E. M. Cioran

**Papillon** Henri Charrière, 2018-10-09 Hanya ada satu aturan: keheningan absolut. Tidak boleh ada interaksi, tidak boleh ada percakapan. Penjara tidak “melunakkan”, penjara bertugas menghancurkan—fisik dan mental. Meracuni benak, menindas harapan, hingga tidak ada lagi yang tersisa selain rasa takut, dan kematian menjadi pilihan yang lebih masuk akal. Kabur dari neraka berjeruji itu menjadi satu-satunya tujuan hidup Henri Charrière. Berkali-kali gagal, berkali-kali kembali tertangkap, tetap tak melunturkan tekadnya mendapatkan kebebasan. “Aku harus membuktikan bahwa aku bisa, bahwa aku adalah, dan akan menjadi manusia normal. Barangkali tidak lebih baik, tetapi yang jelas tidak lebih buruk daripada yang lain.” Kisah perjuangan hidup Henri dituangkan dalam buku sensasional ini, yang terjual lebih dari 1,5 juta kopi di Prancis sejak perilisannya. [Mizan, Noura Books, Nourabooks, Novel, Fiksi, Fantasi, Terjemahan, Indonesia]

**Banco: The Further Adventures of Papillon** Henri Charrière, 2012-10-11 The sensational sequel to ‘Papillon’.

**Papillon ; Translated by Patrick O'Brian** Henri Charrière, 1970

**Beyond Papillon** Stephen A. Toth, 2006-01-01 A multilayered social and cultural analysis that focuses upon the will of civil society and the will of those who actually lived and worked in the bagne, or penal colony.

**Papillon** Henri Charrière, Sharee Henry, 2004 Henri Charriere, called Papillon, for the butterfly tattoo on his chest, was convicted in Paris in 1931 of a murder he did not commit. Sentenced to life imprisonment in the penal colony of French Guiana, he became obsessed with one goal: escape. After planning and executing a series of treacherous yet failed attempts over many years, he was eventually sent to the notorious prison, Devil's Island, a place from which no one had ever escaped . . . until Papillon. His flight to freedom remains one of the most incredible feats of human cunning, will, and endurance ever undertaken. Charriere's astonishing autobiography, Papillon, was published in France to instant acclaim in 1968, more than twenty years after his final escape. Since then, it has become a treasured classic -- the gripping, shocking, ultimately uplifting odyssey of an innocent man who would not be defeated.

Dry guillotine R. Belbenoit, 1938 Illustration by a fellow prisoner. The text in this volume is based on the original translation from the French by Preston Rambo.

**In the Shadow of Papillon** Frank Kane, John Tilsley, 2012-11-02 Following the collapse of his business and the loss of his home, Frank Kane made a catastrophic decision. In desperation, he agreed to smuggle cocaine out of Venezuela. Almost

inevitably, he and his girlfriend, Sam, were caught. The price they paid was a ten-year sentence in the hell of the overcrowded Venezuelan prison system, notorious for corruption and abuse, and rife with weapons and gangs. At one point, Frank was held in the remote El Dorado prison, better known for being the one-time home of Henri Charrière, or Papillon. He witnessed countless murders as gang leaders fought for power, and he had to become as ruthless as his fellow inmates in order to survive. In an attempt to dull the reality of the horrendous conditions, he succumbed to drugs. After enduring years of systematic beatings by the guards and attempts on his life by inmates, Frank suffered more than one breakdown. He lost over four stone and was riddled with disease, but somehow he found the strength within himself to survive and was eventually released in 2004 after serving over seven years of his sentence. During the long walk back from hell, Frank decided to tell his story.

*High-Risk Homosexual* Edgar Gomez, 2022-01-11 \*Winner of the American Book Award\* \*Winner of the Lambda Literary Award for Gay Memoir/Biography\* An Honor Book for the 2023 Stonewall Book Award—Israel Fishman Non-Fiction Book Award This witty memoir traces a touching and often hilarious spiralic path to embracing a gay, Latinx identity against a culture of machismo—from a cockfighting ring in Nicaragua to cities across the U.S.—and the bath houses, night clubs, and drag queens who help redefine pride I’ve always found the definition of machismo to be ironic, considering that pride is a word almost unanimously associated with queer people, the enemy of machistas . . . In a world desperate to erase us, queer Latinx men must find ways to hold on to pride for survival, but excessive male pride is often what we are battling, both in ourselves and in others. A debut memoir about coming of age as a gay, Latinx man, *High-Risk Homosexual* opens in the ultimate anti-gay space: Edgar Gomez’s uncle’s cockfighting ring in Nicaragua, where he was sent at thirteen years old to become a man. Readers follow Gomez through the queer spaces where he learned to love being gay and Latinx, including Pulse nightclub in Orlando, a drag queen convention in Los Angeles, and the doctor’s office where he was diagnosed a “high-risk homosexual.” With vulnerability, humor, and quick-witted insights into racial, sexual, familial, and professional power dynamics, Gomez shares a hard-won path to taking pride in the parts of himself he was taught to keep hidden. His story is a scintillating, beautiful reminder of the importance of leaving space for joy.

