non-dying as a method of preventing the global catastrophe threatening the whole world. Recovery cycle can be performed remotely without distance limitations. The program includes both the elimination of man-made disasters that could lead to global catastrophes, as well as control of events that overcome critical conditions as a result.

*Prk-1u* Grigori Grabovoi,2021-08-13 30 Controls for the PRK-1U, was created by Dr. Grigori Grabovoi, based on his great scientific research and his registered patents. There are no analog devices in the world. The device will be configured according to the personal parameters of those who sign a contract when acquire the device or by using it Online 24/7 at IVIDEON platform. By concentrating on the device, it is possible to develop one's own consciousness to be able to control

events (including health) in order to improve them, develop clairvoyance, and be able to design favorable future events. The device was designed to develop the following concentration types: Concentration for any event or situation (including health) Concentration to rejuvenate Concentration for the development and clairvoyance control Concentration for the forecasting control development Concentration for the Eternal Life Development The strength of concentrations and the development of consciousness due to the concentration, is the same. But the physical device has an advantage: when the device is turned on, the person who is at 3 meters distance and is the one who was configured in the device, will take to the norm all its events, even if that person is not concentrated. Why the person has to be concentrated if the physical device is turned on and taking to the norm the events? Because when it is concentrated, the consciousness of the person is being developed and if the consciousness is developed, the person can take to the norm its own events without the device, and besides will develop the clairvoyance.
