

True Story Of Blood Diamond

Silver Donald Cameron

Blood Diamonds Greg Campbell, 2012-04-03 First discovered in 1930, the diamonds of Sierra Leone have funded one of the most savage rebel campaigns in modern history. These blood diamonds are smuggled out of West Africa and sold to legitimate diamond merchants in London, Antwerp, and New York, often with the complicity of the international diamond industry. Eventually, these very diamonds find their way into the rings and necklaces of brides and spouses the world over. *Blood Diamonds* is the gripping tale of how the diamond smuggling works, how the rebel war has effectively destroyed Sierra Leone and its people, and how the policies of the diamond industry - institutionalized in the 1880s by the De Beers cartel - have allowed it to happen. Award-winning journalist Greg Campbell traces the deadly trail of these diamonds, many of which are brought to the world market by fanatical enemies. These repercussions of diamond smuggling are felt far beyond the borders of the poor and war-ridden country of Sierra Leone, and the consequences of overlooking this African tragedy are both shockingly deadly and unquestionably global. Updated with a new epilogue.

Flawless: Inside the Largest Diamond Heist in History Scott Andrew Selby, Greg Campbell, 2010 Tells the story with the gripping pace of a true-crime 'Ocean's Eleven.' The New York Post • Like a diamond, this true-life caper is clear, colorful, and brilliant. Publishers Weekly [Starred Review] The Antwerp Diamond Center was one of the most secure buildings in the world. With hundreds of millions of dollars' worth of diamonds stored in its subterranean vault, it had to be. Located in the heart of Belgium's ultra-secure Antwerp Diamond District, it benefited from two police stations, armed patrols, extensive video surveillance, and vehicle barriers securing an area where 80 percent of the world's diamonds traded hands. But on February 15, 2003, a band of skilled Italian thieves — fronted by the charming Leonardo Notarbartolo, who spent over two years clandestinely casing the building — subverted every one of the Diamond Center's defenses and made off with a record amount of loot. Experts estimate they got away with nearly half a billion dollars in diamonds, cash and other valuables. They'd pulled off the biggest heist in history--everybody loves diamonds and they now had more than any thief before them.

The robbers did it with stealth and smarts; no one was hurt or even threatened during what was quickly labeled the largest diamond heist in history. The bandits — members of a group of professional thieves known as The School of Turin — used cunning in lieu of violence, successfully evading security cameras, thwarting an array of electronic sensors, and penetrating a vault protected by a double-locked foot-thick steel door. Even when the police zeroed in on who committed the crime, how it was done remained a mystery, like something out of a heist movie or TV show. *Flawless* is a fast-paced global scavenger hunt uncovering the truth behind the daring Valentine's Day weekend heist. Tracking clues, sources, and documents throughout Europe — from seedy cafés in Turin, Italy to sleek diamond offices in Antwerp, Belgium — authors Scott Selby and Greg Campbell retrace Notarbartolo's careful discovery of the building's security flaws. They recreate the heist and its aftermath — detailing how the thieves brilliantly neutralized each element of the security protecting the Diamond Center's vault while inviting the readers into the secretive world of diamonds and diamond dealing. The result is a thrilling ride through the better-than-fiction heist of the century. Fans of caper books and movies will be in seventh heaven. Booklist [Starred Review]

