**Darnell L Moore**

Thick Tressie McMillan Cottom, 2019-01-08 FINALIST FOR THE 2019 NATIONAL BOOK AWARD Named a notable book of 2019 by the New York Times Book Review, Chicago Tribune, Time, and The Guardian As featured by The Daily Show, NPR, PBS, CBC, Time, VIBE, Entertainment Weekly, Well-Read Black Girl, and Chris Hayes, incisive, witty, and provocative essays (Publishers Weekly) by one of the most bracing thinkers on race, gender, and capitalism of our time (Rebecca Traister) “Thick is sure to become a classic.” —The New York Times Book Review In eight highly praised treatises on beauty, media, money, and more, Tressie McMillan Cottom—award-winning professor and acclaimed author of *Lower Ed*—is unapologetically thick: deemed thick where I should have been thin, more where I should have been less, McMillan Cottom refuses to shy away from blending the personal with the political, from bringing her full self and voice to the fore of her analytical work. *Thick* transforms narrative moments into analyses of whiteness, black misogyny, and status-signaling as means of survival for black women (Los Angeles Review of Books) with writing that is as deft as it is amusing (Darnell L. Moore). This transgressive, provocative, and brilliant (Roxane Gay) collection cements McMillan Cottom's position as a public thinker capable of shedding new light on what the personal essay can do. She turns her chosen form into a showcase for her critical dexterity, investigating everything from Saturday Night Live, LinkedIn, and BBQ Becky to sexual violence, infant mortality, and Trump rallies. Collected in an indispensable volume that speaks to the everywoman and the erudite alike, these unforgettable essays never fail to be painfully honest and gloriously affirming and hold a mirror to your soul and to that of America (Dorothy Roberts).

**Lower Ed** Tressie McMillan Cottom, 2017-02-28 More than two million students are enrolled in for-profit colleges, from the small family-run operations to the behemoths brandished on billboards, subway ads, and late-night commercials. These schools have been around just as long as their bucolic not-for-profit counterparts, yet shockingly little is known about why they have expanded so rapidly in recent years—during the so-called Wall Street era of for-profit colleges. In *Lower Ed* Tressie McMillan Cottom—a bold and rising public scholar, herself once a recruiter at two for-profit colleges—expertly parses the fraught dynamics of this big-money industry to show precisely how it is part and parcel of the growing inequality plaguing the country today. McMillan Cottom discloses the shrewd recruitment and marketing strategies that these schools deploy and explains how, despite the well-documented predatory practices of some and the campus closings of others, ending for-

profit colleges won't end the vulnerabilities that made them the fastest growing sector of higher education at the turn of the twenty-first century. And she doesn't stop there. With sharp insight and deliberate acumen, McMillan Cottom delivers a comprehensive view of postsecondary for-profit education by illuminating the experiences of the everyday people behind the shareholder earnings, congressional battles, and student debt disasters. The relatable human stories in *Lower Ed*—from mothers struggling to pay for beauty school to working class guys seeking good jobs to accomplished professionals pursuing doctoral degrees—illustrate that the growth of for-profit colleges is inextricably linked to larger questions of race, gender, work, and the promise of opportunity in America. Drawing on more than one hundred interviews with students, employees, executives, and activists, *Lower Ed* tells the story of the benefits, pitfalls, and real costs of a for-profit education. It is a story about broken social contracts; about education transforming from a public interest to a private gain; and about all Americans and the challenges we face in our divided, unequal society.

*No Ashes in the Fire* Darnell L Moore, 2018-05-29 From a leading journalist and activist comes a brave, beautifully wrought memoir. When Darnell Moore was fourteen, three boys from his neighborhood tried to set him on fire. They cornered him while he was walking home from school, harassed him because they thought he was gay, and poured a jug of gasoline on him. He escaped, but just barely. It wasn't the last time he would face death. Three decades later, Moore is an award-winning writer, a leading Black Lives Matter activist, and an advocate for justice and liberation. In *No Ashes in the Fire*, he shares the journey taken by that scared, bullied teenager who not only survived, but found his calling. Moore's transcendence over the myriad forces of repression that faced him is a testament to the grace and care of the people who loved him, and to his hometown, Camden, NJ, scarred and ignored but brimming with life. Moore reminds us that liberation is possible if we commit ourselves to fighting for it, and if we dream and create futures where those who survive on society's edges can thrive. *No Ashes in the Fire* is a story of beauty and hope—and an honest reckoning with family, with place, and with what it means to be free.

