The Eagle's Throne Carlos Fuentes, 2012-08-16 _____ 'A compelling drama ... Fuentes at his best' - Sunday Times '[Fuentes] writes with an energy, passion and humour that are as compelling now as when he first published a novel, more than forty years ago ... rattlingly good entertainment' - Daily Telegraph 'A man of remarkable gifts ... Fuentes has produced a narrative crammed with penetrating insights and provocative comments not merely on politics but also on history, art and literature' - Spectator _____ The year is 2020. The Mexican President has provoked the United States by calling for the removal of US troops from Colombia and demanding higher prices for Mexico's oil. But the country's satellite communications system is controlled in Miami and suddenly Mexico is deprived of phone, fax and email. In a country where politicians never put anything in writing, letters are now the only way to communicate, leaving the private lives and true feelings of all brutally exposed. Especially regarding the hot topic of the day: Who will be the next President, the next to ascend the Eagle's Throne? As the characters struggle to identify and ally themselves to the future President, the letters fly ever faster. Who will be the victor? Handsome Nicolás Valdivia? Bald satyr Tácito de la Canal? Or the 'unsavoury'

ex-President César León? There are many questions to be answered before the last letter is sent. _____
'This is Fuentes at his satirical best, mixing political wisdom, biting wit and poignant self-realisation' - Scotland on Sunday

Bosnia in Limbo Borja Lasheras, 2018 To this day, almost all narratives on Bosnia focus on the 1990s, the war, and the labyrinth that Dayton's institutional system represents. They also tend to be imbued with a perspective that often overdoes the ethnic and religious element. The truth is that, beyond the causes of war and its manifold tragedies, we actually know very little of its forgotten consequences, once the CNN effect is long gone. As importantly, we know very little of Bosnia today: a society shaped by the past, yes, but also exposed to shifting twenty-first-century dynamics. A society haunted not only by war tragedies but also by a long-standing and long overlooked social crisis. This revealing book thus tries to provide a somewhat different picture of Bosnia, twenty years after the war. Largely based on the author's experience in the field, it is to some extent an account of rural Bosnia, in particular of the Drina River Valley, which bore the brunt of the ethnic cleansing in the 1990s. Yet, and starting off from that isolated region of open wounds, unfinished issues and a cast of characters that range from displaced persons and victims to committed women, the book aims to overall provide a portrait of modern Bosnia as such, while also looking critically at the workings of the international community and European diplomacy. The book, with its landscape of activists, Western diplomats, and inhabitants of an underground world in Sarajevo for LGBT and youths, shows a country of so-far failed Springs and leaders who go on with their bad governance. Meanwhile, the Europe towards which Bosnia theoretically moves drifts between a poor understanding of the country, a fear of conflict that acts as its Achilles' heel, as well as lack of genuine interest, seems unable to really change things. This compelling book shows that Bosnia is still, in a way, a country in limbo.
