Politique Et Société en Sicile, XIIe-XVe Siècles Henri Bresc, 1990 In the 12th century, under its Norman rulers, Sicily stood as one of the most flourishing regions of the Mediterranean; by the late 15th century it had sunk into the state of semi-colonial depression and dependence that has characterized so much of its modern history. It is this transformation - a process of socio-economic change that went hand in hand with political turmoil - that forms the subject of this volume. Henri Bresc approaches this both from the viewpoint of particular topics, such as the notarial class or the tiny island of Pantelleria, and that of larger themes. One of these is the composition of Sicily's population. These articles trace the deteriorating status of the Arabs and Greeks on the island, the demographic circumstances that brought in new immigrants (notably Albanians, but also corsairs), and the emergence of a society now dominated by its Latin and Italian components. Other articles contrast the intensive suburban agriculture with the empty spaces of the large estates, and throw light on the development of a new landowning structure, based on these estates which were given over to cereals, grown for export in order to meet the financial demands of the long conflict with the Angevins. Au 12e siècle, sous le règne de rois normands, la Sicile était une des régions les plus prospères de la Méditerranée. A la fin du 15e siècle, elle avait sombré dans l'état de dépression et de dépendance semi-coloniale qui est devenu la marque d'une grande partie de son histoire moderne. Cette transformation - un processus de changement socio-économique accompagné de bouleversements politiques - forme le sujet de cet ouvrage. L'approche d'Henri Bresc se fait à deux niveaux: selon l'angle de sujets spécifiques, tels la classe notariale, ou encore la minuscule île de Pantelleria et à partir de thèmes plus vastes; parmi ces derniers, se trouve la composition de la population sicilienne. Ces articles retracent la détérioration du statut des Arabes et des Grecs vivant dans l'île, les circonstances qui amenèrent de nouveaux immigrants à s'y installer (notamment des Albanais et des corsaires aussi), ainsi que la naissance d'une société dominée par ses composantes latines et italiennes. D'autres articles mettent en contraste l'agriculture urbaine intensive et les espaces vides des grandes propriétés. Le développement d'une nouvelle structure de propriété foncière y est dévoilé et qui a pour base ces terres vouées aux céréales; celles-ci étaient cultivées pour l'exportation, afin de répondre aux exigences financières créées par le long conflit avec les Angevins.

Uncharted Seas Dennis Wheatley,2014-01-16 In the face of an Atlantic hurricane, a boatload of mis-matched crew and passengers find themselves aboard a life-boat and must pit their strength against the rigours of the open sea. Tension mounts both inside and outside the rescue vessel - the desirable Synolda is forced into the arms of a man who knows her past and uses that knowledge. A man with hatred in his eyes - a hatred that can only be satisfied with blood. There is mutiny and murder before the unrelenting Sargasso weed entombs them all. But suddenly land is sighted - land unmarked on the chart, concealing further, unimaginable horrors.

The Underdevelopment of Development Andre Gunder Frank,1991-01-01 Taking stock of political and economic development in the world today, this book re-examines development in an era of rapid social change, and reflects the work of an intellectual giant, Andre Gunder Frank. Gunder Frank deconstructed conventional development economics and modernization theory, creating dependency theory. Today dependency theory has been replaced by world systems analysis - the view that national and regional economic (and political) development cannot be seen in isolation; states are part of a global economy that, in a sense, dictates and limits action. This is an excellent synthesizing volume on the state of development studies. Although a great part of its purpose is to pay tribute to its intellectual fat

Why Nations Fail Daron Acemoglu,James A. Robinson,2012-03-20 NEW YORK TIMES AND WALL STREET JOURNAL BESTSELLER • From two winners of the 2024 Nobel Prize in Economic Sciences, “who have demonstrated the importance of societal institutions for a country’s prosperity” “A wildly ambitious work that hopscotches through history and around the world to answer the very big question of why some countries get rich and others don’t.”—The New York Times FINALIST: Financial Times and Goldman Sachs Business Book of the Year Award • ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, Financial Times, The Economist, BusinessWeek, Bloomberg, The Christian Science Monitor, The Plain Dealer Why are some nations rich and others poor, divided by wealth and poverty, health and sickness, food and famine? Is it culture, the weather, or geography that determines prosperity or poverty? As Why Nations Fail shows, none of these factors is either definitive or destiny. Drawing on fifteen years of original research, Daron Acemoglu and James Robinson conclusively show that it is our man-made political and economic institutions that underlie economic success (or the lack of it). Korea, to take just one example, is a remarkably homogenous nation, yet the people of North Korea are among the

