

The Biden Crime Family

Adebowale Akande

The Biden Crime Family Rudy Giuliani, 2024-10-29 The Biden Crime Family is a short, engaging description of the evidence that supports the case that President Joe Biden and his family are deeply corrupt. They are so corrupt that when former New York mayor and US attorney Rudy Giuliani first stumbled across evidence of what they were doing in Ukraine, it reminded him of his experience prosecuting the five mafia families that used to run New York. Joe Biden began to seek enormous bribes and payouts when he became vice president. In every situation where he was the point man for the Obama administration's policy toward a country, he ended up making millions of dollars, and failing to obtain whatever the US policy goal was. In these endeavors, Joe's drug addicted younger son, Hunter, worked with him. Hunter was the "bagman." You can question whether it was loving or even decent for a politician to use his dysfunctional son in this matter. But it happened. Joe's brother James also served as a bagman, sometimes working with Hunter. Other family members participated as needed. When Joe was made the point man for Ukraine—with the special mission of cleaning up Ukrainian corruption so deep that it had left the country almost bankrupt—he did nothing to help. Instead, he had Hunter placed on the board of Burisma, an energy and gas company at the center of some of Ukraine's most corrupt government dealings. Hunter took home a million a year to do nothing. The rule was "ten percent for the big guy." Hunter has complained about how half his income went to dad. The same and worse happened with Joe in China and Iraq. The Biden Crime Family displays the evidence clearly—and makes the kind of case that should get a conviction on Biden family corruption.

Beautiful Things Hunter Biden, 2021-04-06 Hunter Biden recounts his descent into substance abuse and his tortuous path to sobriety. The story ends with where Hunter is today

The Case to Impeach and Imprison Joe Biden Mike McCormick, 2023-12-19 The Case to Impeach and Imprison Joe Biden is author Mike McCormick's eyewitness account from six years as Joe Biden's White House stenographer, traveling with him to Ukraine and Honduras and many other countries. During this assignment, he found the vice president buffoonish and unpresidential. McCormick, who made national news in April 2023 by revealing he submitted evidence to the FBI that would impeach Joe Biden, confirms that he was interviewed extensively about his knowledge of Biden's corruption and evil by investigators from the House Oversight Committee and the Senate Homeland Security Governmental Affairs Committee. McCormick ultimately recognized the crimes that then-Vice President Biden perpetrated in his dealings with Ukraine and

Honduras only after receiving a verified copy of the Hunter Biden Laptop. By cross-referencing materials in the Hunter Biden Laptop with President Obama's White House website and congressional testimony by Joe's co-conspirators, plus his own recollections, McCormick weaves a devastating timeline that pinpoints Joe Biden as the mastermind of a kickback scheme with Burisma Holdings that enriched him and Hunter Biden. Also detailed in this book is Joe Biden's treasonous Alliance for Prosperity, which funded cartel-affiliated cocaine smugglers in the Honduran government who were then under investigation by the DEA with hundreds of millions of US taxpayer dollars. McCormick courageously identifies US government officials who assisted Joe Biden in his evil schemes, including then president Barack Obama. And McCormick names the journalists who continue to cover for the Obama-Biden corruption. Despite all the evidence, he has not yet been asked to testify under oath about what he saw. That's why he's written this book.

You Only Know What You Know Marcia Hutchison, 2023-10-13 About age seventy-four, living in Dallas, Texas, Marcia joined a local church active in missions. After taking a course on missions, she joined two mission trips: Africa and Kazakhstan. Sharing her adventures through missions and extensive European travels may serve to open your eyes as they did hers. Back home, Marcia captured her memories on canvas and chronicled them in her diary. The powerful, holy God was there with Marcia every step of the way. Eventually, Marcia developed a keen interest in national politics and soon became even more disillusioned with the liberal media spewing out nothing but lies that grew bigger, more frequent, and more detrimental over the years. This book compares today's political climate with a partial view of American history. The annals of ancient history draw a picture of nefarious men seeking power, total control of a society through division, violence, changing the language, and political correctness gone amuck, all waiting for America to crash and burn. Changing the course of history is paramount to reaching the decisive final goal. Who knows? This book could be among the last historical accounts. Since history does indeed repeat itself, history must necessarily be destroyed. Keep the populace as ignorant and misinformed as possible--if necessary, by force. The formula has never changed throughout the annals of history, multimillions losing their lives as a result. Slavery has existed since the beginning of recorded history dating back to Ur over four thousand years ago. The city of Ur in Mesopotamia was unearthed in the early 1900s. This was the city God called Abraham to leave and to go to Harran. The detestable practice of slavery existed in Ur and still exists today. Human trafficking, drug addiction--all alive and well. As slaves to an evil cause, the BLM gang will not see past their nose. Ignorance is foolish and dangerous. Socialism, the final divisive step to communism, has been forced down the throats of our children and uninformed adults for years. This story addresses CRT, woke, atrocities of the Biden Administration, and the catastrophe on our southern border. I live in Texas; I see the truth with my own eyes. You only know what you know. Keep learning what you do not know because there is nothing new under the sun.

