

Quotes By George Soros

Victor Niederhoffer

Soros on Soros George Soros, 1995-08-18 George Soros Ends the Speculation The outcome [of this book] is a summing up of my life's work. . . As I finish the book, I feel I have succeeded.-George Soros from the Preface Critical praise for Soros on Soros If you have ever wanted to sit down for a candid conversation with a phenomenal financial success, George Soros's book provides the opportunity. You will meet a complex man and a first-rate mind.-Henry A. Kissinger The best expert on Soros is undoubtedly George Soros! After all, who is better equipped to tell us what he really thinks and how he thinks, a matter of some importance given the fact that he has translated a remarkable personal financial success into a truly generous and historically significant effort to promote postcommunist democracy. -Zbigniew Brzezinski The best X-ray of the mind of the master yet. -Barton M. Biggs George Soros brings a lot more to the world of finance than the intuition and nerve of a born trader-and in Soros on Soros he's no longer bashful about telling us about it. A philosopher at heart, George attributes his success at investing to a theory of the interaction of reality and human perception. What really drives the man now, with a personal fortune beyond all personal need, is a different kind of strategic investing-investment to build in Eastern Europe the kind of open societies he came to value in his own life. -Paul A. Volcker Financial guru George Soros is one of the most colorful and intriguing figures in the financial world today. Now in Soros on Soros, readers are given their most intimate and revealing look yet into the life and mind of the one BusinessWeek dubbed, The Man Who Moves Markets. Soros on Soros interweaves financial theory and personal reminiscence, political analysis and moral reflection to offer a compelling portrait of the world (and its markets) according to Soros. In an interview-style narrative with Byron Wien, Managing Director at Morgan Stanley, and with German journalist Krisztina Koenen, Soros vividly describes the genesis of his brilliant financial career and shares his views on investing and global finance, politics and the emerging world order, and the responsibility of power. Speaking with remarkable candor, he traces his progress from Holocaust survivor to philosophy student, unsuccessful tobacco salesman to the world's most powerful and profitable trader and introduces us to the people and events that helped shape his character and his often controversial views. In describing the investment theories and financial strategies that have made him a superstar among money managers (The New York Times), Soros tells the fascinating story of the phenomenally successful Soros Fund Management and its \$12 billion flagship, Quantum Fund. He also offers fresh insights into some of his most sensational wins and losses, including a firsthand account of the \$1 billion he

made going up against the British pound and the fortune he lost speculating on the yen. Plus: Soros's take on the devaluation of the peso and currency fluctuations internationally. He tells of the personal and professional crises that more than once threatened to destroy him and of the personal resources he drew upon to turn defeat into resounding victory. And he explains his motivations for establishing the Soros Foundation and the Open Society Institute through which he worked to build open societies in postcommunist countries in Eastern Europe and the former Soviet Union. Finally, turning his attention to international politics, Soros offers keen insights into the current state of affairs in Russia and the former communist bloc countries and analyzes the reasons behind and likely consequences of the West's failure to properly integrate them into the free world. He also explores the crisis of the ERM and analyzes the pros and cons of investing in a number of emerging markets. Find out what makes one of the greatest financial wizards of this or any age tick. Soros on Soros is a must read for anyone interested in world finance and international policy.

The Crash of 2008 and What it Means George Soros, 2009-01-15 In the midst of one of the most serious financial upheavals since the Great Depression, George Soros, the legendary financier and philanthropist, writes about the origins of the crisis and proposes a set of policies that should be adopted to confront it. Soros, whose breadth of experience in financial markets is unrivaled, places the crisis in the context of his decades of study of how individuals and institutions handle the boom and bust cycles that now dominate global economic activity. In a concise essay that combines practical insight with philosophical depth, Soros makes an invaluable contribution to our understanding of the great credit crisis and its implications for our nation and the world.

Buying a Better World Anna Porter, 2015-02-21 The incredible, inside story of the man and the organization changing the way we change the world. George Soros is well known as the legendary speculator who made a fortune betting against the British pound in 1992, but he is also a philanthropist who has spent billions in order to promote democracy around the world. Morton Abramowitz of the Carnegie Endowment for Peace once said that Soros was “the only private citizen with his own foreign policy.” Anna Porter has interviewed Soros, his senior staff, journalists, politicians, and many others in an attempt to understand the man. Each person has a unique story to tell. Focusing on the last decade, she explores how Soros’s Open Society Foundations have spread his ideas of human rights, democracy, Western liberalism, and participatory capitalism around the globe. These are the ideas Soros has said he considers worth dying for. How have they translated into reality? What will his legacy be?