poorest on earth while their brothers and sisters in South Korea are among the richest. The differences between the Koreas is due to the politics that created those two different institutional trajectories. Acemoglu and Robinson marshal extraordinary historical evidence from the Roman Empire, the Mayan city-states, the Soviet Union, the United States, and Africa to build a new theory of political economy with great relevance for the big questions of today, among them: • Will China's economy continue to grow at such a high speed and ultimately overwhelm the West? • Are America's best days behind it? Are we creating a vicious cycle that enriches and empowers a small minority? "This book will change the way people think about the wealth and poverty of nations . . . as ambitious as Jared Diamond's Guns, Germs, and Steel."—BusinessWeek

Las independencias iberoamericanas en su laberinto Manuel Chust Calero,2011-11-28 l'origen fundacional de les repúbliques iberoamericanes és una de les grans qüestions de la història del segle XIX. Aquest llibre és molt diferent als que s'han publicat sobre les independències iberoamericanes en aquests anys commemoratius dels bicentenaris. El seu principal objectiu és contribuir des de la reflexió, des del debat i des de l'aportació rigorosa dels especialistes, a superar els plantejaments vuitcentistes de la historiografia tradicional. Participen més de quaranta especialistes de reconegut prestigi internacional en l'estudi dels processos d'independència que van acabar amb el domini espanyol a Amèrica, i que ofereixen un estudi ampli, plural, divers, en el que caben la major part de les escoles i interpretacions historiogràfiques i les posen en discussió, en debat calmat, científic i reflexiu.

The Great Transformation Karl Polanyi,2024-06-20 'One of the most powerful books in the social sciences ever written. ... A must-read' Thomas Piketty 'The twentieth century's most prophetic critic of capitalism' Prospect 'Polanyi's revolutionary work is a must-read' Mariana Mazzucato Karl Polanyi's landmark 1944 work is one of the earliest and most powerful critiques of unregulated markets. Tracing the history of capitalism from the great transformation of the industrial revolution onwards, he shows that there has been nothing 'natural' about the market state. Instead of reducing human relations and our environment to mere commodities, the economy must always be embedded in civil society. Describing the 'avalanche of social dislocation' of his time, Polanyi's hugely influential work is a passionate call to protect our common humanity. 'Polanyi's vision for an alternative economy re-embedded in politics and social relations offers a refreshing alternative' Guardian 'Polanyi exposes the myth of the free market' Joseph E. Stiglitz With a new introduction by Gareth Dale

The Autumn of the Patriarch Gabriel García Márquez,2022-10-11 One of Gabriel García Márquez's most intricate and ambitious works, *The Autumn of the Patriarch* is a brilliant tale of a Caribbean tyrant and the corruption of power. From charity to deceit, benevolence to violence, fear of God to extreme cruelty, the dictator of *The Autumn of the Patriarch* embodies the best and the worst of human nature. Gabriel García Márquez, the renowned master of magical realism, vividly portrays the dying tyrant caught in the prison of his own dictatorship. Employing an innovative, dreamlike style, and overflowing with symbolic descriptions, the novel transports the listener to a world that is at once fanciful and real.

PERSUASION Jane Austen,2021-01-08 *Persuasion* is a novel written by a famous British writer Jane Austen. Meanwhile, his most smart and considerate daughter Anne goes to Uppercross to look after a sick sister. In the days of her youth she was mutually in love with Frederick Wentworth, but because of a fear of a poor marriage, "reasons of conscience" and on the insistence of a "family friend" Lady Russel Anne stopped her relationship with him. But now after eight years, some incredible coincidence happens. The family that rents Kellynch Hall is related to Frederick Wentworth. Is the old-time love still alive in the hearts of Anne and Frederick?
