Stacy Schiff

Saint-exupery Stacy Schiff, 2011-07-27 From a master biographer, the life story of the daring French aviator who became one of the twentieth century's most beloved authors Antoine de Saint-Exupéry disappeared at age forty-four during a reconnaissance flight over southern France. At the time he was best known for a career of daring flights over the Sahara, the Pyrenees, and Patagonia and for his contributions to the science of aviation. But the solitary hours he spent above the earth in open cockpit airplanes gave birth to a more famous legacy, a series of enchanting, autobiographical novels and the classic story *The Little Prince*, still the most translated book in the French language. An impoverished aristocrat from one of France's oldest families, Saint-Exupéry moved at age twenty-seven to the western Sahara Desert, to live alone in a plank shack and manage the way station for the *Aéropostale*, the French mail service. His careers as a novelist and an aviator were born here, and his life once he returned to Europe was defined--with brilliant and catastrophic results--by the sense of isolated fascination and curiosity he developed in the desert. In this definitive biography, Pulitzer Prize winner Stacy Schiff reveals an intrepid and unconventional life that rivals the best adventure stories.

Hospitality Finance and Accounting Rob van Ginneken, 2019-07-05 Hospitality Finance and Accounting provides a uniquely concise, accessible and comprehensive introduction to hospitality, finance and accounting from a managerial perspective. By avoiding unnecessary jargon and focusing on the essentials, this book offers a crucial breakdown of this often overly-complex subject area. The concise chapters cover the essential concepts, ideas and formulas to be mastered within the hospitality industry including income statements, balance sheets, pricing and budgeting. Each chapter is split into two sections: theory and practice, giving students practical insight into the everyday realities of the hospitality industry through case studies which show how theories are applied to a range of relevant scenarios. Emphasis is placed particularly on the practices of revenue and budget management within the food and beverage industry. This will be an essential introductory yet practical resource for all Hospitality students and future managers within the industry.

Hubris Michael Isikoff, David Corn, 2006-09-08 The real story behind the investigation of Iraq, and the basis for the MSNBC documentary of the same name hosted by Rachel Maddow Filled with news-making revelations that made it a New York Times bestseller, *Hubris* takes us behind the scenes at the White House, CIA, Pentagon, State Department, and Congress to show how George W. Bush came to invade Iraq--and how his administration struggled with the devastating fallout. *Hubris* connects the dots between Bush's expletive-laden outbursts at Saddam Hussein, the bitter battles between the CIA and the White House, the fights within the intelligence community over Saddam's supposed weapons of mass destruction, the outing of an undercover CIA officer, and the Bush administration's misleading sales campaign for war. Written by veteran reporters Michael Isikoff and David Corn, this is an inside look at how a president took the nation to war using faulty and fraudulent intelligence. It's a dramatic page-turner and an intriguing account of conspiracy, backstabbing, bureaucratic ineptitude, journalistic malfeasance, and arrogance.
