**Collected Reprints** Atlantic Oceanographic and Meteorological Laboratories,1977

*Review of the Impact of Criminal Infringement Notices on Aboriginal Communities* NSW Ombudsman, New South Wales. Ombudsman,2009 This is a report by the Ombudsman as required by section 344A of the Criminal Procedure Act 1986. It relates to the police use of Criminal Infringement Notices (CINs) for certain minor offences in NSW, the processes used to enforce these sanctions, and the impact of CINs on Aboriginal and Torres Strait Islander communities. The issues arising from our review, including findings and recommendations, are noted throughout the report--P. 1.

*Biblical Lexicology: Hebrew and Greek* Eberhard Bons, Jan Joosten, Regine Hunziker-Rodewald, 2015-07-01 Lexicography, together with grammatical studies and textual criticism, forms the basis of biblical exegesis. Recent decades have seen much progress in this field, yet increasing specialization also tends to have the paradoxical effect of turning exegesis into an independent discipline, while leaving lexicography to the experts. The present volume seeks to renew and intensify the exchange between the study of words and the study of texts. This is done in reference to both the Hebrew source text and the earliest Greek translation, the Septuagint. Questions addressed in the contributions to this volume are how linguistic meaning is effected, how it relates to words, and how words may be translated into another language, in Antiquity and today. Etymology, semantic fields, syntagmatic relations, word history, neologisms and other subthemes are discussed. The main current and prospective projects of biblical lexicology or lexicography are presented, thus giving an idea of the state of the art. Some of the papers also open up wider perspectives of interpretation.

**Rhetoric in Cicero's Pro Balbo** Kimberly A. Barber, 2004-06-01 This book offers an examination of Cicero's speech, the Pro Balbo, which was delivered during a momentous period of Roman history, in defence of a highly influential political advisor of Caesar who was charged under the lex Papia for an illegal grant of citizenship.

*Dictionary of German and English, English and German* Max Bellows, 1915

*Bd. 2 U. 3 Mit Dem Zusatz: 1614 - 1780* Melania Bucciarelli, Norbert Dubowy, Reinhard Strohm, 2006-01-01

*House of Cards and Philosophy* J. Edward Hackett, 2015-12-14 Is Democracy overrated? Does power corrupt? Or do corrupt people seek power? Do corporate puppet masters pull politicians' strings? Why does Frank talk to the camera? Can politics deliver on the promise of justice? House of Cards depicts our worst fears about politics today. Love him or loathe him,

Frank Underwood has charted an inimitable course through Washington politics. He and his cohorts depict the darkest dealings within the gleaming halls of our most revered political institutions. These 24 original essays examine key philosophical issues behind the critically-acclaimed series—questions of truth, justice, equality, opportunity, and privilege. The amoral machinations of Underwood, the ultimate anti-hero, serve as an ideal backdrop for a discussion of the political theories of philosophers as diverse as Plato, Aristotle, Nietzsche, Machiavelli, Hobbes, and Marx. From political and corporate ethics, race relations, and ruthless pragmatism to mass media collusion and sexual politics, these essays tackle a range of issues important not only to the series but to our understanding of society today.

*Mr. Sorkin Goes to Washington* Melissa Crawley, 2006-03-14 Before the unprecedented televised presidential debates of 1960, most Americans were able to relate to their leaders in little more than an historical context. In the era of televised elections, however, the media have allowed Americans to witness the paternal, moral and intellectual qualities of their president up close. Television has been so critical to this process of political socialization that, for many Americans, the televised image of the president is the president. As the acclaimed television drama *The West Wing* demonstrates, fictional representations of the presidency can also be significant civic forces. This book examines how film and television drama contribute to shaping the presidency and the way most Americans understand it, and particularly the processes of political education. The text discusses *The West Wing*'s didactic potential, its representation of White House politics, and its depiction of race and gender, with commentary on how fictional representations of the presidency become important elements of American political consciousness.

**Der Same Seths** Gesine Schenke Robinson, Gesa Schenke, Uwe-Karsten Plisch, 2012-06-08 During a lifetime of scholarship and teaching, Hans-Martin Schenke produced a large number of publications in the fields of New Testament, Gnosticism, and Coptology. This collection of his essays and book reviews bears witness to his love for the linguistic aspects of Coptology and illustrates his wide-ranging interest in the development of early Christianity. His insights and deep understanding of Gnostic beliefs and systems as a background for interpreting the New Testament make his contributions to this discipline very rewarding and indispensable reading. Im Laufe seines langen wissenschaftlichen Lebens hat Hans-Martin Schenke eine Fülle von Veröffentlichungen in den Bereichen Neues Testament, Gnosisforschung und Koptologie hervorgebracht. Die hier vorliegende Sammlung seiner Aufsätze und Rezensionen bekundet den Reichtum seines Schaffens. Sie zeugt von seiner Liebe zur koptischen Linguistik und veranschaulicht die Spannweite seines Interesses an der Entwicklung des frühen Christentums. Seine tiefe Kenntnis gnostischer Vorstellungen und Systeme als Hintergrund für das Verständnis des Neuen Testaments lässt seine Beiträge zu einer unentbehrlichen Fundgrube und seine Einsichten zu einem lohnenden Lesevergnügen werden.

