Jewish Experiences across the Americas Katalin Franciska Rac, Lenny A. Ureña Valerio, 2023-08-01 Latin American Jewish Studies Association Best Edited Volume This volume explores the local specificities and global forces that shaped Jewish experiences in the Americas across five centuries. Featuring a range of case studies by scholars from the United States, Brazil, Europe, and Israel, it explores the culturally, religiously, and politically diverse lives of Jewish minorities in the Western Hemisphere. The chapters are organized chronologically and trace four global forces: the western expansion of early modern European empires, Jewish networks across and beyond empires, migration, and Jewish activism and participation in international ideological movements. The volume weaves together into one narrative the histories of communities and individuals separated by time and space, such as the descendants of Portuguese converts, Moroccan immigrants to Brazil, and U.S.-based creators of Yiddish movies. Through its transnational focus and close attention paid to local circumstances, this volume offers new insights into the multicultural pasts of the Americas' Jewish populations and of the different regions that make up North, Central, and South America. Historia mínima de Uruguay Gerardo Caetano, 2019-07-01 La singularidad de Uruguay ha sido un tema muy debatido en la historia de América Latina. Este pequeño país, sobre todo si se le observa entre Argentina y Brasil, a menudo ha sido percibido como un laboratorio de experiencias singulares. En los siglos coloniales, la colindancia entre el imperio portugués y el español otorgó a este territorio un perfil de frontera que encontró continuidad en la larga disputa que enfrentó a sus gigantescos vecinos durante el siglo XIX y parte del XX. Este libro, con todo el rigor del conocimiento histórico, explica las grandes líneas del pasado uruguayo a través de una sintética narración sustentada en una cuidadosa selección de procesos,

acontecimientos y actores que se despliegan a lo largo de casi cinco siglos. Se trata de una síntesis tan honesta como debatible, construida desde una perspectiva crítica y plural.

Intelectuales y cultura comunista Adriana Petra, 2022-05-30 El comunismo, uno de los movimientos político-ideológicos cruciales del siglo xx, dotó de una identidad y una cultura política a millones de hombres y mujeres alrededor del mundo; no solo a trabajadores y campesinos, sino también a amplios sectores de las capas medias, profesionales, artistas, escritores y científicos. Durante décadas, el Partido Comunista Argentino contó con la adhesión de un amplio grupo de intelectuales que participaron de la vida cultural y los debates públicos a través de una vasta red de organizaciones, editoriales y publicaciones periódicas. El análisis de las relaciones entre los intelectuales y el comunismo en Argentina entre el final de la Segunda Guerra Mundial y principios de la década de 1960 constituye el propósito de este libro. A partir de un profundo trabajo con fuentes y archivos, Adriana Petra se aleja de las visiones centradas en la postulación de una institución partidaria monolítica, autorregulada y trascendente para las prácticas de sus dirigentes y militantes y analiza la complejidad que entraña el compromiso político de los intelectuales con un proyecto que exige una lealtad sin fisuras. De este modo, ubica el problema de los intelectuales comunistas en el nudo de múltiples contextos, en los que la tensión permanente entre cultura y política produjo formas organizacionales, discursivas y representaciones diversas. Intelectuales y cultura comunista constituye una contribución fundamental a la historia de las izquierdas en Argentina y demuestra que la experiencia del comunismo intelectual en el corto siglo xx continúa siendo paradigmática, pues centra sobre sí todas las paradojas de ese personaje moderno que es el intelectual.

Hacer la revolución Aldo Marchesi, 2019-11-20 ¿Cómo contar el ímpetu revolucionario de los años sesenta y setenta desde un tiempo que no es revolucionario? ¿Cómo capturar un clima de época radicalizado que todavía produce preguntas válidas en la discusión contemporánea? Siguiendo la trayectoria de militantes argentinos, chilenos, uruguayos, brasileños y bolivianos, Aldo Marchesi estudia el nacimiento y la expansión de una red de organizaciones de jóvenes militantes de izquierda que, al calor de la Revolución cubana y de la polarización ideológica de la Guerra Fría, promovieron la violencia política y las estrategias transnacionales como únicos caminos para alcanzar el cambio social. Los movimientos de la nueva izquierda estaban convencidos de que la izquierda tradicional era incapaz de generar situaciones revolucionarias y de resistir el avance del autoritarismo y la hegemonía estadounidense en América Latina. Así, confiaron en la lucha armada y