[The Alchemy of Finance](#) George Soros, 2015-06-15 New chapter by Soros on the secrets to his success along with a new Preface and Introduction. New Foreword by renowned economist Paul Volcker An extraordinary . . . inside look into the decision-making process of the most successful money manager of our time. Fantastic. —The Wall Street Journal George Soros is unquestionably one of the most powerful and profitable investors in the world today. Dubbed by BusinessWeek as

the Man who Moves Markets, Soros made a fortune competing with the British pound and remains active today in the global financial community. Now, in this special edition of the classic investment book, *The Alchemy of Finance*, Soros presents a theoretical and practical account of current financial trends and a new paradigm by which to understand the financial market today. This edition's expanded and revised Introduction details Soros's innovative investment practices along with his views of the world and world order. He also describes a new paradigm for the theory of reflexivity which underlies his unique investment strategies. Filled with expert advice and valuable business lessons, *The Alchemy of Finance* reveals the timeless principles of an investing legend. This special edition will feature a new chapter by Soros on the secrets of his success and a new Foreword by the Honorable Paul Volcker, former Chairman of the Federal Reserve. George Soros (New York, NY) is President of Soros Fund Management and Chief Investment Advisor to Quantum Fund N.V., a \$12 billion international investment fund. Besides his numerous ventures in finance, Soros is also extremely active in the worlds of education, culture, and economic aid and development through his Open Society Fund and the Soros Foundation.

The Age of Fallibility George Soros, 2007-06-26 After reflecting on his support of a losing Democrat for president, George Soros steps back to revisit his views on why George Bush's policies around the world fall short in the arenas most important to Soros: democracy, human rights and open society. As a survivor of the Holocaust and a life-long proponent of free expression, Soros understands the meaning of freedom. And yet his differences with George Bush, another proponent of freedom, are profound. In this powerful essay Soros spells out his views and how they differ from the president's. He reflects on why the Democrats may have lost the high ground on these values issues and how they might reclaim it. As he has in his recent books, *On Globalization* and *The Bubble of American Supremacy*, Soros uses facts, anecdotes, personal experience and philosophy to illuminate a major topic in a way that both enlightens and inspires.

Philanthrocapitalism Matthew Bishop, Michael Green, 2010-06-01 For philanthropists of the past, charity was often a matter of simply giving money away. For the philanthrocapitalists-the new generation of billionaires who are reshaping the way they give-it's like business. Largely trained in the corporate world, these social investors are using big-business-style strategies and expecting results and accountability to match. Bill Gates, the world's richest man, is leading the way: he has promised his entire fortune to finding a cure for the diseases that kill millions of children in the poorest countries in the world. In *Philanthrocapitalism*, Matthew Bishop and Michael Green examine this new movement and its implications. Proceeding from interviews with some of the most powerful people on the planet-including Gates, Bill Clinton, Warren Buffett, Oprah Winfrey, and Bono, among others-they show how a web of wealthy, motivated donors has set out to change the world.

The Soros Lectures George Soros, 2010-02-09 Five lectures George Soros recently delivered at the Central European University in Budapest - which he founded in 1991 - distill a lifetime of thinking on finance, capitalism and open society In a

series of lectures delivered at the Central European University in October 2009, George Soros provided a broad overview of his thoughts on economics and politics. The lectures are the culmination of a lifetime of practical and philosophical reflection. In the first and second lecture, Soros discusses his general theory of reflexivity and its application to financial markets, providing insight into the recent financial crisis. The third and fourth lectures examine the concept of open society, which has guided Soros' global philanthropy, as well as the potential for conflict between capitalism and open society. The closing lecture focuses on the way ahead, closely examining the increasingly important economic and political role that China will play in the future. The Budapest Lectures presents these five seminal talks into one volume, which offers a condensed and highly readable summary of Soros' world view.

