Transnational Pakistani Connections Katharine Charsley,2013-11-12 Since restrictions on commonwealth labour immigration to Britain in the 1960s, marriage has been the dominant form of migration between Pakistan and the UK. Most transnational Pakistani marriages are between cousins or other more distant relatives, lending a particular texture to this transnational social field. Based on research in Britain and Pakistan, this book provides a rounded portrayal incorporating the emotional motivations for, and content of, these transnational unions. The book explores the experiences of families and individuals involved, including the neglected experiences of migrant husbands, and charts the management of the risks of contracting transnational marriages, as well as examining the consequences in cases when marriages run into conflict. Equally, however, the book explores the attractions of marrying 'back home', and the role of transnational marriage in maintaining bonds between people and places. Marriage emerges as a crucial, but dynamic and contested, element of Pakistani transnational connections. This book is of interest to students and scholars in the fields of migration studies, kinship/the family and South Asian studies, as well as social work, family law and immigration.

Written in the Stars Aisha Saeed,2015-03-24 A wonderfully complex love story unlike any you've read before. Saeed has given a novel that is both entertaining and important."—Matt de la Peña, New York Times bestselling author This heart-wrenching novel explores what it is like to be thrust into an unwanted marriage. Has Naila's fate been written in the stars? Or can she still make her own destiny? Naila's conservative immigrant parents have always said the same thing: She may choose what to study, how to wear her hair, and what to be when she grows up—but they will choose her husband. Following their cultural tradition, they will plan an arranged marriage for her. And until then, dating—even friendship with a boy—is forbidden. When Naila breaks their rule by falling in love with Saif, her parents are livid. Convinced she has forgotten who she truly is, they travel to Pakistan to visit relatives and explore their roots. But Naila's vacation turns into a nightmare when she learns that plans have changed—her parents have found her a husband and they want her to marry him, now! Despite her greatest efforts, Naila is aghast to find herself cut off from everything and everyone she once knew. Her only hope of escape is Saif . . . if he can find her before it's too late.

'This is a complete delight from a born storyteller' - Lorraine Kelly Yousef is the golden child to his strict Pakistani parents, overshadowing his younger sister, Rehana. As he finishes his medical degree in London, his life appears to be mapped out for him: become a doctor, marry a suitable girl of his parents' choosing and, above all, make his family proud. Then Yousef meets Jess. A fellow medical student, Jess presents a complication to the plan. Suddenly, Yousef finds himself torn between two worlds - keeping each a secret from the other. Then, as graduation day looms, Yousef's mother informs him that she's started looking for his wife . . . How It Happened Shazaf Fatima Haider,2012-12-01 Dadi, the imperious matriarch of the Bandian family in Karachi, swears by the virtues of arranged marriage. All her ancestors - including a dentally and optically challenged aunt - have been perfectly well-served by such arrangements. But her grandchildren are harder to please. Haroon, the apple of her eye, has to suffer half a dozen candidates until he finds the perfect Shia-Syed girl of his dreams. But it is Zeba, his sister, who has the tougher time, as she is accosted by a bevy of suitors, including a potbellied cousin and a banker who reeks of sesame oil. Told by the witty, hawk-eyed Saleha, the precocious youngest sibling, this is a romantic, amusing and utterly delightful story about how marriages are made and unmade---not in heaven, but in the drawing room and over the phone.

Negotiating Ethnicity Bandana Purkayastha,2005-06-08 In the continuing debates on the topic of racial and ethnic identity in the United States, there are some that argue that ethnicity is an ascribed reality. To the contrary, others claim that individuals are becoming increasingly active in choosing and constructing their ethnic identities. Focusing on second-generation South Asian Americans, Bandana Purkayastha offers fresh insights into the subjective experience of race, ethnicity, and social class in an increasingly diverse America. The young people of Indian, Pakistani, Bangladeshi, and Nepalese origin that are the subjects of the study grew up in mostly white middle class suburbs, and their linguistic skills, education, and occupation profiles are indistinguishable from their white peers. By many standards, their lifestyles mark them as members of mainstream American culture. But, as Purkayastha shows, their ethnic experiences are shaped by their racial status as neither "white" nor "wholly Asian," their continuing ties with family members across the world, and a global consumer industry, which targets them as ethnic consumers." Drawing on information gathered from forty-eight in-depth interviews and years of research, this book illustrates how ethnic identity is negotiated by this group through choice—the adoption of ethnic labels, the invention of "traditions," the consumption of ethnic products, and participation in voluntary societies. The pan-ethnic identities that result demonstrate both a resilient attachment to heritage and a celebration of reinvention. Lucidly written and enriched with vivid personal accounts, *Negotiating Ethnicity* is an important contribution to

the literature on ethnicity and racialization in contemporary American culture.

Beyond the Golden Door Ali Master, 2019-05-14 In this powerful and inspiring memoir, a Pakistani immigrant shares his story of finding new freedoms and a new faith in America. It's easy to talk about freedom. But unless someone has lived in a world that suffocates freedom, it's difficult to appreciate the liberty found in America. This is the true story of a Pakistani Muslim who immigrates to the United States for college and discovers five transformational freedoms along the way: the freedom to fail and start over, to love, to choose one's faith, to be an entrepreneur, and to self-govern. Contrasting these precious freedoms with the life he lived in Pakistan, Ali's story reveals that God is the true source of liberty as He works in people's lives to bring about redemption. A call to value and preserve American freedoms, *Beyond the Golden Door* is also an invitation for readers to consider ultimate freedom in Jesus Christ.

