**The Yellow Emperor's Classic of Medicine** Maoshing Ni, 1995-05-10 The Neijing is one of the most important classics of Taoism, as well as the highest authority on traditional Chinese medicine. Its authorship is attributed to the great Huang Di, the Yellow Emperor, who reigned during the third millennium BCE. This new translation consists of the eighty-one chapters of the section of the Neijing known as the Suwen, or Questions of Organic and Fundamental Nature. (The other section, called the Lingshu, is a technical book on acupuncture and is not included here.) Written in the form of a discourse between Huang Di and his ministers, The Yellow Emperor's Classic of Medicine contains a wealth of knowledge, including etiology, physiology, diagnosis, therapy, and prevention of disease, as well as in-depth investigation of such diverse subjects as ethics, psychology, and cosmology. All of these subjects are discussed in a holistic context that says life is not fragmented, as in the model provided by modern science, but rather that all the pieces make up an interconnected whole. By revealing the natural laws of this holistic universe, the book offers much practical advice on how to promote a long, happy, and healthy life. The original text of the Neijing presents broad concepts and is often brief with details. The translator's elucidations and interpretations, incorporated into the translation, help not only to clarify the meaning of the text but also to make it a highly readable narrative for students—as well as for everyone curious about the underlying principles of Chinese medicine.

The Yellow Emperor's Inner Transmission of Acupuncture Yang Zhenhai, 2020-03-03 An indefatigable discoverer and preserver of lost traditions in the field of classical Chinese medicine, Liu Lihong has done it again—The Yellow Emperor's Inner Transmission of Acupuncture features a passionate and clinically relevant synthesis of his discipleship with Yang Zhenhai, one of the last remaining master practitioners of Daoist acupuncture in mainland China. At the forefront of an international discourse on the definition and clinical significance of classical Chinese medicine, Yang and Liu promote yet another holistic medical system that radically contrasts the current penchant for symptom-oriented procedures. This English edition of their book lifts an important esoteric acupuncture lineage out of obscurity and presents it to us in complete and accessible form. The holistic approach has also defined Liu's relentless search for the heart of Chinese medicine during the last three decades, driving his commitment to become the promoter of a diverse spectrum of healing traditions that exemplify the classical standards of Chinese medicine.

*Sons of the Yellow Emperor* Lynn Pan,1994 A study of the continuing migration of the Chinese diaspora. The book blends history, biography and travel writing with a personal portrait from the author. THE FIRST COMPREHENSIVE ACCOUNT OF THE WORLD'S GREATIEST CONTINUING MIGRATION The Chinese Diaspora stretches all over the world. It represents the most widespread and prolonged series of migrations by one nation ever. Chinese emigrants have been tycoons in Hong Kong and America, coolies in Peru and South Africa, underworld gangsters in San Francisco and Bangkok. Today, whether as near-slave laborers on illicit

**The Complete Tao Te Ching with the Four Canons of the Yellow Emperor** Jean Levi,2011-01-27 The first text to restore the Four Canons of the Yellow Emperor to its rightful place alongside the Tao Te Ching • Presents the practical guidance of the Four Canons on the art of ruling, metaphysics, military matters, and ways of meditation • Includes translations of the earliest known versions of the Tao Te Ching • Highlights the many links between the Four Canons and the Tao Te Ching In 1973, in Mawangdui, China, a large number of silk manuscripts were discovered at an early Han burial place. Among these were two versions of the Tao Te Ching by Lao-tzu. Dated to around 200 bce, these manuscripts were much older than all existing versions and included, quite surprisingly yet deliberately, the Four Canons of the Yellow Emperor--a long-lost treatise never-before seen in modern times. Based on both the Mawangdui version of the Tao Te Ching and the recently discovered Guodian version, this book is the first to restore the Four Canons of the Yellow Emperor to its rightful place alongside the Book of the Way. Complementing the philosophy of the Tao Te Ching with its more practical advice, the Four Canons cover the art of ruling, metaphysics, military matters, and ways of meditation. Showing how this pairing of texts established the foundations of the Han Dynasty's power, Jean Levi offers extensive notes throughout the text, providing information essential for understanding as well as highlighting the many connections between these two classic works.