George Soros On Globalization George Soros, 2005-03-16 Never before have we stood to gain or lose as much from understanding the international economy. Scandals plague the world's largest corporations, the American trade deficit has soared to historic heights, and international organizations from the World Bank to the WTO are accused of being inefficient and corrupt. Is our global economy as unhealthy, and as unjust, as we think? And what can be done about it? At this critical juncture, George Soros, a major proponent of globalization, takes to task the many institutions that have failed to keep pace with our global economy. At the same time, he offers a compelling new paradigm to bring the institutions and the economy back into necessary alignment. Economics are amoral, he argues -- but neither our society nor our economy can afford to function without a distinct system of right and wrong. As we look toward the future and wonder what's ailing our economy, where our jobs are going, and whether the power of economics can be harnessed for positive changes, this thoroughly updated edition of George Soros on Globalization is a report no citizen of the world can do without.

George Soros Peter L. W. Osnos, 2022-03-08 A compelling new picture of one of the most important, complex, and misunderstood figures of our time. The name George Soros is recognized around the world. Universally known for his decades of philanthropy, progressive politics, and investment success, he is equally well known as the nemesis of the far right—the target of sustained attacks from nationalists, populists, authoritarian regimes, and anti-Semites—because of his commitment to open society, freedom of the press, and liberal democracy. At age 91, Soros still looms large on the global stage, and yet the man himself is surprisingly little understood. Asking people to describe Soros is likely to elicit different and seemingly contradictory answers. Who is George Soros, really? And why does this question matter? Biographers have attempted to tell the story of George Soros, but no single account of his life can capture his extraordinary, multifaceted character. Now, in this ambitious and revealing new book, Soros's longtime publisher, Peter L. W. Osnos, has assembled an intriguing set of contributors from a variety of different perspectives—public intellectuals (Eva Hoffman, Michael Ignatieff), journalists (Sebastian Mallaby, Orville Schell), scholars (Leon Botstein, Ivan Krastev), and nonprofit leaders (Gara LaMarche, Darren Walker)—to paint a full picture of the man beyond the media portrayals. Some have worked closely with Soros, while

others have wrestled with issues and quandaries similar to his in their own endeavors. Their collective expertise shines a new light on Soros's activities and passions and, to the extent possible, the motivation for them and the outcomes that resulted. Through this kaleidoscope of viewpoints emerges a vivid and compelling portrait of this remarkable man's unique and consequential impact. It has truly been a life in full.

The Shadow Party David Horowitz, Richard Poe, 2007-04-15 America is under attack. Its institutions and values are under daily assault. But the principal culprits are not foreign terrorists. They are influential and powerful Americans secretly stirring up disunion and disloyalty in the shifting shadows of the Democratic Party. Radical infiltrators have been quietly transforming America's societal, cultural, and political institutions for more than a generation. Now, backed by George Soros, they are ready to make their move. These progressive extremists have gained control over a once-respectable but now desperate and dangerous political party. From their perches in the Democratic hierarchy, they seek to undermine the war on terror, destabilize the nation, and effect radical regime change in America. With startling new evidence, New York Times best-selling authors David Horowitz and Richard Poe shine the light on the Shadow Party, exposing its methods, tactics, and ultimate agenda.

Reflexivity and Economics John Davis, D. Hands, 2018-04-19 The form of 'reflexivity' - defined by the dictionary as that which is 'directed back upon itself' - that is most relevant to economic methodology is that where observation of the economy leads to ideas that change behavior, which in turn changes (is directed back upon) the economy itself. As George Soros explains: if investors believe that markets are efficient then that belief will change the way they invest, and that in turn will change the nature of the markets they are observing ... That is the principle of reflexivity. Although various versions of reflexivity have long been discussed, in recent years George Soros has been particularly effective in bringing ideas about reflexivity to the attention of the economic and financial communities. In a series of writings he has systematically argued that reflexivity is not only an important aspect of economic life, it is an aspect that is neglected in most mainstream theorizing; and in addition, that the neglect of reflexivity has been responsible for the failure of economists to predict, explain, or offer a solution for events such as the recent financial crisis. Soros' ideas about reflexivity have important methodological significance, and his chapter in this book summarizes and clarifies his arguments. His contribution is joined by those of thirteen scholars from a wide range of relevant fields, who provide a commentary on the idea of reflexivity in economics. This book was originally published as a special issue of The Journal of Economic Methodology.