From SAS to Blood Diamond Wars Fred Marafono, Hamish Ross, 2011-07-12 Alcibiades is one of the most famous (or infamous) characters of Classical Greece. A young Athenian aristocrat, he came to prominence during the Peloponnesian War (429-404 BC) between Sparta and Athens. Flamboyant, charismatic (and wealthy), this close associate of Socrates persuaded the Athenians to attempt to stand up to the Spartans on land as part of an alliance he was instrumental in bringing together. Although this led to defeat at the Battle of Mantinea in 418 BC, his prestige remained high. He was also a prime mover in Athens' next big strategic gambit, the Sicilian Expedition of 415 BC, for which he was elected as one of the leaders. Shortly after arrival in Sicily, however, he was recalled to face charges of sacrilege allegedly committed during his pre-expedition reveling. Jumping ship on the return journey, he defected to the Spartans. Alcibiades soon ingratiated himself with the Spartans, encouraging them to aid the Sicilians (ultimately resulting in the utter destruction of the Athenian expedition) and to keep year-round pressure on the Athenians. He then seems to have overstepped the bounds of hospitality by sleeping with the Spartan queen and was soon on the run again. He then played a devious and dangerous game of shifting loyalties between Sparta, Athens and Persia. He had a hand in engineering the overthrow of democracy at Athens in favor of an oligarchy, which allowed him to return from exile, though he then opposed the increasingly-extreme excesses of that regime. For a time he looked to have restored Athens' fortunes in the war, but went into exile again after being held responsible for the defeat of one of his subordinates in a naval battle. This time he took refuge with the Persians, but as they were now allied to the Spartans, the cuckolded King Agis of Sparta was able to arrange his assassination by Persian agents. There has been no full length biography of this colorful and important character for twenty years. Professor Rhodes brings the authority of an internationally recognized expert in the field, ensuring that this will be a truly significant addition to the literature on

Classical Greece.

Diamonds in Peace and War Ingrid J. Tamm, 2002 *Diamonds in Peace and War* is the latest word on conflict diamonds and their contribution to the wars of middle Africa. The report grew out of a conference sponsored by the World Peace Foundation, the Project on Justice, the Carr Center, and the WPF Program on Intrastate Conflict at the Kennedy School of Government in late 2001. Although the conflict diamond problem is but a small part of the much larger world-wide trade in peaceful diamonds, it is the destructive and corrosive part. Tamm places conflict diamonds within this larger context, lays out the technical issues involved, and explores all aspects of the Kimberly Process ? the unparalleled negotiating effort by industry, NGOs, and national governments that produced a standard method of differentiating clean from dirty diamonds. It also helped to produce pending U.S. legislation. Using diamonds to import arms and sponsor war is less likely now that the Kimberly Process has produced a near-final agreement. *Diamonds in Peace and War* is the place to learn all about this remarkably successful initiative of conflict prevention and conflict reduction.

Stuff They Don't Want You to Know Ben Bowlin, Matt Frederick, Noel Brown, 2022-10-11 “Interesting...Bowlin's calmly rational approach to the subject of conspiracy theories shows the importance of logic and evidence.”—Booklist A page-turning book to give to someone who believes in pizza pedophilia or that the Illuminati rule the world.—Kirkus Reviews The co-hosts of the hit podcast *Stuff They Don't Want You to Know*, Ben Bowlin, Matthew Frederick, & Noel Brown, discern conspiracy fact from fiction in this sharp, humorous, compulsively readable, and gorgeously illustrated book. In times of chaos and uncertainty, when trust is low and economic disparity is high, when political institutions are crumbling and cultural animosities are building, conspiracy theories find fertile ground. Many are wild, most are untrue, a few are hard to ignore, but all of them share one vital trait: there's a seed of truth at their center. That seed carries the sordid, conspiracy-riddled history of our institutions and corporations woven into its DNA. Ben Bowlin, Matt Frederick, and Noel Brown host the popular iHeart Media podcast, *Stuff They Don't Want You To Know*. They are experts at exploring, explaining, and interrogating today's emergent conspiracies—from chem trails and biological testing to the secrets of lobbying and the indisputable evidence of UFOs. Written in a smart, witty, and conversational style, elevated with amazing illustrations, *Stuff They Don't Want You to Know* is a vital book in understanding the nature of conspiracy and using truth as a powerful weapon against ignorance, misinformation, and lies.

