*I wonder why* Aditya, 2023-05-04 The poetry book is about a breakup, a lost cause, and someone who comes as your rebound from the heartbreak. It's particularly about two people- the one who was the mistake and the other one who came in as retribution in disguise. It's a tale in the exquisite form of poetries that portrays a whole process that almost everyone goes through at least once in their lifetime.

**Life 24x a Second** Elsie Walker, 2023 Life 24x a Second: cinema, selfhood, and society is about the life-sustaining and life-affirming power of cinema. As we confront the devastating reality of the Covid-19 pandemic, our obligation to explain the value of all artistic expression and pedagogical practice has surely never been greater. Life 24x a Second: cinema, selfhood, and society adopts multiple perspectives on why films matter, with special attention to hearing the soundtracks that move through our bodies and which we can carry with us into the world at large. Drawing on work by authors across disparate fields of literature, business, psychology, biological science, cinema, autobiographical, and cultural studies, this book makes the case for cinema as a life force on the biggest emotional, personal, and social terms, and in ways that can resonate for any reader. The book zeroes in on films that offer hope in relation to the Black Lives Matter (Imitation of Life (1959) and

BlacKkKlansman (2018)), contemporary feminism (Nobody Knows (2004)), teachings of Heartmath (Dancer in the Dark (2000)), realities of grief and mourning that we all face (Life of Pi (2012), Ikiru (1952), and A Star Is Born (2018)), and a most personal experience of loss (Call Me By Your Name (2017) and Portrait of a Lady on Fire (2019)). Life 24x a Second: cinema, selfhood, and society draws directly upon many pedagogical experiences and students' reflections to show that these films can move us toward the creation of a better world for ourselves and others--

**I'm With Crazy** Luke Cruickshank, Mental illness is the default state of every human being on the planet. The truth is that we're all crazy. If you don't believe me, then try telling that to the voices in your head. We all know this is true. Every one of us lives out our lives with an entire collection of voices in our heads, and this is completely normal. Some voices are helpful, some are empowering, and some are even kind to others. But then there are the other voices. The tyrannical ones who torment and exploit us. The ones who tell us that we're stupid, that nobody likes us, that we're unworthy of love, and who constantly remind us that we're on the verge of being exposed as the incompetent imposter that we truly are. Why do we do this to ourselves? Why, as a society, do we condemn bullying, yet accept the spiteful, belittling, critical bullies that live in our heads? Why won't these voices go away, and who put them there in the first place? Whether we recognize it or not, we're all innately predisposed to mental illness. This conversation will help us understand the biological, psychological, and cultural vulnerabilities that push us toward mental illness. It's only once we understand these issues that we can learn how to take the actions necessary to enhance our mental health. It's time to face our inner critics. It's time to stop posturing and playing the character that we're expected to be. It's time to show up to the world as our true authentic selves. Together, we'll learn how to embrace our inner crazy, how to make friends with the voices in our heads, and how to redefine the culture of mental health.

*Letters to My Son* Daynabelle Anderson, 2019-01-01 The death of your child breaks you. With some luck, you may be able to rebuild most of who you were before that loss so that you are not a complete stranger, even to yourself. Even then, you know that you will never be the same again. There will always be a piece of you missing, leaving you forever broken. With the loss of her son, Jeramie, to a car accident, author Daynabelle Anderson found this to be true of herself: a forever broken mom. She then had to decide whether to fight it and live her life, trying in vain to be whole again, only to punish herself over and over when her efforts resulted in failure. Or she could accept that this was who she was now--to allow herself to be broken and to forgive herself for it. She chose the latter, and now she chronicles her journey into that brokenness. This personal narrative offers one mother's story and her perspective on how to live with grief, intended for anyone who has lost a loved one and who feels pressured to move on.

Whether it's *Casablanca*, *Cabaret*, *Clueless*, or *The Cable Guy*, you probably have favorite flicks you often quote. And it's true, "We'll always have Paris." From *A Man Called Horse* to *Zoolander* and everything in between, our beloved films have excellent writing and memorable dialogue; we have talented Hollywood screenwriters to thank for the brilliant one-liners we love. Movie quotes have become an integral part of our culture and expression. The movie quotes that often show up on "best of" lists rarely lend themselves to important moments in life. Yet there are so many lines just under the radar that are the stuff of pure poetry and sheer genius. That's where cinephile and true movie buff James Scheibli comes in! In *Movie Quotes for Special Occasions*, he has scoured the movies of the world to track down the most fitting and fabulous movie quotes for every special occasion. From graduations to birthdays to wedding toasts to golden anniversaries, film scholar James Scheibli provides cinematic quotes that are moving, memorable, inspirational, and deeply meaningful. Featuring a broad variety of chapters written by leading and upcoming scholars, this edited collection uses diverse theoretical frameworks to provide insight into recent concerns regarding changing gender roles, representations, and resources in communication studies. Established research and new perspectives address vital themes in this comprehensive text, including the shifting politics of gender, ethical and technological trends in gendered media, and gender in daily life. Comprising 39 chapters by a team of international contributors, the Handbook is divided into six thematic sections: • Gendered lives and identities • Visualizing gender • The politics of gender • Gendered contexts and strategies • Gendered violence and communication • Gender advocacy in action These sections examine central issues,

debates, and problems, including the ethics and politics of gender as identity, impacts of media and technology, legal and legislative battlegrounds for gender inequality and LGBTQ+ human rights, changing institutional contexts, and recent research on gender violence and communication. The final section links academic research on gender and communication to activism and advocacy beyond the academy. The Routledge Handbook of Gender and Communication will be an invaluable reference work for students and researchers working at the intersections of gender studies and communication studies. Its international perspectives and the range of themes it covers make it an essential and pragmatic pedagogical resource.

