I Moved Your Cheese Darrel Bristow-Bovey,2012-04-13 The problem with self-help books that litter the shelves of the bookstores and bedside tables of the nation is that they expect you to do all the work. You are required to read them, remember key words, perhaps even put their teachings into practice in everyday life. Not this self-help book. This is the self-help book for people who want to take no steps at all. This is the self-help book for people lying on the sofa. This book will tell you how to reap the rewards of being a better person without having to trouble yourself with the unnecessary burden of actually becoming better. Our pages have been treated with a revolutionary new formula that allows wisdom to pass directly from the page into the atmosphere, where it can be easily inhaled from a reclining position.

Innovation through Fusion CJ Meadows,2020-01-20 Just as nuclear fusion produces massive energy from combining two nuclei, a fusion in business, technology, and the arts can release massive value—creating whole new companies, industries, and human capabilities. Examples of the fusion technique for high-value, radical innovation are presented in this unique collection of stories about innovating across industries, fields, organizational silos, nations, social class, and more. This book is the result of a global research study of 30 world-class innovators who have collectively created billions of dollars' worth of business value, as well as new advances in the arts and sciences that bring joy to the world and can save millions of lives. Insights from the journeys of the innovators provided in this book will help leaders, organizations, and individuals succeed in their innovative endeavors. In addition, each chapter provides a link to a short video that provides further insights, mostly from the innovators themselves. *Innovation through Fusion* is essential reading for individual innovators who would like to create the future; teams and organizations that need to craft radical or high-value innovations (especially across industries or organizational silos); and leaders concerned about declining returns on innovation efforts and uncertain about organizational survival in a disruptive world. The author provides a new model of lateral innovation—useful both as an innovation process and as a framework to assess your lateral innovation capabilities. The book is replete with value-creation examples of lives saved, billions of dollars of savings/growth, and new products, services, and companies, as well as stories of leading lateral innovators—who they are and how they succeeded. Manage Your Money Like a F*cking Grown-Up Sam Beckbessinger, 2019-04-18 You're going to earn plenty of money over your lifetime. Are you going to waste it on stupid crap that doesn't make you happy, or let it buy your freedom and your most audacious dreams? We never get an instruction manual about how money works. Most of what we learn about money comes from advertising or from other people who know as little as we do. No wonder we make such basic mistakes. No wonder we feel disempowered and scared. No wonder so many of us just decide to stick our heads in the damn sand and never deal with it. In *Manage Your Money Like a F*cking Grown Up*, Sam Beckbessinger tells it to you straight: how to take control of your money to take control of your life. In this clear and engaging basic guide to managing your finances, you will learn: - How to trick your dumb brain into saving more, without giving up fun - How to make a bona fide grown-up budget - Why you need to forget what you've learned about credit - How to negotiate a raise - Why buying a house (probably) won't make you rich - The one super-simple investment you need With helpful exercises, informative illustrations (also: kittens) and straightforward advice, this book doesn't shy away from the psychology of money, and is empowering, humorous and helpful. Trumpula Greg Mandel, 2017-09-28 *Trumpula* is a modern reimagining of the Dracula tale. The story follows the dark history of Count Trumpula, a bloodthirsty four-hundred-year-old swirly-haired orange-skinned vampire just elected president of the US, and the small band of heroes determined to stop him and his army of minions from destroying the world. Told in epistolary style, like Bram Stokers original novel, the tale unfolds in a series of emails, journal entries, news articles, and of course, tweets. Interspersed throughout are Trumpulas first-person musings as he recounts his amazing history through the centuries, telling his version of many bigly events from the late seventeenth century when a shirtless Russian vampire named Vladimir Poutine got him started in the vampire business, to the French Revolution, the Alamo, the Titanic, and more, including encounters with a whole host of historic figures from Pocahontas to Hitler to the Lindbergh baby and many more. Part political satire, part horror classic, *Trumpula* is bound to make vampires great again.

