What Readers Do Beth Driscoll,2024-02-21 Shining a spotlight on everyday readers of the 21st century, Beth Driscoll explores how contemporary readers of Anglophone fiction interact with the book industry, digital environments, and each other. We live in an era when book clubs, bibliomemoirs, Bookstagram and BookTok are as valuable to some readers as solitary reading moments. The product of nearly two decades of qualitative research into readers and reading culture, What Readers Do examines reading through three dimensions - aesthetic conduct, moral conduct, and self-care □ to show how readers intertwine private and social behaviors, and both reinforce and oppose the structures of capitalism. Analyzing reading as a post-digital practice that is a synthesis of both print and digital modes and on- and offline behaviors, Driscoll presents a methodology for studying readers that connects book history, literary studies, sociology, and actor-network theory. Arguing for the vitality, agency, and creativity of readers, this book sheds light on how we read now - and on how much more readers do than just read.

If the World Only Knew Jason T. Beck,2021-04-11 You've heard the phrases: You get what you give, it's karma, out of the blue, what goes around comes around, and so on. In If the World Only Knew, author Jason T. Beck teaches you the true meaning and fundamentals behind these phrases as well as others, and he shares the universal intelligence that co-creates, guides, and governs our reality and existence. Focusing on truth, Beck discusses the truth about who we really are as a people in relation to each other and the world in which we live. With the thousands of religions and orthodoxy belief systems, it's difficult to unite as a human species. If the World Only Knew shows how when we align with this one life force, God, or unified field of intention, everything changes. We can heal individually and collectively by understanding who we really are in the simplest forms. We can thrive in harmony and live a life of purpose and meaning by relinquishing the conflicting egos that have been conditioned for many years. Opening minds and inspiring change, Beck demonstrates how our attitudes and beliefs are the driving force of our actions. We need to align our actions with the unified field of intention to become the best version of ourselves for the greater good of mankind. If the world only knew, our world would be new.

More Precious Than Gold Nanci J. Gravill, 2022-02-04 Have you ever thought that perhaps God wants to do a greater work in your heart instead of just fixing your problems? Or have you ever wanted to know God in a more meaningful way? Well, you can find both the wisdom and truth that you seek in my new book, *More Precious Than Gold*. Filled with thirty unique essays and devotions, my inspiration to write this book came from hearing a doctor talk about how much our culture has changed and the impact it's had on all of us. So tucked into the back of the book you'll find some great exercises just before the Spiritual Connections section. They'll help keep you from the snares of our culture and guide you to the green pastures of peace and tranquility that you need. You'll also enjoy messages that offer a fresh perspective so you can live life with more passion including: *Happy Habits, An Anchor of Hope, Choose to Forgive, A New Mental Toughness, Wholeness Healing, Take a Drink of Great Happiness, Unspeakable Joy, Find the Gift, New Beginnings, The Green Bean Club*, and more. So, dear friend, come and spend time with the most trustworthy friend of all — God. You'll not only learn about Him, but you'll find He's a God who loves you and longs for you to draw near to Him. —Nanci J. Gravill Draw near to God, and He will draw near to you. James 4:8a - ESV

Screen Adaptations and the Politics of Childhood Robyn McCallum, 2018-01-16 This book features a cutting edge approach to the study of film adaptations of literature for children and young people, and the narratives about childhood those adaptations enact. Historically, film media has always had a partiality for the adaptation of 'classic' literary texts for children. As economic and cultural commodities, McCallum points out how such screen adaptations play a crucial role in the cultural reproduction and transformation of childhood and youth, and indeed are a rich resource for the examination of changing cultural values and ideologies, particularly around contested narratives of childhood. The chapters examine various representations of childhood: as shifting states of innocence and wildness, liminality, marginalisation and invisibility. The book focuses on a range of literary and film genres, from 'classic' texts, to experimental, carnivalesque, magical realist, and cross-cultural texts.

Evaluating and Promoting Nonfiction for Children and Young Adults Don Latham, 2024-12-20 Evaluating and Promoting Nonfiction for Children and Young Adults isn't another bibliography that will quickly become outdated. Instead, it

situates nonfiction resources within the recent emphasis on reading nonfiction as a way of enhancing critical thinking and combating susceptibility to “fake news.” Donald Latham offers strategies for evaluating nonfiction for the purposes of collection development, providing readers’ advisory, and developing programs using nonfiction for children and young adults. The book includes lists of professional resources as well as recommended nonfiction titles.

Writing Backwards Alexander Manshel, 2023-11-21 Contemporary fiction has never been less contemporary. Midcentury writers tended to set their works in their own moment, but for the last several decades critical acclaim and attention have fixated on historical fiction. This shift is particularly dramatic for writers of color. Even as the literary canon has become more diverse, cultural institutions have celebrated Black, Asian American, Latinx, and Indigenous novelists almost exclusively for their historical fiction. *Writing Backwards* explores what the dominance of historical fiction in the contemporary canon reveals about American literary culture. Alexander Manshel investigates the most celebrated historical genres—contemporary narratives of slavery, the World War II novel, the multigenerational family saga, immigrant fiction, and the novel of recent history—alongside the literary and academic institutions that have elevated them. He examines novels by writers including Toni Morrison, Viet Thanh Nguyen, Colson Whitehead, Julia Alvarez, Leslie Marmon Silko, Michael Chabon, Julie Otsuka, Yaa Gyasi, Ben Lerner, and Tommy Orange in the context of MFA programs, literary prizes, university syllabi, book clubs, and the National Endowment for the Arts. Manshel studies how historical fiction has evolved over the last half century, documenting the formation of the newly inclusive literary canon as well as who and what it still excludes. Offering new insight into how institutions shape literature and the limits of historical memory, *Writing Backwards* also considers recent challenges to the historical turn in American fiction.