Mysticism in Newburyport Peter James Ford, 2023-03-26 MYSTICISM IN NEWBURYPORT is a seven-book series revealing ancient secrets from masters of all cultures along with modern-day breakthroughs by scientists and quantum physicists of our times. These tales began flowing after Peter's powerful spiritual awakening in Newburyport, Massachusetts. Newburyport is a quaint little, historic seaport on the coast of Massachusetts heading towards New Hampshire. Peter had been sober in the 12-step recovery program for many years and had recovered from his alcoholism. Peter's love of Nature had brought him to the Newburyport area. This area is rich with Nature's treasures, Native American Heritage and many tales from the tall cargo ships of olden days. High street was lined with homes of these Sea Captains. Peter's awakening had given him new eyes and new highly evolved senses. Peter was to have powerful past lives experience with his Mystery Woman guide named Layne. Layne was a mystic that would tell people things about themselves that there was no way she could know. She would look you in the eyes and tell you your deepest secrets. She also knew about the Earth's electromagnetic grids and helped Peter understand what he was experiencing in Newburyport. Peter's new heightened senses could feel the electromagnet flow of energy and the convergence right below Market Square in Newburyport. Market Square was one of the crossroads for these powerful electromagnet energies that gives life to our planet. Peter was to share the secrets that were revealed to him in his writings.

CORRUPT Dick Morris, 2023-10-17 "Within these incendiary pages, Dick Morris, America's reigning Dean of political

strategy and tactics, completely unmask the treasonous behavior of arguably the worst first family to ever darken the doors of the White House.” — From the Foreword by Peter Navarro WAKE UP AMERICA! Each day brings shocking new revelations of the depth and breadth of the corruption of the Biden family. From China to Ukraine to Moscow to Iraq to Kazakhstan to Costa Rica to Florida to Romania and stops in between the Biden family has been enriching itself by trading off the public offices and power accumulated by its mastermind: Joe Biden. The corruption of our own, elected leaders is the crux of America’s difficulties. United States laws do not prevent politicians, and even Presidents(!), from using their families to take bribes and payoffs before, during, and after they serve us in public office. New York Times bestselling author Dick Morris is a winning presidential strategist and the man Time magazine dubbed “the most influential private citizen in America.” In his new book, CORRUPT: The Biden Family’s Dark Money, Morris lays-out the case against the Biden family and years of corruption and grift at the expense of taxpayers and the security of the United States. Since 2016, Dick Morris has been a behind-the-scenes adviser to Donald Trump, playing a key role in Trump’s surprise 2016 win. And now, as the 2024 elections approach, President Biden’s corruption — and that of his family — are emerging as key issues, and Morris argues President Trump MUST win in 2024 to clean-up the dangerous cancer that has taken-over the White House and is endangering the security of the United States and the world. Stronger ethics laws embracing all the opportunities for theft that a big family offers are a partial answer. But the real answer is to stop electing weak people who succumb to easy-money around the world and especially to Chinese entreaties to office. There is no room for corruption at the top of our government and according to Morris, there is NO excuse for not electing Donald J. Trump in 2024 to clean it up. “Within these pages, both Joe Biden and Communist China are revealed to be extreme dangers to an American nation now threatened from within by a variety of cultural, social, and economic crises largely of Biden’s making and threatened from without by an authoritarian and fascist regime now engaged in the most rapid military buildup of a fascist regime since World War II — even as this Communist Chinese regime aligns itself ever more closely with America’s other major existential threats in Russia, Iran, North Korea.” — Peter Navarro

