Ismaili Hymns from South Asia Zawahir Moir, Christopher Shackle, 2013-07-04 The Aga Khans have long played a prominent part on the international stage, but much less tends to be understood about the most important group of their followers, the Khoja Ismailis of South Asia, who are now also settled in many other parts of the world. Even less is generally known about the hymns, called ginans, which have historically formed so central an element in the religious life and rituals of the Ismaili community. The principal aim of this anthology is to fill this gap by providing a sympathetic introduction to this still largely unexplored tradition of South Asian devotional literature, and to draw attention to the many features of remarkable interest which it contains.

The Mysticism of Sound and Music Hazrat Inayat Khan, 2022-10-04 The first teacher to bring Islamic mysticism to the West presents music's divine nature and its connection to our daily lives in this poetic classic of Sufi literature. Music, according to Sufi teaching, is really a small expression of the overwhelming and perfect harmony of the whole universe—and that is the secret of its amazing power to move us. The Indian Sufi master Hazrat Inayat Khan (1882–1927), the first teacher to bring the Islamic mystical tradition to the West, was an accomplished musician himself. His lucid exposition of music's divine nature has become a modern classic, beloved not only by those interested in Sufism but by musicians of all kinds.

La Renovation du Shi'isme Ismaelien En Inde Et Au Pakistan Michel Boivin,2013-07-04 This French-language book is the first to propose a scientific approach to the Aga Khan's religious thought, placing it in its proper perspective by revealing how the Aga Khan responded to contemporary challenges. Kaleed-ul-Tauheed Kalan (The Key of Divine Oneness) Sultan Bahoo, Tauheed, literally meaning the Divine Oneness, is the basic pillar and foundation of Islam. Common Muslims consider that the requirement of this most important pillar of Islam is fulfilled just by declaring "La illaha ilAllahoo" i.e. "No one is worthy of worship but Allah" by tongue and superficially believing that Allah is the Creator, Master and Sustainer of every creation and only He should be worshipped. They neither know the essence of Tauheed nor verify it inwardly. Islamic Political Identity in Turkey M. Hakan Yavuz,2003-08-28 In November of 2002, the Justice and Development Party swept to victory in the Turkish parliamentary elections. Because of the party's Islamic roots, its electoral triumph has sparked a host of questions both in Turkey and in the West: Does the party harbor a secret Islamist agenda? Will the new government seek to overturn nearly a century of secularization stemming from Kemal Atatürk's early-twentieth-century reforms? Most fundamentally, is Islam compatible with democracy? In this penetrating work, M. Hakan Yavuz seeks to answer these questions, and to provide a comprehensive analysis of Islamic political identity in Turkey. He begins in the early twentieth century, when Kemal Atatürk led Turkey through a process of rapid secularization and crushed Islamic opposition to his authoritarian rule. Yavuz argues that, since Atatürk's death in 1938, however, Turkey has been gradually moving away from his militant secularism and experiencing a quiet Muslim reformation. Islamic political identity is not homogeneous, says Yavuz, but can be modern and progressive as well as conservative and potentially authoritarian. While the West has traditionally seen Kemalism as an engine for reform against reactionary political Islam, in fact the Kemalist establishment has traditionally used the Islamic threat as an excuse to avoid democratization and thus hold on to power. Yavuz offers an account of the soft coup of 1997, in which the Kemalist military-bureaucratic establishment overthrew the democratically elected coalition government, which was led by the pro-Islamic Refah party. He argues that the soft coup plunged Turkey into a renewed legitimacy crisis which can only be resolved by the liberalization of the political system. The book ends with a discussion of the most recent election and its implications for Turkey and the Muslim world. Yavuz argues that Islamic social movements can be important agents for promoting a democratic and pluralistic society, and that the Turkish example holds long term promise for the rest of the Muslim world. Based on extensive fieldwork and interviews, this work offers a sophisticated new understanding of the role of political Islam in one of the world's most strategically important countries.
