Virginia Woolf fra i suoi contemporanei Liliana Rampello,2002

**Virginia Woolf e i suoi contemporanei** AA.VV.,2017-11-16 Virginia bocca sporca d'inchiostro. Virginia ginocchia spigolose sotto la lampada e sigaretta nel bocchino. Virginia madonna beffarda e regina di Bloomsbury. Virginia che danza attorno a Vanessa come una libellula attorno a una ninfea. Virginia che prega Leonard di fermare l'automobile all'incrocio del negozio di antiquariato. Virginia su uno sgabello a conversare di Proust con un libraio parigino. Virginia su una poltrona sfondata alla Hogarth Press. Virginia umbratile e crepuscolare, Virginia depressa, Virginia spassosa, Virginia corrente d'acqua adamantina. Virginia creatura completamente poetica. Virginia Woolf e i suoi contemporanei è un'antologia di confessioni, corrispondenze, racconti e brevi interviste raccolte nella crepa fra bellezza e realtà - là dove Virginia Woolf, protesa dal verso poetico, afferrava brandelli di vita quotidiana per trasformarli in prosa. È un florilegio di memorie promiscue, ventisette in tutto - dal «buon vecchio» T.S. Eliot all'Orlando/Vita Sackville-West, dai fratelli Lehmann a E.M. Forster e Christopher Isherwood, alla nipote Angelica o all'amica Barbara - che ricompongono il fiero profilo aquilino, quasi ascetico, di una Virginia squisita e claustrale; la prepotente sensualità del suo genio; la violenza critica della sua lingua; l'impertinenza vorace della sua curiosità. Perché attraverso la voce degli altri riemerge dal fondo di un fiume nei pressi di Rodmell la sua, bassa e gutturale come un vecchio velluto rosso. La nuova edizione di Virginia Woolf e i suoi contemporanei curata da Liliana Rampello è un tributo umano a questa visionaria sperimentatrice, in guerra con il mondo ma del mondo profondamente entusiasta, per ricostruire l'intima stanza che Virginia reclamava tutta per sé. Una stanza in cui alla scienza del lutto si sostituisce una disperata joie de vivre e in cui l'atto della scrittura si trasforma nel tentativo di catturare la vita stessa.

Screening Woolf Earl G. Ingersoll, 2016-12-06 As the subtitle indicates, this book has three major concerns. The first and most important concern is an examination of the film adaptations of Woolf's novels—*To the Lighthouse*, *Orlando*, and *Mrs. Dalloway*—in the order the films were released. This is the heart of the matter, a fairly conventional effort to acknowledge film reviews as well as the criticism of academicians in film or literature as a starting point for a fresh view of these three film adaptations. Since many film specialists prefer that no film ever be adapted from literary fiction and many literature specialists have similarly wished that their favorite novels had never been filmed, the effort to mediate the two sides can be challenging. Of the three films, *To the Lighthouse* is the least successful, tending toward the old Masterpiece Theater mode of attempting to be faithful to the “source text,” to use the term of the film theorist Robert Stam, but missing the essence of the novel. Director Sally Potter's *Orlando* is cinematically the most venturesome and attractive, although some Woolf readers condemn Potter's erasure of Woolf's intent to celebrate her affair with Vita Sackville-West (whose son Nigel Nicolson called Woolf's *Orlando* “the longest and most charming love-letter in literature”). *Mrs. Dalloway* tends toward the Merchant/Ivory style of treating literary masterworks—indeed, the film credits include a debt of gratitude to the producer/director partnership—and is generally carried by the star power of Vanessa Redgrave, although it is difficult to imagine her having a crush on another young woman, even at eighteen. The book's second concern is Woolf's interest in what she would call “the cinema.” As a member of Bloomsbury, she saw and participated in the discussion of the cinema, especially avant-garde films, which she considered to be more the future of cinema than film adaptations, upon which she heaped great scorn for their ravenous, if not rapacious, consumption of vulnerable literary fiction such as Leo Tolstoy's *Anna Karenina*. Woolf specialists such as Leslie Hankins proclaim her one of the earliest and most significant British film theorists for the brilliant essay “The Cinema” (1925), as film was just beginning to establish itself as art and not merely popular entertainment. The third concern is a complex effort to explore the David Hare/Stephen Daldry film adaptation of Michael Cunningham's Pulitzer Prize-winning novel *The Hours*, an homage to *Mrs. Dalloway* in which Virginia Woolf has a starring role, as portrayed by Oscar winner Nicole Kidman. The film and Kidman's prosthetic nose produced a violent division among the Woolfians who either commended its bringing legions of new readers to *Mrs. Dalloway* and potentially to “Woolf”—*Mrs. Dalloway* becoming the best-seller it could not have been in her lifetime—or were outraged by the film's diminishment of probably the most important female British novelist of the 20th century. Even Nobel Laureate Doris Lessing spoke out against the travesty of a novelist she considered a foremother of later 20th-century writers.