**Yellow Emperor's Classic Of Medicine, The - Essential Questions: Translation Of Huangdi Neijing** Suwen Jinghua Fu,2019-03-15 Huangdi Neijing, also known as Yellow Emperor's Inner Classic, has played a pivotal role in traditional Chinese medical education for about two thousand years. The first part of Neijing which is called Suwen — Basic Questions or Essential Questions — covers the theoretical foundation of Chinese medicine as well as disease diagnosis and treatment. There are 81 chapters in a question-and-answer format between the mythical Yellow Emperor and his ministers. This translated book is based on the Chinese version annotated and edited by Jinghua Fu and his team, published by China Renmin University Press in 2010.

**Foundations of Chinese Civilization** Jing Liu,2016-05-09 A fun way to learn about China in a visual, informative comic-style history. Who founded China? Are Chinese people religious? What is Chinese culture and how has it changed over time? The accessible and fun Understanding China Through Comics series answers those questions and more. For all ages,

Foundations of Chinese Civilization covers China's early history in comic form, introducing philosophies like Confucianism and Daoism, the story of the Silk Road, famous emperors like Han Wudi, and the process of China's unification. Includes a handy timeline. This is volume one of the Understanding China Through Comics series. Jing Liu is a Beijing native now living in Davis, California. A successful designer and entrepreneur who helped brands tell their stories, Jing currently uses his artistry to tell the story of China.

**The Yellow Monkey Emperor's Classic of Chinese Medicine** Spencer Hill, Damo Mitchell, 2016-08-18 Learn and remember the syndromes of Chinese medicine, their causes, symptoms and treatment protocols with these witty cartoons, rich with Daoist in-jokes. Each cartoon tells the story of an animal seeking diagnosis from a wise animal sage and is accompanied by a concise, clear analysis of the associated syndrome.

Luciferic Verses Eric Cunningham, 2023-02-07 It is a significant, momentous fact that in the third millennium before Christ, an incarnation of Lucifer in the flesh actually took place in the east of Asia. And from this incarnation of Lucifer in the flesh --for this being became a teacher --there went forth what is described as the pre-Christian, pagan culture that still survived in the gnosis of the earliest Christian centuries. --Rudolf Steiner (The Influences of Lucifer and Ahriman) In the West today, Laozi --who lived sometime between the 6th and 4th centuries BC --is perhaps the best-known (along with Confucius) ancient Chinese philosopher, owing to numerous modern renderings of his Daodejing (or Tao Te Ching). Eric Cunningham relates the substance of Laozi's classic work to modern philosophers and thinkers --especially Rudolf Steiner and his esoteric cosmology and philosophy, drawing significant and surprising parallels and contrasts with regard to Steiner's modern path of inner development and to aspects of popular culture. In doing so, he also sheds light on the evolution of consciousness and

the universality of Laozi's wisdom of more than two millennia ago. Cunningham combines a new translation of the Chinese classic Daodejing with a unique interpretation of the Dao for today, innovatively employing perspectives of Rudolf Steiner's Anthroposophy interwoven with esoteric world history. Inspirations for this singular reading of the Daodejing includes the suggestion by contemporary esoteric scholars that the mythical Yellow Emperor of Chinese history was a human incarnation of the spirit called Lucifer in the West. This argument has been used to explain the ways in which demigods have inserted themselves into the earthly sphere to affect human evolution and history. This theory resonates with certain readings of Genesis 6 and the idea that fallen angels have penetrated the human world and promoted the establishment of ruling classes and elite bloodlines throughout history. *The Luciferic Verses* considers such claims from the perspective of esoteric history. The author evaluates them on the basis of their convergence with kindred concepts --including Zen enlightenment, mysticism, and the simulation hypothesis depicted in the Matrix films --revealing the activities and historical implications of Gnosticism. He makes a bold case for this common thread in various consciousness-only concepts of mind --from Plato and the ancient Skeptics to Daoism, Zen, and even the idealism of the 1960s --leading directly to postmodern hypotheses of digital consciousness. Today, philosophers are exploring such topics as virtual reality and digital simulation as new ways of discussing the contours of reality suggested in the Daodejing. Rather than leading us to a more humanistic vision of reality, as the Daoist scholars traditionally maintain, this theory of mind might be the root of a systematic anti-humanist impulse that has operated throughout world history. *The Luciferic Verses* offers fresh perspectives on Laoze's classic guide to life and inner development, describing its relevance and meaning for today's cultural milieu and modern esoteric thought.