Blood from a Stone Richard Hammer, Yaron Svoray, 2015-06-23 The search for the Life Diamonds--the subject of the compelling documentary produced by the History Channel. They were known as Life Diamonds--rough uncut diamonds of high quality bought by Jews in Eastern Europe to use as passports to safety. After 1939 and the Nazi blitzkrieg, after the extermination camps began belching black smoke into the skies and the railroad station at Auschwitz II-Birkenau became the busiest train station in the world, they became Death Diamonds. *Blood from a Stone* is the amazing story of forty of those

diamonds, of their journey across continents and oceans, from the mines of South Africa to the diamond centers in Antwerp and Amsterdam, to the Jews of Eastern Europe, to the Death Camps. . . and to the two American soldiers who liberated them from the SS, finally, and buried them in a forest in Alsace on the border between France and Germany. It is the story of the curse believed to lie over the fabulous wealth of these stones, bringing death and disaster to all who touched them. It is the story of Yaron Svoray, who spent more than a decade in search of one small foxhole somewhere in a thousand square miles of forest...and of his unbelievable success. Blood from a Stone is a unique story, a story unlike any to come out of World War II. Blood from a Stone will more than over a dozen exclusive photos from the two-hour History Channel documentary.

The Sancy Blood Diamond Susan Ronald,2008-05-02 The fascinating six-hundred-year history of one of the world's most coveted gems and the royal feuds, intrigues, and betrayals it engendered The Sancy Diamond first came to Europe from India in the fourteenth century, and until 1661 it was the largest white diamond-and the most concentrated and secure form of wealth-in all of Christendom. Alternately believed to impart invincibility to its wearer and to bring ruin to any who owned it, the Sancy cast a seemingly mystical spell over everyone from the king of Portugal to Henry III of France to England's Elizabeth I to Napoleon Bonaparte and Queen Maria Luisa of Spain. The riveting account of one of the most hotly pursued gems in history, The Sancy Blood Diamond follows its six-century journey from the diamond mines of Golconda to where it now modestly resides at the Louvre, among the remnants of the French crown jewels. In a colorful, fast-paced narrative, historian Susan Ronald describes the often violent passions the Sancy engendered among many of the giants of European history. She also describes the pivotal roles it played on the chessboard of European geopolitics, and how it was used to raise armies, settle national debts, and enhance its owners' power and prestige. Working from primary sources, Ronald solves, once and for all, the mystery of the Sancy's disappearances in the sixteenth and seventeenth centuries, and she explores the legend of the Sancy curse, which arose after the violent deaths of Burgundy's Charles the Bold, England's Charles I, France's Louis XVI, and other ill-fated owners.

A Death on Diamond Mountain Scott Carney,2015-03-17 An investigative reporter explores an infamous case where an obsessive and unorthodox search for enlightenment went terribly wrong. When thirty-eight-year-old Ian Thorson died from dehydration and dysentery on a remote Arizona mountaintop in 2012, The New York Times reported the story under the headline: Mysterious Buddhist Retreat in the Desert Ends in a Grisly Death. Scott Carney, a journalist and anthropologist who lived in India for six years, was struck by how Thorson's death echoed other incidents that reflected the little-talked-about connection between intensive meditation and mental instability. Using these tragedies as a springboard, Carney explores how those who go to extremes to achieve divine revelations—and undertake it in illusory ways—can tangle with madness. He also delves into the unorthodox interpretation of Tibetan Buddhism that attracted Thorson and the bizarre teachings of its chief evangelists: Thorson's wife, Lama Christie McNally, and her previous husband, Geshe Michael Roach,

the supreme spiritual leader of Diamond Mountain University, where Thorson died. Carney unravels how the cultlike practices of McNally and Roach and the questionable circumstances surrounding Thorson's death illuminate a uniquely American tendency to mix and match eastern religious traditions like LEGO pieces in a quest to reach an enlightened, perfected state, no matter the cost. Aided by Thorson's private papers, along with cutting-edge neurological research that reveals the profound impact of intensive meditation on the brain and stories of miracles and black magic, sexualized rituals, and tantric rites from former Diamond Mountain acolytes, *A Death on Diamond Mountain* is a gripping work of investigative journalism that reveals how the path to enlightenment can be riddled with danger.

