*The Tarot of the Bohemians* Papus, 2019-06-12 Geared toward initiates, this volume's topics include an introduction to the study of the Tarot cards as well as their symbolism and applications. Preface by A. E. Waite.

*The Way of Tarot* Alejandro Jodorowsky, Marianne Costa, 2009-11-17 Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path • Works with the original Marseille Tarot to reveal the roots of Western wisdom • Provides the key to the symbolic language of the Tarot's "nomadic cathedral" • Transforms a simple divination tool into a vehicle for self-realization and healing Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. The Way of Tarot shows that the entire deck is structured like a temple, or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot--created during a time of religious tolerance in the 11th century--to reconnect with the roots of the Tarot's Western esoteric wisdom. They explain that the Tarot is a "nomadic cathedral" whose parts--the 78 cards or "arcana"--should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings. Each description of the Major Arcana includes key word summaries, symbolic meanings, traditional interpretations, and a section where the card speaks for itself. Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible. Using their work with Tarology, a new psychological approach that uses the symbolism and optical language of the Tarot to create a mirror image of the personality, they offer a powerful tool for self-realization, creativity, and healing.

*WTF is Tarot?* Bakara Wintner, 2017-10-10 Young Blood, Old Magic: A No-Nonsense Approach to the Ancient Art of Reading Tarot You do not need to learn the tarot because you already know it. It is from this radical jumping off point that WTF Is Tarot breaks down the ancient art of cartomancy. This fresh, accessible and sometimes cheeky guide sheds a holistic light on how to read tarot, from the foundation of magic itself to understanding those tricky court cards to offering readings to others. In WTF Is Tarot, author and tarot reader Bakara Wintner unpacks the magic of the Major and Minor Arcana with

shamanic wisdom and girl boss wit, illuminating their meaning with thoughtful anecdotes and analogies that reveal how deeply rooted these symbols already are in our everyday lives: we can feel the Moon in a howling barefoot run through Prospect Park, accept the grace of Temperance in falling in love or a divine intervention, “ghost the haters” with the Six of Swords, or identify when it’s time to let go of an ex with the Hanged Man. WTF is Tarot offers far more than a refreshingly candid tutorial on card reading. Bakara goes on to investigate the magic of crystal healing, chakras, meditation and other magical practices. This young witch offers not just a guide, but an invitation for even the most mundane Muggles to welcome magic into their lives, and for experienced wizards to rediscover it once again.

**The symbolism of the Tarot** P.D. Ouspensky,2023-05-10 No study of occult philosophy is possible without an acquaintance with symbolism, for if the words occultism and symbolism are correctly used, they mean almost one and the same thing. Symbolism cannot be learned as one learns to build bridges or speak a foreign language, and for the interpretation of symbols a special cast of mind is necessary; in addition to knowledge, special faculties, the power of creative thought and a developed imagination are required. One who understands the use of symbolism in the arts, knows, in a general way, what is meant by occult symbolism. But even then a special training of the mind is necessary, in order to comprehend the language of the Initiates, and to express in this language the intuitions as they arise.

**Meditations on the Tarot**, 2005-08-25 Now in a fully corrected edition, one of the true spiritual classics of the twentieth century. Published for the first time with an index and Cardinal Hans Urs von Balthasar's afterword, this new English publication of *Meditations on the Tarot* is the landmark edition of one of the most important works of esoteric Christianity. Written anonymously and published posthumously, as was the author's wish, the intention of this work is for the reader to find a relationship with the author in the spiritual dimensions of existence. The author wanted not to be thought of as a personality who lived from 1900 to 1973, but as a friend who is communicating with us from beyond the boundaries of ordinary life. Using the 22 major arcana of the tarot deck as a means to explore some of humanity's most penetrating spiritual questions, *Meditations on the Tarot* has attracted an unprecedented range of praise from across the spiritual spectrum.

