**Reformed Theology** Michael Allen, 2010-07-01 This book introduces Reformed theology by surveying the doctrinal concerns that have shaped its historical development. The book sketches the diversity of the Reformed tradition through the past five centuries even as it highlights the continuity with regard to certain theological emphases. In so doing, it accentuates that Reformed theology is marked by both formal ('the always reforming church') and material ('the Reformed church') interests. Furthermore, it attends to both revisionary and conservative trends within the Reformed tradition. The book covers eight major theological themes: Word of God, covenant, God and Christ, sin and grace, faith, worship, confessions and authority, and culture and eschatology. It engages a variety of Reformed confessional writings, as well as a number of individual theologians (including Zwingli, Calvin, Bullinger, Bucer, Beza, Owen, Turretin, Edwards, Schleiermacher, Hodge, Shedd, Heppe, Bavinck, Barth, and Niebuhr).

*Center Church* Timothy Keller, 2012-09-04 Practical and Gospel-centered thoughts on how to have a fruitful ministry by one of America's leading and most beloved pastor. Many church leaders are struggling to adapt to a culture that values individuality above loyalty to a group or institution. There have been so many church growth and effective ministry books in the past few decades that it's hard to know where to start or which ones will provide useful and honest insight. Based on over twenty years of ministry in New York City, Timothy Keller takes a unique approach that measures a ministry's success neither by numbers nor purely by the faithfulness of its leaders, but on the biblical grounds of fruitfulness. *Center Church* outlines a balanced theological vision for ministry organized around three core commitments: Gospel-centered: The gospel of grace in Jesus Christ changes everything, from our hearts to our community to the world. It completely reshapes the content, tone, and strategy of all that we do. City-centered: With a positive approach toward our culture, we learn to affirm that cities are wonderful, strategic, and under-served places for gospel ministry. Movement-centered: Instead of building our own tribe, we seek the prosperity and peace of our community as we are led by the Holy Spirit. Between a pastor's doctrinal beliefs and ministry practices should be a well-conceived vision for how to bring the gospel to bear on the particular cultural setting and historical moment. This is something more practical than just doctrine but much more theological than how-to steps for carrying out a ministry. Once this vision is in place, it leads church leaders to make good decisions on how to worship, disciple, evangelize, serve, and engage culture in their field of ministry—whether in a city, suburb, or small town. — Tim

Keller, Core Church

*Soteriology, eschatology* Charles Hodge, 1874

**Introducing Biblical Hebrew** Allen P. Ross, 2001-11 A noted authority on biblical Hebrew grammar uses the best of both deductive and inductive approaches with a view toward aiding exegesis.

Called to Preach Steven J. Lawson, 2022-02-15 In every generation, the church stands in dire need of God-called people to preach the Word with precision and power. Preachers who will not replace sound theology with culturally palatable soundbites. Preachers who will clearly and faithfully share the gospel and inspire those in their churches to live godly lives. Through in-depth biblical analysis and inspiring examples from church history, Steven J. Lawson paints a picture of God's glory magnified through faithful preaching, reclaiming the high ground of biblical preaching for the next generation. With helpful advice and practical guidance gleaned from 50 years in ministry, Lawson helps aspiring preachers know if they are called to preach; understand the qualifications for ministry; and develop, improve, and deliver strong expository sermons that illuminate the Word of God in a dark world.

**The Doctrine of the Christian Life** John M. Frame, 2008 The third volume of Frame's Theology of Lordship series, this book focuses on biblical ethics. In an age of ethical relativism and suspicion of authority, how can we know what is good, virtuous, or just? Frame surveys non-Christian ethical traditions before setting forth a solidly Christian ethical method. By clarifying biblical norms, life situations, and personal dimensions, he presents a model for decision making that honors God in all aspects of life. Discussions range from natural law and conflict of duties to detailed explorations of the Ten Commandments in connection with questions surrounding worship, the Sabbath, church and state, respect for life and truth, sexuality, and the relation of Christ to culture.