The Influence of Soros Emily Tamkin, 2020-07-07 A seasoned journalist probes one of the right-wing's favorite targets, Hungarian-American investor and philanthropist George Soros, to explore the genesis of his influence and the truth of the conspiracies that surround him. For years, hedge fund tycoon George Soros has been demonized by GOP politicians, fringe outlets, and right-wing media personalities, who claim Soros often manipulates the global economy and masterminds the

radical left. He has been accused of using his billions to foment violence, support “white genocide,” and pay migrants to seek asylum in the United States. Right-wing media personalities have described him as working to hijack our democracy and undermine sovereignty. Left-leaning outlets, meanwhile, have suggested that his philanthropy is a distraction from the economic misery he himself has made. But who is George Soros? How did he make his money? What causes does he actually support? How did this billionaire become the right’s favorite target—used by elected officials sympathetic to the idea that their country’s opposition can be blamed on one man in the endless messaging war? How much of the hatred is driven by rising antisemitism? Though his name appears often in the media, most people know little about Soros. Weaving biography, cultural commentary, and investigative reporting, Emily Tamkin brings into focus the man and his myth to examine how much influence he actually has on politics. Is Soros simply a left-wing version of the Koch brothers? Or is he genuinely trying to make the world a better place? *The Influence of Soros* offers an understanding of the man and his money, his contributions and donations, and his true sway over our politics, elections, and our societies. Ultimately, Tamkin asks, can a truly open society exist if any one man can have the kind of power Soros wields?

Man Behind the Curtain Matt Palumbo, 2021-12-21 George Soros’ web of influence is documented and exposed. No one else in modern politics has anywhere near the power and influence of George Soros, both domestically and internationally. Backed by the tens of billions of dollars he’s accumulated throughout his career, Soros has his hand in influencing the media, activist groups, colleges, presidential elections, global elections, local U.S. politics, and much more. Soros has earned himself a reputation as a “boogeyman” character on the right, and nowhere else will you read such an extensive documentation of his influence as in this book.

The Winning Investment Habits of Warren Buffett & George Soros Mark Tier, 2013-09-17 Warren Buffett, Carl Icahn, and George Soros all started with nothing---and made billion-dollar fortunes solely by investing. But their investment strategies are so widely divergent, what could they possibly have in common? As Mark Tier demonstrates in this insightful book, the secrets that made Buffet, Icahn, and Soros the world's three richest investors are the same mental habits and strategies they all practice religiously. However, these are mental habits and strategies that fly in the face of Wall Street's conventional mindset. For example: -Buffett, Icahn, and Soros do not diversify. When they buy, they buy as much as they can. -They're not focused on the profits they expect to make. Going in, they're not investing for the money at all. -They don't believe that big profits involve big risks. In fact, they're far more focused on not losing money than making it. -Wall Street research reports? They never read them. They're not interested in what other people think. Indeed, Buffett says he only reads analyst reports when he needs a laugh. In *The Winning Investment Habits of Warren Buffett & George Soros* you can discover how the mental habits that guided your last investment decision stack up against those of Buffett, Icahn, and Soros. Then learn exactly how you can apply the wealth-building secrets of the world's richest investors to transform your own investment

results.

Financial Turmoil in Europe and the United States George Soros,2012-01-24 The dire economic situation we find ourselves in is not a result of economic forces alone, but of the policies pursued, and not pursued, by world leaders. In this collection of his recent writings on the global financial situation, George Soros presents his views and analysis of key economic policy choices leading up to, during, and following the financial crisis of 2008-2009. Soros explores domestic and international policy choices like how to manage the (then) potential implosion of Fannie Mae & Freddie Mac, deploying measures to stem global contagion from the sub-prime crisis, alternative options on bailing out lesser developed countries and why this was vital, the structural problems of European economic management, and more. *Financial Turmoil in Europe and the United States* elegantly distills the choices at hand, and takes the reader on a journey of real time economic policy work and experimentation.

Open Borders Inc. Michelle Malkin,2019-09-10 Michelle Malkin's latest book is required reading for anyone wishing to understand the forces and interests behind the open borders and mass migration lobby. —Pawel Styrna, ImmigrationReform.com Follow the money, find the truth. That's Michelle Malkin's journalistic mantra, and in her stunning new book, *Open Borders Inc.*, she puts it to work with a shocking, comprehensive exposé of who's behind our immigration crisis. In the name of compassion—but driven by financial profit—globalist elites, Silicon Valley, and the radical Left are conspiring to undo the rule of law, subvert our homeland security, shut down free speech, and make gobs of money off the backs of illegal aliens, refugees, and low-wage guest workers. Politicians want cheap votes or cheap labor. Church leaders want pew-fillers and collection plate donors. Social justice militants, working with corporate America, want to silence free speech they deem "hateful," while raking in tens of millions of dollars promoting mass, uncontrolled immigration both legal and illegal. Malkin names names—from Pope Francis to George Clooney, from George Soros to the Koch brothers, from Jack Dorsey to Tim Cook and Mark Zuckerberg. Enlightening as it is infuriating, *Open Borders Inc.* reveals the powerful forces working to erase America.