**The Pictorial Key to the Tarot Illustrated** Arthur Edward Waite, 2020-06-24 The *Pictorial Key to the Tarot* is A. E. Waite's guide to divinatory tarot, published in conjunction with the Rider-Waite-Smith deck. Waite was very concerned with the accuracy of the symbols he used for his deck, and he did much research into the traditions, interpretations, and history behind the cards. Two different versions of the book were published. The first, published in 1909, was called *The Key to the Tarot*. The second, published in 1910, added illustrations of the tarot cards by Pamela Colman Smith and was called *The Pictorial Key to the Tarot*.

**THERAPEUTIC TAROT TRAINING - Volume 1 - MAJOR ARCANA** Veet Pramad, 2020-07 The book *THERAPEUTIC TAROT TRAINING- Volume 1 - MAJOR ARCANA* is a highly didactic treatise that, starting from the basic principles of esotericism, unveils the 78 Arcana. It does not place the objective of the work in divination or in advising on specific matters, but in the self-knowledge and transformation of the human being. It was taking shape from the notes that I had been giving for my students since 1986, so that it is accessible to laymen as very enriching for the initiates. This innovative and

progressive work makes the connection between the ancient tradition of the Arcana with modern psychotherapy, also accompanying the paradigm shift that marks the entry into a New Age. With a holistic approach, the meanings of the letters are elaborated through a systematic study of their symbols, present mythology and astrological, numerological and kabbalistic correspondences, showing how all these paths converge towards the same wisdom. Of the various tarots shown, the deck studied in greater depth is that of Aleister Crowley & Frieda Harris, concluded in 1944, cleansed of moralisms and ancient doctrines and therefore more suitable for diving and understanding the psyche of the current human being. MAIN THEMES COVERED: - Study of the 22 Arcana as phases of the growth of human consciousness.- Origins and history of the Tarot.- Presentation of the ritual and THERAPEUTIC READING, created by me resignifying the Celtic Cross. This reading studies:1- The internal impulses and brakes that the person is feeling at this moment.2- The crystallized behavior patterns, which block the individual's achievement.3- Children's programming.4- The Voice of the Essence.5- The working method to remove the behavior patterns and tune into the Essence6- The Growth Path or possible evolution of the table if the proposed keys are used.- Extensive study of each Major Arcana from its most universal or archetypal level to the most everyday level; breaking with the stereotypical and expired vision that some cards had accumulated.- Summary of meanings and key words.- Introduction to the Tree of Life Finally, the book TRAINING IN THERAPEUTIC TAROT - Volume 1 - ARCANOS MAYORES is not just for reading, but also for living. Enjoy. With love. Veet Pramad

**La Via Del Tarot** Alejandro Jodorowsky, 2005-03-01 Herramienta terapéutica, base para la meditación y el auto conocimiento, el Tarot es una catedral de bolsillo donde se concentra toda la riqueza simbólica de Occidente. El Tarot acompaña y es, en parte, el fundamento del recorrido artístico y terapéutico de Alejandro Jodorowsky. En este libro, el autor ha recogido, con la colaboración de Marianne Costa, todos los fundamentos teóricos necesarios para la comprensión del Tarot. Los capítulos de este manual exhaustivo permitirán al lector iniciarse en la estructura numerológica y simbólica de las cartas, comprender y estudiar uno por uno los veinticuatro arcanos mayores y los cincuenta y seis arcanos menores; pero también le abrirán la posibilidad de lanzarse paso a paso a la práctica, explorando las resonancias existentes entre las cartas y todas las estrategias de lectura, que permiten utilizar el Tarot tanto para uno mismo como para los demás. Cada una de estas partes del libro va precedida de un prólogo redactado en primera persona por el autor, donde, en su característico estilo a medio camino entre la narración y la autobiografía, expone la trayectoria de toda una vida, los encuentros, las coincidencias y los descubrimientos que le han llevado a elaborar su comprensión única del Tarot. - from Ghandi.com.
