The Ratzinger Report Vittorio Messori,Benedict XVI,1985 Cardinal Ratzinger speaks candidly and forcefully about the state of the Church in the Post-Vatican II era. Here is the complete text of a meeting many have called a historical turnabout in the Church. The roots of the crisis that has troubled Catholics in the twenty years since the Council are analyzed with forthright clarity by one of the most authoritative voices in the Vatican. Here is a clear and uncompromising report on the dangers that threaten the Faith, from one who every day receives the most reliable information from every continent. Yet Ratzinger's observations are as hopeful and balanced as they are clear-sighted, forcefully re-affirming the immense and positive work of Vatican II, whose genuine fruits this book provides a guideline for achieving.

The Mercy of God Catholic Church. Pope (1978-2005 : John Paul II),Pope John Paul II,1980-12 Centering on the theme of mercy, John Paul II hopes to underline this strongest attribute of God, especially in the modern age. He continues his discussion of world problems that was first began in Redeemer of Man, teaching that love informed by God's mercy is the only response to these situations. He appeals to the world's population to turn to the mercy of the Father, and to find in God's love a refuge from the impersonal, technologically-driven world we live in.

The Florentine Magnates Carol Lansing,2014-07-14 In the 1290s a new guild-based Florentine government placed a

group of noble families under severe legal restraints, on the grounds that they were both the most powerful and the most violent and disruptive element in the city. In this colorful portrayal of civic life in medieval Florence, Carol Lansing explores the patrilineal structure and function of these urban families, known as magnates. She shows how they emerged as a class defined not by specific economic interests but by a distinctive culture. During the earlier period of weaker civic institutions, these families built their power by sharing among themselves crucial resources--forts, political alliances, ecclesiastical rights. Lansing examines this activity as well as the responses patrilineal strategies drew from women, who were excluded from inheritance and full lineage membership. In looking at the elements of this culture, which emphasized private military force, knighthood, and faction, Lansing argues that the magnates' tendency toward violence derived from a patrician youth culture and from the instability inherent in the exaggerated use of patrilineal ties. In describing the political changes of the 1290s, she shows how some families eventually dropped the most stringent aspects of patrilineage and exerted their influence through institutions and patronage networks. Originally published in 1991. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Turin 1564-1680 Martha D. Pollak, 1991-10-08 The story of Turin's transformation is well told. . . . Pollak's account of the financial machinations of the Dukes in their efforts to acquire properties, and to pay for fortifications by taxing betterment on enclosed land, is one of the best parts of the book.—Simon Pepper, *Times Literary Supplement*

Dogmatic Constitution on the Church, 2000-11 The central document of the Second Vatican Council, *Lumen Gentium* was promulgated by Pope Paul VI on November 21, 1964. This document is the keystone of the Councils whole Magisterium. It focuses on the whole Church as a communion of charity. With it, according to John Paul II, the Second Vatican Council wished to shed light on the Church's reality: a wonderful but complex reality consisting of human and divine elements, visible and invisible.

Amoris Laetitia Pope Francis, 2016-04-22 "All of us are called to keep striving towards something greater than ourselves and our families, and every family must feel this constant impulse. Let us make this journey as families, let us keep walking together." Pope Francis, *Amoris Laetitia* In his groundbreaking work on modern family life, *Amoris Laetitia: On Love in the Family*, Pope Francis continues to guide and lead the Church, calling us to be a sign of mercy and encouragement for families of all shapes and sizes. The Our Sunday Visitor edition includes exclusive reflection and discussion questions, to help Catholics grow in our understanding of this call, and act upon it. In *Amoris Laetitia: On Love in the Family* the Holy Father

expands on the topics and considerations of the two Synods on the family, and adds his own considerations to help us provide pastoral guidance to support and strengthen today's families. On Love in the Family guides us through: Scripture - what we can learn from Biblical families and relationships with God and each other Reality - the experiences and challenges we face in today's world Tradition - essential aspects of Church teaching on marriage and families Love - what it means for all our relationships Ministry - Pope Francis offers pastoral perspectives for helping build strong families Spirituality - the expression of the Gospel message in our relationships

The Travail of Religious Liberty Roland H. Bainton, 2008-09-01 The pages of history are filled with stories of men and women burned at the stake, exiled, and ostracized in the name of religion. Thus Roland Bainton explains the struggle within the Christian Church to achieve religious liberty by telling, in popular biographical style, nine stories of sincere people--both persecutors and persecuted--who took part in the struggle. Bainton's biographies begin with Thomas of Torquemada, instrument of the Roman Catholic Inquisition, and with John Calvin who active in the burning of Michael Servetus. He then covers how such persecution brought about the toleration controversy of the sixteenth century, when SŽbastian Castellio struck his blow for religious liberty, when Hollander David Joris made a mystical approach to tolerance, and when Franciscan Bernardino Ochino believed in the cultivation of the inner life. Finally he concentrates on the champions of religious liberty in the 17th Century: John Milton, Roger Williams and John Locke.
