**JT Hunter**

*Hunting Humans* Michael Newton,1993-05-01 A compendium of bizarre, horrifying tales of murder features the world's most brutal serial killers, including a male nurse sentenced in the Southern California Hospital Murders and Waldo Grant, a quiet loner who killed with hammers and saws. Original.

**Serial Murder and the Psychology of Violent Crimes** Richard N. Kocsis,2008-01-08 This book brings together an international collection of research literature on the topics of criminal profiling and serial violent crime by integrating the respected insights of both scholars and practitioners from around the globe. It explains etiological factors and psychological mechanisms to reveal criminal motives.

*Justice on Demand* Tanya Horeck,2019-11-11 Explores the proliferation of true crime audiovisual texts across multiple media platforms. *Justice on Demand: True Crime in the Digital Streaming Era* offers a theoretical rumination on the question asked in countless blogs and opinion pieces of the last decade: Why are we so obsessed with true crime? Author Tanya Horeck takes this question further: Why is true crime thought to be such a good vehicle for the new modes of viewer/listener engagement favored by online streaming and consumption in the twenty-first century? Examining a range of audiovisual true crime texts, from podcasts such as *Serialand My Favorite Murdert* to long-form crime documentaries such as *The Jinx* and *Making a Murderer*, Horeck considers the extent to which the true crime genre has come to epitomize participatory media culture where the listener/viewer acts as a desktop detective or internet sleuth. While Facebook and Twitter have re-invigorated the notion of the armchair detective, Horeck questions the rhetoric of interactivity surrounding true crime formats and points to the precarity of justice in the social media era. In a cultural moment in which user-generated videos of real-life violence surface with an alarming frequency, *Justice on Demand* addresses what is at stake in the cultural investment in true crime as packaged mainstream entertainment. Paying close attention to the gendered and racialized dimensions of true crime media, Horeck examines objects that are not commonly considered true crime, including the subgenre of closed-circuit television (CCTV) elevator assault videos and the popularity of trailers for true crime documentaries on YouTube. By analyzing a range of intriguing case studies, Horeck explores how the audience is affectively imagined, addressed, and

commodified by contemporary true crime in an on demand mediascape. As a fresh investigation of how contemporary variations of true crime raise significant ethical questions regarding what it means to watch, listen, and witness in a digital era of accessibility, immediacy, and instantaneity, *Justice on Demand* will be of interest to film, media, and digital studies scholars.

**Solving Cold Cases Vol. 6** Andrew J Clark, 2019-05-25 Chilling. One of the best words to describe the new cases presented in volume 6 of the series *Solving Cold Cases*. These gruesome crimes seemed to hit a dead end... That is until the cases were reopened for investigation and then solved thanks to modern technologies and new investigation techniques. Besides the 15 solved cold cases it describes in detail, this book was written in consideration of all the other difficult cases that remain unsolved year after year. Because the truth is, there is never an end to cold cases. As long as the human race endures, there will be tragic incidents of death and disappearance that will go unexplained. But as the stories in this book show, no matter how long they linger out in the cold, these cases still have professional men and women working to find the victims and bring the perpetrators to justice. This book showcases some of the most troubling cold cases that have recently been brought to a conclusion. Some of these cases were cold for so long that there seemed no hope of a break-but as this book can attest, they most certainly were not forgotten. Some of the cases included inside: *The Homeless Homicide-Sara Lynn Wineski Sophie Sergie-The Bathtub Murder Solving the Riddle of Jack in the Box - Roberto Caraballo The Dental Death Cold Cases* Scroll back up and grab your copy today!

**Monsters in and Among Us** Caroline Joan Picart, Cecil E. Greek, 2007 Rather than assuming that film and the media tell us little about the reality of criminological phenomena, Gothic criminology, as instantiated in this collection of essays, recognizes the complementarity of critical academic and aesthetic accounts of deviant behavior as intersecting with the public policy in complex, non-reductive ways..

**Unsung** Schomburg Center, Michelle D. Commander, 2021-02-16 A new historical anthology from transatlantic slavery to the Reconstruction curated by the Schomburg Center, that makes the case for focusing on the histories of Black people as agents and architects of their own lives and ultimate liberation, with a foreword by Kevin Young This is the first Penguin Classics anthology published in partnership with the Schomburg Center, a world-renowned cultural institution documenting black life in America and worldwide. A historic branch of NYPL located in Harlem, the Schomburg holds one of the world's premiere collections of slavery material within the Lapidus Center for Historical Analysis of Transatlantic Slavery. *Unsung* will place well-known documents by abolitionists alongside lesser-known life stories and overlooked or previously uncelebrated accounts of the everyday lives and activism that were central in the slavery era, but that are mostly excised from today's master accounts. *Unsung* will also highlight related titles from founder Arturo Schomburg's initial collection: rare histories and first-person narratives about slavery that assisted his generation in understanding the roots of their

contemporary social struggles. *Unsung* will draw from the Schomburg's rich holdings in order to lead a dynamic discussion of slavery, rebellion, resistance, and anti-slavery protest in the United States.