construyeron repertorios de protesta y de acción colectiva novedosos, como la táctica de la guerrilla urbana o el exilio -en el Chile de Salvador Allende, en la Argentina peronista entre 1973 y 1976- como parte de una estrategia de lucha continental. Desde un enfoque originalísimo que lo convierte en una obra de referencia actualizada sobre el tema, Hacer la revolución ofrece piezas nuevas, decisivas, para entender la historia de la izquierda, el surgimiento del autoritarismo en la región, y el papel activo de las periferias en los países centrales. Porque no sólo cuenta los años de la épica revolucionaria, los años del fracaso y el repliegue, y el tiempo de la adaptación a la nueva coyuntura democrática, cuando las preguntas por la igualdad y el socialismo siguen vigentes, sino que además revela el lugar que ocupó el Cono Sur -sus figuras icónicas, sus debates, sus opciones políticas- en la revuelta global de los sesenta.

Cachiporras contra Tacuara Raanan Rein,2023-06-01 Primera investigación rigurosa que aborda el tema tabú de la conformación de grupos de autodefensa judíos en la Argentina entre el secuestro de Eichmann y el comienzo de la dictadura militar y de cómo influyó en la modelación de la identidad judía y sionista de los jóvenes que participaron de ellos. La ola antisemita que azotó a la Argentina tras la captura por parte de agentes del Mossad del criminal de guerra nazi Adolf Eichmann en Buenos Aires en mayo de 1960 determinó a jóvenes judíos a desafiar el liderazgo del establishment comunitario en un sentido particular: organizar grupos de autodefensa orientados a la vigilancia en instituciones judías y sinagogas, y a la consecución de iniciativas contra activistas de la derecha nacionalista y organizaciones antisemitas. Raanan Rein presenta en este libro la primera investigación exhaustiva sobre esos grupos que tuvieron vida entre los años sesenta y el golpe de Estado de 1976, y demuestra que su importancia no radicó tanto en la efectiva protección frente el peligro de reyertas y pogromos como en la modelación de la identidad judía y sionista de los jóvenes que participaron de ellos. En ese sentido, además de aportar de modo historiográficamente riguroso a completar el mapa de la violencia política en la Argentina de los sesenta y setenta, reflexiona sobre las identidades colectivas híbridas y el vínculo entre patria real e imaginaria y diáspora.

Latin America's Radical Left Aldo Marchesi,2018 This book examines a generation of leftist militants who in the 1960s advocated revolutionary violence for social change in South America.

Hijos e hijos de la Rebelión. Una historia política y social del Partido Comunista de Chile en postdictadura (1990-2000) Rolando Álvarez Vallejos,2021-08-03 Investigación sobre la trayectoria del PC de Chile entre los años 1990 y 2000, sus conflictos internos, sus cambios ideológicos y su relación con las organizaciones sociales luego de ser excluido del pacto transicional.

Liberation Theology and the Others Christian Büschges,Andrea Müller,Noah Oehri,2021-09-28 Looking beyond prominent figures or major ecclesial events, Liberation Theology and the Others offers a fresh historical perspective on Latin American liberation theology. Thirteen case studies, from Mexico to Uruguay, depict a vivid picture of religious and lay

activism that shaped the profile of the Latin American Catholic Church in the second half of the 20th century. Stressing the transnational character of Catholic activism and its intersections with prevalent discourses of citizenship, ethnicity or development, scholars from Latin America, the US, and Europe, analyze how pastoral renewal was debated and embraced in multiple local and culturally diverse contexts. Contributors explore the connections between Latin American liberation theology and anthropology in Peru, armed revolutionaries in highland Guatemala, and the implementation of neoliberalism in Bolivia. They identify conceptions of the popular church, indigenous religiosity, women's leadership, and student activism that circulated among Latin American religious and lay activists between the 1960s and the 1980s. By revisiting the multifaceted and oftentimes contingent nature of church reforms, this edited volume provides fascinating new insights into one of the most controversial religious movements of the 20th century.