**Ideology, Politics and Demands in Spanish Language, Literature and Film** Teresa Fernandez Ulloa,2012-03-15

This book comprises various chapters which explore a variety of topics related to the manner in which ideological and epistemological changes in the 19th, 20th and 21st centuries shaped the Spanish language, literature, and film, among other forms of expression, in both Spain and Latin America, and how these media served the purpose of spreading ideas and demands. There are articles on ideological representations of linguistic differences and sameness; linguistic changes associated with loan words and the ideas they bring in modifying our communicative landscape; the role of the Catholic religion on the construction of our dictionary; analysis of some political discourses, ideologies and social imaginaries; new visions of old literature (a return to the parody in the Middle Ages to analyze its modernness) and postmodern narrative; discussions on contemporary Spanish poetry and Central American literature; a new return to the liberation philosophy by analyzing Ellacuría's work; and several studies about concepts such as capitalism, patriarchy, identity, masculinity, homosexuality, globalization, and the Resistance in several forms of expression.

*The Everyday in Visual Culture* François Penz,Janina Schupp,2022-05-30 This book explores how the comparative analysis of visual cultural artefacts, from objects to architecture and fiction films, can contribute to our understanding of everyday life in homes and cities around the globe. Investigating the multiple facets of the everyday, this interdisciplinary collection generates a new awareness of everyday lives across cultures and challenges our traditional understanding of the everyday by interweaving new thematic connections. It brings together debates around the analysis of the everyday in visual culture more broadly and explores the creation of innovative technological methods for comparative approaches to the study of the everyday, such as film databases, as well as the celebration of the everyday in museums. The volume is organized around four key themes. It explores the slices of everyday lives found in Visual Culture (Part I), Museums (Part II), the City (Part III) and the Home (Part IV). The book explores the growing area of the analysis of everyday life through visual culture both broadly and in depth. By building interdisciplinary connections, this book is ideal for the emerging community of scholars and students stemming from Visual Culture, Film and Media Studies, Architecture Studies and practice, Museum Studies, and scholars of Sociology and Anthropology as well as offering fresh insights into cutting-edge tools and practices for the rapidly growing field of Digital Humanities.

**Postwar America** James Ciment,2015-03-26 From the outbreak of the Cold War to the rise of the United States as the last remaining superpower, the years following World War II were filled with momentous events and rapid change. Diplomatically, economically, politically, and culturally, the United States became a major influence around the globe. On the domestic front, this period witnessed some of the most turbulent and prosperous years in American history. *Postwar America: An Encyclopedia of Social, Political, Cultural, and Economic History* provides detailed coverage of all the remarkable developments within the United States during this period, as well as their dramatic impact on the rest of the

world. A-Z entries address specific persons, groups, concepts, events, geographical locations, organizations, and cultural and technological phenomena. Sidebars highlight primary source materials, items of special interest, statistical data, and other information; and Cultural Landmark entries chronologically detail the music, literature, arts, and cultural history of the era. Bibliographies covering literature from the postwar era and about the era are also included, as are illustrations and specialized indexes.

