The Memoirs of Lady Hyegyong JaHyun Kim Haboush, 2013-09-14 Lady Hyegyong's memoirs, which recount the chilling murder of her husband by his father, form one of the best known and most popular classics of Korean literature. From 1795 until 1805 Lady Hyegyong composed this masterpiece, depicting a court life Shakespearean in its pathos, drama, and grandeur. Presented in its social, cultural, and historical contexts, this first complete English translation opens a door into a world teeming with conflicting passions, political intrigue, and the daily preoccupations of a deeply intelligent and articulate woman. JaHyun Kim Haboush's accurate, fluid translation captures the intimate and expressive voice of this consummate storyteller. Reissued nearly twenty years after its initial publication with a new foreword by Dorothy Ko, *The Memoirs of Lady Hyegyong* is a unique exploration of Korean selfhood and an extraordinary example of autobiography in the premodern era.

Bringing the World Home Theodore Hutters, 2017-04-01 *Bringing the World Home* sheds new light on China's vibrant cultural life between 1895 and 1919—a crucial period that marks a watershed between the conservative old regime and the ostensibly iconoclastic New Culture of the 1920s. Although generally overlooked in the effort to understand modern Chinese history, the era has much to teach us about cultural accommodation and is characterized by its own unique intellectual life. This original and probing work traces the most significant strands of the new post-1895 discourse, concentrating on the anxieties inherent in a complicated process of cultural transformation. It focuses principally on how the need to accommodate the West was reflected in such landmark novels of the period as Wu Jianren's *Strange Events Eyewitnessed in the Past Twenty Years* and Zhu Shouju's *Tides of the Huangpu*, which began serial publication in Shanghai in 1916. The negative tone of these narratives contrasts sharply with the facile optimism that characterizes the many essays on the New Novel appearing in the popular press of the time. Neither iconoclasm nor the wholesale embrace of the new could square the contradicting intellectual demands imposed by the momentous alternatives presenting themselves. Slow Burn City Rowan Moore, 2016-03-10 With a new introduction for the paperback. London is a supreme achievement of civilization. It offers fulfilments of body and soul, encourages discovery and invention. It is a place of freedom, multiplicity and co-existence. It is a Liberal city, which means it stands for values now in peril. London has also become its own worst enemy, testing to destruction the idea that the free market alone can build a city, a fantastical wealth machine that denies too many of its citizens a decent home or living. In this thought-provoking, fearless, funny and subversive book, Rowan Moore shows how London's strength depends on the creative and mutual interplay of three forces: people, business and state. To find responses to the challenges of the twenty-first century, London must rediscover its genius for popular action and bold public intervention. The global city above all others, London is the best place to understand the way the world's cities are changing. It could also be, in the shape of a living, churning city of more than eight million people, the most powerful counter-argument to the extremist politics of the present.

The Dragonet Prophecy (Wings of Fire #1) Tui T. Sutherland, 2012-07-01 A thrilling new series soars above the competition and redefines middle-grade fantasy fiction for a new generation! The seven dragon tribes have been at war for generations, locked in an endless battle over an ancient, lost treasure. A secret movement called the Talons of Peace is determined to bring an end to the fighting, with the help of a prophecy -- a foretelling that calls for great sacrifice. Five dragonets are collected to fulfill the prophecy, raised in a hidden cave and enlisted, against their will, to end the terrible war. But not every dragonet wants a destiny. And when the select five escape their underground captors to look for their original homes, what has been unleashed on the dragon world may be far more than the revolutionary planners intended . . .

Classical Chinese Poetry David Hinton, 2014-06-10 "A magisterial book" of nearly five hundred poems from some of history's greatest Chinese poets, translated and edited by a renowned poet and scholar (New Republic). The Chinese poetic tradition is the largest and longest continuous tradition in world literature. This rich and far-reaching anthology of nearly five hundred poems provides a comprehensive account of its first three millennia (1500 BCE to 1200 CE), the period during which virtually all its landmark developments took place. Unlike earlier anthologies of Chinese poetry, Hinton's book focuses on a relatively small number of poets, providing selections that are large enough to re-create each as a fully realized and unique voice. New introductions to each poet's work provide a readable history, told for the first time as a series of poetic innovations forged by a series of master poets. "David Hinton has . . . lured into English a new manner of hearing the great poets of that long glory of China's classical age. His achievement is another echo of the original, and a gift to our language." —W. S. Merwin

Luxury Arts of the Renaissance Marina Belozerskaya,2005-10-01 Today we associate the Renaissance with painting, sculpture, and architecture—the "major" arts. Yet contemporaries often held the "minor" arts—gem-studded goldwork, richly embellished armor, splendid tapestries and embroideries, music, and ephemeral multi-media spectacles—in much higher esteem. Isabella d'Este, Marchesa of Mantua, was typical of the Italian nobility: she bequeathed to her children precious stone vases mounted in gold, engraved gems, ivories, and antique bronzes and marbles; her favorite ladies-in-waiting, by contrast, received mere paintings. Renaissance patrons and observers extolled finely wrought luxury artifacts for their exquisite craftsmanship and the symbolic capital of their components; paintings and sculptures in modest materials, although discussed by some literati, were of lesser consequence. This book endeavors to return to the mainstream material long marginalized as a result of historical and ideological biases of the intervening centuries. The author analyzes how luxury arts went from being lofty markers of ascendancy and discernment in the Renaissance to being dismissed as "decorative" or "minor" arts—extravagant trinkets of the rich unworthy of the status of Art. Then, by re-examining the objects themselves and their uses in their day, she shows how sumptuous creations constructed the world and taste of Renaissance women and men.

