Musical AKAs Jeanette Marie Drone,2007 There are many reasons for musical artists to write or compose under an assumed name: be it hiding or drawing attention to their ethnicity or gender, pursuing an additional career or genre, or writing a parody or humorous music. Often, nicknames are assigned to composers and lyricists, whether they want them or not. Whatever the reasons for these artists to use assumed names instead of or in addition to their own, this comprehensive resource has amassed and cataloged them. *Musical AKAs* is a wide-ranging index of assumed names and sobriquets of approximately 9,800 composers, songwriters, lyricists, librettists, hymnists, and writers of music. More than 15,000 assumed names--whether legal name changes, pseudonyms, pen names, or nicknames--have been collected into one easy to reference listing. Author Jeanette Drone has assembled information from numerous music sources--including comprehensive and biographical dictionaries and encyclopedias, biographies, journals, Internet web sites, and print and online copyright sources--and organized them into this extensive four-part volume. Part I alphabetically lists the sources in which assumed names or sobriquets were found for three or more individuals. Part II lists alphabetically the original names of artists from both popular and classical music, detailing their assumed names and sobriquets, dates, occupations, source codes, and complete bibliographic citations for print and Internet sources. The pseudonyms are cataloged alphabetically in Part III, with references to the original names. *Musical AKAs* concludes with Part IV, offering additional explanatory information on both original and assumed names.

The Clef/Verve Labels: The MGM era Bob Porter,1986 The Clef/Verve discography is another magnificent achievement for which the jazz world owes Michel Ruppli and Greenwood Press an enormous debt of gratitude. The information contained in it should now be available to writers, researchers, and collectors. *Jazztimes* Through his Jazz at the

Philharmonic concerts and recordings and the Verve/Clef recordings of the 1940s and 1950s, Norman Granz had a significant impact in bringing jazz before a wide public and helping to sustain the careers of some of the most famous musical artists of the time. The first volume of the Clef/Verve discography provides comprehensive listings of recordings made or issued under the Clef, Verve, and subsidiary labels between 1944 and 1961, when Granz owned both labels and conducted recording sessions. It features many classic performances by Louis Armstrong, Count Basie, Duke Ellington, Billie Holiday, and many other great names in jazz. Volume II, which is devoted to sessions made on the Verve label following its purchase by MGM in 1961 until the last sessions in 1973, includes Jazz Bossa Nova, folk music, and rock and pop groups such as Stan Getz, Wes Montgomery, and the Mothers of Invention.

Searching the Heart Karen Lystra, 1992-06-25 In January 1862, Charles Godwin courted Harriet Russell, ultimately unsuccessfully, with the following lines: Like cadences of inexpressibly sweet music, your kind words came to me: causing every nerve to vibrate as though electrified by some far off strain of heavenly harmony. Almost ten years later, Albert Janin, upon receiving a letter from his beloved Violet Blair, responded with, I kissed your letter over and over again, regardless of the small-pox epidemic at New York, and gave myself up to a carnival of bliss before breaking the envelope. And in October 1883, Dorothea Lummis wrote candidly to her husband Charles, I like you to want me, dear, and if I were only with you, I would embrace more than the back of your neck, be sure. In Karen Lystra's richly provocative book, *Searching the Heart*, we hear the voices of Charles, Albert, Dorothea, and nearly one hundred other nineteenth-century Americans emerge from their surprisingly open, intimate, and emotional love letters. While historians of nineteenth-century America have explored a host of private topics, including courtship, marriage, birth control, sexuality, and sex roles, they have consistently neglected the study of romantic love. Lystra fills this gap by describing in vivid detail what it meant to fall in love in Victorian America. Based on a vast array of love letters, the book reveals the existence of a real openness--even playfulness--between male and female lovers which challenges and expands more traditional views of middle-class private life in Victorian America. Lystra refutes the common belief that Victorian men and women held passionlessness as an ideal in their romantic relationships. Enabling us to enter the hidden world of Victorian lovers, the letters they left behind offer genuine proof of the intensity of their most private interactions, feelings, behaviors, and judgments. Lystra discusses how Victorians anthropomorphized love letters, treating them as actual visits from their lovers, insisting on reading them in seclusion, sometimes kissing them (as Albert does with Violet's), and even taking them to bed. She also explores how courtship rituals--which included the setting

and passing of tests of love--succeeded in building unique, emotional bonds between lovers, and how middle-class views of romantic love, which encouraged sharing knowledge and intimacy, gave women more power in the home. Through the medium of love letters, *Searching the Heart* allows us to enter, unnoticed, the Victorian bedroom and parlor. We will leave with a different view of middle-class Victorian America.
