UFO-- Contact from the Pleiades Wendelle C. Stevens, 1989

Spaceships of the Pleiades Kal K. Korff, 1995 The case of Eduard Billy Meier has gained worldwide attention for his claims of being in on-going contact with aliens from the star cluster known as the Pleiades. Purported to be the most documented UFO account of all time, Meier's files consist of 1,000 photographs and 12 motion picture films of the visiting spacecraft. Through thousands of pages of contact notes, Meier claims to have passed on the wisdom and advanced technical knowledge from his conversations with these aliens, designed to help guide our evolution. In addition, he alleges that 40 independent eyewitnesses have also seen the alien ships and observed Meier's contacts with them. The aliens also left numerous landing tracks in the ground, and gave Meier various rock, metal, mineral, and crystal samples as proof of their visitations. Author Kal Korff conducted the most thorough examination ever into the case of Billy Meier and all its alleged evidence, and reveals here how a Swiss farmer hatched and continues to maintain the most elaborate UFO hoax in history.

Extraordinary Encounters Jerome Clark, 2000-12-15 Here is the first A-Z encyclopedia to explore the convictions held by many in the modern day world that extraterrestrials, angels, fairy-folk, and other-dimensional intelligences regularly interact with human beings. *Extraordinary Encounters: An Encyclopedia of Extraterrestrials and Otherworldly Beings* is the first ever illustrated A-Z encyclopedia to explore these fascinating modern day beliefs, personalities, beings, and events. Among the beings you'll meet in its pages are Abraham, a collection of highly evolved entities that speak in one voice; Metranon, the divine interface between God and the Outer Worlds (and sometime Old Testament angel); and The Planetary Council, whose members include Jove, Merlin, Quetzalcoatl, and Lao-Tzu.

The Adventures of Billy Meier Billy Meier, 2013-01-23 There are eight episodes in all, in this inaugural publication,

illustrating the contacts that pertain to the Red Meteor (Apophis asteroid); and the true, romantic and mystical story of Merlin, King Arthur, the extraterrestrial origins of the sword that's come to be known as Excalibur...and much, much more. The comics contain the verbatim transcripts from Meier's discussions with the extraterrestrials.

The Chaos Conundrum Aaron John Gulyas, 2014-01-23 In *The Chaos Conundrum*, historian Aaron John Gulyas examines how the paranormal has intersected and influenced our culture in myriad ways, from the conspiracy beliefs of William Cooper and Exopolitics to the challenge that the stories of Gray Barker presented to our concept of self and time. He looks at the maelstrom of personalities, agendas, impressions, data, confusion, and contradictions that can be found in the world of the weird, and demonstrates how they have become an integral part of our lives, whether in the form of flying saucers, hauntings, religious revelations, psychic abilities, or dozens of other guises. Gulyas delves into the stories of the people who have attempted to create order out of the chaos. Along the way he recounts his own journey from enthusiastic believer in the shadow government and their underground bases to jaded academic skeptic, and then finally to someone who thinks there might just be something to the paranormal after all... but not what we have been led to expect or believe!

The Essence of the Notes Maurice Osborn, 2013 Billy Meier has taken several photographs of UFOs and has written hundreds of detailed notes about his many contacts with extraterrestrial alien beings from the Taurus Constellation. These notes do not just consist of simple dialogue. They contain real arguments, discussions, humor, agreements, and even outright threats. However, the information provided is absolutely profound as it relates to secret societies, ancient Earth history, human development, life on other worlds, spirituality, and advanced scientific knowledge. The notes were originally published by Mr. Meier in his native language of German. A researcher by the name of Wendelle Stevens then published several volumes of the notes that were translated into the English language. Unfortunately, the notes were difficult to read, the topics were discussed in no particular order, and there was no index provided. As a result, this book was published in 2009. The dialogue is easy to read in proper English format and the content has been reorganized for easy access to specific topics.