Underwriting Democracy George Soros,2004-04-07 George Soros has done more for open societies than any other private citizen in the world. In *Underwriting Democracy* he describes his experiences helping to bring about democratic change in Eastern Europe—experiences that are especially relevant now that our country has begun to intervene (though in an entirely different way than Soros) to create functioning democracies. Throughout the 1980s George Soros worked to identify and fund the growing political movements that caused the downfall of Eastern Europe's Communist governments. He established foundations, first in his native Hungary, and then in eight other countries, and used them to finance everything from the installation of previously forbidden copying machines in public libraries to the creation of experimental schools, clubs, and workshops for the support of dissidents. This unprecedented, and brilliant, financial and logistical support helped

to bring down the communist regimes in peaceful revolutions across the continent. These are thrilling stories about facing down—and getting past—the Communist party powers in order to change these nations from the inside out.

Soros Michael T. Kaufman,2010-09-29 A penniless émigré who made a fortune and became one of the great philanthropists of the twentieth century, George Soros has led a remarkable life. This biography brings forth his story in unprecedented depth, from his childhood as a Jew in occupied Budapest during World War II to his conquests on Wall Street and the establishment of his philanthropic Open Society foundations. Soros offers exclusive glimpses at an often misunderstood man, revealing a shy character whose own struggle to escape the Nazis left him with the adamant belief that people of the world are entitled to live without the fear of oppression. Enigmatic, contradictory, and inspiring, George Soros is one of the most intriguing and globally influential men of our time. In this accomplished biography, written with Soros's cooperation, Michael T. Kaufman fully illuminates the man, his motivations, and his legacy.

The Education of a Speculator Victor Niederhoffer,1998-03-19 Acclaim for The Education of a Speculator, a provocative and penetrating look into the mind, the soul, and the strategies of one of the most controversial traders of all time A compelling and an entertaining read. -The Wall Street Journal Victor Niederhoffer gives us page after page of distilled investment wisdom. Taken together, this is pure nectar to those who aim for consistently superior stock market performance. -Barron's The Education of a Speculator offers plenty of insights into the way markets work, but the epiphanies are what a reader might expect from Lao-tzu rather than, say, Graham and Dodd. -Worth magazine The Education of a Speculator is the first meaningful book on speculating. Successful speculating is as fine an art as chess, checkers, fishing, poker, tennis, painting, and music. Niederhoffer brings forth the best from each of these fields and shows the investor how their principles can enrich one's life and net worth. -Martin Edelston, President, Boardroom Inc., publishers of Boardroom Classics and Bottom Line/Personal With an original mind and an eclectic approach, Victor Niederhoffer takes the reader from Brighton Beach to Wall Street, visiting all stops of interest along the way. What emerges is a book full of insights, useful to the professional and layman alike. -George Soros, Principal Investment Advisor, The Quantum Fund

A World to Win Sven-Eric Liedman,2018-04-17 Karl Marx has fascinated and inspired generations of radicals in the past 200 years. In this new, definitive biography, Sven-Eric Liebman makes his work live once more for a new generation. Despite 200 years having passed since his birth, his burning condemnation of capitalism remains of immediate interest. Now, more than ever before, Marx's texts can be read for what they truly are. In addition to providing a living picture of Marx the man, his life, and his family and friends - as well as his lifelong collaboration with Friedrich Engels - Sweden's leading intellectual historian Sven-Eric Liedman, in this major new biography, shows what Karl Marx the thinker and researcher really wrote, demonstrating that this giant of the nineteenth century can still exert a powerful attraction for the inhabitants of the twenty-first.

Quotes By George Soros Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Quotes By George Soros PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows

anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Quotes By George Soros PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials

they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Quotes By George Soros free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Quotes By George Soros Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow

you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Quotes By George Soros is one of the best book in our library for free trial. We provide copy of Quotes By George Soros in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Quotes By George Soros. Where to download Quotes By George Soros online for free? Are you looking for Quotes By George Soros PDF? This is definitely going to save you time and cash in something you should think about.
