Kelly Eggers,Walter Eggers

Drama with Children Sarah Phillips,1999-05-27 Provides practical ideas for introducing drama activities into the English class, including mime, chants, puppets, role play, and short plays. Shows how the use of drama can improve both speaking and pronunciation, and can also help children to develop self-confidence and express their imagination, personalities and creativity. Demonstrates how activities can be integrated into day-to-day teaching, as well as providing inspiration for performances at open days or end-of-term shows.

Children's Theater Kelly Eggers,Walter Eggers,2010-04-09 This book introduces readers to the world of children's theater by highlighting one specific model, The Oyster River Players, a small children's theater company in New Hampshire. By exploring the history and dynamics of their own theater company, authors Kelly and Walter Eggers apply broader implications, expanding their focus to include children's theaters of other kinds and in different cultural settings. Throughout the book, the Eggers show how children's theater succeeds in helping young people learn in ways that would be otherwise inaccessible. Through forays into philosophy and history, as well as personal testimonies, the authors present a coherent argument for the need for children's theaters in nearly every community.

Iron & Fire Kerrin Willis,2022-04-05 1675 -- Plymouth Colony -- Verity Parker promised to look after her family. Raised among the bookshops and turmoil of Reformation London, Verity now finds herself in Puritan New England, where she must learn to keep her head down and her mouth shut, or risk dire consequences. The only person who values her tenacity is Kit, the heretical ironworker she has been forbidden to see. When King Philip's War breaks out, Verity must stay silent as the

Puritan elders spread hateful rhetoric about the savages in the forest. When she witnesses a young girl die in childbirth, Verity must stand by as neighbors blame God's vengeance. But when tragedy strikes her own home, Verity must choose between her duty to her family and her love for Kit. Will she choose to keep the peace, or will she defy the leaders of the colony for a chance at happiness? Set against the backdrop of King Philip's War, the bloodiest war per capita in American history, *Iron & Fire* explores the experience of a clever, educated woman at a time when being so often resulted in death. Perfect for fans of Amy Belding Brown's *Flight of the Sparrow*, or Elizabeth George Speare's *The Witch of Blackbird Pond*, *Iron & Fire* was written for those who read the original American Girl series as children and are now all grown up.

Life in Classrooms Philip Wesley Jackson, Since its first appearance, *Life in Classrooms* has established itself as a classic study of the educational process at its most fundamental level.

The Need Helen Phillips, 2019-07-09 *****LONGLISTED FOR THE NATIONAL BOOK AWARD IN FICTION***** Named one of Time Magazine's 100 Best Mystery and Thriller Books of All Time "An extraordinary and dazzlingly original work from one of our most gifted and interesting writers" (Emily St. John Mandel, author of *The Glass Hotel*). *The Need*, which finds a mother of two young children grappling with the dualities of motherhood after confronting a masked intruder in her home, is "like nothing you've ever read before...in a good way" (People). When Molly, home alone with her two young children, hears footsteps in the living room, she tries to convince herself it's the sleep deprivation. She's been hearing things these days. Startling at loud noises. Imagining the worst-case scenario. It's what mothers do, she knows. But then the footsteps come again, and she catches a glimpse of movement. Suddenly Molly finds herself face-to-face with an intruder who knows far too much about her and her family. As she attempts to protect those she loves most, Molly must also acknowledge her own frailty. Molly slips down an existential rabbit hole where she must confront the dualities of motherhood: the ecstasy and the dread; the languor and the ferocity; the banality and the transcendence as the book hurtles toward a mind-bending conclusion. In *The Need*, Helen Phillips has created a subversive, speculative thriller that comes to life through blazing, arresting prose and gorgeous, haunting imagery. "Brilliant" (Entertainment Weekly), "grotesque and lovely" (The New York Times Book Review, Editor's Choice), and "wildly captivating" (O, The Oprah Magazine), *The Need* is a glorious celebration of the bizarre and beautiful nature of our everyday lives and "showcases an extraordinary writer at her electrifying best" (Publishers Weekly, starred review).

Angelica Arthur Phillips, 2007-04-03 "A masterpiece . . . seamlessly mixes psychological disintegration, the dissolution of a marriage and . . . a classic ghost story."—USA Today NOW A MAJOR MOTION PICTURE • NATIONAL BESTSELLER "Angelica impresses first as a clever send-up of the late Victorian novel, and then becomes its own very original thing. It is engrossing, deeply moving, and—precisely because it is moving—very frightening."—Stephen King London, the 1880s. In the dark of night, a chilling spectre is making its way through the Barton household, hovering over the sleeping daughter and

terrorizing her fragile mother. Are these visions real, or is there something more sinister, and more human, to fear? As the family's story is told several times from different perspectives, events are recast, sympathies shift, and nothing is as it seems. Set at the dawn of psychoanalysis and the peak of spiritualism's acceptance, Angelica is a spellbinding Victorian ghost story, an intriguing literary and psychological puzzle, and a thoroughly modern exploration of identity, reality, and love. Praise for Angelica "Starts as a ghost story . . . turns into a spectacular, ever-proliferating tale of mingled motives, psychological menace, and delicately told crises of appetite and loneliness."—The New Yorker "Spellbinding . . . cements this young novelist's reputation as one of the best writers in America."—The Washington Post Book World BONUS: This edition contains excerpts from Arthur Phillips's *The Tragedy of Arthur*, *The Song Is You*, *Prague*, and *The Egyptologist*.

