*Son* Ariel Andrés Almada,2021-03-01 Following on from the success of Little One, from the same creative team comes Son, a declaration of love from parents to their son, with stunning art by award-winning illustrator Sonja Wimmer This book is an invitation to transmit to our offsprings the love we have for them, the commitment to accompany them in every step they take in life, and, above all, the pride and privilege that every parent feels for being able to see them grow. From the moment they are born until they grow up, from their first glance cast at us until the moment when they are ready to start flying on their own. Son is the perfect story to read in bed. Our little ones will fall asleep with a smile, protected by the love of their moms and dads. A book that the whole family will want to read again and again, to remind us of the simple joy of

traveling along life's highway together.

**One Hundred Years of Solitude** Gabriel Garcia Marquez, 2014-03-06 ONE OF THE WORLD'S MOST FAMOUS BOOKS AND WINNER OF THE NOBEL PRIZE FOR LITERATURE \_\_\_\_\_ 'Many years later, as he faced the firing squad, Colonel Aureliano Buendía was to remember that distant afternoon when his father took him to discover ice' Gabriel García Márquez's great masterpiece is the story of seven generations of the Buendía family and of Macondo, the town they built. Though little more than a settlement surrounded by mountains, Macondo has its wars and disasters, even its wonders and its miracles. A microcosm of Columbian life, its secrets lie hidden, encoded in a book, and only Aureliano Buendía can fathom its mysteries and reveal its shrouded destiny. Blending political reality with magic realism, fantasy and comic invention, One Hundred Years of Solitude is one of the most daringly original works of the twentieth century. \_\_\_\_\_ 'Should be required reading for the entire human race' The New York Times 'The book that sort of saved my life' Emma Thompson 'No lover of fiction can fail to respond to the grace of Márquez's writing' Sunday Telegraph

**Agroecological Transitions: From Theory to Practice in Local Participatory Design** Jacques-Eric Bergez, Elise Audouin, Olivier Therond, 2019-02-28 This Open Access book presents feedback from the 'Territorial Agroecological Transition in Action'- TATA-BOX research project, which was devoted to these specific issues. The multidisciplinary and multi-organisation research team steered a four-year action-research process in two territories of France. It also presents: i) the key dimensions to be considered when dealing with agroecological transition: diversity of agriculture models, management of uncertainties, polycentric governance, autonomies, and role of actors' networks; ii) an operational and original participatory process and associated boundary tools to support local stakeholders in shifting from a shared diagnosis to a shared action plan for transition, and in so doing developing mutual understanding and involvement; iii) an analysis of the main effects of the methodology on research organisation and on stakeholders' development and application; iv) critical analysis and foresights on the main outcomes of TATA-BOX, provided by external researchers.