Do Not Pass Go Beatriz Rivera, 2006-10-30 Mateo Irigaray has come home to end his miserable life. A child prodigy, he was the pride of Hudson County. Born to a Colombian mother who died giving birth to him, he was raised by his older sister and surrounded by an assortment of unusual family members. Though young and inexperienced, it didn't take his sister long to realize that Mateo was unusual. By the age of two, he could read and write. As a boy, he could learn a foreign language in a matter of weeks. But now he's depressed and ready to end it all. Learning that the famous genius has returned, Melody More, a reporter with the local newspaper, agrees to try and convince him to give the paper an interview. But the only quote he'll give her is, "All I want to do is die!" In spite of his anger and rudeness, she finds herself strangely attracted to the surly, slovenly man who begs her to leave and not interrupt his plans. As their relationship develops, Melody returns every day with an assortment of tempting food and wine, they realize that they share a complicated history of family secrets and betrayals. From New Jersey to Havana to Switzerland, Rivera peppers this off-beat love story with a range of eccentric characters:

Melody's boss and former lover Xoan Xavier Contreras, known to the newspaper's readers as Triple X for his triple x-rated exposés; her sister Odette, who went unnamed for an entire year because of her mother's revulsion at her Thalidomide-deformed hands; and most importantly, Melody's mother, who was obsessed with perfection and having a child prodigy of her very own.

Strategic Silence Roumen Dimitrov, 2017-09-22 Mainstream public relations overvalues noise, sound and voice in public communication. But how can we explain that while practitioners use silence on a daily basis, academics have widely remained quiet on the subject? Why is silence habitually famed as inherently bad and unethical? Silence is neither separate from nor the opposite of communication. The inclusion of silence on a par with speech and non-verbal means is a vital element of any communication strategy; it opens it up for a new, complex and more reflective understanding of strategic silence as indirect communication. Drawing on a number of disciplines that see in silence what public relations academics have not yet, this book reveals forms of silence to inform public relations solutions in practice and theory. How do we manage silence? How can strategic silence increase the capacity of public relations as a change agent? Using a format of multiple short chapters and practice examples, this is the first book that discusses the concept of strategic silence, and its consequences for PR theory and practice. Applying silence to communication cases and issues in global societies, it will be of interest to scholars and researchers in public relations, strategic communications and communication studies.

Light of The Dove R.A. Sales,2016-04-21 Miles Alexander, son of an Alabama sharecropper, is a successful business and entertainment lawyer with interests as distant as Costa Rica, where—much to his law partners' dismay—he is about to acquire a local restaurant chain from the notorious coffee baron, Humberto Cabrera, one of the wealthiest and most mysterious dons of Central America. Miles' success however has distanced him from his roots, altered his belief system, his political views, and the values that shaped him. Fearing Miles will suffer the same fate as his grandfather, who was crippled at about Miles' age, Mary Rose Alexander, the Dove, through a series of transpersonal (quantum) exchanges with Miles while he's in Costa Rica, draws him back to Ohio, where upon his arrival she suffers a disabling stroke that marks the beginning of a long and sometimes painful journey, during which time, in the afterglow of his Mother's Light, Miles' rediscovers what is truly pleasing to his soul, revealed to him in his hometown, where he is forced to confront issues of race prejudice, poverty and hopelessness, that are part of Lessons of Home. Can he get beyond the sudden and jarring rift with his white law partner, the antagonist Reid Lowell? Can he rise above temptation and unbridled materialism, and embrace compassion and community over competition and individualism? Or will he return to his old ways and suffer the fate his mother is all too aware of? Reid Milbank Lowell, scion of wealthy planters from Georgia, finds that his financial and lifestyle interests in the continued success of the law firm, Alexander, Seasongood & Lowell, far outweigh Miles' personal interests, leading to a conflict between the two men that is nothing less than a clash of cultures. The law firm, and its representation of rappers and others antithetical to Reid's antebellum roots, has led Reid to stray from the path his fathers would have him follow. Will he continue along the same path and suffer the same fate as the mythical Narcissus in a classic case of Death by Envy? Or will he change in time to avoid a painful ending and the wrath of his ancestors?