**Movies to See before You Graduate from High School** Michael Howarth,2019-12-04 Most teens love to watch movies—whether a young adult fantasy or the latest comic-book-to-screen adaptation. Alongside the usual summer blockbusters, though, are more down to earth fare, movies that best define what it means to be an adolescent. Such films provide insight and depth into the challenges and issues that many teens experience as they move from childhood into adulthood. In *Movies to See before You Graduate from High School*, Michael Howarth examines sixty coming-of-age films that are essential viewing for teenagers. Whether serious or silly, scary or profound, the films discussed here comment on the trials and tribulations of adolescence. Each entry provides a plot summary, identifies key themes, and includes other useful details such as running time and MPAA rating. Most important in each entry is the “gist” section—a relaxed and informal discussion of the film’s merits and why teens should add it to their viewing list. The films discussed here span five decades, but many of the titles are recent features that contemporary teens will appreciate—from *Easy A* and *Edge of Seventeen* to *Lady Bird* and *Love, Simon*. The films also represent a range of genres, including comedy, horror, animation, and drama. Additional elements include classic lines of dialogue, “double feature” suggestions, and more than 30 photos. And with five dozen titles to choose from, some teens will want to catch up as soon as possible! *Movies to See before You Graduate from High School* is the guide to some of the best films for young adult audiences.

the greatest love stories of our time. The perfect gift for anyone captivated by Elio and Oliver. A sudden and powerful romance blossoms between Elio, an adolescent boy, and Oliver, his parents' guest, over the course of one summer. **Enigma Variations** André Aciman, 2017-01-03 From André Aciman, the author of *Call Me by Your Name* (now a major motion picture and the winner of the Oscar™ for Best Adapted Screenplay) comes “a sensory masterclass, absorbing, intelligent, unforgettable” (Times Literary Supplement). André Aciman, hailed as a writer of “fiction at its most supremely interesting” (The New York Review of Books), has written a novel that charts the life of a man named Paul, whose loves remain as consuming and as covetous throughout his adulthood as they were in his adolescence. Whether the setting is southern Italy, where as a boy he has a crush on his parents’ cabinetmaker, or a snowbound campus in New England, where his enduring passion for a girl he’ll meet again and again over the years is punctuated by anonymous encounters with men; whether he’s on a tennis court in Central Park, or on a New York sidewalk in early spring, his attachments are ungraspable, transient, and forever underwritten by raw desire—not for just one person’s body but, inevitably, for someone else’s as well. In *Enigma Variations*, Aciman maps the most inscrutable corners of passion, proving to be an unsparing reader of the human psyche and a master stylist. With language at once lyrical, bare-knuckled, and unabashedly candid, he casts a sensuous, shimmering light over each facet of desire to probe how we ache, want, and waver, and ultimately how we sometimes falter and let go of those who may want to offer only what we crave from them. Ahead of every step Paul takes, his hopes, denials, fears, and regrets are always ready to lay their traps. Yet the dream of love lingers. We may not always know what we want. We may remain enigmas to ourselves and to others. But sooner or later we discover who we’ve always known we were.

**Up a Road Slowly** Irene Hunt, 2005-01-04 The beloved author of *Across Five Aprils* and *No Promises in the Wind* presents one of her most cherished novels, the Newbery Award-winning story of a young girl’s coming of age... Julie would remember her happy days at Aunt Cordelia’s forever. Running through the spacious rooms, singing on rainy nights in front of the fireplace. There were the rides in the woods on Peter the Great, and the races with Danny Trevort. There were the precious moments alone in her room at night, gazing at the sea of stars. But there were sad times too—the painful jealousy Julie felt after her sister married, the tragic death of a schoolmate and the bitter disappointment of her first love. Julie was having a hard time believing life was fair. But Julie would have to be fair to herself before she could even think about new beginnings... “Hunt demonstrates that she is a writer of the first rank... Those who follow Julie’s growth—from a tantrum-throwing seven-year-old to a gracious young woman of seventeen—will find this book has added a new dimension to their lives.”—The New York Times Book Review

of the greatest and most colourful thinkers the world has ever known. Each of these ancient philosophers teaches a technique we can use to transform ourselves and live better lives. These practical techniques are illustrated by the extraordinary stories of real people who are using them today - from marines to magicians, from astronauts to anarchists and from CBT psychologists to soldiers. Jules also explores how ancient philosophy is inspiring modern communities - Socratic cafes, Stoic armies, Platonic sects, Sceptic summer camps - and even whole nations in their quest for the good life.

Notes to Self Emilie Pine, 2019-01-31 THE EXTRAORDINARY #1 BESTSELLER AND WORD-OF-MOUTH LITERARY PHENOMENON 'Razor-sharp and raw; her story is utterly original yet as familiar as my own breath . . . my favourite memoir of the year' Glennon Doyle, #1 New York Times bestselling author of Untamed \*\*\*\*\* 'I am afraid of being the disruptive woman. In this dazzling debut, Emilie Pine speaks to the business of living as a woman in the 21st century - its extraordinary pain and its extraordinary joy. Devastatingly poignant and profoundly wise - and joyful against the odds - Notes to Self offers a portrait not just of its author but of a whole generation.
