Breach of Trust Peter Birks,Arianna Pretto-Sakmann,Arianna Pretto,2002-07-05 Recent leading cases have demonstrated the urgent need to modernize the learning on breach of trust. This book, written by a team of leading trust lawyers from a number of common law jurisdictions, investigates all the principal aspects of the subject.

Managing Projects, Managing People David Parker,David William Parker,Michael A. Craig,2008 With so many organisations using projects to implement change, and easy-to-use computer packages greatly reducing the mechanistic aspects of project planning, project managers now require more highly developed leadership skills than even before. *Managing Projects, Managing People* draws on theoretical aspects of managing and mitigating risks, motivational and leadership theory and excellent communication to provide the reader with the skills required for project management in today's business environment. In addition to the theoretical foundations, attention is given to PRINCE (Projects IN Controlled Environments) that supports and frames the application of projects to ensure conformance, compliance, adequate reporting procedures, due diligence and communication to all stakeholders. *Managing Projects, Managing People* takes a nontraditional approach to project management and is designed to facilitate the reader's understanding of the principles of managing a project. The book addresses most types of project, but particular emphasis is given to the non-manufacturing sector and, especially, the services sector. Chapters contain examples and relevant case studies to further demonstrate and support the foundations and skills addressed throughout. For academics prescribing this text, a comprehensive instructor's manual and power point presentations are provided on CD.

The Myth of 'Roo Deon le Roux,2011-09-26 We have been lied to for many years. It is a myth. There are no roo's. A couple of friends take on a journey through New Zealand and Australia to search for the mythical kangaroos. There is laughter and tears, freezing rain and sweltering heat, road kill and road trains. You will meet crazy Russians, warlords in hiding and some croc hunters. Read carefully as somewhere between Wellington and Cairns the meaning of life is revealed.

The Psychopath Epidemic Cameron Reilly,2020-01-07 Similar to the bestselling Sociopath Next Door comes a unique look at the psychopaths among us and how our society--from businesses and governments to religions--encourages and rewards psychopathic behavior, and what average citizens can do to survive and thrive when we must live with, learn from,

or be led by sociopaths. Psychiatrists estimate that 1 percent of the adult population are psychopaths. That's about two million Americans. And they are our bosses, our politicians, our priests, and our neighbors. And they are running our economy and our lives. Every day in the news we hear about people in positions of power doing deplorable things--in business, politics, and government, from sexual harassment to polluting the environment to covering up crimes. And it's no wonder considering a small percentage of people wield a large amount of power, and that these very same people fit the definition of a psychopath. A highly engaging and gripping read, Cameron Reilly's book adds to our growing understanding of sociopaths with a detailed analysis of how our society encourages and rewards psychopathic tendencies, and how, because of this, psychopaths the world over have risen to power. Using historical references to pop culture examples, Reilly offers a field guide to psychopaths--how to spot them and how to outmaneuver them so you can keep your sanity intact. This is the first-of-its-kind book to examine the shocking evidence and then suggest practical solutions for saving us all.

Pensions, Contracts and Trusts: Legal Issues on Decision Making David Pollard, 2020-05-10 This is a topical area for the courts, which have moved to imply various limitations or tests on decision makers powers and when they can be challenged. This is made more difficult for lay users and lawyers alike in that implied restrictions are (by definition) not apparent from the words of the relevant contract itself. These limits are applied by the courts not just to fiduciaries (such as trustees or directors), but also to non-fiduciaries (eg banks and employers). Recent case law includes: · Pitt v Holt (SC) - trustee decisions (2013) · Braganza (SC) - contractual discretions (2015) · Eclair (SC) - directors powers: proper purposes (2015) · IBM UK Holdings v Dalgleish (CA) - employer powers under pension plans (2017) · British Airways (CA)- pension plan - proper purposes (2018) The book reviews the relevant doctrines of: · Interpretation rules · Proper purposes; · Due consideration of relevant factors · Full perversity (no reasonable decision maker)

Let's Get Dogs#!T Tommy Hawkins, 2014-02-12 This book was copied out of my journal that was wrote whilst I travelled around Australia and Asia. I wasn't planning to write a journal, but I left England around x-mas time and the journal was a x-mas present from my brother Mat. The first few weeks of my travels I met so many people who had started a journal and didn't carry it on, it was these guys who give me the inspiration to keep writing until I got back to London. 2 and a half years later Lets get Dogs#!t was born.