The Political Economy of Plea Bargaining Robert Schehr, 2024-12-10 The Political Economy of Plea Bargaining provides the political, economic, and cultural context for understanding the evolution of plea bargaining as a juridical technology implemented to ensure the efficient administration of violations of criminal law. Across two parts, this book contends that the confluence of political, economic, and cultural factors necessary to enhance the legal preservation of the slave system and white supremacy spatiotemporally coincided with burgeoning Northern industrial capitalism and the liberty of contract doctrine, and that each was contextualized within hegemonic liberal republican ideology out of which grew the implementation of an efficient technology of juridical control achieving normative legal status – plea bargaining. It argues that, as with their predecessors, contemporary actors operating within the criminal legal system and who are responsible for

administering plea bargaining are perpetuating a system reproducing a steering mechanism that historically constitutes a through line from Reconstruction to the present day. Following Von Mises, these actors serve as useful innocents, modern-day confused and misguided sympathizers. They are juridical actors who inherited and are perpetuating a system of conflict resolution that serves to maintain a form of social control uniquely situated to historically relevant political, economic, and cultural power in the United States. The Political Economy of Plea Bargaining will be important reading for legal and social science academics researching and practicing within the field of criminal law and procedure. It will also act as a valuable guide to the debates surrounding plea bargaining for students with a keen interest in criminal law.

The Anti-Globalist Manifesto Jerome R. Corsi, 2024-08-13 In his new book, *The Anti-Globalist Manifesto: Ending the War on Humanity*, bestselling author Jerome Corsi puts out a call for action to reverse the totalitarian goals of the New World Order globalists. Corsi addresses that these demons are well advanced in their planned “One World Government” takeover aimed at establishing an atheistic utopia that will have no respect for traditional human rights. Comfortable that their transhuman aspirations are achievable, the Malthusian elite is waging a war on humanity that embraces global depopulation as a means of preventing Earth's abundant natural resources for themselves. Tracing this dystopian nightmare back to the assassination of President John F. Kennedy on November 23, 1963, as the day the deep state went rogue in a conspiracy involving the CIA, the Pentagon, the State Department, and the Department of Justice to affect a coup d'état that would allow the military industrial complex to go to war in Vietnam, the deep state has created an ongoing Truman Show—a series of never-ending psychological operations designed to induce citizens worldwide to surrender freedoms to government in return for security. With the premise that the globalist elite uses systems of mass manipulation and social engineering to induce the world's population to accept the implementation of the reforms it has already decided to implement, Corsi sets a detailed plan for organizing global resistance against the subversives who now sit at the top of the institutions of world government and finance. *The Anti-Globalist Manifesto* is a call to action to restore God to our lives, as those of us fighting for a return to personal freedoms and limited government, ending the war on humanity and driving once and for all time the New World Order globalists back to Hell where they belong.

Profiles in Corruption Peter Schweizer, 2020 Offers a deep-dive investigation into the private finances and secret deals of some of America's top political leaders--

Original Sin Jake Tapper, Alex Thompson, 2025-05-20 From two of America's most respected journalists, an unflinching and explosive reckoning with one of the most fateful decisions in American political history: Joe Biden's run for reelection despite evidence of his serious decline—amid desperate efforts to hide the extent of that deterioration Explosive. —The New York Times [The] most significant book to date about Biden's cognitive decline. — The Atlantic Superbly reported . . . Reads like a Shakespearean drama on steroids. — Los Angeles Times It's hard to think of a book which has shifted the political dial

to this extent in recent years. — Politico In Greek tragedy, the protagonist's effort to avoid his fate is what seals his fate. In 2024, American politics became a Greek tragedy. Joe Biden launched his successful 2020 bid for the White House with the stated goal of saving the nation from a second Trump presidential term. He, his family, and his senior aides were so convinced that only he could beat Trump again, they lied to themselves, allies, and the public about his condition and limitations. At his debate with Trump on June 27, 2024, the consequences of that deception were exposed to the world. It was shocking and upsetting. Now the full, unsettling truth is being told for the first time. Jake Tapper and Alex Thompson take us behind closed doors and into private conversations between the heaviest of hitters, revealing how big the problem was and how many people knew about it. From White House staffers at the highest to lowest levels, to leaders of Congress and the Cabinet, from governors to donors and Hollywood players, the truth is finally being told. What you will learn makes President Biden's decision to run for reelection seem shockingly narcissistic, self-delusional, and reckless—a desperate bet that went bust—and part of a larger act of extended public deception that has few precedents. The story the authors tell raises fundamental issues of accountability and responsibility that will continue for decades. The irony is biting: In the name of defeating what they called an existential threat to democracy, Biden and his inner circle ensured it, tossing aside his implicit promise to serve for only one term, denying the existence of health issues the nation had been watching for years, dooming the Democrats to defeat. The decision to run again, the Original Sin of this president, led to a campaign of denial and gaslighting, leading directly to Donald Trump's return to power and all that has happened as a consequence. Rarely does hubris meet nemesis more explosively. Wherever you stand on the political spectrum, Original Sin is essential reading.

