**Literary Seductions** Frances Wilson, 2024-11-21 'The reader's love of the writing tends to become indistinguishable from his love of the writer.' Beautiful writing has exercised its intoxicating power over readers since time immemorial. And yet, on occasion, this seduction extends beyond the page and sparks an irreversible connection between author and reader. This is a true literary seduction. In *Literary Seductions*, Frances Wilson demonstrates how some of history's most renowned writers were themselves ensnared by the writing they consumed, and which in turn consumed them. Through a series of famous literary couples - Elizabeth Barrett and Robert Browning; Anaïs Nin and Henry Miller; Osip Mandelstam and his wife Nadezhda - Wilson evokes the evolution from literary seduction to sexual desire. With stories of self-sacrifice, self-effacement and even self-immolation, *Literary Seductions* recounts the powerful, inflammatory and sometimes destructive nature of literature.

**Lives for Sale** Mark Bostridge, 2004-10-12 This is a collection of new essays by many of the best biographers now writing in Britain, not only the established names, but also the rising stars of the profession. These biographers' tales, based on personal experience, tell of the ups and downs of life writing: of shocking discoveries and frustrating dead ends, strange literary hauntings and curses, bitter professional rivalries and problems with families and friends of biographical subjects, and of ways in which the biographer's imagination can be inspired by a sense of place or touch of a letter.--BOOK JACKET.

*Wisdom of Two* Margaret Mills Harper, 2006-06-15 Georgie Hyde Lees, who married W. B. Yeats in the autumn of 1917, has for many years occupied a secondary or even marginal position in most studies of her famous husband. She has been depicted as a poor choice for romantic partner, political comrade, or literary collaborator. While often thanked in acknowledgments pages and regarded as a minor editor or secretary, she usually receives only footnote status in literary analyses. Most often, she has been cast as an amateur spirit medium or, less generously, as a manipulative perpetrator of an elaborate mystical and sexual hoax out of which arose Yeats's philosophical treatise *A Vision* and a raft of poetry, plays, and other literary works. Yet George Yeats co-wrote the automatic script and co-created the 'system' of cosmic geometry, based on a dialectics of desire. Coming to terms with the 'system' is vital to understanding the late work of the poet, yet a thorough

critical study of the Yeatses' 'incredible experience' has never been written. Harper, one of few scholars who is intimately familiar with the large mass of documents, provides the first such study. She analyses the thousands of pages of published and unpublished papers, the particularities of their unusual composition, the finished literary works that depend upon them, and historical contexts such as the spiritualist movement, automatism (including its relation to communications technology), sexual politics, and war. *Wisdom of Two* airs critical and theoretical issues that are vital to understanding the Yeatses' spiritual, literary, and dramatic collaboration.

*Untrodden Regions of the Mind* Ghislaine McDayter, 2002 An extensive collection of essays on Romantic literature written from a psychoanalytic perspective. With essays on both Continental and British Romantic writers, this volume explores not only the complex operations of gender and subjectivity but also how textual analysis reveals the ways in which the unconscious of the literary body resists and denies interpretive analysis just as forcefully as the individual unconscious.

Lord Byron Harold Bloom, 2009 Provides a biography of the English poet Lord Byron along with critical views of his works.

These Ghostly Archives Gail Crowther, Peter K. Steinberg, 2017-06-29 The authors discuss Sylvia Plath archival discoveries in unique ways, unearthing previously unknown materials and bringing new context to well-known works. New essays on the sociological notion of 'haunting' in the archive. Innovative approaches to distance/international collaboration in archival scholarship. Introduces new ways of understanding Sylvia Plath. Plath's *The Bell Jar* is to be released in 2018 as a major film starring Dakota Fanning and directed by Kirsten Dunst. *These Ghostly Archives: The Unearthing of Sylvia Plath* offers a ground-breaking look at Plath studies. Focusing on previously unpublished material found in archives from around the world, *These Ghostly Archives* aims to reconstruct the ghostly figure of Plath within our culture via unseen letters, manuscripts, photographs, places and poems. This book approaches archival studies exploring both the practical and experiential work carried out in the archive, highlighting the 'detective'-type work that it involves and the traces left behind from history. However, for the first time, this work also combines the sociological notion of 'haunting' - that is, the archive as a location where researchers haunt the research subject and in turn are haunted by the traces left behind. Never is material culture more powerful than when associated with the dead; never is the archive ghostlier when haunted by the absent presence of Plath. This book showcases the necessity to leave no archival box or folder left unopened, and how the researcher and the archive can change even though its documents might stay the same. **W. B. Yeats's a Vision** Neil Mann, Matthew Gibson, Claire Nally, 2012 The first volume of essays devoted to W. B. Yeats's 'A Vision' and the associated system developed by Yeats and his wife, George. 'A Vision' is all-encompassing in its stated aims and scope, and it invites a wide range of approaches--as demonstrated in the essays collected here, written by the foremost scholars in the field.