*Yellow Emperor's Cure* Kunal Basu, 2011-10-27 Lisbon, 1898: Antonio Maria, surgeon and notorious playboy, returns home after a long absence to learn his beloved father has syphilis, the scourge of both rich and poor. Determined to find a cure, Antonio sets sail for Peking, to study under the evasive but renowned Dr. Xu. But Dr. Xu does not intend to give away his knowledge, and Antonio suddenly falls in love with his assistant, the elusive Fumi. The threat of the advancing Boxer rebellion hangs over the Summer Palace, and Antonio and Fumi must decide whether to flee together or remain in China. Kunal Basu's lush, haunting tale invites comparisons to Michael Ondaatje's best work. This superb novel conjures a man discovering the love that will force him to question everything.

*The Lucifer Deception* Are Simeon Thoresen, 2020-10-27 In an extraordinary study that takes us from the mythical times of Atlantis to a past life in the Chinese court of the Emperor Yu the Great, through to the failing medical systems of the present day, Are Thoresen comes to some striking conclusions with relevance to us all. Having previously brought to light the reality of spiritual translocation - the movement of pathological entities that cause disease - Thoresen now reveals the roots of this phenomenon in pre-history. The corruption of healing methods, in both conventional and alternative medical fields, harks back to the introduction of the five-element system in traditional medicine. This philosophy was founded by the

legendary figure of the Yellow Emperor - a god in folk religion and the author of an influential book on which Chinese medicine is based. The Yellow Emperor, says Thoresen, was an incarnation of a mighty spiritual being whose influence has shone through the centuries. But this being seeks to deceive humanity. Its malign teaching is the reason that most diseases - and the demonic entities that cause them - are translocated, causing further suffering. As Thoresen describes his past life as the foremost healer in the court of Yu the Great, two thousand years before the birth of Christ. The emperor, overshadowed by a powerful entity, ultimately becomes dissatisfied with his chief medical adviser and plots his demise. The Lucifer Deception presents this gripping narrative as well as offering profound spiritual insights into illness and healing in the present day.

**Five Lost Classics** Robin D. S. Yates, 1997 Three schools of Taoism flourished at the beginning of the Han Dynasty in 2nd-Century B.C. China: the Lao-tzu, the Chuang-tzu, and the Huang-Lao, the last being the most influential philosophy at the court of the Han rulers. But, after Confucianism became the predominant court philosophy in the 1st Century B.C., Huang-Lao Taoism became little more than a name; its central principles virtually forgotten, its texts destroyed or lost. In 1973, among the many unique documents discovered in the richly furnished tomb of a Han-dynasty aristocrat, were five books written on silk, primary texts of Huang-lao Taoism and Yin-yang philosophy that had been lost to mankind for more than 2,000 years. A discovery as important in China as the unearthing of the Dead Sea Scrolls was in the West, the Mawangdui texts created a sensation when they were first published, even leading to the foundation of a new religion on Taiwan. Now Robin D. S. Yates, a noted expert in Chinese history and philosophy, offers the first complete translation of these precious and unique texts to be published in a Western language. As Professor Yates explains in his illuminating introduction to this volume, the recovery of the five lost classics sheds new light on a critical transitional period of Chinese political and intellectual history. Implicit in the texts is the assumption that a ruler who strives to align himself with the unknowable, transcendent order of the cosmos will become a true king capable of commanding the allegiance of a unified China. To this end, the essays deal with concrete questions of self-cultivation and political insight rather than with the abstract considerations typical of Western philosophy. The first four texts focus on different facets of Huang-lao Taoism while the fifth is devoted to Yin-yang philosophy: The Canon: Law unfolds the essence of the Tao and explains why rulers must abide within the boundaries of the law; The Canon is largely cast as a series of stories and dialogues between the mythological Yellow Emperor and his leading officials; Designations is a collection of fifty-four aphorisms expounding the eternal dilemmas of the human condition; Tao the Origin is an essay on the origin of the Tao; The Nine Rulers, the fragmentary fifth text, is a Yin-yang essay that considers the laws of nature which effective rulers must understand and obey. It is the only Yin-yang text which has survived almost whole into the Twentieth Century, and is valuable because its philosophy is basic to the origins of Huang-Lao tradition. Brilliantly translated by Professor Yates and prefaced with his

fascinating and informative introduction, *Five Lost Classics* is as accessible to general readers as it is illuminating to scholars. With the publication of this volume, a document of inestimable value takes its place, after a two thousand year hiatus, in the canon of world literature and philosophy.