Jewish Self-Defense in South America Raanan Rein, 2022-08-26 *Jewish Self-Defense in South America* charts the ways in which Jewish youth in Argentina and Uruguay organized self-defense groups in the wake of an anti-Semitic wave that swept the Southern Cone in the 1960s. The kidnapping of Nazi war criminal Adolf Eichmann in Buenos Aires in 1960 and his trial and execution in Israel in 1962, as well as the assassination of the Latvian war criminal Herberts Cukurs in Montevideo in 1965, provoked violent attacks by right-wing nationalist organizations against Jewish lives and property. Thousands of Jews decided to teach the anti-Semitic bullies a lesson and make it very clear that shedding Jewish blood would not go unpunished, that Jews were no longer passive victims. The central role that the State of Israel and its envoys played in organizing, instructing, and training self-defense activists highlights the special ties between Israel and the Jewish Diaspora. Based on more than 120 interviews with former activists of self-defense, ex-Mossad officers and veteran Israeli diplomats, as well as on archival research, this is a pioneering study on ethnicity and diaspora in a time of growing political violence in South America. This book is a valuable study for scholars and students researching Jewish history and Latin American history.

El golpe de Estado más largo: Uruguay, febrero a junio de 1973 Gonzalo Varela Petito, 2021-03-24

Gendering Antifascism Sandra McGee Deutsch, 2023-09-05 Argentine women's long resistance to extreme rightists, tyranny, and militarism culminated in the Junta de la Victoria, or Victory Board, a group that organized in the aftermath of the German invasion of the Soviet Union in defiance of the neutralist and Axis-leaning government in Argentina. A sewing and knitting group that provided garments and supplies for the Allied armies in World War II, the Junta de la Victoria was a politically minded association that mobilized women in the fight against fascism. Without explicitly characterizing itself as feminist, the organization promoted women's political rights and visibility and attracted forty-five thousand members. The Junta ushered diverse constituencies of Argentine women into political involvement in an unprecedented experiment in pluralism, coalition-building, and political struggle. Sandra McGee Deutsch uses this internationally minded but local group to examine larger questions surrounding the global conflict between democracy and fascism.

Justiça de Transição, Memória e Direitos Humanos Lisandro Cañón,Enio Viterbo,2022-02-15 Este livro é uma contribuição para a estudo da decomposição de regimes capitalistas excepcionais, tanto na América como na Europa. As contribuições aqui reunidas apresentam uma primeira unidade relativa ao seu objeto: justiça de transição, memória e direitos humanos. Contudo, não há unidade de problemas teóricos entre eles. Seu diferencial consiste no fato de ser um conjunto de investigações que refletem diferentes dimensões de decomposição. Assim, através deste livro, pretendemos acrescentar um contribuição claramente delineada para o universo cada vez maior de estudos de processos de mudança regime. Para colocá-lo de forma mais clara e precisa, este trabalho coletivo refere-se às transições de estados capitalistas excepcionais a estados democrático-parlamentares. Pode-se dizer, em geral, que o tratamento deste problema tem sido caracterizado pela pobreza teórica. Isso torna o itinerário emocionante e um desafio.

Intellectuals and Communist Culture Adriana Petra,2022-08-16 This book investigates a central chapter in the history of 20th century intellectualism: the commitment to the communist ideal and the Soviet Union. Focusing on Argentina, whose communist party was among the most important in Latin America, Petra engages with the current literature on Western communism in order to conduct an exhaustive study of the intellectuals, cultural organizations, publications, and debates within Argentine communism in the decades following World War II. Based on rigorous archival research from diverse sources, Petra's book distances itself from existing teleological visions and institutional approaches to the communist world, offering instead a complex framework in which multiple contexts, scales, and actors frame the larger problem: the intellectual commitment to a political project that brooked no dissent. Intellectuals and Communist Culture also addresses the emergence of Peronism, a crucial movement in Argentine political life to this very day, thus offering an important chapter on Latin American political and intellectual history and an invaluable contribution to the global history of the international communist movement.

INTELECTUAIS FRONTEIRIÇOS LÍVIA DE AZEVEDO SILVEIRA RANGEL,2019-12-05 Intelectuais fronteiriços... apresenta a trajetória de vida do casal Lídia Besouchet e Newton Freitas, sua militância de esquerda e o trabalho cultural realizado por eles no exílio. É um estudo que enfoca tanto as mediações culturais, quanto os territórios da política, investigando o envolvimento de ambos com a esquerda. Recupera a singularidade da história desse casal de intelectuais, interagindo com questões complexas e amplas relacionadas à época, ao mesmo tempo em que preenche lacunas históricas sobre o importante tema do exílio de brasileiros na América Latina, na primeira metade do século XX.