**Re-Reading the Age of Innovation** Louise Kane,2022-07-28 The period of 1830–1950 was an age of unprecedented innovation. From new inventions and scientific discoveries to reconsiderations of religion, gender, and the human mind, the innovations of this era are recorded in a wide range of literary texts. Rather than separating these texts into Victorian or modernist camps, this collection argues for a new framework that reveals how the concept of innovation generated forms of literary newness that drew novelists, poets, and other creative figures working across this period into dialogic networks of experiment. The 14 chapters in this volume explore how inventions like the rotary print press or hot air balloon and emergent debates about science, trade, and colonialism evolved new forms and genres. Through their examinations of a wide range of texts and writers—from well-known novelists like Conrad, Dickens, Hardy, and Woolf, to less canonical figures like Charlotte Mew, Elías Mar, and Walter Frances White—the chapters in this collection re-read these texts as part of an age of innovation characterized not by division and divide, but by collaboration and community.

Latin American Films, 1932-1994 Ronald Schwartz,2015-09-17 In 1931 Antonio Moreno completed Santa, Mexico's first true sound film. In it he established one of the foremost genres of Latin American cinema--the popular melodrama--which continues to this day. Latin American filmmakers came to the fore in the fifties and sixties and, as 1992's Como agua para chocolate (Like Water for Chocolate) showed, Latin American films continue to be a major part of the international film scene. In this work over 300 of the most significant films from Argentina, Brazil, Cuba, Mexico, Bolivia, Colombia, Ecuador, Peru and other Latin American countries are covered. Each entry includes the English title, director, year of release, running time, language, country and a detailed plot synopsis. Notes about the production and the filmmakers are also provided for many entries.

Encyclopedia of Television Film Directors brings attention to the directors of these productions, citing every director of stand alone long-form television programs: made for TV movies, movie-length pilots, mini-series, and feature-length anthology programs, as well as drama, comedy, and musical specials of more than 60 minutes. *Film Review* ,2006 The year's releases in review, with necrologies and brief articles.

**Fictions of Home** Martin Mühlheim,2018-04-23 This study aims to counter right-wing discourses of belonging. It discusses key theoretical concepts for the study of home, focusing in particular on Marxist, feminist, postcolonial, and psychoanalytic contributions. The book also maintains that postmodern celebrations of nomadism and exile tend to be incapable of providing an alternative to conservative, xenophobic appropriations of home. In detailed readings of one film and six novels, a view is developed according to which home, as a spatio-temporal imaginary, is rooted in our species being, and as such constitutes the inevitable starting point for any progressive politics.

**Girl Head** Genevieve Yue, 2020-11-10 Girl Head shows how gender has had a surprising and persistent role in film production processes, well before the image ever appears onscreen. For decades, feminist film criticism has focused on issues of representation: images of women in film. But what are the feminist implications of the material object underlying that image, the filmstrip itself? What does feminist analysis have to offer in understanding the film image before it enters the realm of representation? Girl Head explores how gender and sexual difference have been deeply embedded within film materiality. In rich archival and technical detail, Yue examines three sites of technical film production: the film laboratory, editing practices, and the film archive. Within each site, she locates a common motif, the vanishing female body, which is transformed into material to be used in the making of a film. The book develops a theory of gender and film materiality through readings of narrative film, early cinema, experimental film, and moving image art. This original work of feminist media history shows how gender has had a persistent role in film production processes, well before the image ever appears onscreen.

**Nicole Kidman** Pam Cook, 2019-07-25 Pam Cook's study of the star persona of Nicole Kidman traces Kidman's career trajectory through an examination of her (sometimes controversial) film choices and places her in the context of a globalised media and celebrity culture.