*Serial Killers* Peter Vronsky, 2004-10-05 A comprehensive examination into the frightening true crime history of serial homicide—including information on America's most prolific serial killers such as: Jeffrey Dahmer • Ted Bundy • “Co-ed Killer” Ed Kemper • The BTK Killer • “Highway Stalker” Henry Lee Lucas • Monte Ralph Rissell • “Shoe Fetish Slayer” Jerry Brudos • “Night Stalker” Richard Ramirez • “Unabomber” Ted Kaczynski • Ed Gein “The Butcher of Plainfield” • “Killer Clown” John Wayne Gacy • Andrew Cunanan • And more... In this unique book, Peter Vronsky documents the psychological, investigative, and cultural aspects of serial murder, beginning with its first recorded instance in Ancient Rome through fifteenth-century France on to such notorious contemporary cases as cannibal/necrophile Ed Kemper, the BTK killer, Henry Lee Lucas, Monte Ralph Rissell, Jerry Brudos, Richard Ramirez, “Unabomber” Ted Kaczynski, Ed Gein, John Wayne Gacy, Ted Bundy, Jeffrey Dahmer, and the emergence of what he classifies as the “serial rampage killer” such as Andrew Cunanan, who murdered fashion designer Gianni Versace. Vronsky not only offers sound theories on what makes a serial killer but also makes concrete suggestions on how to survive an encounter with one—from recognizing verbal warning signs to physical confrontational resistance. Exhaustively researched with transcripts of interviews with killers, and featuring up-to-date information on the apprehension and conviction of the Green River killer and the Beltway Snipers, Vronsky's one-of-a-kind book covers every conceivable aspect of an endlessly riveting true crime phenomenon. INCLUDES PHOTOGRAPHS

*Angel of Darkness* Dennis McDougal, 2009-06-27 Randy Kraft was highly intelligent, politically active, loyal to his friends, committed to his work--and the killer of 67 people--more than any other serial killer known. This book offers a glimpse into the dark mind of a living monster. To open this book is to open a peephole into hell.--Associated Press. Photographs.

*The Invisible Bridge* Rick Perlstein, 2015-08-11 The best-selling author of *Nixonland* presents a portrait of the United States during the turbulent political and economic upheavals of the 1970s, covering events ranging from the Arab oil embargo and the era of Patty Hearst to the collapse of the South Vietnamese government and the rise of Ronald Reagan--Publisher's description.

**Sons of Cain** Peter Vronsky, 2018-08-14 From the author of *Serial Killers: The Method and Madness of Monsters* comes an in-depth examination of sexual serial killers throughout human history, how they evolved, and why we are drawn to their horrifying crimes. Before the term was coined in 1981, there were no serial killers. There were only monsters--killers society first understood as werewolves, vampires, ghouls and witches or, later, Hitchcockian psychos. In *Sons of Cain*--a book that fills the gap between dry academic studies and sensationalized true crime--investigative historian Peter Vronsky examines our understanding of serial killing from its prehistoric anthropological evolutionary dimensions in the pre-civilization era (c. 15,000 BC) to today. Delving further back into human history and deeper into the human psyche than *Serial Killers*--

Vronsky's 2004 book, which has been called the definitive history of serial murder--he focuses strictly on sexual serial killers: thrill killers who engage in murder, rape, torture, cannibalism and necrophilia, as opposed to for-profit serial killers, including hit men, or political serial killers, like terrorists or genocidal murderers. These sexual serial killers differ from all other serial killers in their motives and their foundations. They are uniquely human and--as popular culture has demonstrated--uniquely fascinating.