Lehren Immanuel, Alias Jesus Christus Eduard Meier, 1996 The Talmud of Immanuel is an ancient Aramaic scroll that may be the source of the Gospel of Matthew. If authentic, it indicates an extraterrestrial origin for the Christian New Testament--it could become the most stunning find of our century. 10

High Strangeness Jerome Clark, 1996

Midwestern Strange B.J. Hollars, 2019-09-01 *Midwestern Strange* chronicles B.J. Hollars's exploration of the mythic, lesser-known oddities of flyover country. The mysteries, ranging from bipedal wolf sightings to run-ins with pancake-flipping space aliens to a lumberjack-inspired "Hodag hoax," make this book a little bit X-Files, a little bit Ghostbusters, and a whole lot of Sherlock Holmes. Hollars's quest is not to confirm or debunk these mysteries but rather to seek out these unexplained phenomena to understand how they complicate our worldview and to discover what truths might be gleaned by reexamining

the facts in our “post-truth” era. Part memoir and part journalism, *Midwestern Strange* offers a fascinating, funny, and quirky account of flyover folklore that also contends with the ways such oddities retain cultural footholds. Hollars shows how grappling with such subjects might fortify us against the glut of misinformation now inundating our lives. By confronting monsters, Martians, and a cabinet of curiosities, we challenge ourselves to look beyond our presumptions and acknowledge that just because something is weird, doesn’t mean it is wrong.

Prism of Lyra Lyssa Royal, Keith Priest, 2011-03-01 A Parable on Spiritual Transformation What is the purpose of human life? Who am I? What is the reality of this world I find myself in? Why do I find myself in the midst of certain troublesome circumstances? Who among us has not pondered some of these questions at times? On the outermost level, this book is a teaching metaphor similar to those used in all sacred traditions. But behind the parable is cosmic perspective on essence, individuality, and relationships. There is a view of human purpose, soul design, and divine direction that leads to a new look at the origin of suffering, healing, and the evolutionary dimensional shift. Through the voices of archetypes of consciousness, the book subliminally explores paths to power, love, beauty, strength, and mysticism. It moves through different dimensions of reality while simultaneously focusing on the mental, emotional, and physical aspects of life as instruments of expression that can be tuned to a higher purpose. *The Soul Remembers* is th

Alien Intelligence and the Pathway to Mars Mary Bennett, 2021-05-04 • Details how exploratory probes sent to Mars in the 1970s triggered a plethora of anomalous events, particularly crop circles (glyphs), and how these events are messages from ET intelligence to help us send a human mission to Mars • Reveals how the anomalous Cydonia region of Mars fits the Golden Ratio Spiral and looks at links between Martian formations and Earth’s ancient sites • Illustrated throughout with color photographs, maps, and diagrams In this full-color study based on 25 years of research, Mary Bennett explores the ancient and modern connections between Mars and Earth as well as how extraterrestrial intelligences are trying to assist us in constructing a viable spacecraft to take a human crew swiftly and safely to Mars. She details how exploratory probes sent to Mars in the 1970s triggered over three decades of anomalous yet scientifically validated events, including crop circles, or crop glyphs. She explains how these formations, along with related events, encode advanced engineering concepts that offer solutions to the fundamental problems presently hindering long-haul crewed spaceflight—whether to the Moon, Mars, or beyond. Looking at the red planet itself, the author reveals the scientifically verifiable evidence pointing to intelligent design on the surface of Mars, specifically in the Cydonia region, which fits the Golden Ratio Spiral. She looks at the covert links

between the Martian formations and Earth's ancient sites, such as the Avebury landscape in England and the Giza Complex. She describes how agencies concerned with space travel have been quietly mirroring areas of Mars through construction projects here on Earth, revealing that many of the ET messages have already been partially decoded. Taking you from a complex on Mars to the Teotihuacán pyramids in Mexico, from phi ratios to the Pentagon, from the Great Pyramid to quantum computing, this exploration of the hidden influence of Mars shows that our abilities as a future space-faring species began in the ancient past and are now coming to fruition.