The Coming Storm Gabriel Gatehouse, 2024-09-05 Is this how democracy dies? Based on his smash hit podcast, The Coming Storm is Gabriel Gatehouse's brilliant exploration of the roots of Q Anon and the rise of the extreme right in the US. It's a story that reaches back decades, showing how a dark fantasy embedded itself in the American consciousness, threatening to derail its democracy - and it continues to unfold today. Gatehouse's riveting book takes you down a rabbit hole - one that both the US as a nation and he as a journalist fell through - to unpack an epochal shift in political culture that starts in the earliest years of the Clinton administration and reaches a crescendo on 6 January 2021 with the storming of the US Capitol. But that event wasn't the wild finale of a chaotic Trump presidency many hoped for - it was only the beginning. A compelling mix of reportage and personal experience, The Coming Storm gets under the skin of these conspiracy theories to show us a radical new kind of politics emerging, a movement that has coalesced around a loose alliance of white supremacists, men's rights activists, tech bros, and radically disenchanted leftists. As we approach the 2024 US presidential election, and perhaps the most perilous moment in the history of American democracy, Gatehouse's book tells us some dark truths about our present, and provides clues about our future. It marks the debut of a major new voice in political journalism.

Borderless by Design Troy E. Nehls, 2024-01-09 In his previous book The Big Fraud, Congressman Troy Nehls exposed

the deep corruption perpetrated by the Democrats in the 2020 election. Now, in *Borderless by Design*, he examines what's really happening with the Biden administration's destruction of America's southern border. The Democrats and their deep-state supporters want to cement permanent political power in Washington, DC. Having turned their backs on their traditional voters (middle-class, blue-collar Americans), the Democrats have a desperate need to replenish their voter base. That's why the Biden administration, purposely acting against the Constitution and our country's laws, is flooding our border with illegals. Regardless of the harm done to America and to illegals themselves, Democrats consider the power grab worth the "collateral damage." If that weren't bad enough, the Democrats' open-border policies also aid and abet those who are trying to destroy America—from George Soros and "Davos Man" to China and the Mexican drug cartels.

War on Woke Alan Dershowitz, 2024-03-19 In *War on Woke: Why the New McCarthyism Is More Dangerous Than the Old*, Alan Dershowitz—#1 New York Times bestselling author and one of America's most respected legal scholars—warns of the danger to the future of civil liberties and equality in America. Alan Dershowitz has been called "one of the most prominent and consistent defenders of civil liberties in America" by Politico and "the nation's most peripatetic civil liberties lawyer and one of its most distinguished defenders of individual rights" by Newsweek. *War on Woke* exposes new McCarthyite tendencies and tactics of academia, the media, and the business community, especially high tech, that promote closed-minded intolerance. Dershowitz explains that the new woke McCarthyism challenges the basic tenets of the classic liberal (in the traditional sense) state: Freedom of expression; due process; presumption of innocence, right to counsel, equal application of the law; tolerance and respect for differing viewpoints, and that these bedrock principles are rejected by McCarthyite extremists on both the hard left and the hard right. Analyzing the impact of this new woke McCarthyism through the relentless attempts to "get" Trump, the attention on the Bidens, and even its international manifestation relative to anti-Semitism, Israel, and the world, Dershowitz investigates the role of media and asks whether the US Supreme Court can constrain this growing threat as new woke McCarthyism becomes mainstream Americanism—especially as the current generation of students and young professionals become our political, media, business, educational, religious, and "influencer" leaders.