**The Ken and Barbie Killers** Peter Vronsky, WARNING- This book contains police and court transcripts of audio and descriptions of extremely graphic sexual violence contained in videotapes made by the perpetrators. Paul Bernardo and Karla Homolka were so perfectly iconic as a newlywed couple that they were dubbed Ken and Barbie. But their marriage had a dark side involving sex, death, and videotape. The 'perfect couple' first raped and murdered Karla's little sister and then kidnapped teenage schoolgirls whom they enslaved, raped, tortured and killed while gleefully recording themselves on video doing it. Vronsky will take you on the journey from the Scarborough Rapist (Bernardo) to Bordelais (Homolka's current last name) and her return to Canada in October, 2014 from the island of Gaudeloupe where she lived for several years with her husband and three children. **American Serial Killers** Peter Vronsky, 2021-02-09 Fans of Mindhunter and true crime podcasts will devour these chilling stories of serial killers from the American Golden Age (1950-2000). With books like Serial Killers, Female Serial Killers and Sons of Cain, Peter Vronsky has established himself as the foremost expert on the history of serial killers. In this first definitive history of the Golden Age of American serial murder, when the number and body count of serial killers exploded, Vronsky tells the stories of the most unusual and prominent serial killings from the 1950s to the early twenty-first century. From Ted Bundy to the Golden State Killer, our fascination with these classic serial killers seems to grow by the day. American Serial Killers gives true crime junkies what they crave, with both perennial favorites (Ed Kemper, Jeffrey Dahmer) and lesser-known cases (Melvin Rees, Harvey Glatman).

**Female Serial Killers** Peter Vronsky, 2007-08-07 In this fascinating book, Peter Vronsky exposes and investigates the phenomenon of women who kill—and the political, economic, social and sexual implications buried with each victim. How many of us are even remotely prepared to imagine our mothers, daughters, sisters or grandmothers as fiendish killers? For centuries we have been conditioned to think of serial murderers and psychopathic predators as men—with women registering low on our paranoia radar. Perhaps that's why so many trusting husbands, lovers, family friends, and children have fallen prey to "the female monster." From history's earliest recorded cases of homicidal females to Irma Grese, the Nazi Beast of Belsen, from Britain's notorious child-slayer Myra Hindley to 'Honeymoon Killer' Martha Beck to the sensational cult of Aileen Wournos—the first female serial killer-as-celebrity—to cult killers, homicidal missionaries, and our pop-culture fascination with the sexy femme fatale, Vronsky not only challenges our ordinary standards of good and evil but also defies

our basic accepted perceptions of gender role and identity. INCLUDES PHOTOGRAPHS

**The New York Ripper Serial Killer Richard Cottingham** Peter Vronsky ,2018-01-17 A shocking case of unbridled sex, sadism, prostitution, date-rape drugs, abduction, bondage, torture, sexploitation, perverted fetishes, serial killing and dismemberment of the depraved New York notorious Ripper. Historian and International Bestselling Author, Peter Vronsky, describes his brief encounter with serial killer Cottingham in a seedy New York hotel in 1979 that later inspired him to write his bestseller history "Serial Killers: The Method and Madness of Monsters". In "Times Square Torso Ripper" Vronsky explores the history of the notorious Forty-Deuce strip on 42nd Street near Times Square and how it spawned the sadistic monster Richard Cottingham in an era before the term serial killer had been coined in popular culture. Renowned serial homicide expert Dr. Robert D. Keppel said of Richard Cottingham, "I kept asking myself what it was that ultimately intrigued me about the Cottingham case. Partly it was the level of sadistic torture that Cottingham acted out on his victims. He didn't kill them and desecrate their bodies; he forced them to experience pain and humiliation before he killed them. Then he desecrated their bodies." Includes 50 photos

The Country Boy Killer JT Hunter,2015-08-25 He was the friendly, baby-faced, Canadian boy next door. He came from a loving, caring, and well-respected family. Blessed with good looks and back-woods country charm, he was popular with his peers, and although an accident at birth left permanent nerve damage in one of his arms, he excelled in sports. A self-proclaimed die hard Calgary Flames fan, he played competitive junior hockey and competed on his school's snowboarding team. And he enjoyed the typical simple pleasures of a boy growing up in the country: camping, hunting, and fishing with family and friends. But he also enjoyed brutally murdering women, and he would become one of the youngest serial killers in Canadian history.

*Handbook of Research on Digital Violence and Discrimination Studies* Özsungur, Fahri,2022-04-08 Digital violence continues to increase, especially during times of crisis. Racism, bullying, ageism, sexism, child pornography, cybercrime, and digital tracking raise critical social and digital security issues that have lasting effects. Digital violence can cause children to be dragged into crime, create social isolation for the elderly, generate inter-communal conflicts, and increase cyber warfare. A closer study of digital violence and its effects is necessary to develop lasting solutions. The Handbook of Research on Digital Violence and Discrimination Studies introduces the current best practices, laboratory methods, policies, and protocols surrounding international digital violence and discrimination. Covering a range of topics such as abuse and harassment, this major reference work is ideal for researchers, academicians, policymakers, practitioners, professionals, instructors, and students.