*What Doesn't Kill You* Tessa Miller, 2021-02-02 Should be read by anyone with a body. . . . Relentlessly researched and undeniably smart. —The New York Times Named one of BuzzFeed's Best Books of 2021 *What Doesn't Kill You* is the riveting account of a young journalist's awakening to chronic illness, weaving together personal story and reporting to shed light on living with an ailment forever. Tessa Miller was an ambitious twentysomething writer in New York City when, on a random fall day, her stomach began to seize up. At first, she toughed it out through searing pain, taking sick days from work, unable to leave the bathroom or her bed. But when it became undeniable that something was seriously wrong, Miller gave in to family pressure and went to the hospital—beginning a years-long nightmare of procedures, misdiagnoses, and life-threatening infections. Once she was finally correctly diagnosed with Crohn's disease, Miller faced another battle: accepting that she will never get better. Today, an astonishing three in five adults in the United States suffer from a chronic disease—a percentage expected to rise post-Covid. Whether the illness is arthritis, asthma, Crohn's, diabetes, endometriosis, multiple sclerosis, ulcerative colitis, or any other incurable illness, and whether the sufferer is a colleague, a loved one, or you, these diseases have an impact on just about every one of us. Yet there remains an air of shame and isolation about the topic of chronic sickness. Millions must endure these disorders not only physically but also emotionally, balancing the stress of relationships and work amid the ever-present threat of health complications. Miller segues seamlessly from her dramatic personal experiences into a frank look at the cultural realities (medical, occupational, social) inherent in receiving a lifetime diagnosis. She offers hard-earned wisdom, solidarity, and an ultimately surprising promise of joy for those trying to make sense of it all.

Good Chinese Wife Susan Blumberg-Kason, 2014-07-29 A stunning memoir of an intercultural marriage gone wrong When Susan, a shy Midwesterner in love with Chinese culture, started graduate school in Hong Kong, she quickly fell for Cai, the Chinese man of her dreams. As they exchanged vows, Susan thought she'd stumbled into an exotic fairy tale, until she realized Cai—and his culture—were not what she thought. In her riveting memoir, Susan recounts her struggle to be the perfect traditional Chinese wife to her increasingly controlling and abusive husband. With keen insight and heart-wrenching candor, she confronts the hopes and hazards of intercultural marriage, including dismissing her own values and needs to save her relationship and protect her newborn son, Jake. But when Cai threatens to take Jake back to China for good, Susan must find the courage to stand up for herself, her son, and her future. Moving between rural China and the bustling cities of Hong Kong and San Francisco, *Good Chinese Wife* is an eye-opening look at marriage and family in contemporary China and America and an inspiring testament to the resilience of a mother's love—across any border.

On the Heights of Despair E. M. Cioran, 1992-06-15 It presents us with the youthful Cioran, who described himself as a

Nietzsche still complete with his Zarathustra, his poses, his mystical clown's tricks, a whole circus of the heights. It also presents Cioran as a connoisseur of apocalypse, a theoretician of despair. For Cioran, writing and philosophy are closely related to physical suffering: both share the lyrical virtues that alone lead to metaphysical revelation. The result is a book that becomes a substitute for as well as an antidote to suicide. By enacting the struggle of the Romantic soul against God, the universe, and itself, Cioran releases a saving burst of lyrical energy that carries him safely out of his desperation. On the Heights of Despair shows the philosopher's first grappling with themes he would return to in his mature works: despair and decay, absurdity and alienation, futility and the irrationality of existence.

**Better Never to Have Been** David Benatar, 2008 Most people believe that they were either benefited or at least not harmed by being brought into existence. David Benatar presents a startling challenge to these assumptions. He argues that people systematically overestimate the quality of their life, and suffer quite serious harms by coming into existence.