**The New York Times Book Reviews 2000** New York Times Staff, 2001 This anthology examines Love's Labours Lost from a variety of perspectives and through a wide range of materials. Selections discuss the play in terms of historical context, dating, and sources; character analysis; comic elements and verbal conceits; evidence of authorship; performance analysis; and feminist interpretations. Alongside theater reviews, production photographs, and critical commentary, the volume also includes essays written by practicing theater artists who have worked on the play. An index by name, literary work, and concept rounds out this valuable resource.

**Hearing Maud** Jessica White, 2019-07-01 Hearing Maud: A Journey for a Voice is a work of creative non-fiction that details the author's experiences of deafness after losing most of her hearing at age four. It charts how, as she grew up, she was estranged from people and turned to reading and writing for solace, eventually establishing a career as a writer. Central to her narrative is the story of Maud Praed, the deaf daughter of 19th century Queensland expatriate novelist Rosa Praed. Although Maud was deaf from infancy, she was educated at a school which taught her to speak rather than sign, a mode difficult for someone with little hearing. The breakup of Maud's family destabilised her mental health and at age twenty-eight she was admitted to an asylum, where she stayed until she died almost forty years later. It was through uncovering Maud's story that the author began to understand her own experiences of deafness and how they contributed to her emotional landscape, relationships and career.

*Freedoms of Speech: Anthropological Perspectives on Language, Ethics, and Power* Matei Candea,

Djuna Barnes, T. S. Eliot and the Gender Dynamics of Modernism Monika Lee, 2010-06-10 This study looks at the origins of the modernist movement, linking gender, modernism and the literary, before considering the bearing these discourses had on Djuna Barnes's writing. The main contribution of this innovative and scholarly work is the exploration of the editorial changes that T. S. Eliot made to the manuscript of *Nightwood*, as well as the revisions of the early drafts initiated by Emily Holmes Coleman. The archival research presented here is a significant advance in the scholarship, making this volume invaluable to both teachers and students of modern literature and Barnesian scholars.

**Recasting Anthropological Knowledge** Jeanette Edwards, Maja Petrović-Šteger, 2011-09-01 This collection of original essays provides an innovative and multifaceted reflection on the impact and inspiration of the scholarship of eminent anthropologist Marilyn Strathern. A distinguished team of international contributors, all former students of Strathern, reflect on the impact of their relationship with their teacher and address the wider conceptual contribution of her work through their own writings. The essays provide an accessible entry into Strathern's scholarship for those new to her work and a rich source of material which mobilises and deploys her concepts, including new ethnographic examples and discussion of contemporary political issues, for those more familiar with her scholarship. The result is a collection that dissects, contextualises and reroutes concepts of relationality, inspiration and knowledge in novel and unpredictable ways. Recasting

Anthropological Knowledge will prove invaluable to all students of anthropology and will be of interest to scholars across the social sciences.

*The Good of the Novel* Liam McIlvanney, Ray Ryan, 2011-04-01 There remains at work - in both Britain and America - a group of literary journalists and academics committed to the evaluative criticism of fiction, to a criticism that approaches novels as novels. *The Good of the Novel* is a collection of specially commissioned essays - edited by Ray Ryan and Liam McIlvanney - on the contemporary Anglophone novel. Bringing together some of the most strenuous and perceptive critics of the present moment and putting them in contact with some of the finest novels of the past three decades, it examines what the novel does and what kinds of truth the novel can tell. What is it that the novel knows? What is it about the language used in a novel that creates a world different from that of drama or poetry? And how does a particular novel exemplify this? These questions can be answered by the careful examination of particular great works by strong evaluative critics. Robert Macfarlane on Hollinghurst's *The Line of Beauty*; Tessa Hadley examining Coetzee's *Disgrace*; and Ian Sansom on Roth's *American Pastoral* - just some of the essays that are to be found in this insightful, intelligent and illuminating book.

The Haunted Reader and Sylvia Plath Gail Crowther, 2017-05-28 Primary research exploring why many of Sylvia Plath's readers become so attached to her as a cultural figure. An innovative and theoretical approach to the relationship between author and reader. Previously unpublished photographs. A creative exploration of ways in which fandom can manifest itself. *The Haunted Reader and Sylvia Plath* takes an unusual approach to studies on this enigmatic literary figure, focusing on the readers rather than the historical figure herself. Working from the premise that Plath is a highly visible cultural figure, this book explores why her readers become so attached to her. Why does she have such a large and devoted following? What is it about her that attracts people and once they are drawn in, how does this fandom manifest itself? This book is based on primary research carried out by the author who has collected stories and accounts from readers of Plath and explores key areas such as the first encounter with Plath, ways in which fans feel they 'double' with her, pilgrimages that they make to places where she lived and worked, how they interact with her images and how they respond to objects owned by Plath. This study is unique and there is no other book that deals with this subject. As such, *The Haunted Reader and Sylvia Plath* offers a fascinating and original approach not only to Plath scholarship, but to the increasing body of literature on fandom studies.