Fictions of the War on Terror D. O'Gorman, 2015-06-29 This book argues that there are a number of contemporary novels that challenge the reductive 'us and them' binaries that have been prevalent not only in politics and the global media since 9/11, but also in many works within the emerging genre of '9/11 fiction' itself.

A Good Country Sofia Ali-Khan, 2022-07-05 A leading advocate for social justice excavates the history of forced migration in the twelve American towns she's called home, revealing how White supremacy has fundamentally shaped the nation. "At a time when many would rather ban or bury the truth, Ali-Khan bravely faces it in this bracing and necessary book."—Ayad Akhtar, Pulitzer Prize-winning author of *Homeland Elegies* Sofia Ali-Khan's parents emigrated from Pakistan to America, believing it would be a good country. With a nerdy interest in American folk history and a devotion to the rule of law, Ali-Khan would pursue a career in social justice, serving some of America's most vulnerable communities. By the time she had children of her own—having lived, worked, and worshipped in twelve different towns across the nation—Ali-Khan felt deeply American, maybe even a little extra American for having seen so much of the country. But in the wake of 9/11, and on the cusp of the 2016 election, Ali-Khan's dream of a good life felt under constant threat. As the vitriolic attacks on Islam and Muslims intensified, she wondered if the American dream had ever applied to families like her own, and if she had gravely misunderstood her home. In *A Good Country*, Ali-Khan revisits the color lines in each of her twelve towns, unearthing the half-buried histories of forced migration that still shape every state, town, and reservation in America today. From the surprising origins of America's Chinatowns, the expulsion of Maroon and Seminole people during the conquest of Florida, to Virginia's stake in breeding humans for sale, Ali-Khan reveals how America's settler colonial origins have defined the law and landscape to maintain a White America. She braids this historical exploration with her own story, providing an intimate perspective on the modern racialization of American Muslims and why she chose to leave the United States. Equal parts memoir, history, and current events, *A Good Country* presents a vital portrait of our nation, its people, and the pathway to a better future.

The New British Ikhtlaq Din,2016-03-03 Providing empirical evidence on the lives of young British-born Pakistanis, The New British also reveals fascinating insights into the Pakistani community more generally. Using Bradford as a case study, Ikhtlaq Din focuses on the relationship between young boys and girls, their parents, and the Pakistani community. He discusses various issues that are important to young people, such as: their experience of school; their aspirations; their identity; their attitude to community; their relationships with parents; the tensions between Islam and popular culture and the role Islam plays in the wider Pakistani community. The impact of broader national and international events such as 9/11 and 7/7 on the lives of young British-born Pakistanis is also considered.

Unmarriageable Soniah Kamal, 2019-01-22 “This inventive retelling of *Pride and Prejudice* charms.”—People “A fun, page-turning romp and a thought-provoking look at the class-obsessed strata of Pakistani society.”—NPR Alys Binat has sworn never to marry—until an encounter with one Mr. Darsee at a wedding makes her reconsider. A scandal and vicious rumor concerning the Binat family have destroyed their fortune and prospects for desirable marriages, but Alys, the second and most practical of the five Binat daughters, has found happiness teaching English literature to schoolgirls. Knowing that many of her students won’t make it to graduation before dropping out to marry and have children, Alys teaches them about Jane Austen and her other literary heroes and hopes to inspire the girls to dream of more. When an invitation arrives to the biggest wedding their small town has seen in years, Mrs. Binat, certain that their luck is about to change, excitedly sets to work preparing her daughters to fish for rich, eligible bachelors. On the first night of the festivities, Alys’s lovely older sister, Jena, catches the eye of Fahad “Bungles” Bingla, the wildly successful—and single—entrepreneur. But Bungles’s friend Valentine Darsee is clearly unimpressed by the Binat family. Alys accidentally overhears his unflattering assessment of her and quickly dismisses him and his snobbish ways. As the days of lavish wedding parties unfold, the Binats wait breathlessly to see if Jena will land a proposal—and Alys begins to realize that Darsee’s brusque manner may be hiding a very different man from the one she saw at first glance. Told with wry wit and colorful prose, *Unmarriageable* is a charming update on Jane Austen’s beloved novel and an exhilarating exploration of love, marriage, class, and sisterhood. Praise for *Unmarriageable* “Delightful . . . *Unmarriageable* introduces readers to a rich Muslim culture. . . . [Kamal] observes family dramas with a satiric eye and treats readers to sparkling descriptions of a days-long wedding ceremony, with its high-fashion pageantry and higher social stakes.”—Star Tribune “Thoroughly charming.”—New York Post “[A] funny, sometimes romantic, often thought-provoking glimpse into Pakistani culture, one which adroitly illustrates the double standards women face when navigating sex, love, and marriage. This is a must-read for devout Austenites.”—Publishers Weekly (starred review)