Construction Law Julian Bailey, 2016-07-15 Now in its second edition, Construction Law is the standard work of reference for busy construction law practitioners, and it will support lawyers in their contentious and non-contentious practices worldwide. Published in three volumes, it is the most comprehensive text on this subject, and provides a unique and invaluable comparative, multi-jurisdictional approach. This book has been described by Lord Justice Jackson as a tour de force, and by His Honour Humphrey Lloyd QC as seminal and definitive. This new edition builds on that strong foundation and has been fully updated to include extensive references to very latest case law, as well as changes to statutes and

regulations. The laws of Hong Kong and Singapore are also now covered in detail, in addition to those of England and Australia. Practitioners, as well as interested academics and post-graduate students, will all find this book to be an invaluable guide to the many facets of construction law.

It's All About Love Stephen Jensen,2000-09-10 What you think determines who you are and the type of life you have. Your life can be full of love, i.e. happiness, peace, trust, good luck, contentment and abundance or based on fear, i.e. disease, illness, drama, stress, pain, struggle, hardship, injury, crime, sadness, loss, anger, disappointment, violence, loneliness and worry. To change your life you must change yourself. To do that you must change how you think. This book is the definitive guide on how to do that. The very simple and short answer is to have more LOVE in your life. Although its not always the obvious solution it is the only solution. This book explains why love lets you have a better life including better health, success in all your relationships, abundance in all things and the real possibility of finally being able to have what you want. It takes you on a healing journey of self discovery by providing a model to guide you to see who you are, what you need to change about yourself and how to effortlessly and painlessly make those changes. Once you have changed then you will attract even more love into your life and experience peace, contentment and fulfillment.

Drive-Thru Dreams Adam Chandler,2019-06-25 “This is a book to savor, especially if you’re a fast-food fan.”—Bookpage This fun, argumentative, and frequently surprising pop history of American fast food will thrill and educate food lovers of all speeds. —Publishers Weekly Most any honest person can own up to harboring at least one fast-food guilty pleasure. In Drive-Thru Dreams, Adam Chandler explores the inseparable link between fast food and American life for the past century. The dark underbelly of the industry’s largest players has long been scrutinized and gutted, characterized as impersonal, greedy, corporate, and worse. But, in unexpected ways, fast food is also deeply personal and emblematic of a larger than life image of America. With wit and nuance, Chandler reveals the complexities of this industry through heartfelt anecdotes and fascinating trivia as well as interviews with fans, executives, and workers. He traces the industry from its roots in Wichita, where White Castle became the first fast food chain in 1921 and successfully branded the hamburger as the official all-American meal, to a teenager's 2017 plea for a year’s supply of Wendy’s chicken nuggets, which united the internet to generate the most viral tweet of all time. Drive-Thru Dreams by Adam Chandler tells an intimate and contemporary story of America—its humble beginning, its innovations and failures, its international charisma, and its regional identities—through its beloved roadside fare.

Business Law Nickolas James,2024-10-28 Designed specifically for business students, James' Business Law, 7th Edition provides a comprehensive introduction to the fundamentals of business law. Tailored to accommodate the initial encounter with legal principles for business students, this textbook offers a clear and accessible pathway into the realm of law. Unlike

traditional texts from leading legal publishers, Business Law, 7th Edition prioritizes a practical approach, emphasizing real-world applications over doctrinal intricacies. By demystifying complex legal concepts and presenting them within a business-oriented framework, this textbook equips students with the necessary foundation to navigate the legal landscape with confidence.