**Fugitive Democracy** Sheldon S. Wolin, 2018-11-13 An authoritative collection of the most important writings of an influential political thinker Sheldon Wolin was one of the most influential and original political thinkers of the past fifty years. In *Fugitive Democracy*, the breathtaking range of Wolin's scholarship, political commitment, and critical acumen are on full display in this authoritative and accessible collection of essays. This book brings together his most important writings, from classic essays to his late radical essays on American democracy such as *Fugitive Democracy*, in which he offers a controversial reinterpretation of democracy as an episodic phenomenon distinct from the routinized political management that passes for democracy today. Wolin critically engages a diverse range of political theorists, and grapples with topics such as power, modernization, the sixties, revolutionary politics, and inequality, all the while showcasing enduring commitment to writing civic-minded theoretical commentary on the most pressing political issues of the day. *Fugitive Democracy* offers

enduring insights into many of today's most pressing political predicaments, and introduces a whole new generation of readers to this provocative figure in contemporary political thought.

The Jukebox and Other Essays on Storytelling Peter Handke, 1994-07-30 Nobel Prize winner Peter Handke offers three intimate, eloquent meditations that map a self-reflexive journey from Alaska to the Austria of his childhood, while illuminating the act of writing itself. In his Essay on Tiredness, Handke transforms an everyday experience--often precipitated by boredom--into a fascinating exploration of the world of slow motion, differentiating degrees of fatigue, the types of weariness, its rejuvenating effects, as well as its erotic, cultural, and political implications. The title essay is Handke's attempt to understand the significance of the jukebox, a quest which leads him, while on a trip in Spain, into the literature of the jukebox, the history of the music box, and memories of the Beatles' music, in turn elucidating various stages of his own life. And in his Essay on the Successful Day, for which there is no prescription, Handke invents a picture of tranquility, using a self-portrait by Hogarth as his point of departure to describe a state of being at peace. Playful, reflective, insightful, and entertaining, *The Jukebox and Other Essays on Storytelling* constitutes a literary triptych that redefines the art of the essay and challenges the form of the short story, confirming Peter Handke's stature as one of the most original and provocative of contemporary writers (Lawrence Graver, *The New York Times Book Review*).

*Survival of the Thickest* Michelle Buteau, 2020-12-08 Now a comedy series on Netflix! From the stand-up comedian, actress, and host beloved for her cheeky swagger, unique voice, and unapologetic frankness comes a book of “zesty and hilarious” (*Publishers Weekly*) essays for fans of *Is Everyone Hanging Out Without Me* by Mindy Kaling and *We're Going to Need More Wine* by Gabrielle Union. If you've watched television or movies in the past couple of years, you've seen Michelle Buteau. With scene-stealing roles in *Always Be My Maybe*, *First Wives Club*, *Someone Great*, *Russian Doll*, and *Tales of the City*; a reality TV show and breakthrough stand-up specials, including her headlining show *Welcome to Buteaupia* on Netflix; and two podcasts (*Late Night Whenever* and *Adulthood*), Michelle's star is on the rise. You'd be forgiven for thinking the road to success—or adulthood or financial stability or self-acceptance or marriage or motherhood—has been easy, but you'd be wrong. Now, in *Survival of the Thickest*, Michelle reflects on growing up Caribbean, Catholic, and thick in New Jersey, going to college in Miami (where everyone smells like pineapple), her many friendship and dating disasters, working as a newsroom editor during 9/11, getting started in stand-up opening for male strippers, marrying into her husband's Dutch family, IVF and surrogacy, motherhood, chosen family, and what it feels like to have a full heart, tight jeans, and stardom finally in her grasp.

