Servants of the Imperium Various,2019-08-20 Great value Warhammer 40,000 anthology from Black Library. The Imperium of Man has stood inviolate for 10,000 years. Its uncountable worlds are home to a vast array of servants who stand as the only bulwark against the encroaching darkness. From each of them it demands a high price: total servitude to the God-Emperor. Their hands forced by the opening of the Great Rift, these servants move to intercept the enemy and prevent loyal worlds falling. Shield Captain Cartovandis of the Adeptus Custodes must travel across the galaxy to uncover the truth behind a mysterious distress call from the world of Vorganthian. The righteous warriors of Sister Superior Augusta wield their holy wrath as a sword, cleaving the stain of the heretic and the mutant from the planet Lautis. Meanwhile, the dogged soldiers of the Astra Militarum must face creatures of nightmare made real with little but their inner mettle to protect them on the world of Regallus. If any of these worlds should fall, the harrowing consequences will echo across the Imperium. In this collection are the novellas Auric Gods, The Bloodied Rose and Steel Daemon, by Nick Kyme, Danie Ware and Ian St. Martin.

Oathmark: Battlesworn Joseph A. McCullough,2020-08-20 A supplement for Oathmark: Battles of the Lost Age, giving players rules for creating elite units of warriors known as battlesworn and charting their progress from battle-to-battle. In the horror and chaos of battle, the outcome can often hang on the briefest of moments. It is at these times that the actions of one unit can make the difference between victory and defeat. Wise kings know this, and realize that it is often prudent to hold back their best units until they can make the greatest difference. These elite units, called the 'battlesworn', are more than just powerful combatants, they are symbols of the glory and honour of a kingdom. All young warriors hope to one day join their ranks and add their oathmarks beside those legendary fighters. This supplement for Oathmark: Battles of the Lost Age contains rules for adding elite units to your armies and charting their progress from battle to battle. Will they grow even more powerful as they gain renown, or be broken in the face of tremendous odds, perhaps someday to be reformed when their kingdom needs them most? Also included are rules for rivers and boats as well as campaigns, featuring all-new scenarios that will give your battlesworn the chance to lead their kingdom to new heights of power and prestige.

Gondor in Flames Matthew Ward,2007

Ragnarok Tim Korklewski,2019-05-21 Ragnarok is a campaign-driven skirmish game in which players form a Viking war clan seeking to prove itself worthy of becoming the new pantheon. The use of a mechanic called Godspark means that battles are no longer determined by merely striking an opponent and dealing damage. Instead, warriors will be pushing, throwing, and crashing their opponents around the battlefield, making their very environment a weapon. As the war clans develop, they may gain glorious new powers that will bring them closer to godhood, or win the respect of the denizens of the realms, allowing them to bring dire wolves, dwarves, and even the dreaded giants into their war clans. With strategic gameplay and epic storytelling, players must write their own sagas and tell of how their war clans have, through blood and steel, clawed their way up from ruin to stand before the halls of Valhalla. The end of the Aesir has come, but not as the prophecies foretold. The dread dragon Nidhoggr has devoured the roots of the World Ash, Yggdrasil, and the great tree has toppled onto its side, crashing the realms of mortal and supernatural together. With the gods dead and the fires of ruin consuming the world, your war clan of Viking warriors know what they must do to survive the destruction of the Nine Realms and restore order: they must become the new gods!

Outremer: Faith and Blood Jamie Gordon,2018-04-19 Outremer: Faith and Blood is a 28mm skirmish wargame featuring small groups of warriors fighting in Outremer during the Crusades. While suitable for one-off skirmish encounters the focus of the game is a structured and progressive campaign setting in which they are able to watch their force grow and

develop over a series of scenarios and encounters from a small party of five or so soldiers into a powerful warband a score strong. Character development is key, and a wide range of troop options and factions allows a high degree of individuality and personalisation. Players will also be able to recruit mercenaries and agents such as Hashashin and Varangian survivors to bolster their forces – potent but expensive additions that will add a distinct flavour to each encounter.

Iron Warriors Omnibus Graham McNeill,2019-04-02 A great omnibus, collecting together Iron warriors stories from two great Black Library authors. The traitorous Iron Warriors are masters of siegecraft, builders of nigh-impenetrable defences – and just as good at tearing down those of their foes, as these action-packed tales of siege warfare demonstrate.