Woody's World Turns Left....Into Australia John Wood,2009-12-18 Woody is funny, witty and writes in a unique style which educates and informs, guaranteed to make you laugh. A former dancer from Kent, now living in Surrey, Woody always sees the bright side of life and tells it like it is. Currently expanding his writing to include humorous Romance.

Battle of the Greyhounds Shaun Donovan (Taffy's Travels'),2008-07-03 After successfully completing his 12,000 mile bus ride around America, Shaun Donovan now embarks on his latest and greatest challenge - to circumnavigate the coastline of Australia, again by bus, but also to ride the famous 'Indian Pacific' and 'Ghan' trains from west to east and south to north of this vast continent - A 20,000 kilometre journey which must be completed in less than 50 days. In a compelling story of determination, desperation and in some cases deprivation, read how Shaun and his fiance, Sally are roasted alive in sizzling heat and stifling humidity, get drowned-out in tropical storms and flash-flooding and survive an onslaught of electrifying lightning bolts, devastating cyclones and bone-shaking earthquakes before their journey is finally at an end. Add to this a lethal concoction of shark, stingray, and snake attacks they stumble upon during their trip and mix it up with crocodile, box jelly-fish, blue-ringed octopus and deadly stone-fish encounters and you've got yourself one hell of a story-line to tell. Like his American voyage of discovery, many things were learned and achieved, but there was also despair as his dreams of scuba diving on the Great Barrier Reef and visiting Ayres Rock were shattered due to weather conditions and personal circumstances, both of which he swears will be done on his return to one of the most diverse and exciting continents on the planet. Expat Christina Henry de Tessian,2013-03-05 It's one thing to travel abroad—to stay in charming hotels and deliberate over whether to visit this museum or relax at that café even to head off the beaten track for a glimpse of real life—and another thing altogether to move to another country. Expat chronicles the experiences of twenty-two ordinary women living extraordinary lives in outposts as far flung as Borneo, Ukraine, India, Greece, Brazil, China and the Czech Republic. In vivid detail, these writers share how the realities of life abroad match up to the expat fantasy. One woman negotiates the rough courtesies of Serbia, finding lives limned by harshness and an insurmountable spirit. Another is tutored on English manners by an eclectic bunch from Liverpool: The cardinal sin in America is to be insincere, whereas the cardinal sin in England is to be boring. For some, their new home prompts them to reconnect or confront lost parts of themselves: One woman rediscovers her Judaism—in Japan; another writer's Western outlook is challenged by Javanese mysticism. Many share their own naïve blunders and private confessions: a Thanksgiving dinner that doesn't translate in Paris, a sudden yearning for bad

Hollywood films. And all discover that what it means to be American is redefined, again and again. taps into the bewilderment, the joys and surprises of life overseas, where the challenges often take unexpected forms and the obstacles overcome are all the more triumphant. Featuring an astonishing range of perspectives, destinations and circumstances, this collection offers a beautiful portrait of expatriate life.

The Sky Is Smiling Kevin Munro,2015-04 I was released from an in-patient mental health ward in early March 2006. A trophy pictured in the preface of this book displays the date July 23, 2006, as the initial USA competition poetry award. That date marks the deadline of the period required for a poem to be created, entered, and judged. All that was left for application after my 20 years of post grad training, was creative writing. My hidden hope was to offer in a real way, an apology via deed to all those who encountered me when I was unwell. There is something strange regarding that period’s legal progress, since society so easily ignores this as “dealing with madness.” My elderly mother watched as my life appeared to unravel, but always offered support. In 2009, as she lay upon her deathbed in hospital, she held the first volume for which she was my sounding board. She smiled and said, “Well, at least you have a little hope appearing now.” These works you hold are the collated works of this period of hurtful outpour, and are continuous from early 2006 until late 2014.
