Ray Bradbury

Becoming Ray Bradbury Jonathan R. Eller, 2011-08-10 *Becoming Ray Bradbury* chronicles the making of an iconic American writer by exploring Ray Bradbury's childhood and early years of his long life in fiction, film, television, radio, and theater. Jonathan R. Eller measures the impact of the authors, artists, illustrators, and filmmakers who stimulated Bradbury's imagination throughout his first three decades. Unprecedented access to Bradbury's personal papers and other private collections provides insight into his emerging talent through his unpublished correspondence, his rare but often insightful notes on writing, and his interactions with those who mentored him during those early years. Beginning with his childhood in Waukegan, Illinois, and Los Angeles, this biography follows Bradbury's development from avid reader to maturing author, making a living writing for the genre pulps and mainstream magazines. Eller illuminates the sources of Bradbury's growing interest in the human mind, the human condition, and the ambiguities of life and death--themes that became increasingly apparent in his early fiction. Bradbury's correspondence documents his frustrating encounters with the major trade publishing houses and his earliest unpublished reflections on the nature of authorship. Eller traces the sources of Bradbury's very conscious decisions, following the sudden success of *The Martian Chronicles* and *The Illustrated Man*, to voice controversial political statements in his fiction. Eller also elucidates the complex creative motivations that yielded *Fahrenheit 451*. *Becoming Ray Bradbury* reveals Bradbury's emotional world as it matured through his explorations of cinema and art, his interactions with agents and editors, his reading discoveries, and the invaluable reading suggestions of older writers. These largely unexplored elements of his life pave the way to a deeper understanding of his more public achievements, providing a biography of the mind, the story of Bradbury's self-education and the emerging sense of authorship at the heart of his boundless creativity.

Readers are rewarded with thoughtful analysis, humorous one-liners, and plenty of brushfires that continue burning long after the book is closed.

The Stories of Ray Bradbury Ray Bradbury,2010-04-06 One hundred of Ray Bradbury's remarkable stories which have, together with his classic novels, earned him an immense international audience and his place among the most imaginative and enduring writers of our time. Here are the Martian stories, tales that vividly animate the red planet, with its brittle cities and double-mooned sky. Here are the stories that speak of a special nostalgia for Green Town, Illinois, the perfect setting for a seemingly cloudless childhood—except for the unknown terror lurking in the ravine. Here are the Irish stories and the Mexican stories, linked across their separate geographies by Bradbury's astonishing inventiveness. Here, too, are thrilling, terrifying stories—including “The Veldt” and “The Fog Horn”—perfect for reading under the covers. Read for the first time, these stories become as unshakable as one's own fantasies. Read again—and again—they reveal new, dazzling facets of the extraordinary art of Ray Bradbury.

Farewell Summer Ray Bradbury,2013-05-21 The master of American fiction returns to the territory of his beloved

classic, *Dandelion Wine*—a sequel 50 years in the making Some summers refuse to end . . . October 1st, the end of summer. The air is still warm, but fall is in the air. Thirteen-year-old Douglas Spaulding, his younger brother Tom, and their friends do their best to take advantage of these last warm days, rampaging through the ravine, tormenting the girls . . . and declaring war on the old men who run Green Town, IL. For the boys know that Colonel Quartermain and his cohorts want nothing more than to force them to put away their wild ways, to settle down, to grow up. If only, the boys believe, they could stop the clock atop the courthouse building. Then, surely, they could hold onto the last days of summer . . . and their youth. But the old men were young once, too. And Quartermain, crusty old guardian of the school board and town curfew, is bent on teaching the boys a lesson. What he doesn't know is that before the last leaf turns, the boys will give him a gift: they will teach him the importance of not being afraid of letting go.

I Live by the Invisible Ray Bradbury, 2002 Most of the...poems in this collection from the unquenchable Bradbury are new, but all have his evergreen touch - accessible, humorous, quietly emotional... Bradbury can't long restrain his usual luxuriating in the sensual wonder of life... Bradbury

The Illustrated Man Ray Bradbury, 2012-04-17 Eighteen science fiction stories deal with love, madness, and death on Mars, Venus, and in space.

Dark Black Sam Weller, 2020-04-28 In this haunting debut collection of short stories, Sam Weller, authorized biographer of the legendary Ray Bradbury, blurs the boundaries between the weird, the outre, the paranormal, the Gothic, and old school punk rock. *Dark Black* features 20 tales, at turns chilling, melancholy, hilarious, and nightmarish. A marine biologist at the end of his career embarks on his greatest field study to find the mythical sea beast he believes he witnessed as a young man, long ago. A writing professor discovers the Clutter murder house, made infamous in Truman Capote's 1966 classic, *In Cold Blood*, is available on a vacation rental site. He books the home to finish his latest book with unexpected results. A group of kids use a Ouija board to contact their beloved, deceased friend. A punk rock musician writes a groundbreaking album, collaborating with the ghost of a musical legend. A college student with subtle telekinetic abilities attempts to use her powers in the midst of a horrifying school shooting. Sam Weller worked side by side with Ray Bradbury for over a decade. No surprise, then, that *Dark Black* is deeply inspired by Bradbury's dark and enduring 1955 collection, *The October Country*, mashed-up with modern influences, such as anthology television program *The Black Mirror* and *American Horror Story*. *Dark Black*'s 20 short stories are made up of evanescent ghosts and inner demons, lost souls and lost love. Featuring striking, original color artwork by renowned artist and printmaker Dan Grzeca, known for his concert prints for The Black Keys, Sharon Van Etten, U2, among others, *Dark Black* is art object as book, in this case of haunting new American Gothic fiction.

Ray Bradbury Jonathan R. Eller, William F. Touponce, 2004 This is a textual, bibliographical and cultural study of 60 years of Bradbury's fiction. The authors draw upon correspondence with his publishers, agents and friends, as well as
