Reflecting on the Names of Allah Jinan Yousef,2023-03-30 This book provides a comprehensive explanation for Allah's names and attributes. The author has effectively defined the attributes of Allah in such a way to ensure sufficient detail is provided for the reader, without excessively analysing and over complicating the topic. Furthermore it allows for a lighter, more pleasant and rewarding experience on the journey in reconnecting and strengthening the bond with our Creator.

The Ninety-nine Beautiful Names of God Ghazzālī,1992 In this work, here presented in a complete English edition for the first time, the problem of knowing God is confronted in an original and stimulating way. Taking up the Prophet's teaching that 'Ninety-nine Beautiful Names' are truly predicated of God, Ghazali explores the meaning and resonance of each of these divine names, and reveals the functions they perform both in the cosmos and in the soul of the spiritual adept. Although some of the book is rigorously analytical, the author never fails to attract the reader with his profound mystical and ethical insights, which, conveyed in his sincere and straightforward idiom, have made of this book one of the perennial classics of Muslim thought, popular among Muslims to this day. This volume won a British Book Design and Production Award in 1993.

Allah - 99 Names and Their Meanings Ahmad Shaheer Usmani,2019-02-22 The 99 names of Allah are also known as His attributes. In Islam's Holy book, The Quran, Allah has revealed His 99 names or attributes. Prophet Muhammad SAW said, Allah has ninety-nine names, i.e. one-hundred minus one, and whoever knows them will go to Paradise. This book is an humble effort to list the names of Allah along with their meanings.

Blessed Names and Attributes of Allah Abdur Raheem Kidwai,2016-03-25 Allah's are the names most beautiful. Whatever is in the heavens and earth extols His glory.—The Qur'an (Al-Hashr 59:24) Allah has 99 names. He who remembers these will certainly enter Paradise.—Prophet Muhammad (Bukharhi Hadith Kitab Ad-Dawat, 2,949) Remembering the Names of Allah is

a sacred tradition in Islam. Both the Qur'an and sayings of the Prophet (Hadiths) state the importance of learning them and promise reward for reciting them in supplications and prayers. This beautiful presentation of Allah's most revered ninety-nine names draws the reader nearer to the Divine through contemplation and reflection of Allah's names, their meaning, and how each impacts our daily lives. They help to conceptualize Allah, Whose limitless greatness and glory is impossible to grasp. Each name is presented in the original Arabic and its translation into English. Accompanying each name is a commentary that is concise and easy to understand but rich in meaning. Abdur Raheem Kidwai (b. 1956) is a professor of English at the Aligarh Muslim University, India, and a visiting fellow at the School of English, University of Leicester, United Kingdom. Lughat-UL-Quran 2 Ghulam Ahmad Parwez, 2015-01-18 In order to understand the true message and spirit of the Holy Quran, it is essential to know the language it has been revealed in. The first step is to understand the meaning of individual words. One needs to understand how words were used by the ancient Arabs by the time of Quranic revelation, and not depend on anyone's explanation or understanding as to what they mean today. Along with proper understanding of Arabic grammar, the true meanings of Quranic words, and their use with respect to the context in which they have been revealed in, one student of Quran may get closer to the Truth. The task of creating a Quranic dictionary or encyclopedia that would explain the classical meanings of Quranic words and their use along with significance was undertaken by Allama Ghulam Ahmed Parwez in 1960, where he compiled Lughat-ul-Quran in Urdu language. Now this dictionary has been translated to English by Quranic Education Society in Norway, in order to appeal to a larger audience worldwide and to inspire modern Quranic students.

The Power of Prayer (Channeling Brain Waves Through Dhikr) Ahmed Hulusi, 2014-06-20 Prayer is the weapon of a believer. - Muhammad (saw) Prayer is the act of actualizing one's wants through the divine powers present within. There is of course a scientific explanation to this act. Essentially prayer is 'guided brain waves.' Just as the dimension of knowledge transforms into energy and the quantum field to form the universe, the wants and desires of consciousness emanate from the dimension of knowledge to reveal themselves as the wants and desires of man and become actualized through the densification of guided brain waves. Due to this, the stronger the concentration level, the faster the response will be to the prayer. And he who turns away from My dhikr (the absolute reality of which I have reminded him), indeed, he will have a restricted life (limited by the conditions of his body and mind), and We will resurrect him as blind in the period of Doomsday. Quran 20:124 Since only a very small percentage of the brain is employed while a large part of brain capacity remains

unused, dhikr allows the activation of this larger percentage. The bio-electrical energy produced in specific regions in the brain via dhikr spreads to other regions and activates the dormant cells thereby increasing brain activity. Whatever the dhikr is about, the frequency corresponding to that meaning is emanated to the cells and thus brain capacity relevant to that particular meaning is increased.