*Revenge Killings - The Chris Dorner Story* RJ Parker,2017-08-18 WITH 15 PHOTOS Chris Dorner was a cop with the LAPD who was fired after reporting that his training officer beat up a handcuffed, non-resisting suspect. He appealed. Lost.

Then snapped. In his manifesto that he posted on Facebook, he vowed to kill those associated with him being fired as well as their families. His first victims were the daughter of the LAPD lawyer who represented him and her fiancée. This recent case from 2013 includes several pictures, some of which are quite graphic, including the all-out manhunt for Dorner and his controversial death. Did the LAPD blow the whole scenario way out of proportion. Keeping in mind the fact that the LAPD is one of the most militarized police forces in America, one man's attempts to clear his name should not have sent the whole LAPD into the frenzy that it went into after Dorner's manifesto and statement came to light. Los Angeles has its share of some of the world's most ruthless and well-armed crime rings. These include, The Crips, Bloods, Mexican Mafia, Yakuza, Armenian Mob, Aryan Brotherhood, Skinheads, and Russian mobs as well as the local drug cartels. These gangs are not only real, they are openly hostile towards the LAPD and have killed numerous police officers on numerous occasions. Some of these gangs have even murdered entire families with the LAPD unable to catch them. Yet when an ex-cop, wanting to clear his name, tried to speak out against the LAPD, the police goes all out, 'balls to the wall', and embarked on one of the most organized and widespread manhunts in recent history. Additionally, newer reports regarding Monica Quan have arisen that render an even greater air of speculation to the whole ordeal. Monica Quan and her fiancé, both with law enforcement backgrounds, were found in a car that was parked in a parking garage in a million-dollar predominantly white neighborhood. The parking garage was being guarded by a police officer who did not see Dorner, a large black man, break in. The garages are monitored 24/7 and yet there is no footage of Dorner either breaking in, killing anyone, being there or leaving. Nothing. But that's what the LAPD wants people to believe.

The Hunting Humans 'Ninja' Truck Driver Serial Killer describes the carnage perpetrated in 2007 by Adam Leroy Lane, a long haul truck driving serial killer who after repeatedly watching in his truck cab a serial killer DVD movie he was obsessed with, forayed out in the night from Interstate highway truck-stops dressed in Ninja black to re-enact the movie scenes by killing and mutilating unsuspecting women in their homes until he was captured by a fifteen-year old girl and her parents when he attempted to kill her as she slept in her bedroom. RJ Parker in Demons introduces us to the little known story of Canada's serial killer Michael Wayne McGray who murdered men, women and children indiscriminately and whom even prison could not stop from continuing his killing. In the Grim Sleeper Parker describes the brutal crimes of Lonnie Franklin, Jr. who over a 23-year killing career, took a fourteen-year hiatus (thus his nickname) before resuming his murders of women in Los Angeles. Katherine Ramsland in The Babysitter brings us up to date on the still unsolved horrific 1976 mutilation child murders in Detroit that inspired Bill Connington's one-man Broadway play and Joyce Carol Oates 1995 novella Zombie. In Really! The Other Guy Did It. Ramsland explores the bizarre case of serial killer Douglas Perry who after killing several women underwent a transsexual change into a woman, Donna Perry, who when apprehended, claimed the murders were perpetrated by his former male self who no longer existed. Ramsland asks, Is guilt in the body or the soul? Michael Newton in Bad Medicine and Angel of Death describes two serial killers where we least expect them: health care workers. Physician Dr. Harold Shipman who murdered 250 victims in Britain and might be history's most prolific serial killer, and the smiling mild mannered Ohio medical orderly 'Angel of Death' Donald Harvey, who confessed to murdering 87 helpless patients, stating, So I played God. Sylvia Perrini, Britain's true crime chronicler of female serial killers in The House of Horrors revisits the notorious case of Rosemary West who teamed up with her husband Fred in the rape, torture and murder of ten young women in their rooming house, including her own daughter. In The Mum Who Killed for Kicks Perrini looks at the recent case of Joanne Dennehy, a mother of a thirteen-year old who inexplicably went on a thrill kill serial killing spree in which she tortured and murdered three men with a knife and attempted to kill two others. Kelly Banaski, a newcomer to true crime writing, brings us Stripped of his medals and female panties, the strange case of a Canadian air force base commander, a colonel who piloted senior government officials and even the Queen of England, who suddenly began to commit a series of panty fetish burglaries that eventually escalated to horrific rape-torture murders of women. Enjoy and be horrified!!