The Samurai's Wife Laura Joh Rowland,2000-04-25 A compelling murder mystery set in seventeenth-century Japan, filled with finely drawn characters and suspenseful plot twists, Laura Joh Rowland's *The Samurai's Wife* is a novel as complex, vivid, and artful as the glorious, lost world it portrays. Far from the Shogun's court at Edo, Most Honorable Investigator Sano Ichiro begins the most challenging case of his career. Upon the insistence of his strong-willed and beautiful

wife Reiko, Sano arrives with her at the emperor's palace to unmask the murderer--who possesses the secret of kiai, the spirit city, a powerful scream that can kill instantly. A high Kyoto official is the victim. Treading carefully through a web of spies, political intrigue, forbidden passions, and intricate plots, Sano and Reiko must struggle to stay ahead of the palace storm--and outwit a cunning killer. But as they soon discover, solving the case means more than their survival. For if they fail, Japan could be consumed in the bloodiest war it has ever seen...

Empires and Exchanges in Eurasian Late Antiquity Nicola Di Cosmo, Michael Maas, 2018-04-26 *Empires and Exchanges in Eurasian Late Antiquity* offers an integrated picture of Rome, China, Iran, and the Steppes during a formative period of world history. In the half millennium between 250 and 750 CE, settled empires underwent deep structural changes, while various nomadic peoples of the steppes (Huns, Avars, Turks, and others) experienced significant interactions and movements that changed their societies, cultures, and economies. This was a transformational era, a time when Roman, Persian, and Chinese monarchs were mutually aware of court practices, and when Christians and Buddhists criss-crossed the Eurasian lands together with merchants and armies. It was a time of greater circulation of ideas as well as material goods. This volume provides a conceptual frame for locating these developments in the same space and time. Without arguing for uniformity, it illuminates the interconnections and networks that tied countless local cultural expressions to far-reaching inter-regional ones.

BRIDESHEAD REVISITED Evelyn Waugh, 2023-06-01 *Brideshead Revisited* harkens back to the perceived 'golden age' prior to World War II. In these halcyon days, Charles Ryder is infatuated with the Marchmains and the rapidly-disappearing world of privilege they inhabit. Enchanted first by Sebastian at Oxford, then by his doomed Catholic family, in particular his remote sister, Julia, Charles comes finally to recognize only his spiritual and social distance from them.

Gender and Mission Encounters in Korea Hyaeweol Choi, 2009-11-15 "Pathbreaking. Its rich and diverse historical examples and illustrations are both engaging to read and meticulously documented."—Namhee Lee, UCLA

Inscribed Landscapes, 2023-09-01 Alongside the scores of travel books about China written by foreign visitors, Chinese

travelers' impressions of their own country rarely appear in translation. This anthology is the only comprehensive collection in English of Chinese travel writing from the first century A.D. through the nineteenth. Early examples of the genre describe sites important for their geography, history, and role in cultural mythology, but by the T'ang dynasty in the mid-eighth century certain historiographical and poetic discourses converged to form the travel account (yu-chi) and later the travel diary (jih-chi) as vehicles of personal expression and autobiography. These first-person narratives provide rich material for understanding the attitudes of Chinese literati toward place, nature, politics, and the self. The anthology is abundantly illustrated with paintings, portraits, maps, and drawings. Each selection is meticulously translated, carefully annotated, and prefaced by a brief description of the writer's life and work. The entire collection is introduced by an in-depth survey of the rise of Chinese travel writing as a cultural phenomenon. *Inscribed Landscapes* provides a unique resource for travelers as well as for scholars of Chinese literature, art, and history. Alongside the scores of travel books about China written by foreign visitors, Chinese travelers' impressions of their own country rarely appear in translation. This anthology is the only comprehensive collection in English of Chinese travel writing from t

Cuisine and Culture Linda Civitello, 2011-03-29 *Cuisine and Culture* presents a multicultural and multiethnic approach that draws connections between major historical events and how and why these events affected and defined the culinary traditions of different societies. Witty and engaging, Civitello shows how history has shaped our diet--and how food has affected history. Prehistoric societies are explored all the way to present day issues such as genetically modified foods and the rise of celebrity chefs. Civitello's humorous tone and deep knowledge are the perfect antidote to the usual scholarly and academic treatment of this universally important subject.

Taoism Eva Wong, 2011-03-08 A leading scholar feng shui master presents the great depth and diversity of Taoist philosophy, practices, and history in this accessible manual to the oft-misunderstood spiritual tradition. Millions of readers have come to the philosophy of Taoism thanks to the classics *Tao Te Ching* and the *I Ching*, or through the practices of t'ai chi and feng-shui, but the Tao is less known for its unique traditions of meditation, physical training, magical practice, and internal alchemy. Eva Wong, a leading Taoist practitioner and translator, provides a solid introduction to the Way. All of Taoism's most important texts, figures, and events are covered, as well as its extraordinarily rich history and remarkable variety of practice. Sections include: • The History of Taoism traces the development of the tradition from the shamans of prehistoric China through the classical period (including the teachings of the famous sage Lao-tzu), the beginnings of Taoism as a religion, the rise of mystical and alchemical Taoism, and the synthesis of Taoism, Buddhism, and Confucianism. • Systems of Taoism explores magical sects, divination practices, devotional ceremonies, internal alchemy, and the way of right action. • Taoist Practices discusses meditation, techniques of cultivating the body, and rites of purification, ceremony, and talismanic magic. This roadmap to the spiritual landscape of Taoism not only introduces the important events in the history of

Taoism, the sages who wrote the Taoist texts, and the various schools of Taoist thinking, but also gives readers a feel for what it means to practice Taoism today. A comprehensive bibliography for further study completes this valuable reference work.