The Most Painful Choice Beth Miller, 2023-03-31 When Champ, a German Shepherd, was adopted from a local breed rescue, his family hoped and expected to spend many fun-filled years with him. However, Champ suffered physically and mentally from neglect and trauma from his first years of life. Despite numerous treatments, Champ was never able to overcome that trauma to become a normal dog, and his family made the painful decision to give him peace through behavior euthanasia. This work serves not only as an account of Champ's life and his family's attempts to help him, but also as a resource on behavior euthanasia, which is a compassionate choice for unmanageable aggression, reactivity, bites or severe anxiety. Investigating the potential causes of these issues, chapters examine scientific research on dog behavior and emotions.

Effective Entrepreneurial Management Robert D. Hisrich, Veland Ramadani, 2016-12-23 This textbook provides a comprehensive overview of the essential issues in effective entrepreneurial management. It first introduces readers to the fundamentals of entrepreneurial management, the nature of entrepreneurial managers and business planning, before exploring the specific topics of creativity and innovation, risk management, entrepreneurial marketing and organization as

well as financing. The authors then move to contemporary topics such as entrepreneurial growth strategies, e-commerce challenges, ethical and socially responsible entrepreneurial management, franchising, and managing entrepreneurial family ventures. Each chapter provides a case study and several practice-based examples to help explain the concepts. By providing a truly international approach, this text offers ample theoretical and empirical insights into entrepreneurship and small business management. It is a valuable and up-to-date resource for teachers and students of entrepreneurship.

Reading Still Matters Catherine Sheldrick Ross, Lynne (E.F.) McKechnie, Paulette M. Rothbauer, 2018-03-01 Drawing on scholarly research findings, this book presents a cogent case that librarians can use to work towards prioritization of reading in libraries and in schools. Reading is more important than it has ever been—recent research on reading, such as PEW reports and Scholastic's Kids and Family Reading Report, proves that fact. This new edition of Reading Matters provides powerful evidence that can be used to justify the establishment, maintenance, and growth of pleasure reading collections, both fiction and nonfiction, and of readers' advisory services. The authors assert that reading should be woven into the majority of library activities: reference, collection building, provision of leisure materials, readers' advisory services, storytelling and story time programs, adult literacy programs, and more. This edition also addresses emergent areas of interest, such as e-reading, e-writing, and e-publishing; multiple literacies; visual texts; the ascendancy of young adult fiction; and fan fiction. A new chapter addresses special communities of YA readers. The book will help library administrators and personnel convey the importance of reading to grant-funding agencies, stakeholders, and the public at large. LIS faculty who wish to establish and maintain courses in readers' advisory will find it of particular interest.

Listening to the Voices of Boys Krista Griffin, 2016-03-01 Motivation to engage in reading is a consistent problem for students in general and boys in particular. To solve this problem, we often seek answers from everyone but those we are hoping to motivate. We read the latest article on motivation and think we have finally come up with the recipe that will motivate all of the boys in our class. When it doesn't work for everyone, we go back to the drawing board and try something else until we finally understand that all boys are motivated by different things. That is the basis of this book: nothing will work for ALL boys, but there are ways to equip teachers to find out how the boys in their classes are motivated. It provides them with a direction to go once they've established the needs of their students and offers suggestions for how to meet individual motivational needs. Each chapter addresses a different motivational need, providing background information and practical classroom applications.

Catholic God, True God Parker Manning,2022-10-19 Have you ever wondered why Catholics believe in God or who this God is? In his new book, Catholic God, True God, Parker Manning explains just that. He goes through evidence for the existence of God but doesn't stop there. He also argues that this God is the God of the Bible by giving evidence to the most famous Old Testament stories and New Testament ones. He also goes through supposed errors in the Bible and explains how they are not truly errors. Lastly, and most importantly, he details why Catholics are the only ones who fully understand God. Also, be sure to check out his first book, Fundamentals of Catholic Theology in Just Over 100 Pages. Parker Manning takes a fresh look at the big topics in Catholic apologetics. He avoids the well-traveled areas in previous works and focuses on the questions that lurk behind the questions - things typically missed by others. * Gary Michuta, author of The Case for the Deuterocanon and Why Catholic Bibles are Bigger

We R2b1 Gary Buchanan,2018-02-16 We R2B1 answers many questions. Why are there over 33,800 Christian denominations worldwide? What impact does this fractured face of the body of Christ have on church vitality, ministry, and evangelism? Why is Christianity in decline in Australia, Europe, and North America? Why does the proliferation of the gospel flourish in areas and then decline with time? Why has it been over a century since the last widespread revival in America? Despite all that, why is the number of denominations in America still growing? Why do we spend so much time and resources debating a doctrine that is not essential to salvation? How do our clergy feel about denominations? What does the scripture say about divisive issues? Will God hold us accountable for teaching a biased or incorrect doctrine? What will those consequences be? What does the Bible teach about unity? Why are ecumenical organizations having limited success in promoting unity? What are the characteristics of teaching biblical truth? When two people differ on a belief essential for salvation, at least one must be wrong. Chapter 12 provides steps to help us grow back together. There is more information at WeR2B1.com.