Hard Right: The GOP's Drift Toward Extremism Mona Charen, 2023-06-27 As a Republican, Mona Charen hardly recognizes her own party anymore. The party's focus has shifted from policy to provocation. Over time, many mainstream Republicans have embraced extremist views that were once reserved for the fringes—challenging free and fair elections, praising demagogues, encouraging conspiracies, and abandoning basic respect and decency. The Republican Party crashed through the floor of decency when Donald J. Trump was nominated as the party's candidate in the 2016 presidential election. Since then, it has continued to find new lows in conspiracism, cynicism, stoked outrage, falsehoods, and finally, insurrection. In this collection of syndicated columns since 2016, Ms. Charen, a long-time political analyst, calls out the Republican Party

for drifting far from its principles, offering sharp criticism and level-headed advice. Charen's journey has taken her to distrust of excessive partisanship on all sides and a renewed urgency about confirming the values and traditions of small-l liberal democracy.

U.S. Democracy in Danger Adebowale Akande, 2023-10-19 Historically, Donald Trump will be remembered as the first American president to be impeached twice and indicted. He fed the grotesque myth that the election was stolen and summoned his supporters to storm Congress on 6 January 2021 in a bid to thwart the certification of Joe Biden's U.S. presidential election victory. This volume vividly recounts the dramatic narrative of the January 6 Coup in America and how close we came to losing U.S. democracy. For anyone seeking a comprehensive and multidisciplinary global overview of democracy, an astute analysis of the forces that drive the dominance of the (neo)liberal paradigm of the last decades should look no further than this volume. Yet the volume takes the issue further by vigorously documenting the decline of the U.S. treaty process (America's dysfunctional diplomacy and the doctrine of unpredictability). There is an urgent need for a massive infusion of strategic support for democracy in the United States. Because come 2024 or thereafter an unfinished work might drag American democracy to a dangerous inflection point. Trump (who has a complete hold on the Republican party, still has a stranglehold on the MAGA base no matter what he does, was instrumental to the breaking of U.S. diplomacy. Undermining the democratic legitimacy of International Law adversely affected U.S. foreign policy. Some federal and lower courts in the judiciary of the United States pose a real threat to Americans' democracy as well. To that end, when 'the principle of truth' loses its relevance and meaning as benchmarks for appraisals and decisions, and becomes a harmful tool for willful propaganda. Everybody should be worried about U.S. democracy. A real crisis is coming! U.S. Democracy is at a breaking point. Like a giant modern mirror standing behind democracy itself, this book is a citizen's guide to saving U.S. Democracy. Expertly drawn on global and regional examples and current literature, the volume closes a gap in the multidisciplinary field. Quite useful as a valuable resource as it helps us understand the shifting Trump agenda in diverse areas. Essential reference across a range of subjects, bringing together contributions from scholars, and policymakers alike. This extraordinarily well-researched and practically crafted, culture-inclusive text could not be more relevant or timelier. It is a must for everyone. This volume will help to shape the political landscape of the 21st century and will remain a vital source of inspiration for modern-day scholars and political activists.

Indictment Brant J. Moore, 2021-08-30 Calling someone a traitor requires evidence—something that Donald J. Trump has provided ample amounts of to the world. Brant J. Moore, a former lifelong Republican, financial contributor, and operative, picks apart Trump's presidency in this damning account of his legacy. Chapters can be viewed as the individual elements of an indictment of the former commander-in-chief. The author examines Trump's mendacity, incompetence, and attacks on the rule of law that culminated in the Jan. 6, 2021, storming of the United States Capitol by an angry mob. He also

calls out Trump's drift toward authoritarianism, his refusal to transfer power, and traitorous acts. Even after the death of a fellow Republican and war hero, Sen. John McCain, it's reported that Trump told senior staff, "We're not going to support that loser's funeral." When he saw flags lowered to half-staff, he became enraged. Get a good look at a wealthy, spoiled brat who can't grasp the true meaning of service or patriotism and find out why we must scorn the Republican Party until it abandons Trump in Indictment.

