Swami Mukundananda

7 Divine Laws to Awaken Your Best Self Swami Mukundananda,2023-10-05 'Just as heat is inherent in fire so is our desire to become better.' Why are personal growth and life transformation so difficult? Does Creation wish that we fail? Of course not! The purpose behind the Universe's grand design is to make us succeed. Our own unawareness of the Laws of the Universe creates the impediment. Just as physical phenomena are regulated by laws there are spiritual principles governing the journey of life as well. Knowledge of them helps us understand why success comes so easily to some but remains a struggle for others; why some are still putting on their shoes while others have finished the race. The beauty is that like the physical laws of nature the divine principles governing happiness and fulfilment in life are also eternally valid. In this book Swami Mukundananda explains the 7 Divine Laws in an easily graspable manner. With knowledge of the Vedic scriptures and witty anecdotes that everyone can relate to this book will empower you to become the best version of yourself.

The Science of Mind Management Swami Mukundananda,2022-06-05 The quality of our mind determines the quality of the life we lead. It can be our greatest ally or our worst adversary. A mind that runs amok could steal our inner peace and undermine every productive endeavour. Yet with proper knowledge training and discipline it is possible to unleash the mind's infinite potential. In *The Science of Mind Management* Swami Mukundananda charts the four different aspects of the human mind and lays down a clear path towards mastering it. Through witty anecdotes real-life accounts and stories from the Vedic scriptures he gently guides readers on the road to winning their inner battle.

The Relaxation Response Herbert Benson, M.D.,Miriam Z. Klipper,2009-09-22 In this time of quarantine and global uncertainty, it can be difficult to deal with the increased stress and anxiety. Using ancient self-care techniques rediscovered by Herbert Benson, M.D., a pioneer in mind/body medicine for health and wellness, you can relieve your stress, anxiety, and depression at home with just ten minutes a day. Herbert Benson, M.D., first wrote about a simple, effective mind/body approach to lowering blood pressure in *The Relaxation Response*. When Dr. Benson introduced this approach to relieving stress over forty years ago, his book became an instant national bestseller, which has sold over six million copies. Since that time, millions of people have learned the secret—without high-priced lectures or prescription medicines. *The Relaxation*

Response has become the classic reference recommended by most health care professionals and authorities to treat the harmful effects of stress, anxiety, depression, and high blood pressure. Rediscovered by Dr. Benson and his colleagues in the laboratories of Harvard Medical School and its teaching hospitals, this revitalizing, therapeutic tack is now routinely recommended to treat patients suffering from stress and anxiety, including heart conditions, high blood pressure, chronic pain, insomnia, and many other physical and psychological ailments. It requires only minutes to learn, and just ten minutes of practice a day.

7 Mindsets for Success, Happiness and Fulfilment Swami Mukundananda, 2019 Thoughts and feelings that persist over time harden into an attitude. If you live with an attitude long enough, it becomes second nature--a mindset. The wrong mindset could lead you off the path of contentment, joy, enlightenment. The right one will point you to the road to success, to fulfilment and towards an extraordinary life. Blending science with Vedic scriptures, and logic with spiritual insight, Swami Mukundananda unravels the secrets of the 7 mindsets--seven techniques of training the mind and intellect and unlocking the immense potential within. An alumnus of IIT and IIM, Swami-ji's brings his decades-long mastery of Vedic scriptures to this powerful yet simple technique for mind management and life transformation. --