**The Grave, Etc. (Elegy Written in a Country Church Yard. By Mr. Gray.-A Night-Piece on Death.).** Robert BLAIR

(Minister of Athelstaneford.),1787

**Projecting Politics** Elizabeth Haas,Terry Christensen,Peter J. Haas,2015-04-10 The new edition of this influential work updates and expands the scope of the original, including more sustained analyses of individual films, from *The Birth of a Nation* to *The Wolf of Wall Street*. An interdisciplinary exploration of the relationship between American politics and popular films of all kinds—including comedy, science fiction, melodrama, and action-adventure—*Projecting Politics* offers original approaches to determining the political contours of films, and to connecting cinematic language to political messaging. A new chapter covering 2000 to 2013 updates the decade-by-decade look at the Washington-Hollywood nexus, with special areas of focus including the post-9/11 increase in political films, the rise of political war films, and films about the 2008 economic recession. The new edition also considers recent developments such as the Citizens United Supreme Court decision, the controversy sparked by the film *Zero Dark Thirty*, newer generation actor-activists, and the effects of shifting industrial financing structures on political content. A new chapter addresses the resurgence of the disaster-apocalyptic film genre with particular attention paid to its themes of political nostalgia and the turn to global settings and audiences. Updated and expanded chapters on nonfiction film and advocacy documentaries, the politics of race and African-American film, and women and gender in political films round out this expansive, timely new work. A companion website offers two additional appendices and further materials for those using the book in class.

*Access to Western Esotericism* Antoine Faivre,1994-12-05 This is the first systematic treatment of esotericism to appear in English. Here is also a historical survey, beginning with the Alexandrian Period, of the various esoteric currents such as Christian Kabbalah, Theosophy, Alchemy, Rosicrucianism, and Hermeticism. Common characteristics of these currents are the notion of universal interdependency and the experience of spiritual transformation. The author establishes a rigorous methodology; provides clarifying definitions of such key terms as gnosis, theosophy, occultism, and Hermeticism; and offers analysis of contemporary esotericism based on three distinct pathways. The second half of the book presents a series of studies on several important figures, works, and movements in Western esotericism—studies devoted to some of the most characteristic and illuminating aspects that this form of thought has taken, such as theosophical speculations on androgyny, rosicrucian literature, and Masonic symbolism. The book is completed by a rich and selective Bibliography conceived as a means of orientation and a tool for research.

**Dictionary of Gnosis & Western Esotericism** Wouter J. Hanegraaff,2006 This is the first comprehensive reference work to cover the entire domain of “Gnosis and Western Esotericism” from Late Antiquity to the present. It contains critical discussions of all its major authors, currents and manifestations, from Gnosticism to the New Age.This one volume edition is an unabridged version of the two volume edition published in 2005.

*The Prime-Time Presidency* Shawn J. Parry-Giles,2010-10-01 Contrasting strong women and multiculturalism with

portrayals of a heroic white male leading the nation into battle, *The Prime-Time Presidency* explores the NBC drama *The West Wing*, paying particular attention to its role in promoting cultural meaning about the presidency and U.S. nationalism. Based in a careful, detailed analysis of the first term of *The West Wing*'s President Josiah Bartlet, this criticism highlights the ways the text negotiates powerful tensions and complex ambiguities at the base of U.S. national identity--particularly the role of gender, race, and militarism in the construction of U.S. nationalism. Unlike scattered and disparate collections of essays, Trevor Parry-Giles and Shawn J. Parry-Giles offer a sustained, ideologically driven criticism of *The West Wing*. *The Prime-time Presidency* presents a detailed critique of the program rooted in presidential history, an appreciation of television's power as a source of political meaning, and television's contribution to the articulation of U.S. national identity.

**Serial Agencies** Frank Kelleter, 2014-09-26 *Serial Agencies* investigates how public and academic reactions to *The Wire* have contributed to the narrative's serial evolution and cultural performance.

**A Novel Approach to Politics** Douglas A. Van Belle, 2024-08-28 A textbook your students will want to read. If you would like students to understand hard political concepts, this work makes it accessible for them. By using pop culture, we can open ideological ideas and students are not bound by their own preconceived ideas. —Leah Murray, Weber State University *A Novel Approach to Politics* turns the conventional textbook wisdom on its head by using pop culture references to illustrate key concepts and cover recent political events. Adopters of previous editions are thanking author Douglas A. Van Belle for some of their best student evaluations to date. With this Seventh Edition, Van Belle brings the book fully up-to-date with recent events, current policy debates, international happenings, and other assorted political matters. Understanding politics requires a willingness to engage with ideas, arguments, and information that makes you uncomfortable, Van Belle takes the most tumultuous political periods in recent history head-on. Somehow, he weaves in recent movies and books into the text as he works in a solid foundation in institutions, ideology, and economics controversies into all that sizzle, which is certain to captivate students. **Pindar** Charles Athorp Wheelwright, Anacreon, Thomas Bourne, 2019-03-08 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor

pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The World Book Encyclopedia of Science World Book, Inc,2000 An eight-volume reference set which explores many aspects of science, including sections on career opportunities pertaining to various fields of science.

*Ten Speeches* Marcus Tullius Cicero,James E. G. Zetzel,2009 The ten speeches in this volume illustrate Cicero's entire career and exemplify all the major contexts for his oratory: before the senate, the people, and the courts. They illuminate the major political crises of Cicero's time and offer portraits of many of the major political figures. Several of these speeches also shed light on the most important cultural and literary debates of the late Republic. James Zetzel's general Introduction discusses Cicero's public life; the social, political, and cultural contexts of his speeches; and the challenges of translating them into modern English. This edition also includes an introduction to each speech, a section on Roman institutions and offices, a chronological table, maps, a bibliography, and a biographical index.

Event Scores Alison Knowles,1992 Event Scores, involve simple actions, ideas, and objects from everyday life recontextualized as performance. Event Scores are texts that can be seen as proposal pieces or instructions for actions. The idea of the score suggests musicality. Like a musical score, Event Scores can be realized by artists other than the original creator and are open to variation and interpretation.--Artist's website