**Not a Chance** R. C. Sproul, Keith Mathison, 2014-08-12 Despite claiming unbelief in God or any higher power that may have designed or created the world and all that is in it, modern scientists often write and speak of chance as some kind of being or force that can cause things to happen. In one breath they push the evolution agenda and in the next they say that creatures were designed with specific traits. In this classic book, R. C. Sproul and Keith Mathison call the scientific world to employ logic and clarity in their discourse, to leave the word chance as an abstract concept to describe mathematical possibilities rather than an ontological being that can actually cause change. This expanded edition includes a new chapter dealing with the most recent attempts to defend irrational scientific statements. Two new appendices answer critics and review other literature on scientific discoveries that support belief in a Creator God.

**The Book of Church Order and Discipline of the United Church of Jesus Christ (Apostolic)** The Executive Board of Bishops, 2015-06-01 This book is written to promote unity in the UCJCA, enabling its leaders and members to be familiar with its laws and practices, moral expectations, and doctrine. It is a reference manual to be consulted in matters related to

efficient church governance and is to be consulted as a guide to dealing with issues as they may arise from time to time.

**An Introduction to Theological Anthropology** Joshua R. Farris, 2020-04-21 In this thorough introduction to theological anthropology, Joshua Farris offers an evangelical perspective on the topic. Farris walks the reader through some of the most important issues in traditional approaches to anthropology, such as sexuality, posthumanism, and the image of God. He addresses fundamental questions like, Who am I? and Why do I exist? He also considers the creaturely and divine nature of humans, the body-soul relationship, and the beatific vision.

**Surviving Religion 101** Michael J. Kruger, 2021-03-22 I can't imagine a college student—skeptic, doubter, Christian, struggler—who wouldn't benefit from this book. —Kevin DeYoung For many young adults, the college years are an exciting period of selfdiscovery full of new relationships, new independence, and new experiences. Yet college can also be a time of personal testing and intense questioning— especially for Christian students confronted with various challenges to Christianity and the Bible for the first time. Drawing on years of experience as a biblical scholar, Michael Kruger addresses common objections to the Christian faith—the exclusivity of Christianity, Christian intolerance, homosexuality, hell, the problem of evil, science, miracles, and the reliability of the Bible. If you're a student dealing with doubt or wrestling with objections to Christianity from fellow students and professors alike, this book will equip you to engage secular challenges with intellectual honesty, compassion, and confidence—and ultimately graduate college with your faith intact.

**Common Grounds** Ben Young, Glenn Lucke, 2003 Brad, Lauren, and Jarrod sit around a table at Common Grounds, enjoying their weekly Sunday evening get-together. The three are old college friends and, like many of their classmates, they started their careers in Houston . . . they make time on Sunday evenings to catch up, laugh, and compare notes on life . . . Three friends all at different places in the journey. A Southern Baptist, a nonpracticing Catholic, and a non-believer all meet a retired seminary professor who becomes their Socratic guide to explore Christ's teachings.

**Canon Revisited** Michael J. Kruger, 2012-04-30 Given the popular-level conversations on phenomena like the Gospel of Thomas and Bart Ehrman's Misquoting Jesus, as well as the current gap in evangelical scholarship on the origins of the New Testament, Michael Kruger's Canon Revisited meets a significant need for an up-to-date work on canon by addressing recent developments in the field. He presents an academically rigorous yet accessible study of the New Testament canon that looks deeper than the traditional surveys of councils and creeds, mining the text itself for direction in understanding what the original authors and audiences believed the canon to be. Canon Revisited provides an evangelical introduction to the New Testament canon that can be used in seminary and college classrooms, and read by pastors and educated lay leaders alike. In contrast to the prior volumes on canon, this volume distinguishes itself by placing a substantial focus on the theology of canon as the context within which the historical evidence is evaluated and assessed. Rather than simply discussing the history of canon—rehashing the Patristic data yet again—Kruger develops a strong theological framework for affirming and

authenticating the canon as authoritative. In effect, this work successfully unites both the theology and the historical development of the canon, ultimately serving as a practical defense for the authority of the New Testament books.

