No Water, No Moon, 2018-01-01 There is an interesting parallel between the reductive process of writing certain kinds of modern poetry and the approach taken by the sculptor, Alberto Giacometti, to his work. Giacometti reduced the form of his human subject to an absolute minimum, whilst somehow managing to maximise its existential reality; perhaps as a result of the increased isolation in the expanded, surrounding, three-dimensional void. It is almost as if the otherwise voluminous, fleshy, sculptural form had been shrunk and reduced to the elongated, yet intense, state of a skeletal armature; but not one lacking human qualities, even though some of the final forms were not unlike stalagmites. If it is possible to do the same with written work, then perhaps such an approach can be adopted to bring about a similar kind of appreciation of what it means to be human and ultimately the significance of No Water, No Moon.

Inside the Space Ships George Adamski, 2018-03-12 What has happened to George Adamski since he wrote the famous incidents in *Flying Saucers Have Landed*? Since the memorable November 20, 1952, when he first made personal contact with a man from another world? Since December 13, 1952 when he was able to make photographs within 100 feet of the same saucer that had brought his original visitor? *Inside The Space Ships* is Adamski's own story of what has happened to him since then. It begins with his first meeting, a few months later, with a second man from another world—his first meeting with one who speaks to him. This second visitor brings him to a Venusian Scout (flying saucer) and this, in turn, brings him to a mother ship. Later lie is conveyed in both a Saturnian Scout and a Saturnian mother ship. Adamski tells us what transpires in these space craft and what the men and women from other worlds have told him. Adamski's photographs of flying saucers, originally published in *Flying Saucers Have Landed*, have since become world-famous as other witnesses in other parts of the world have succeeded in taking photographs identical with his. Now, however, in *Inside The Space Ships*, Adamski gives us 16 photographs and illustrations, no longer of Scouts (flying saucers) mostly, but of the great space ships from which they are launched. The main group of these photographs was taken in April, 1955, and neither the photographs nor a description of them has ever been published before.

The Catchers of Heaven: a Trilogy Michael Wolf, 1996-12-15 Stroll through time and space; witness spirituality,

creation, and the love of family; experience joy, sorrow, laughter, faith, and hope; question, reason, and perhaps agree with theories on cloning humans, UFOs, alien contact, and abduction experiences. In these pages, Dr. Michael Wolf addresses the topics of art, science, and religion, and encourages an understanding of the connection between time and space, the continuing creation of the universe, the impact of environmental hazards on this biosphere, and his classified work for the U.S. government. For those with open minds and hearts, this intricately woven tapestry, *The Catchers of Heaven*, can be life-changing. Wolf takes us to the edge of a new realization, where we glimpse what may be happening throughout the far reaches of the universe. Dr. Wolf, Chancellor Emeritus of The New England Institute for Advanced Research, is a patron and member of The New York Academy of Sciences and The American Association for the Advancement of Science.

He is sent home to America, where the only human he connects with is Justin, and he is soon adopted by Kyle's family, essentially saving his life. At first Justin has no interest in taking care of his late brother's troubled dog. However, the two learn to trust each other, which helps the four-legged veteran become his heroic self once more. As the pair start to unravel the mystery of what really happened to Kyle, they find more excitement—and danger—than they bargained for. But they might also find an unlikely new best friend in each other.

Chi credi di Essere Gaetano De Gregorio,2021-09-08 In questo secondo volume della collana ci si interroga sui cambiamenti radicali nella concezione della realtà alla luce della fisica contemporanea. Se tali modifiche investono così pesantemente la nostra idea di realtà può tenersi fuori dal dibattito metafisico e scientifico, per pregiudizio, una conoscenza che affonda le sue radici nello Spirito? Bisogna pertanto superare l'attuale dittatura del logocentrismo e aprire la riflessione su strade nuove e inconsuete, mantenendo viva la curiosità e libera da ogni verità convenzionale somministrata negli ultimi due secoli. C'è un'intero universo che ci parla e chiede di essere ascoltato. Siamo pronti per questo salto evolutivo? Da qui inizia un'indagine sulla coscienza e sulla parte più eterea del nostro essere. Testimonianze e studi innumerevoli ci invitano a volgere lo sguardo in questa direzione. Un nuovo approccio alla verità può aiutarci a comprendere che non siamo realmente quello che pensiamo di essere. Quello che potremo essere, se siamo pronti a pagare il prezzo di una profonda introspezione, potrebbe essere molto meglio di ciò che pensiamo.

Nostra Signora delle Apparizioni Gregorio Davide Cannizzaro,2015-05-06 “Nostra Signora delle Apparizioni” è una ricerca sul culto mariano osservato dalla prospettiva, come indica il titolo, del fenomeno delle apparizioni. Non è pertanto un mero elenco di apparizioni mariane, ma è una sorta di dossier investigativo che raccoglie informazioni da varie fonti. Tali informazioni vengono poi incrociate e analizzate per ottenere una visione d’insieme, una sintesi, allo scopo di comprendere la genesi e ricostruire il percorso di questo culto sconosciuto al cristianesimo delle origini. Abbiamo attinto a tutte le fonti utili: storia, preistoria, archeologia, linguistica, etnologia, mitologia e religioni precristiane, filosofia, patristica, storia del dogma e persino psicologia che con i convincimenti religiosi ha molto a che vedere. Al vertice della gerarchia delle fonti, per quel che riguarda la dottrina, noi abbiamo posto la rivelazione biblica. L’area considerata è soprattutto quella mediterranea (anche se non mancano incursioni in India e nelle Americhe) perché è qui che il Cristianesimo ebbe origine, si svolse e si contaminò con l’esistente. In questa indagine i messaggi dell’entità che si manifesta nelle apparizioni si sono rivelati imprescindibili, per comprendere il fenomeno e per prendere atto che da essi è stato intenzionalmente pilotato. Infine, come in ogni attività investigativa che si rispetti, era doveroso individuare l’autore del misfatto, il movente e il progetto soggiacente che qui, a nostro avviso, chiaramente emergono.

The 12th Planet (Book I) Zecharia Sitchin,1991-05-01 Over the years, startling evidence has been unearthed, challenging established notions of the origins of Earth and life on it and suggesting the existence of a superior race of beings who once inhabited our world. The product of thirty years of intensive research, The 12th Planet is the first book in Zecharia Sitchin's prophetic Earth Chronicles series--a revolutionary body of work that offers indisputable documentary proof of

humanity's extraterrestrial forefathers. Travelers from the stars, they arrived eons ago, and planted the genetic seed that would ultimately blossom into a remarkable species...called Man. The 12th Planet brings to life the Sumerian civilization, presenting millennia-old evidence of the existence of Nibiru, the home planet of the Anunnaki and of the landings of the Anunnaki on Earth every 3,600 years, and reveals a complete history of the solar system as told by these early visitors from another planet. Zecharia Sitchin's Earth Chronicles series, with millions of copies sold worldwide, deal with the history and prehistory of Earth and humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. The series is offered here, for the first time, in highly readable, hardbound collector's editions with enhanced maps and diagrams.