**Papillon** Henri Charriere, 1976-10-01 Henri Charriere, called Papillon, for the butterfly tattoo on his chest, was convicted in Paris in 1931 of a murder he did not commit. *The Illusion of Immortality* Corliss Lamont, 2011-08

**In the Land of White Death** Valerian Albanov, 2001-02-01 "One helluva read."—Newsweek • "Gripping."—Outside • "Spellbinding."—Associated Press • "Powerful."—New York In 1912, the Saint Anna, a Russian exploration vessel in search of fertile hunting grounds, was frozen into the polar ice cap, trapping her crew aboard. For nearly a year and a half, they struggled to stay alive. As all hope of rescue faded, they realized their best chance of survival might be to set out on foot, across hundreds of miles of desolate ice, with their lifeboats dragged behind them on sledges, in hope of reaching safety. Twenty of them chose to stay aboard; thirteen began the trek; of them all, only two survived. Originally published in Russia in 1917, In the Land of White Death was translated into English for the first time by the Modern Library to widespread critical acclaim. As well as recounting Albanov's vivid, first-person account of his ninety-day ordeal over 235 miles of frozen sea, this expanded paperback edition contains three newly discovered photographs and an extensive new Epilogue by David Roberts based on the never-before-published diary of Albanov's only fellow survivor, Alexander Konrad. As gripping as Albanov's own tale, the Epilogue sheds new light on the tragic events of 1912-1914, brings to life many of those who perished (including the

infamous captain Brusilov and nurse Zhdanko, the only woman on board), and, inadvertently, reveals one new piece of information—about the identity of the traitors who left Albanov for dead—that is absolutely shocking. “Poetic.”—The Washington Post • “A lost masterpiece.”—Booklist • “A jewel of polar literature.”—Seattle Post-Intelligencer • “Vivid . . . [a work of] terrifying beauty.”—The Boston Globe

*The Conspiracy against the Human Race* Thomas Ligotti, 2018-10-02 In Thomas Ligotti's first nonfiction outing, an examination of the meaning (or meaninglessness) of life through an insightful, unsparing argument that proves the greatest horrors are not the products of our imagination but instead are found in reality. There is a signature motif discernible in both works of philosophical pessimism and supernatural horror. It may be stated thus: Behind the scenes of life lurks something pernicious that makes a nightmare of our world. His fiction is known to be some of the most terrifying in the genre of supernatural horror, but Thomas Ligotti's first nonfiction book may be even scarier. Drawing on philosophy, literature, neuroscience, and other fields of study, Ligotti takes the penetrating lens of his imagination and turns it on his audience, causing them to grapple with the brutal reality that they are living a meaningless nightmare, and anyone who feels otherwise is simply acting out an optimistic fallacy. At once a guidebook to pessimistic thought and a relentless critique of humanity's employment of self-deception to cope with the pervasive suffering of their existence, *The Conspiracy against the Human Race* may just convince readers that there is more than a measure of truth in the despairing yet unexpectedly liberating negativity that is widely considered a hallmark of Ligotti's work.

**Keeping Ourselves in the Dark** Colin Feltham, 2015-03-22 In *Keeping Ourselves in the Dark*, psychotherapist cum anthropologist Colin Feltham mounts a freewheeling inquiry into the myriad superstitions, illusions, maladies, and derangements that bedevil us. Rejecting rose-tinted clichés and niceties on all fronts, Feltham affirms the pessimist's verdict: Every glass is empty, and there is nothing to be done. Our search for meaning, much less enlightenment, was doomed from the start. Our most earnest questions are posed before the entropic churn of an indifferent universe, an abyss that only yawns back. So be it. Feltham's assessment of the human predicament may be bleak, but he isn't ready to throw in the towel just yet. Raising a glass in death's antechamber, he instead brings his refreshingly undisciplined insight to bear on a dizzying range of subjects from depressive realism to fringe ecology, from the madness of religion to the folly of psychotherapy, from the mystery of existence to the vicissitudes of the Danish tax code. While asking impertinent questions concerning the raft of social anxieties, absurdities, anomalies, and taboos that vex and perplex us, Feltham even struggles to understand brighter views. In a gallows tour sustained by conversational buoyancy and threaded with provocative (and often disarmingly funny) digressions, Feltham rests his pronouncement that while much of life is dark, and indeed hopeless, it can at least be interesting. There are yet choices to be made. And unless we bail out early, we are left to find ways to survive and retain our sanity. If you do not count yourself among the cheery-minded billions, if you can't bring yourself to swallow the blue pill, if

you scoff at the propaganda of religion and positive psychology, if you re not lovin' it as much as you re entreated to, enter this portal of ironic Zapffean consolation now.