The Book Review, 2005

Red Island House Andrea Lee, 2021-03-23 From National Book Award-nominated writer Andrea Lee comes *Red Island House*, a travel epic that opens a window on the mysterious African island of Madagascar, and on the dangers of life and love in paradise, as seen through the eyes of a Black American heroine. "People do mysterious things when they think they have found paradise," reflects Shay, the heroine of *Red Island House*. When Shay, an intrepid Black American professor, marries Senna, a brash Italian businessman, she doesn't imagine that her life's greatest adventure will carry her far beyond their home in Milan: to an idyllic stretch of beach in Madagascar where Senna builds a flamboyant vacation villa. Before she knows it, she becomes the reluctant mistress of a sprawling household, caught between her privileged American upbringing and her connection to the continent of her ancestors. So begins Shay's journey into the heart of a remote African country. Can she keep her identity and her marriage intact amid the wild beauty and the lingering colonial sins of this mysterious world that both captivates and destroys foreigners? A mesmerizing, powerful tale of travel and self-discovery that evokes Isabel Allende's *House of the Spirits* and Chimamanda Ngozi Adichie's *Americanah*, *Red Island House* showcases an extraordinary literary voice and gorgeously depicts a lush and unknown world.

Everywoman Jess Phillips, 2017-02-23 SHORTLISTED FOR THE PARLIAMENTARY BOOK AWARDS 'Jess Phillips writes like she talks: brilliantly. Her humour and passion shine through every page. Loved it.' ROBERT WEBB _____
If you're thinking, 'Jess who?' then I'm glad that there was something about 'Everywoman' and 'truth' that caught your eye. Or you might already know me as that gobby MP who has a tendency to shout about the stuff I care about. Because I'm a woman with a cause, I have been called a feminazi witch, a murderer and threatened with rape. The internet attracts a classy crowd. So, speaking the truth isn't always easy but I believe it's worth it. And I want you to believe it too. The truth can be empowering, the truth can lead to greater equality, and the world would be incredibly boring if we let all of those people who allegedly know everything, say everything. By demanding to be heard, by dealing with our imposter syndrome, by being cheerleaders, doers not sayers, creating our own networks and by daring to believe that we can make a difference, we can.

We're women and we're kick-ass. And that's the truth. _____ 'Joyfully candid and very funny.' Guardian 'Jess Phillips knows the truth . . . and here she shows how scary and sad as well as joyful and liberating the answers can be.' Damian Barr 'Everywoman has all the laughs [of Lena Dunham and Caitlin Moran] with a backbone of real glinting anger . . . there were so many funny and wise things on each page that whittling them down into a review seemed impossible.' Julie Birchill, Spectator 'As fresh as mountain air amid the Westminster tumbleweed.' Metro 'Arresting.' Observer

_____ This title now has a new cover and there is a chance that you may receive the edition with the old cover instead of the cover displayed here.

The Life of an MP Jess Phillips, 2021-07-22 'This book is here to take you inside the daily realities of Westminster. I don't mean that it's going to bore you to death with a blow by blow account of what it's like to sit on the Statutory Instrument Debate on Naval regulations 1968-2020 - but to demystify the places and practice of politics.' From agonising decisions on foreign air strikes to making headlines about orgasms, from sitting in on history-making moments at the UN to eating McCain potato smiles at a black-tie banquet in China, the life of a politician is never dull. And it's also never been more important. But politics is far bigger than Westminster, and in this book Jess Phillips makes the compelling case for why now, more than ever, we all need to be a part of it. With trademark humour and honesty, Jess Phillips lifts the lid on what a career in politics is really like and why it matters - to all of us. This is the inside story of what's really going on.

Mystery Falls Marilyn Phillips, 2013-01-28 Secrets. Lies. Deception. For the past six years, Samantha Hunt has lived with the belief that the untimely death of her parents was the result of an unfortunate accident—that by the cruel hand of fate, she had been left an orphan. But it was a lie, a terrible lie told to her by those who wanted to keep her in the dark. And the

truth... when revealed, will change her life and haunt her forever. Suddenly plagued by a series of events which find her in danger and in need of a savior, Samantha is repeatedly rescued by the mysterious and elusive Shadow—a stranger who seems to know more about her past and the tragedy which befell her family, than she does. Drawn to him despite the antagonism she feels whenever in his presence, Samantha soon discovers that Shadow is not what he appears to be. Determined to learn his true identity and why he has come to Mystery Falls, the small town in which she has spent all of her seventeen years, Samantha not only uncovers the secrets he refuses to share, but also the truth about her own past. A truth which forces her to acknowledge that things are not always as they seem, and sometimes, not even those close to you can be trusted. Resolved to seeking justice for the unwarranted death of her parents, Samantha embarks on a journey which brings her perilously close to her own demise. Can Shadow use his angel powers to save her yet again, or this time, will he be too late.

The Rich Earth between Us Shelby Johnson, 2024-03-01 In this theory-rich study, Shelby Johnson analyzes the works of Black and Indigenous writers in the Atlantic World, examining how their literary production informs modes of being that confronted violent colonial times. Johnson particularly assesses how these authors connected to places—whether real or imagined—and how those connections enabled them to make worlds in spite of the violence of slavery and settler colonialism. Johnson engages with works written in a period engulfed by the extraordinary political and social upheavals of the Age of Revolution and Indian Removal, and these texts—which include not only sermons, life writing, and periodicals but also descriptions of embodied and oral knowledge, as well as material objects—register defiance to land removal and other forms of violence. In studying writers of color during this era, Johnson probes the histories of their lived environment and of the earth itself—its limits, its finite resources, and its metaphoric mortality—in a way that offers new insights on what it means to imagine sustainable connections to the ground on which we walk.