An Almost Insurmountable Evil Mike McCormick, 2025-02-11 Questioning Pope Francis? You are not alone. Catholics around the world are puzzled by a pope who has defiled the Church of Jesus Christ with his overt politics. Questioning Joe Biden? You are not alone. His toxic presidency and destructive relationship with Barack Obama ended in an old man's whimper. Or was there more to it? Mike McCormick answers your questions with the truth: An almost insurmountable evil was done by an illegitimate pope, an unclean cardinal, a compromised president, his criminal vice president, and their win-at-all-cost operatives. Based on McCormick's experience as Joe Biden's White House Press Office stenographer, this eyewitness account details the globalist plots perpetrated by Cardinal Theodore McCarrick, Pope Francis, the CIA, President Barack Obama, Vice President Joe Biden, Hunter Biden, Denis McDonough, Anthony Fauci, and many others. McCormick reveals how the Obama-Biden White House networked the Catholic Church into human trafficking along the Southern Border; how it schemed Ukraine into becoming a biological warfare threat to Russia; and how it collaborated with China to release the Wuhan Pandemic to upend President Trump's 2020 campaign. In this point-by-point dissection of Obama-Biden Deep State overreach, and of what Archbishop Vigano refers to as the Deep Church, and of what Robert F. Kennedy, Jr. refers to as Deep Health, readers will understand the betrayal, death, economic destruction, and emotional damage perpetrated on them by their governments, the Catholic Church, and the globalist elites they serve.

Taking Back Trump's America Peter Navarro, 2022-09-20 As seen on Tucker Carlson As heard on Mark Levin In this follow-up to the breakout bestseller *In Trump Time*, Peter Navarro explains why Trump lost the White House in 2020 and how he will win it back in 2024—and none too soon. Steve Bannon, the chief architect of Trump's 2016 win, describes Taking Back Trump's America as "a brass-knuckled insider's account of the merciless 2020 fall and miraculous 2024 rise of the White House of Trump." In Peter Navarro's telling—he was in all of the rooms where it happened—Trump's fall may be laid squarely at the feet of a coterie of incompetent and disloyal "bad personnel" inside the White House. They continually sought to undermine the commander in chief they putatively served and included everyone from Attorney General Bill Barr, Treasury Secretary Steve Mnuchin, and National Economic Council Directors Gary Cohn and Larry Kudlow, to National Security Advisors H.R. McMaster and John "Dr. Strangelove" Bolton, Jared "Rasputin" Kushner, the Four-Star Traitors in Generals John Kelly and Jim Mattis, and four of the worst chiefs of staff in White House history. This confederacy of predatory globalists, Never-Trump Republicans, wild-eyed Freedom Caucus nut jobs, and self-absorbed Wall Street transactionalists

would constantly delay, disrupt, and deter a set of populist, economic, nationalist, and “tough on China” actions and policies that would have otherwise carried Donald Trump to a landslide victory.

Mad House Annie Karni, Luke Broadwater, 2025-03-25 An exclusive fly-on-the-wall account of the epic dysfunction of the American Congress, from the rotating cast of failed Speakers to the MAGA efforts to impeach President Joe Biden to the insanity of the 2024 presidential race—by the star congressional reporters at The New York Times “Mad House contains cyanide and candy on every page, which proves to be a killer combo. I loved it.”—Mark Leibovich, author of the #1 New York Times bestsellers *This Town* and *Thank You for Your Servitude* The United States Congress has always been messy and far-from-august, but as Annie Karni and Luke Broadwater show here, in scorching, shocking detail, it has reached some kind of chaotic bottom. The anarchy that reigned over Congress’s lower chamber in the wake of the January 6th attack on the Capitol Building—the election of serial liar and con-man George Santos, revenge porn being shown on the floor of the house, and the theatrical high jinks of Lauren Boebert—all were a sign of decay and dysfunction of the highest order. Even the members of the 118th Congress would admit it was a circus—but up close, the spectacle was more alarming than funny. Taking the reader into closed door meetings as House Republicans, in thrall to a cult of personality, bumble ever deeper into extremism, and sniping House Democrats lose faith in their President, the authors reveal a level of disorder that we have never seen before. *Mad House* is a searing, rollicking, and deeply reported portrait of a body at war with itself, riven by pettiness, egomania, and score-settling, and defined by the truly unbelievable antics of people like Matt Gaetz, Marjorie Taylor Greene, and Jim Jordan, who, handed the reins of power, attempted to actually govern a country. They did the bare minimum but voters in the 2024 elections rewarded them nonetheless, giving MAGA Republicans control of the White House, the Senate, and the House—and delivering to President Donald Trump a malleable Congress of loyalists there to serve. If you want a peek at what the next four years might look like, there’s no better place to start than the dysfunction that led us here.