Koh-i-Noor William Dalrymple, Anita Anand, 2017-09-12 From the internationally acclaimed and bestselling historians William Dalrymple and Anita Anand, the first comprehensive and authoritative history of the Koh-i-Noor diamond, arguably the most celebrated jewel in the world. On March 29, 1849, the ten-year-old leader of the Sikh kingdom of the Punjab was ushered into the magnificent Mirrored Hall at the center of the British fort in Lahore, India. There, in a formal Act of Submission, the frightened but dignified child handed over to the British East India Company swathes of the richest land in India and the single most valuable object in the subcontinent: the celebrated Koh-i-Noor diamond, otherwise known as the Mountain of Light. To celebrate the acquisition, the British East India Company commissioned a history of the diamond woven together from the gossip of the Delhi Bazaars. From that moment forward, the Koh-i-Noor became the most famous and mythological diamond in history, with thousands of people coming to see it at the 1851 Great Exhibition and still more thousands repeating the largely fictitious account of its passage through history. Using original eyewitness accounts and chronicles never before translated into English, Dalrymple and Anand trace the true history of the diamond and disperse the myths and fantastic tales that have long surrounded this awe-inspiring jewel. The resulting history of south and central Asia tells a true tale of greed, conquest, murder, torture, colonialism, and appropriation that shaped a continent and the Koh-i-Noor itself.

Don't miss it.' - Misha Glenny, author of McMafia 'Alley has produced a clear-eyed account of a world poisoned by dark money, and a welcome reminder that resistance is possible. As it turns out, his book is even more timely than he could have hoped.' - Irish Times 'This book is inspirational. Super-yachts, private jets and super-car collections. Blood diamonds, suspect oil deals, deforestation and murder. And this is co-founder Patrick Alley's revealing inside track on a breath-taking catalogue of modern super-crimes - and the 'shadow network' that enables them. One dictator's son spent \$700 million in just four years on his luxury lifestyle. As they unravel crooked deals of labyrinthine complexity, the team encounter well-known corporations whose operations are no less criminal than the Mafia. This network of lawyers, bankers and real estate agents help park dirty money in London, New York, or in offshore accounts, safe from prying eyes. Patrick Alley's book is a brilliant, authoritative and fearless investigation into the darkest workings of our world - and an inspiration to all of us who want to fight back.

BLOOD IN THE WATER Silver Donald Cameron,2021-05-06 'Fascinating' Margaret Atwood Can taking the law into your own hands be the right thing to do? In June 2013, three upstanding citizens of a small town in Nova Scotia murdered their neighbour, Phillip Boudreau, while out fishing. Boudreau was an inventive small-time criminal who had terrorised and entertained Petit de Grat for two decades. He had been in prison for nearly half his adult life. He was funny and frightening, loathed, loved and feared. Boudreau seemed invincible, a miscreant who would plague the village forever. As many people said, if those fellows hadn't killed him, someone else would have. Blood in the Water is a gripping story in a brilliantly drawn setting, about power and law, security and self-respect, and the nature of community. And at its heart is a disturbing question: are there times when taking the law into your own hands is not only understandable but the responsible thing to do?

Flight of the Diamond Smugglers Matthew Gavin Frank,2021-07-01 'Ghost towns, corporate cruelty, the centuries-old relationship between humans and a species almost magical in its abilities ... fabulous.' The New York Times 'A beautifully written book on diamond smuggling, the universe, life and much of what lies in between.' Toby Muse, author of Kilo: Life and Death Inside the Secret World of the Cocaine Cartels For nearly 80 years, a huge portion of coastal South Africa was closed off to the public. With many of its pits now deemed overmined and abandoned, journalist and author Matthew Gavin Frank set out across the infamous Diamond Coast to investigate an illicit trade - the smuggling of diamonds by carrier pigeon - that supplies a global market. Uncovering a long overlooked truecrime story dating back to the founding of the De Beers corporation, and blending elements of reportage, memoir and legend, he weaves interviews with local diamond divers, who extract mineral wealth from the seabed by day and raise pigeons in secret by night, with harrowing anecdotes from former heads of security, environmental managers, and vigilante pigeon hunters. A rare and remarkable portrait of exploitation and greed, Flight of the Diamond Smugglers reveals how these feathered bandits became outlaws in every mining town. 'Unforgettable. ... An outstanding adventure in its lyrical, utterly compelling, and heartbreaking investigations of the world of diamond smuggling.' Aimee Nezhukumatathil, author of Oceanic and World of Wonders 'A lyrical portrait of a resilient species caught in the grinding gears of a cruel industry of extraction and exploitation.'