Kant's Little Prussian Head and Other Reasons Why I Write: An Autobiography in Essays Claire Messud, 2020-10-13 A glimpse into a beloved novelist's inner world, shaped by family, art, and literature. In her fiction, Claire Messud has specialized in creating unusual female characters with ferocious, imaginative inner lives (Ruth Franklin, *New York Times Magazine*). *Kant's Little Prussian Head and Other Reasons Why I Write* opens a window on Messud's own life: a peripatetic

upbringing; a warm, complicated family; and, throughout it all, her devotion to art and literature. In twenty-six intimate, brilliant, and funny essays, Messud reflects on a childhood move from her Connecticut home to Australia; the complex relationship between her modern Canadian mother and a fiercely single French Catholic aunt; and a trip to Beirut, where her pied-noir father had once lived, while he was dying. She meditates on contemporary classics from Kazuo Ishiguro, Teju Cole, Rachel Cusk, and Valeria Luiselli; examines three facets of Albert Camus and *The Stranger*; and tours her favorite paintings at Boston's Museum of Fine Arts. In the luminous title essay, she explores her drive to write, born of the magic of sharing language and the transformative powers of "a single successful sentence." Together, these essays show the inner workings of a dazzling literary mind. Crafting a vivid portrait of a life in celebration of the power of literature, Messud proves once again an absolute master storyteller (Rebecca Carroll, *Los Angeles Times*).

**Letters From Prison and Other Essays** Adam Michnik, 1986-08-06 Among the voices that speak to us from Poland today, the most important may be that of Adam Michnik. Michnik now sits in a jail belonging to the totalitarian regime, yet his first concern--and herein lies one of the keys to his thinking, and one should add, to his character--is with the quality of his own conduct, which, together with the conduct of other victims of the present situation, will, he is sure, one day set the tone for whatever political system follows the totalitarian debacle. His essays are the most valuable guide we have to the origins of the revolution, and, more particularly, to its innovative practices.

**The Food Lab: Better Home Cooking Through Science** J. Kenji López-Alt, 2015-09-21 Over 1 Million Copies Sold A New York Times Bestseller Winner of the James Beard Award for General Cooking and the IACP Cookbook of the Year Award The one book you must have, no matter what you're planning to cook or where your skill level falls.—New York Times Book Review Ever wondered how to pan-fry a steak with a charred crust and an interior that's perfectly medium-rare from edge to edge when you cut into it? Kenji López-Alt has pondered all these questions and more. In *The Food Lab*, Kenji focuses on the science behind beloved American dishes, delving into the interactions between heat, energy, and molecules that create great food. Kenji shows that often, conventional methods don't work that well, and home cooks can achieve far better results using new—but simple—techniques. **How Should One Read a Book** Virginia Woolf, 2022-06-02 Virginia Woolf dreamed of the Day of Judgment. The great conquerors and lawyers and statesmen come to receive their rewards - crowns, laurels, names carved on marble. But, when

he sees people coming with books under their arms, God turns to Peter and says: Look, those need no reward. We have nothing to give them here. They have loved reading. And this is the essence of her essay - sheer love for the written word: a joy in exploring the thoughts and imaginings of the author. If you sometimes get bogged down in a book, Woolf has produced the perfect self-help manual and motivational guide to reading. If you enjoyed 'How Should One Read a Book?', try 'How to Read a Book: The Classic Guide to Intelligent Reading', by Mortimer J Adler. To read a novel is a difficult and complex art, says Virginia Woolf. Adeline Virginia Woolf (1882-1941) made an impact during her life, but her fame grew in the decades after her death. The English writer helped launch the use of stream-of-consciousness in literature and was a pioneer of 20th century modernism. Arguably her greatest legacy, though, comes from how her writing helped to inspire the feminist movements of the second half of the 20th century. Along with members of her family and other authors, Woolf helped found the Bloomsbury Group. After she married the political theorist and author Leonard Woolf in 1912, they went on to found the Hogarth Press. Virginia also had a long relationship with the writer Vita Sackville-West. The affair featured in the 2018 movie 'Vita and Virginia', starring Gemma Arterton and Elizabeth Debicki. Her best-known works include the novels 'Mrs Dalloway', 'To the Lighthouse' and 'Orlando'.