**Theology of My Life** John Frame, 2017-05-31 This book is an autobiographical memoir. It tells the story of how God prepared me for the work of theology during childhood and during my schooling at Princeton, Westminster, and Yale. It focuses on those events that shaped my theological convictions and led me to develop my distinctive emphases in theology, apologetics, and philosophy. It seeks to honor God's providence in leading me from one point to another in my life as a son, husband, father, theologian, apologist, and churchman. My goal in the book is to show how one's theological convictions are products, not only of logic and reasoning, but also of the events of one's life and the people one interacts with.

In this book, Guy Prentiss Waters offers a brief and accessible introduction to presbyterianism that shows how a well-ordered church fosters Christian lives lived well. In making the case that church government is critical to Christian discipleship, Waters presents an overview of the nature of the church (the body and its member) and its structures of authority (officers, assemblies, and ordination). He concludes by answering common questions people raise about church government. The book is an ideal

resource for explaining the relevance of church government to the ordinary Christian's life and service. Table of Contents: 1. Why Does Church Government Matter? 2. What Makes a Church? 3. **The Trinity in the Canon** Brandon D. Smith, 2023-09-15 For the church, trinitarian theology should flow into two streams: ORTHODOXY AND ORTHOPRAXY. Editor Brandon Smith and a stellar cast of theologians demonstrate that trinitarian theology derives directly from Scripture and should produce both right doctrine and right living. The Trinity in the Canon is an appeal for the church to incorporate the Trinity into our preaching, our liturgies and worship, and our interactions with those outside the church. Pastors, scholars, professors, students, and laypersons will benefit spiritually, theologically, and practically from this in-depth study of the Trinity. Contributors Include: -Gerald Bray -Madison N. Pierce -Heath A. Thomas -Jonathan T. Pennington -Matthew Y. Emerson -R. Lucas Stamps -Scott R. Swain -Keith S. Whitfield -Fred Sanders -Thomas R. Pauline Letters: Texts @ Contexts Menghun Goh, 2024-02-08 In this volume contributors from various social locations in North America, Asia, Europe, and Australia analyse and interpret Pauline letters. Engaging both the biblical text and the lives and contexts from different sociocultural, religious, methodological perspectives, each contributor demonstrates the dynamic interaction between text and context in their understanding and explanation of the text. The first part of the volume highlights the hermeneutical focus in interpretation. That is, how a certain chosen worldview (e.g., Lutheran liturgical worldview) affects one's decision in prioritizing a certain textual dimension and level instead of others. Part Two elucidates how even a technical analysis of the text (e.g., epistolography) is context-oriented. Part Three shows how such a contemporary contextual interpretation is also an intercontextual and intertextual interpretation that entails intersectional and global-local experiences.

When Texas Prison Scams Religion Michael G. Maness, 2023-05-22 When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice, especially in the abuse of religion. In many ways, this book is a literature review of 1,800-plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that "buys faith with favor" from prisoners. The state veritably ordains the prisoner a "Field Minister" that represents the offices of the Governor, TDCJ Director, and wardens throughout the prison. Therein, TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors. Why is the director sponsoring psychopaths counseling psychopaths? In fact, TDCJ pays \$314 million a year to UTMB for psychiatric care and receives not a single report of the care given, and worse, for UTMB generates no reports

itself. The underbelly TDCJ's executive culture of cover up is exposed. TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence. TDCJ Dir. Collier led the prison to model Louisiana Warden Burl Cain, the most scandal-ridden in penal history according to a host of published news stories for 20 years. Therein, Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism. Texas has no business endorsing the truth of any religion over another. We close with a proposal that utilizes the 400,000,000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision. Maness has been lobbying Austin for 15 years to definitively access staff for his "100,000 Mothers' 1% Certainty Parole Texas Constitutional Amendment," which would revolutionize prison culture and save Texans millions of the dollars.