*Hard to Love* Briallen Hopper, 2019-02-05 A sharp and entertaining essay collection about the importance of multiple forms of love and friendship in a world designed for couples, from a laser-precise new voice. Sometimes it seems like there are two American creeds, self-reliance and marriage, and neither of them is mine. I experience myself as someone formed and sustained by others' love and patience, by student loans and stipends, by the kindness of strangers. Briallen Hopper's *Hard to Love* honors the categories of loves and relationships beyond marriage, the ones that are often treated as invisible or seen as secondary--friendships, kinship with adult siblings, care teams that form in times of illness, or various alternative family formations. She also values difficult and amorphous loves like loving a challenging job or inanimate objects that can't love you back. She draws from personal experience, sharing stories about her loving but combative family, the fiercely independent Emerson scholar who pushed her away, and the friends who have become her invented or found family; pop culture touchstones like the Women's March, John Green's *The Fault in Our Stars*, and the timeless series *Cheers*; and the work of writers like Joan Didion, Gwendolyn Brooks, Flannery O'Connor, and Herman Melville (*Moby-Dick* like you've never seen it!). *Hard to Love* pays homage and attention to unlikely friends and lovers both real and fictional. It is a series of love letters to the meaningful, if underappreciated, forms of intimacy and community that are tricky, tangled, and tough, but ultimately sustaining.

**Digital Sociologies** Jessie Daniels, Karen Gregory, Tressie McMillan Cottom, 2017 This handbook offers a much-needed overview of the rapidly growing field of digital sociology. Rooted in a critical understanding of inequality as foundational to digital sociology, it connects digital media technologies to traditional areas of study in sociology, such as labor, culture,

education, race, class, and gender. It covers a wide variety of topics, including web analytics, wearable technologies, social media analysis, and digital labor. The result is a benchmark volume that places the digital squarely at the forefront of contemporary investigations of the social.

*What Do We Do about Inequality?* Chris Oestereich,2016-08 Looks at rampant and growing disparities in various forms and looks to help the reader understand these problem from new perspectives, while also offering ideas towards creating outcomes that are more just than those that are currently endured.

**What Waits in the Woods** Kieran Scott,2015-03-31 Seeing things. You were just seeing things. For city girl Callie Velasquez, nothing sounds more terrifying than a night out in the wilderness. **Caste** Isabel Wilkerson,2020-08-04 THE TIME NONFICTION BOOK OF THE YEAR | #1 NEW YORK TIMES BESTSELLER Powerful and timely ... I cannot recommend it strongly enough - Barack Obama Beyond race or class, our lives are defined by a powerful, unspoken system of divisions. In *Caste*, Pulitzer Prize-winning author Isabel Wilkerson provides a profound, eye-opening portrait of this hidden phenomenon. This is the story of how our world was shaped by caste, and how its rigid, arbitrary hierarchies still divide us today. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people--including Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others--she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their out-cast of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways we can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. 'Required reading for all of humanity' Oprah Winfrey If you haven't read it yet, you absolutely must. - Edward Enniful, Vogue 'An instant American classic' Dwight Garner, The New York Times

**The Subject of Experience** Galen Strawson, 2017 This book considers the conscious subject, the subject of experience, in particular the human subject-the self, the person. Galen Strawson examines the phenomenology of the self-he asks what is it like to have or be a self or to feel that one is or has a self-and the metaphysics of the self-Is there really such a thing as the self? If so, what is its nature? He develops a novel approach to the metaphysical questions out of the results of the phenomenological investigation, and argues, against those who say that the self is just the human being, that we can legitimately distinguish self and human being. At the same time he raises doubts about how long selves can be supposed to last, insofar as they are distinct from human beings. Moving on to the ethics and moral psychology of the self, Strawson asks whether we can really be said to lose anything in dying. He criticizes the popular notion of the narrative self, and emphasizes the differences between 'Endurers' or 'Diachronics'-people who feel that they are the same person when they consider their past and future-and 'Transients' or 'Episodics'-people who do not feel this. Strawson also considers the logic of the word I, the first-person pronoun, and the reflexive structure of conscious awareness, before examining Locke's, Hume's and Kant's accounts of the mind and personal identity, and arguing that Locke and Hume have been badly misunderstood. The fourteen essays draw on literature and psychology as well as philosophy. Book jacket.
